Review of Operations

Unless otherwise indicated, comparative figures relate to the half-year ended 31 March 2006. There were no individually significant items during the half-year ended 31 March 2007.

Profit after tax and minority interests for the half-year ended 31 March 2007 was \$585 million (31 March 2006: \$511 million), an increase of 14.5%. The increase was primarily due to strong growth in total operating income driven by continued growth in residential lending and strong growth in business lending and managed funds, while focusing on cost containment.

Net Interest Income

- Net interest income for the half-year was \$1,078 million (31 March 2006: \$962 million), an increase of 12.1%. The increase is due to growth in average interest earning assets of 13.5% since March 2006, which is partially offset by a decline in the net interest margin to 2.07% from 2.10% in the previous corresponding period. Residential loans (net of specific provision) grew by 9.4% to \$65.3 billion from \$59.7 billion at 31 March 2006 while commercial lending including bank acceptances (net of specific provision) relating to commercial business grew by 21.1% to \$25.9 billion during the same period.

Other Income

- Other income before significant items was \$533 million (31 March 2006: \$471 million). Other income accounts for 33.1% of total income (31 March 2006: 32.9%).
- Managed funds increased to \$44.3 billion (31 March 2006: \$37.2 billion), an increase of 19.2%.

Operating Expenses

- The expense to income ratio, before significant items from continuing operations, decreased to 42.4% (31 March 2006: 43.8%) due to prudent cost management and increased total income underpinned by growth in lending assets and managed funds.
- Operating expenses, before significant items, were \$683 million (31 March 2006: \$628 million), an increase of 8.8%. When compared to the September 2006 half-year, operating expenses, before significant items, increased by 2.7%, reflecting effective cost management.

Income Tax

- Income tax expense before significant items increased by \$24 million to \$250 million compared to the previous corresponding period.

Shareholder Returns

- Annualised return on average ordinary equity, before significant items and fair value recognition of hedging and non trading derivatives, increased to 23.24% (31 March 2006: 22.69%).
- Basic earnings per ordinary share increased to 108.2 cents (31 March 2006: 96.3 cents).
- The Board has declared an interim ordinary dividend of 82 cents per ordinary share, payable on 3 July 2007. This dividend will be fully franked at 30%.

Corporate Governance

In accordance with the Australian Stock Exchange Principles of Good Corporate Governance and Best Practice Recommendations, the Managing Director and Chief Executive Officer and the Chief Financial Officer have provided a written statement to the Board that the financial report represents a true and fair view of the Bank's financial position as at 31 March 2007 and of its performance for the six months ended on that date, in accordance with relevant accounting standards and regulations.

There were no significant items during the half-year.

September 2006 Half Year

- (i) In September 2006, the Group completed the sale and leaseback of its head office building in Kogarah. As a result of the sale, the Group recognised a profit of \$41 million before tax (\$51 million after associated tax benefit).
- (ii) The Bank recognised a \$32 million (\$22 million after tax) impairment on intangible assets relating to capitalised computer software. This impairment comprises software that has been developed internally, where the timing of realisation of associated benefits is uncertain or the value of future benefits are not expected to be fully realised. The impairment also includes software systems that became obsolete during the half year.
- (iii) A restructure provision of \$16 million was raised in respect of staff redundancies.
- (iv) As a result of intense competition in the New Zealand market, the Bank and its joint venture partner, Foodstuffs, agreed in August 2006 to discontinue their supermarket banking joint venture. Costs associated with the discontinuation of this business totalled \$9 million before and after tax. A \$3 million minority interest loss was recognised in respect of these costs, reflecting Foodstuff's share of the loss.

INDEPENDENT AUDITORS' REVIEW REPORT TO THE MEMBERS OF ST.GEORGE BANK LIMITED FOR THE HALF-YEAR ENDED 31 MARCH 2007

We have reviewed the accompanying consolidated interim financial report ("interim financial report") of St.George Bank Limited ("the Bank"), which comprises the consolidated interim balance sheet as at 31 March 2007, and the consolidated interim income statement, statement of recognised income and expense and cash flow statement for the half year ended on that date, the description of accounting policies and other explanatory notes 1 to 17 and the Directors' declaration set out on pages 7 to 27 of the consolidated entity comprising the Bank and the entities it controlled at the half year's end or from time to time during the half-year.

Directors' Responsibility for the Interim Financial Report

The Directors of the Bank are responsible for the preparation and fair presentation of the interim financial report in accordance with Australian Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Act 2001. This responsibility includes designing, implementing and maintaining internal controls relevant to the preparation and fair presentation of the interim financial report that is free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Auditor's Responsibility

Our responsibility is to express a conclusion on the interim financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 Review of an Interim Financial Report Performed by the Independent Auditor of the Entity, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the interim financial report is not in accordance with the Corporations Act 2001 including: giving a true and fair view of the Bank's financial position as at 31 March 2007 and its performance for the half year ended on that date; and complying with Australian Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001. As auditor of the Bank, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of an interim financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the interim financial report of St.George Bank Limited is not in accordance with the Corporations Act 2001, including:

- giving a true and fair view of the consolidated entity's financial position as at 31 March 2007 and of its performance for the half-year ended on that date; and
- complying with Australian Accounting AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.
