**【PRESS RELEASE】**

=====

**PUC Founder (MSC) Berhad Ranked No. 23 in the  
First 250 of the Deloitte Touche Tohmatsu Asia Pacific Technology Fast 500**

=====

**(Hong Kong – 13 December 2002)** Founder Holdings Limited (SEHK: 418) today announces that, its associated company in Malaysia, PUC Founder (MSC) Berhad ("Founder MSC") has been ranked No. 23 in the First 250 of the Deloitte Touche Tohmatsu Asia Pacific Technology Fast 500, a ranking of the fast growing technology companies in Asia Pacific based on their three-year percentage revenue growth.

Founder MSC's percentage revenue growth over the past three years is 641%, which Founder MSC's Managing Director, Mr Teh Hon Seng, regards as due to the growing market demands on prepress automation and biometrics security products.

In order to qualify for the Deloitte Touche Tohmatsu Asia Pacific Technology Fast 500 Program, a company must meet a series of eligibility criteria. Winning companies came from new and established businesses and from across Asia Pacific and industry sectors.
