For the half-year ended 31 December 2001

Note 1. Basis of preparation of half-year financial report

This general purpose consolidated financial report for the interim half-year reporting period ended 31 December 2001 has been prepared in accordance with Accounting Standard AASB 1029: Interim Financial Reporting, other mandatory professional reporting requirements (Urgent Issues Group Consensus Views), other authoritative pronouncements of the Australian Accounting Standards Board and the Corporations Act 2001.

This interim financial report does not include all the notes of the type normally included in the annual financial report. Accordingly, this report should be read in conjunction with the annual report for the year ended 30 June 2001 and any public announcements made by Investa Properties Limited during the interim reporting period in accordance with the continuous disclosure requirements of the Corporations Act 2001.

The units in Investa Property Trust are 'stapled' to the shares in Investa Properties Limited. From 1 December 2000, all transactions in either security can only be in the form of transactions in Investa Property Group stapled securities.

The accounting policies adopted are consistent with those of the previous financial year and corresponding period ended 31 December 2000, unless stated otherwise below.

(a) Revenue recognition

Cost includes the cost of acquisition, development costs, holding costs, interest on funds borrowed, and is after crediting, where applicable, rental income relating to such projects during the development period. A provision is raised when it is believed that the costs incurred will not be recovered on the ultimate sale of the property. When a development is completed borrowing costs and other holding costs are expensed as incurred.

ii) Classification

Amounts are disclosed as current where it is anticipated that the assets will be disposed of within 12 months after balance date.

Notes to the consolidated financial statements For the half-year ended 31 December 2001

Note 1. Basis of preparation of half-year financial report (continued)

(c) Amortisation of intangible assets

Amortisation is calculated on a straight line basis to write off net costs of each intangible asset over its expected useful life to the consolidated entity. Estimates of remaining useful lives are made on an annual basis for all intangible assets. The expected useful lives are as follows:

Corporate property services establishment costs	20 years
Goodwill – developments	5 years
Payment for management rights	20 years

(d) Goodwill

Where an entity or operation is acquired, the identifiable net assets acquired are measured at fair value. The excess of the cost of acquisition over the fair value of the identifiable net assets acquired, including any restructuring costs, is brought to account as goodwill.

(e) Investments

Interests in unlisted securities, other than controlled entities and associates in the consolidated financial statements, are brought to account at cost and distribution income is recognised in the statement of financial performance when receivable.

(f) Rounding

The Company is an entity of a kind referred to in Class Order 98/0100, issued by the Australian Securities & Investments Commission, relating to the "rounding off" of amounts in the Directors' Report and Financial Report. Note 15. Events occurring after reporting date

On 15 January 2002, the company settled the acquisition of six industrial assets on behalf of the Investa First Industrial Trust. The portfolio was purchased for \$50,572,609 and includes industrial properties in Sydney, Melbourne and Brisbane. The portfolio will be sold through a retail offering with the Prospectus for the Investa First Industrial Trust having been registered with ASIC. It is expected the units will be sold down by the company and settled by the end of February 2002 at which time funds will be returned to the company in full.

Contracts were exchanged on 31 January 2002 for the purchase of 209 Kingsway, South Melbourne by Investa South Melbourne Trust which is jointly owned by Investa Property Trust and a wholly owned subsidiary of Investa Properties Limited. The property is presently under construction and on completion in February 2003 is expected to have a value of approximately \$100 million. The purchase price of \$24.9 million reflects the value of the land and improvements constructed on 31 January 2002, with further payments pursuant to a Development Agreement with Multiplex Developments No.1 Pty Limited to be made on completion of construction. That payment is determined as net income under leases capitalised at 8% less the \$24.9 million. The Trust will receive a licence fee from settlement to completion reflecting an 8% yield on \$24.9 million.

The financial effects of these transactions have not been brought to account at 31 December 2001.

On 3 January 2002, Investa Properties Limited became the Responsible Entity of the Suncorp Metway Balanced Property Fund (see Note 8).
