## PROXY STATEMENT

---

### Annual Meeting of Shareholders to be held November 11, 2002

#### General

The enclosed proxy is solicited on behalf of the Board of Directors of ResMed Inc. for use at the 2002 Annual Meeting of Shareholders to be held at 2:00 p.m. on Monday, November 11, 2002, at the Exchange Square Auditorium, Ground Floor, 18 Bridge Street, Sydney, NSW 2000 Australia, and at any and all adjournments and postponements thereof for the following purposes:

1. To elect three directors, each to serve for a three-year term;
2. To ratify the selection of KPMG LLP as our independent auditors to examine our consolidated financial statements for the fiscal year ending June 30, 2003; and
3. To transact such other business as may properly come before the meeting.

The enclosed proxy may be revoked at any time before its exercise by giving written notice of revocation to our Secretary at our principal executive offices located at 14040 Danielson Street, Poway, CA 92064, U.S.A. The shares represented by proxies in the form solicited by the Board of Directors received by us prior to or at the meeting will be voted at the meeting. If a choice is specified on the proxy with respect to a matter to be voted upon, the shares represented by the proxy will be voted in accordance with that specification. If no choice is specified, the shares will be voted as stated below in this proxy statement.

It is expected that this proxy statement and the accompanying form of proxy will first be mailed to our shareholders on or about September 30, 2002. Our Annual Report to Shareholders for Fiscal 2002 is enclosed with this proxy statement along with a copy of our Annual Report to the Securities and Exchange Commission on Form 10-K, but they do not form a part of the proxy soliciting material. The cost of soliciting proxies will be borne by us. Following the original mailing of the proxy soliciting material, further solicitation of proxies may be made by mail, telephone, facsimile and personal interview by our regular employees, who will not receive additional compensation for such solicitation. We will also request that brokerage firms and other nominees or fiduciaries forward copies of the proxy soliciting material and the 2002 Annual Report to beneficial owners of the stock held in their names, and we will reimburse them for reasonable out-of-pocket expenses incurred in doing so.

#### Voting Securities and Voting Rights

Only recordholders of our common stock as of the close of business on September 13, 2002 (the "record date") are entitled to receive notice of and to vote at the meeting. At the record date, we had 32,926,109 outstanding shares of common stock, the holders of which are entitled to one vote per share. Accordingly, an aggregate of 32,926,109 votes may be cast on each matter to be considered at the meeting. Holders of our CUFS vote by directing the CHESSE nominee how to vote the shares of our common stock underlying their CUFS holdings using the Form of Proxy provided to them by the CHESSE nominee.

In order to constitute a quorum for the conduct of business at the meeting, a majority of the outstanding shares entitled to vote at the meeting must be represented at the meeting. Shares represented by proxies that reflect abstentions or "broker non-votes" (i.e., shares held by a broker or nominee which are represented at the

meeting, but with respect to which such broker or nominee is not empowered to vote on a particular proposal) will be counted as shares represented at the meeting for purposes of determining a quorum. Assuming a quorum is present, directors will be elected by a favorable vote of a plurality of the aggregate votes cast, in person or by proxy, at the meeting. The proposal to ratify the selection of our independent auditors requires the affirmative vote of a majority of the aggregate votes cast, in person or by proxy, at the meeting. Accordingly, abstentions and broker non-votes will have no effect on the outcome of the election of candidates for director or the outcome of the ratification of KPMG LLP as our independent auditors.

## Report of the Compensation Committee

### Introduction

Decisions regarding compensation of the Company's officers are made based on recommendations by the Compensation Committee, which is composed of three independent Directors. The Compensation Committee decisions on compensation of the Company's executive officers are reviewed and approved by the full Board. Set forth below is a report submitted by Donagh McCarthy, Gary Pace and Christopher Bartlett in their capacity as members of the Board's Compensation Committee addressing the Company's compensation policies for fiscal year 2002 as they affected executive officers of the Company, including the Chief Executive Officer and the other Named Officers.

### General Philosophy

The Compensation Committee reviews and determines salaries, bonuses and all other elements of the compensation packages offered to the executive officers of the Company, including its Chief Executive Officer, and establishes the general compensation policies of the Company.

The Company desires to attract, motivate and retain high quality employees who will enable the Company to achieve its short and long term strategic goals and values. The Company participates in a high-growth environment where substantial competition exists for skilled employees. The ability of the Company to attract, motivate and retain high caliber individuals is dependent in large part upon the compensation packages it offers.

