EXPLANATORY MEMORANDUM

This Explanatory Memorandum should be read in its entirety. If shareholders are in doubt as to how they should vote on the resolutions to be proposed at the Annual General Meeting, they should seek advice from their accountant, solicitor or other professional adviser.

1. Introduction

This Explanatory Memorandum has been prepared for the information of shareholders of Medusa Mining Limited (the "**Company**") in connection with the business to be conducted at the Annual General Meeting to be held in the Fremantle Room, Parmelia Hilton Hotel, Mill Street, Perth, Western Australia on Monday, 27 November 2006 at 1.00 pm and should be read in conjunction with the Notice of General Meeting.

2. Resolution 1: Re-election of Director

Mr Kevin Michael Tomlinson retires by rotation pursuant to clause 11.3 of the Company's Constitution.

In accordance with clause 11.3 of the Company's Constitution, and being eligible, Mr Tomlinson offers himself for re-election as a Director of the Company.

As Mr Tomlinson is standing for re-election, Mr Geoffrey Davis will chair the meeting for this item.

Shareholder approval is sought to re-elect Mr Tomlinson as a Director of the Company.

3. Resolution 2: Re-election of Director

Mr Roy Philip Daniel was appointed by the Board of the Company on 13 April 2006 and pursuant to clause 11.12 of the Company's Constitution holds office until the next annual general meeting.

In accordance with clause 11.12 of the Company's Constitution and the ASX Listing Rules, and being eligible, Mr Daniel offers himself for re-election as a Director of the Company.

Shareholder approval is sought to re-elect Mr Daniel as a Director of the Company.

4. Resolution 3: Re-election of Director

Dr Robert Maurice Weinberg was appointed by the Board of the Company on 1 July 2006 and pursuant to clause 11.12 of the Company's Constitution holds office until the next annual general meeting.

In accordance with clause 11.12 of the Company's Constitution and the ASX Listing Rules, and being eligible, Dr Weinberg offers himself for re-election as a Director of the Company.

Shareholder approval is sought to re-elect Dr Weinberg as a Director of the Company.

5. Resolution 4: Grant of options to Mr Roy Daniel

Background:

Resolution 4 seeks shareholder approval for the grant of up to 500,000 options for no consideration to Mr Roy Daniel or his nominee. Mr Daniel is the Finance Director of the Company.

Shareholder approval is sought for the purposes of Chapter 2E of the Corporations Act (section 208) and ASX Listing Rule 10.11 because Mr Daniel as a Director, is a related party of the Company.

Chapter 2E of the Corporations Act – Related Party Transaction

Chapter 2E of the Corporations Act prohibits a public company from giving a financial benefit to a related party of the public company unless either:

- (i) the giving of the financial benefit falls within one of the nominated exceptions to the provisions; or
- (ii) prior shareholder approval is obtained to the giving of the financial benefit to the related party.

For the purposes of Chapter 2E, the grant of options to Mr Roy Daniel is a financial benefit and Mr Daniel is a related party of the Company as a Director.

Resolution 4 provides for the grant of options to a related party, which is a financial benefit requiring shareholder approval in the absence of a specified exception applying. For the purpose of Chapter 2E of the Corporations Act the following information is provided.

(a) The related party to whom the proposed resolution would permit the financial benefit to be given:

Subject to shareholder approval, it is proposed to grant up to 500,000 options to Mr Daniel or his nominee.

EXPLANATORY MEMORANDUM

(b) The nature of the financial benefit

The proposed financial benefit to be given is the grant of up to 500,000 options for no cash consideration to Mr Daniel or his nominee. The financial benefit will constitute part of Mr Daniel's remuneration package as an executive director.

The options to be granted to Mr Daniel and details of the exercise price and expiry date are set out in the table below:

Number of options	Vesting criteria	Exercise price	Expiry date
500,000	Full vesting upon issue	\$0.90	02 Oct 2008

The options are not transferable except with the prior approval of the Board of the Company. Otherwise than as set out above, the general terms and conditions of all the options are set out in Annexure "A".

The options will be granted within one month of the date of the Meeting and will be fully vested upon issue. It is not the current intention of the Company for the options to be quoted.

The exercise price of the options at \$0.90 represents a premium of 50% to the issue price of the Company's recent placement at \$0.60 per share.

(c) Directors recommendation and basis of financial benefit

The purpose of the options is to give Mr Daniel an incentive to provide dedicated and ongoing commitment and effort to the Company. The number of options to be given to Mr Daniel and the terms of the options were negotiated by Mr Daniel with the Managing Director, Mr Davis and each of the other Directors being Messrs Tomlinson and Weinberg who each consider the particular number of options to be granted to be a sufficient number to appropriately incentivise Mr Daniel when considered together with his remuneration as an executive director (as set out below).

Mr Daniel abstains from making a recommendation to shareholders as to Resolution 4 as he has a material personal interest in the outcome of the resolution being the recipient of the options.

Messrs Davis, Tomlinson and Weinberg as the independent directors recommend that shareholders vote in favour of the resolution for the reasons set out above and because the options are a cost effective means for the Company to remunerate Mr Daniel.

(d) Dilution

The passing of Resolution 4 would have the effect of granting Mr Daniel (or his nominee) up to 500,000 options on the terms and conditions as set out above and in Annexure "A".

If any options granted as proposed above are exercised the effect would be to dilute the shareholding of existing shareholders. The market price of the Company's shares during the period of the options will normally determine whether or not option holders exercise the options. At the time any options are exercised and shares are issued pursuant to the exercise of the options, the Company's shares may be valued at a price that is higher than the exercise price of the options. At the date of this notice of meeting, the shares are trading at a price less than the exercise price of the options.

If all of the options to be granted under Resolution 4 were to be exercised, the effect would be to dilute the shareholding of existing shareholders by approximately 0.84% on an undiluted basis and being based on the total number of shares on issue at the date of this notice of 59,656,676.

(e) Total remuneration package of Mr Daniel

Mr Daniel currently receives \$180,000 in salary and \$24,000 in statutory superannuation (currently 9% per annum) in his capacity as Finance Director of the Company.

(f) Existing relevant interest of Mr Daniel in the Company

Mr Daniel currently holds 181,000 ordinary shares, 89,007 listed 20 cent options expiring 31 January 2007 and 500,000 unlisted 57.64 cent options expiring 16 December 2007.

EXPLANATORY MEMORANDUM

(g) Trading history

The following table gives details of the highest, lowest and the latest closing price of the Company's share trading on the ASX over the last 12 months.

Description	Date	Closing price
Highest price	03 May 2006	89.0 cents
Lowest price	24 Mar 2006	48.5 cents
Latest price	11 Oct 2006	65.0 cents

(h) Valuation of options

The Company's independent advisers, BDO Consultants (WA) Pty Ltd, have valued the options by reference to the Black and Scholes option pricing model based on the following assumptions:

Input		Note
Underlying security spot price	67 cents	1.
Exercise price	90 cents	
Dividend rate	Nil	2.
Standard deviation of returns (annualized)	50%	3.
Risk free rate	5.81%	4.
Valuation date	4 October 2006	
Expiration date	2 October 2008	5.
Expiration period (years)	2.00	6.

Note 1. The underlying security spot price used for the purposes of this valuation is based on the closing price of the security on the ASX on the trading day prior to the date of the valuation;

Note 2. As at the date of the valuation, the Company had not forecast any future dividend payments. For the purposes of the valuation it is therefore assumed that the Company's share price is "ex-dividend". If dividend payments were forecast, the value of the options would be reduced.

Note 3. The anticipated standard deviation over the life of the options is based on the company's historical data from the Australian Graduate School of Management's Risk Measurement Service.

Note 4. The risk free rate is the Commonwealth Government securities rate with a maturity date approximating that of the expiration period of the options as at 2 October 2008.

Note 5. The expiration date for the purpose of this valuation is the date of expiration that is proposed by the Company.