The Company believes that its executive compensation programs should reflect the Company's financial and operating performance. In addition, individual contribution to the Company's success should be supported and rewarded.

The 1993 Omnibus Budget Reconciliation Act ("OBRA") became law in August 1993. Under the law, income tax deductions of publicly-traded companies in tax years beginning on or after January 1 1994 may be limited to the extent total compensation (including base salary, annual bonus, stock option exercises, and non-qualified benefits) for certain executive officers exceeds \$1 million (less the amount of any "excess parachute-payments" as defined in Section 280G of the Code) in any one year. Under OBRA, the deduction limit does not apply to payments which qualify as "performance-based". To qualify as "performance-based," compensation payments must be based solely upon the achievement of objective performance goals and made under a plan that is administered by a committee of outside directors. In addition, the material terms of the plan must be disclosed to and approved by shareholders, and the Compensation Committee must certify that the performance goals were achieved before payments can be made. We do not have any cash payment plans that qualify as "performance-based"; however, option grants made under our 1997 Equity Participation Plan may qualify as "performance-based" compensation in part, so long as grants are made by the Committee at exercise prices that are equal to or greater than the fair market value of our common stock on the date of grant.

The Committee intends to design the Company's compensation programs to conform with the OBRA legislation and related regulations so that total compensation paid to any employee will not exceed \$1 million in any one year, except for compensation payments which qualify as "performance-based." The Company may, however, pay compensation which is not deductible in limited circumstances when sound management of the Company so requires.

The Company's executive and key employee compensation program consists of a base salary component, a component providing the potential for an annual bonus based on relevant Company performance and a component providing the opportunity to earn stock options linking the employee's long-term financial success to that of the shareholders.

## **Compensation**

### *Base Salary*

Officers are compensated with salary ranges that are generally based on similar positions in companies of comparable size and complexity to the Company. In addition, the Company uses industry compensation surveys, such as Radford and PriceWaterhouseCoopers, in determining compensation. The primary level of compensation is based on a combination of years of experience and performance. The salary of all officers is reviewed annually with the amount of the increases based on factors such as Company performance, general economic conditions, marketplace compensation trends and individual performance.

In fiscal year 2002, the Board approved salary increases for the Named Officers as follows:

Peter C. Farrell	..... 11%
Christopher G. Roberts*	..... 33%
Norman W. DeWitt	..... 17%

Curt Kenyon	.....	10%
Deirdre Stewart	.....	9%

\* A survey of Christopher Roberts' position was conducted by PriceWaterhouseCoopers. The survey provided benchmarking data which indicated a need for a market adjustment of the base pay for Christopher Roberts.

*Bonus*

The second compensation component is a bonus program under the Company's Bonus Plan. Bonuses are primarily based on the Company's annual financial performance and secondarily on the performance of the individual. Target bonuses generally range from 40% to 60% of base salary. The measures of annual financial performance used in determining the amount of bonuses include sales, expenses, and profitability. The bonus plan allows for over-achievement of the target bonus based on a formula approved in advance by the Committee. The formula is similar to that described below for the CEO, but with target criteria specific to the officer's role.

*Stock Options*

The third major component of the officer's compensation consists of stock options. The primary purpose of granting stock options is to link the officers' financial success to that of the shareholders of the Company. The exercise price of stock options is determined by the Compensation Committee at the time the option is granted, but generally may not be less than the prevailing market price of the Company's common stock as of the date of grant. Options become exercisable commencing a minimum of twelve months from the date of grant and are exercisable for a maximum period of 10 years from the date of grant, as determined by the Compensation Committee.

Stock options were issued to Officers of the Company during fiscal year 2002 in accordance with the provisions of the Company's 1997 Equity Participation Plan.

**CEO Compensation**

The compensation of our CEO is based upon the performance of the Company and the important role Dr. Farrell plays within the Company as its founder, President and Chief Executive Officer, as a member of the boards of the Company's principal subsidiaries and as an active participant in new product and corporate development.

The CEO's target bonus is 60% of his base salary. Fifty percent of the CEO's target bonus is based on achieving budgeted revenue targets and 50% is based on achieving budgeted group profitability, excluding non-recurring items such as gains from debt repurchases. Budget targets are determined by the Board of Directors at the beginning of each fiscal year. The linear bonus formula allows for receiving 50% of the target bonus at 75% of the budget target, 100% of the target bonus at 100% of budget, 150% of the target bonus at 125% of budget, and so on. There is no bonus paid for achievement of less than 75% of budget.

### Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires our directors and officers, and persons who own more than ten percent of a registered class of our equity securities, to file with the Securities and Exchange Commission, or the Commission, initial reports of ownership and reports of change in ownership of our common stock and other equity securities. Officers, directors and greater than ten-percent shareholders who are affiliates

of the Company are required by Commission regulation to furnish us with copies of all Section 16(a) forms they file.

Based solely on our review of copies of such forms received by the Company with respect to Fiscal 2002, or written representations from certain reporting persons, we believe that during Fiscal 2002 all of our directors and executive officers and persons who own more than 10% of our common stock have complied with the reporting requirements of Section 16(a).

### **Audit Committee Report**

The Audit Committee of the Company's Board of Directors is comprised of independent directors as required by the listing standards of the New York Stock Exchange. The members of the Audit Committee are Michael A. Quinn, Donagh McCarthy and Gary Pace. The Audit Committee operates pursuant to a written charter adopted by the Board of Directors, which is included as Appendix "A" to this proxy statement.

The role of the Audit Committee is to oversee the Company's financial reporting process on behalf of the Board of Directors. Management of the Company has the primary responsibility for the Company's financial statements as well as the Company's financial reporting process, principles and internal controls. The independent auditors are responsible for performing an audit of the Company's financial statements and expressing an opinion as to the conformity of such financial statements with generally accepted accounting principles.

In this context, the Audit Committee has reviewed and discussed the audited financial statements of the Company as of and for the year ended June 30, 2002 with management and the independent auditors. The Audit Committee has discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees), as currently in effect. In addition, the Audit Committee has received the written disclosures and the letter from the independent auditors required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), as currently in effect, and it has discussed with the auditors their independence from the Company.

The members of the Audit Committee are not engaged in the accounting or auditing profession and are not involved in day-to-day operations of the Company. In the performance of their oversight function, the members of the Audit Committee necessarily relied upon the information, opinion, reports and statements presented to them by management of the Company and by the independent auditors. As a result, the Audit Committee's oversight and the review and discussions referred to above do not assure that management has maintained adequate financial reporting processes, principles and internal controls, that the Company's financial statements are accurate, that the audit of such financial statements has been conducted in accordance with generally accepted auditing standards or that the Company's auditors meet the applicable standards for auditor independence.

Based on the reports and discussions described above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended June 30, 2002, for filing with the Securities and Exchange Commission.

#### **Committees of the Board of Directors**

The Board of Directors has two committees to assist in the management of our affairs: the Compensation/Nominating/Governance Committee and the Audit Committee.

##### *Compensation/Nominating/Governance Committee; Audit Committee*

The Compensation Committee currently consists of Dr. Christopher Bartlett (Chairman) and Mr. Donagh McCarthy. The Committee administers our 1995 Option Plan and 1997 Equity Participation Plan and has the authority to grant options under the latter plan. The Committee also makes recommendations regarding the compensation payable, including compensation under the Company's bonus plan, to our senior executive officers. In June 2002 the Committee's responsibilities were expanded to include selection and nomination of new ResMed Inc. directors and corporate governance issues.

The Audit Committee currently consists of Messrs. Michael A. Quinn (Chairman), Donagh McCarthy and Dr. Gary Pace. This committee assists the Board in fulfilling its functions relating to corporate accounting and reporting practices and financial and accounting controls. Mr. Louis Simpson will be replacing Dr. Pace on this Committee beginning September 30, 2002.

The Compensation Committee met twice and the Audit Committee met four times during fiscal year 2002. These committees also met informally by telephone during the fiscal year as the need arose.

##### *Board Meetings and Compensation*

The Board of Directors held five meetings during fiscal year 2002. Each director attended 100% of the aggregate of the total number of meetings of the Board of Directors held during such period and the total

number of meetings held during such period by the committees of the Board of Directors on which that director served, except that Mr. Simpson was unable to attend the June Board meeting following his appointment to the Board in May.

Each director who is not an employee of ResMed received an annual fee of \$10,000 for his service as a director during fiscal 2002. In addition, each director is reimbursed for his travel expenses for attendance at all such meetings. Directors who are not employees also hold and receive stock options under our 1995 Option Plan and 1997 Equity Participation Plan. During fiscal year 2002, the directors received 16,000 stock options each at an exercise price of \$52.20, except for Mr. Simpson who received 9,000 stock options at an exercise price of \$33.15 upon his appointment to the Board of Directors. These levels of stock option award are below the automatic grant levels in the 1997 Equity Participation Plan approved by shareholders, as the directors waived their entitlement to the full automatic grant of 20,000 shares. The options vest one third at a time annually after grant.