Note 6. The expiration period is the difference between the issue/valuation date and the expiration date in years.

Based on the above assumptions, the above options have been valued at \$0.144 (14.4 cents) per option.

(i) Other Information

The Directors are not aware of any other information that is reasonably required by shareholders to allow them to make a decision as to whether it is in the best interests of the Company to pass the resolution.

ASX Listing Rule 10.11

ASX Listing Rule 10.11 requires the Company to obtain shareholder approval by ordinary resolution prior to issue of securities (including an option) to a related party of the Company.

For the purposes of ASX Listing Rule 10.11, Mr Daniel is a related party of the Company.

Accordingly, in order to grant the options to Mr Daniel (or his nominee), the Company must obtain shareholder approval pursuant to ASX Listing Rule 10.11.

Approval pursuant to ASX Listing Rule 7.1 is not required in order to grant the options to Mr Daniel as approval is being obtained under ASX Listing Rule 10.11. Shareholders should note that the grant of the options to Mr Daniel will not be included in the 15% calculation for the purposes of ASX Listing Rule 7.1.

EXPLANATORY MEMORANDUM

ASX Listing Rule 10.13 sets out a number of matters which must be included in the notice of meeting convened to consider shareholder approval under ASX Listing Rule 10.11.

For the purposes of ASX Listing Rule 10.13, the following information is provided to shareholders in relation to Resolution 4. This information is as follows:

- (i) the options will be granted to Mr Daniel or his nominee;
- (ii) the maximum number of options the Company will grant to Mr Daniel or his nominee is 500,000;
- (iii) the options will be issued no later than one (1) month after the date of this meeting (or such later date as permitted by the ASX);
- (iv) the options will be granted for nil cash consideration and the terms and conditions of the options are set out in the table in this section and in Annexure "A" of this Explanatory Memorandum; and
- (v) there will be no funds raised from the issue of the options to Mr Daniel (or his nominee).

6. Resolution 5: Grant of options to Dr Robert Weinberg

Background:

Resolution 5 seeks shareholder approval for the grant of up to 750,000 options for no consideration to Dr Robert Weinberg or his nominee. Dr Weinberg is a Non-Executive Director of the Company based in London.

Shareholder approval is sought for the purposes of Chapter 2E of the Corporations Act (section 208) and ASX Listing Rule 10.11 because Dr Weinberg as a Director, is a related party of the Company.

Chapter 2E of the Corporations Act - Related Party Transaction

Chapter 2E of the Corporations Act prohibits a public company from giving a financial benefit to a related party of the public company unless either:

- (i) the giving of the financial benefit falls within one of the nominated exceptions to the provisions; or
- (ii) prior shareholder approval is obtained to the giving of the financial benefit to the related party.

For the purposes of Chapter 2E, the grant of options to Dr Robert Weinberg is a financial benefit and Dr Weinberg is a related party of the Company as a Director.

Resolution 5 provides for the grant of options to a related party, which is a financial benefit requiring shareholder approval in the absence of a specified exception applying. For the purpose of Chapter 2E of the Corporations Act the following information is provided.

(a) The related party to whom the proposed resolution would permit the financial benefit to be given:

Subject to shareholder approval, it is proposed to grant up to 750,000 options to Dr Weinberg or his nominee.

(b) The nature of the financial benefit

The proposed financial benefit to be given is the grant of up to 750,000 options for no cash consideration to Dr Weinberg or his nominee.

The options to be granted to Dr Weinberg and details of the exercise price and expiry date are set out in the table below:

Tranche	Number of options	Vesting criteria	Exercise price	Expiry date
1 st	500,000	Full vesting upon issue	\$0.90	02 Oct 2008
2 nd	250,000	Full vesting upon issue	\$1.50	02 Oct 2008

The options are not transferable except with the prior approval of the Board of the Company. Otherwise than as set out above, the general terms and conditions of all the options are set out in Annexure "A".

The options will be granted within one month of the date of the Meeting and will be fully vested upon issue. It is not the current intention of the Company for the options to be quoted.

The exercise price of the options represents the following premiums to the issue price of the Company's recent placement at \$0.60 per share:

EXPLANATORY MEMORANDUM

- (i) 1st tranche - \$0.90 represents a premium of 50%; and
- (ii) 2nd tranche - \$1.50 represents a premium of 150%.

(c) Directors recommendation and basis of financial benefit

The purpose of the options is to give Dr Weinberg an incentive to provide dedicated and ongoing commitment and effort to the Company. The number of options to be given to Dr Weinberg and the terms of the options were negotiated by Dr Weinberg with the Managing Director, Mr Davis and each of the other Directors being Messrs Tomlinson and Daniel who each consider the particular number of options to be granted to be a sufficient number to appropriately incentivise Dr Weinberg when considered together with his other remuneration as a non-executive director (as set out below).

Dr Weinberg abstains from making a recommendation to shareholders as to Resolution 5 as he has a material personal interest in the outcome of the resolution being the recipient of the options.

Messrs Davis, Tomlinson and Daniel as the independent directors recommend that shareholders vote in favour of the resolution for the reasons set out above and because the options are a cost effective means for the Company to remunerate Dr Weinberg.

(d) Dilution

The passing of Resolution 5 would have the effect of granting Dr Weinberg (or his nominee) options on the terms and conditions as set out above and in Annexure "A".

If any options granted as proposed above are exercised the effect would be to dilute the shareholding of existing shareholders. The market price of the Company's shares during the period of the options will normally determine whether or not option holders exercise the options. At the time any options are exercised and shares are issued pursuant to the exercise of the options, the Company's shares may be valued at a price that is higher than the exercise price of the options. At the date of this notice of meeting, the shares are trading at a price less than the exercise price of the options.

If all of the options to be granted under Resolution 5 were to be exercised, the effect would be to dilute the shareholding of existing shareholders by approximately 1.26% on an undiluted basis and being based on the total number of Shares on issue at the date of this notice of 59,656,676.

(e) Total remuneration package of Dr Weinberg

Dr Weinberg will receive \$62,500 in fees in his capacity as Non-Executive Director of the Company.

(f) Existing relevant interest of Dr Weinberg in the Company

Dr Weinberg currently holds 40,000 ordinary Medusa shares.

(g) Trading history

The following table gives details of the highest, lowest and the latest closing price of the Company's share trading on the ASX over the last 12 months.

EXPLANATORY MEMORANDUM

(h) Valuation of options

The Company's independent advisers, BDO Consultants (WA) Pty Ltd, have valued the options by reference to the Black and Scholes option pricing model based on the following assumptions:

<i>Input</i>		<i>Note</i>
Underlying security spot price	67 cents	1.
Exercise price	1 st tranche - \$0.90; and 2 nd tranche - \$1.50.	
Dividend rate	Nil	2.
Standard deviation of returns (annualized)	50%	3.
Risk free rate	5.81%	4.
Valuation date	4 October 2006	
Expiration date	2 October 2008	5.
Expiration period (years)	2.00	6.

- Note 1. The underlying security spot price used for the purposes of this valuation is based on the closing price of the security on the ASX on the trading day prior to the date of the valuation;
- Note 2. As at the date of the valuation, the Company had not forecast any future dividend payments. For the purposes of the valuation it is therefore assumed that the Company's share price is "ex-dividend". If dividend payments were forecast, the value of the options would be reduced.
- Note 3. The anticipated standard deviation over the life of the options is based on the company's historical data from the Australian Graduate School of Management's Risk Measurement Service.
- Note 4. The risk free rate is the Commonwealth Government securities rate with a maturity date approximating that of the expiration period of the options as at 2 October 2008.
- Note 5. The expiration date for the purpose of this valuation is the date of expiration that is proposed by the Company.
- Note 6. The expiration period is the difference between the issue/valuation date and the expiration date in years.