#### *Medical Advisory Committee*

In addition to the committees of the Board of Directors, we have an independent Medical Advisory Committee. The Medical Advisory Committee comprises leading physicians in sleep medicine who advise the board with respect to reviewing our current and proposed product lines from a medical perspective.

#### *Required Vote*

Assuming a quorum is present, directors will be elected by a favorable vote of a plurality of the aggregate votes cast, in person or by proxy, at the meeting. Accordingly, abstentions and broker non-votes will have no effect on the outcome of the election of candidates for director. In addition, a simple majority of the shares voting may elect all of the directors.

Unless instructed to the contrary, the shares represented by the proxies will be voted FOR the election of the three nominees named above as directors. Although it is anticipated that the nominees will be able to serve as directors, should a nominee become unavailable to serve, the proxies will be voted for such other person or persons as may be designated by our Board of Directors.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR" THE ELECTION OF EACH NOMINEE TO THE BOARD OF DIRECTORS.

#### **Proposal 2. Ratification of Selection of Auditors**

The firm of KPMG LLP, our independent auditors for the fiscal year ended June 30, 2002, was selected by the Board of Directors, upon recommendation of the Audit Committee, to act in the same capacity for the fiscal year ending June 30, 2003. Neither the firm nor any of its members has any relationship with us nor any of our affiliates except in the firm's capacity as our auditor.

Representatives of KPMG LLP are expected to be present at the meeting and will have the opportunity to make statements if they so desire and respond to appropriate questions from the shareholders.

#### *Required Vote*

The proposal to ratify the selection of our independent auditors requires the affirmative vote of a majority of the aggregate votes cast, in person or by proxy, at the meeting. Accordingly, abstentions and broker non-votes will have no effect on the outcome of the ratification of KPMG LLP as our independent auditors.

Unless instructed to the contrary, properly executed proxies will be voted FOR ratification of the selection of KPMG LLP as our independent auditors.

**YOUR BOARD OF DIRECTORS RECOMMENDS A VOTE “FOR” APPROVAL OF THE RATIFICATION OF THE SELECTION OF KPMG LLP AS OUR INDEPENDENT AUDITORS.**

### **Audit Fees**

The aggregate fees billed for professional services rendered by KPMG LLP for the audit of our annual financial statements for the 2002 fiscal year and the reviews of the financial statements included in our Quarterly Reports on Form 10-Q for the 2002 fiscal year were \$204,961.

### **Financial Information Systems Design and Implementation Fees**

KPMG LLP did not render any professional services to us of the type described in Rule 2-01(c)(4)(ii) of Regulation S-X during the 2002 fiscal year.

### **All Other Fees**

The aggregate fees billed for services rendered by KPMG LLP, other than fees for the services referenced under the captions “Audit Fees” and “Financial Information Systems Design and Implementation Fees,” during the 2002 fiscal year were \$10,000 which related to non-audit services.

### **Proposal 3. Other Business**

The Board of Directors does not know of any other business to be presented to the Annual Meeting of Shareholders. If any other matters properly come before the meeting, however, the persons named in the enclosed form of proxy will vote the proxy in accordance with their best judgment.

## **SHAREHOLDER PROPOSALS FOR 2003 ANNUAL MEETING**

We expect to hold our 2003 Annual Meeting of Shareholders on November 10, 2003. In order for shareholder proposals otherwise satisfying the eligibility requirements of Rule 14a-8 under the Exchange Act to be considered for inclusion in our Proxy Statement for our 2003 Annual Meeting, they must be received by us at our principal office in Poway, California, on or before June 2, 2003.

In addition, if a shareholder desires to bring business (including director nominations) before our 2003 Annual Meeting of Shareholders that is not the subject of a proposal timely submitted for inclusion in our Proxy Statement as described above, written notice of such business must be received by our Secretary at our principal office in Poway, California, on or before August 16, 2003. If such notice is not received by August 16, 2003, such notice will be considered untimely under Rule 14a-4(c)(1) of the Commission's proxy rules, and we will have discretionary voting authority under proxies solicited for the 2003 Annual Meeting of Shareholders with respect to such proposal, if presented at the meeting.