Based on the above assumptions, the options have been valued as follows:

<i>Tranche</i>	<i>Number of options</i>	<i>Value per option</i>
1 st	500,000	\$0.144 (14.4 cents)
2 nd	250,000	\$0.056 (5.6 cents)

(i) Other Information

The Directors are not aware of any other information that is reasonably required by shareholders to allow them to make a decision as to whether it is in the best interests of the Company to pass the resolution.

ASX Listing Rule 10.11

ASX Listing Rule 10.11 requires the Company to obtain shareholder approval by ordinary resolution prior to issue of securities (including an option) to a related party of the Company.

For the purposes of ASX Listing Rule 10.11, Dr Weinberg is a related party of the Company.

Accordingly, in order to grant the options to Dr Weinberg (or his nominee), the Company must obtain shareholder approval pursuant to ASX Listing Rule 10.11.

Approval pursuant to ASX Listing Rule 7.1 is not required in order to grant the options to Dr Weinberg as approval is being obtained under ASX Listing Rule 10.11. Shareholders should note that the grant of the options to Dr Weinberg will not be included in the 15% calculation for the purposes of ASX Listing Rule 7.1.

ASX Listing Rule 10.13 sets out a number of matters which must be included in the notice of meeting convened to consider shareholder approval under ASX Listing Rule 10.11.

EXPLANATORY MEMORANDUM

For the purposes of ASX Listing Rule 10.13, the following information is provided to shareholders in relation to Resolution 4. This information is as follows:

- (i) the options will be granted to Dr Weinberg or his nominee;
- (ii) the maximum number of options the Company will grant to Dr Weinberg or his nominee is 750,000;
- (iii) the options will be issued no later than one (1) month after the date of this meeting (or such later date as permitted by the ASX);
- (iv) the options will be granted for nil cash consideration and the terms and conditions of the options are set out in the table in this section and in Annexure "A" of this Explanatory Memorandum;
- (v) there will be no funds raised from the issue of the options to Dr Weinberg (or his nominee); and
- (vi) the purpose of the grant of options to Dr Weinberg is to give him an incentive to provide dedicated and ongoing commitment and effort to the Company. The Company acknowledges that the issue of options to a Non-Executive Director is contrary to recommendation 9.3 of the ASX Principles of Good Corporate Governance and Best Practice Recommendations. However the Board considers the grant of options under Resolution 5 is reasonable in the circumstances given the Company's size and stage of development and the necessity to attract and retain a high calibre person to the role of Non-Executive Director whilst maintaining the Company's cash reserves.

6. Resolution 6: Adoption of Remuneration Report for year ended 30 June 2006

The Corporation Act requires that the Directors put forward a resolution to shareholders each and every year that the Remuneration Report is adopted. The Remuneration Report is in the Directors Report section of the Company's Annual Report.

By way of summary, the Remuneration Report:

- (a) explains the Company's remuneration policy and the process for determining the remuneration of its directors and executive officers;
- (b) addresses the relationship between the Company's remuneration policy and the Company's performance; and
- (c) sets out remuneration details for each Director and each of the Company's executives and group executives named in the Remuneration Report for the financial year ended 30 June 2006.

There will be a reasonable opportunity for shareholders to comment on and ask questions about the Remuneration Report.

The Directors recommend that shareholders vote in favour of Resolution 6. Section 250R(2) of the Corporations Act requires companies to put a resolution to their members that the Remuneration Report be adopted. The vote on the proposed resolution is advisory only and will not bind the Board or the Company. However, the Board will take the outcome of the vote into consideration when reviewing the remuneration practices and policies of the Company.

ANNEXURE “A”

GENERAL TERMS AND CONDITIONS OF OPTIONS

The general terms and conditions of the issue of each of the options the subject of Resolutions 4 and Resolution 5 (which are to be read in addition to the material in the Explanatory Memorandum) are to the effect that:

- (a) The options will be issued for no consideration.
- (b) Each option entitles the holder to one Share (ordinary share) in the capital of the Company.
- (c) The options may be exercised at any time prior to the expiry date, in whole or in part, upon payment of the exercise price per option.
- (d) The Company will provide to each option holder a notice that is to be completed when exercising the options (“Notice of Exercise”). Options may be exercised by the option holder in whole or in part by completing the Notice of Exercise and forwarding the same to the Secretary of the Company to be received prior to the expiry date. The Notice of Exercise must state the number of options exercised, the consequent number of Shares to be allotted and the identity of the proposed allottee. The Notice of Exercise by an option holder must be accompanied by payment in full for the relevant number of Shares being subscribed, being an amount of the exercise price per Share.
- (e) All Shares issued upon the exercise of the options will rank pari passu in all respects with the Company’s then issued Shares.
- (f) There are no participating rights or entitlements inherent in the options and holders will not be entitled to participate in new issues or pro-rata issues of securities offered to shareholders of the Company during the currency of the options. An option holder is required to exercise the options in order to participate in any new issue of securities offered to shareholders by the Company. Option holders will be provided with written notice and afforded that period of time as required by the ASX Listing Rules before the record date to determine entitlements to the offer to exercise their options.

- (h) In the event of any reconstruction (including consolidation, subdivisions, reduction or return) of the issued capital of the Company, all rights of the option holder shall be reconstructed (as appropriate) in accordance with the ASX Listing Rules.
- (i) The option holder has no rights to a change in the exercise price of the option or a change to the number of underlying securities over which the option can be exercised, except in the event of any pro-rata issue of securities the exercise price of the options will be adjusted in accordance with the ASX Listing Rule 6.22.2 and except in the event of a Bonus Issue.

If the chair of the meeting is appointed as your proxy, or may be appointed by default and you do not wish to direct your proxy how to vote as your proxy in respect of a resolution, please place a mark in the box. By marking this box, you acknowledge that the Chair of the meeting may exercise your proxy even if he has an interest in the outcome of the resolution and that the votes cast by the Chair of the meeting for those resolutions other than as proxy holder will be disregarded because of that interest. **The Chair intends to vote any such undirected proxies in favour of all resolutions.** If you do not mark this box, and you have not directed your proxy how to vote, the Chair will not cast your votes on the resolutions and your votes will not be counted in calculating the required majority if a poll is called on the resolution.

If you mark the abstain box for a particular item, you are directing your proxy not to vote on that item on a show of hands or on a poll and that your shares are not to be counted in computing the required majority on a poll.

Instructions for Completing Proxy Form

1. A member of the Company who is entitled to attend and cast two or more votes at a general meeting of shareholders is entitled to appoint two proxies. Where more than one proxy is appointed, such proxy must be allocated a proportion of the member's voting rights. If the shareholder appoints two proxies and the appointment does not specify this proportion, each proxy may exercise half the votes.
2. A duly appointed proxy need not be a member of the Company. In the case of joint holders, all must sign.
3. Corporate shareholders should comply with the execution requirements set out on the Proxy Form or otherwise with the provisions of Section 127 of the Corporations Act. Section 127 of the Corporations Act provides that a company may execute a document without using its common seal if the document is signed by:
 - 2 directors of the company;
 - a director and a company secretary of the company; or
 - for a proprietary company that has a sole director who is also the sole company secretary – that director.

For the Company to rely on the assumptions set out in Section 129(5) and (6) of the Corporations Act, a document must appear to have been executed in accordance with Section 127(1) or (2). This effectively means that the status of the persons signing the document or witnessing the affixing of the seal must be set out and conform to the requirements of Section 127(1) or (2) as applicable. In particular, a person who witnesses the affixing of a common seal and who is the sole director and sole company secretary of the company must state that next to his or her signature.

4. Completion of a Proxy Form will not prevent individual shareholders from attending the Meeting in person if they wish. Where a shareholder completes and lodges a valid proxy form and attends the Meeting in person, then the proxy's authority to speak and vote for that shareholder is suspended while the shareholder is present at the Meeting.
5. Where a Proxy Form or form of appointment of corporate representative is lodged and is executed under power of attorney, the power of attorney must be lodged in like manner as this proxy.
6. To vote by proxy, please complete and sign this proxy form and return the proxy form (by post, delivery or fax) to the Company Secretary:
