1. Offer details

1.1 The Entitlement Offer

The Entitlement Offer is an Offer of approximately 127,222,217 New Shares at an issue price of 4 cents each per New Share, on the basis of 1 New Share for every 1 Existing Share held, to raise approximately \$5,088,888 (before costs).

On the same date as announcing the Entitlement Offer, the Company applied to the ASX for the New Shares to be granted official quotation on the ASX. Official quotation of the New Shares is expected to occur on or about 17 December 2015.

The Entitlement Offer is an offer to Eligible Shareholders only. The issue price of 4 cents each per New Share represents a 5.4% discount to the 30-day volume-weighted average Share price of 4.23 cents as at 12 November 2015. Fractional Entitlements will be rounded up to the nearest whole number of New Shares.

The Entitlement Offer is non-renounceable. Accordingly, Entitlements do not trade on the ASX, and nor can they be transferred or otherwise disposed of. If you choose not take up your rights under the Entitlement Offer, you will not receive the benefits under the Entitlement Offer and your shareholding in the Company will be diluted as a result.

An Entitlement and Acceptance Form setting out your Entitlement accompanies this Information Booklet. Eligible Shareholders may subscribe for all or part of their Entitlement.

A number of terms and abbreviations used in this Information Booklet have defined meanings, which are explained in the "Definitions and Glossary" at Section 7.

1.2 Shortfall Shares

If any Eligible Shareholders do not take up their full Entitlement under this Entitlement Offer, the New Shares that are not taken up will form the Shortfall.

Eligible Shareholders may, in addition to applying for their Entitlement, apply for Additional Shares.

The Additional Share Offer is a separate offer pursuant to this Information Booklet. The issue price of the New Shares to be issued pursuant to the Additional Share Offer is 4 cents each.

Eligible Shareholders who want to apply for Additional Shares should insert the number of Shortfall Shares that they want to apply for in the appropriate section of the Entitlement and Acceptance Form. Any Shortfall Shares that are applied for must be paid for at the same time and in the same way that the New Shares to be issued pursuant to the acceptance of Entitlements are paid for.

Notwithstanding any application received in response to the Additional Share Offer, the Directors may at their complete and absolute discretion place the Shortfall Shares with any third party.

There is no guarantee that Eligible Shareholders will receive any or all of the Additional Shares that are applied for. It is an express term of the Additional Share Offer that Eligible Shareholders may receive no allocation of Additional Shares applied for, and if any New Shares are allotted in response to an application under the Additional Share Offer, the relevant Eligible Shareholders must accept any such lesser number of Additional Shares (being lesser than the number actually applied for) as are issued in response to such an application.

Any money paid for Additional Shares that are not issued to an Eligible Shareholder who applies for them will be returned to the Eligible Shareholder without interest.

Rights Issue Information Booklet

Pursuant to s708AA(2) *Corporations Act*

Additional Shares that are issued to Eligible Shareholders will be issued at the same time as the New Shares to be issued pursuant to the acceptance of Entitlements.

Section 606(1) of the *Corporations Act* prohibits a person from increasing their voting power in the Company:

- (a) from 20% or below to above 20%; or
- (b) at all if they are at a starting point of above 20% and below 90%.

Accordingly, if you are an Eligible Shareholder who wants to apply for New Shares, it is your responsibility to ensure that if you are issued with New Shares you will not be in breach of section 606(1) of the *Corporations Act*. If you are in any doubt as to the consequences of applying for New Shares, you should seek independent legal advice. The Company expressly disclaims any responsibility for ensuring that you do not breach section 606(1) of the *Corporations Act* as a result of applying for New Shares.

1.3 Eligibility of Shareholders

The Entitlement Offer and the Additional Share Offer are being offered to all Eligible Shareholders only.

Eligible Shareholders are Shareholders on the Record Date who have a registered address in Australia, New Zealand or Singapore or who are Shareholders that the Company has otherwise determined are eligible to participate.

The Entitlement Offer and the Additional Share Offer are not being extended to the Ineligible Shareholders because of the small number of such Shareholders, the number and value of Shares that they hold and the cost of complying with the applicable regulations in jurisdictions outside Australia, New Zealand and Singapore.

In particular this Entitlement Offer is not made in the United States or to persons (including nominees or custodians) acting for the account or benefit of a person in the United States, or to any person who is ineligible under applicable securities laws in any country to receive an offer under the Entitlement Offer without any requirement for a prospectus to be lodged or registered.

1.4 Placement

Notwithstanding any application received in response to the Additional Share Offer, the Directors may at their complete and absolute discretion place the Shortfall Shares with any third party. The Directors will attempt to place those New Shares within 3 months of the Closing Date as permitted by Exception 3 to Listing Rule 7.1 and Listing Rule 7.1A, set out in Listing Rule 7.2.

1.5 Investment risks

Eligible Shareholders should be aware that an investment in the Company is subject to investment and other known and unknown risks, including possible loss of income and principal invested. A number of these risks are specific to the Company and the industry in which it operates. Some of the key risks identified by the Company are outlined in Section 2 of this Information Booklet. However, these risks should not be taken to be exhaustive of the risks faced by the Company or its Shareholders. Those risk factors referred to Section 2, and others not specifically referred to in Section 2, may materially affect the financial performance of the Company and the value of its Shares in the future.

The Company has implemented strategies, actions, systems and safeguards for known risks. However, some risks are beyond its control. Consequently, the prevailing price or value of New Shares issued under the Entitlement Offer may be more or less than the Issue Price.

Rights Issue Information Booklet

Pursuant to s708AA(2) *Corporations Act*

In any event, the Company does not guarantee any particular rate of return, the performance of the Company, the payment of any dividends, the repayment of capital from the Company, any price for the Company's Shares or any particular tax treatment.

1.6 **Minimum subscription**

There is no minimum subscription to the Entitlement Offer or the Additional Share Offer.

1.7 **New Share terms**

Each New Share will rank equally in all respects with all Existing Shares then on issue. Full details of the rights and liabilities attaching to the Shares are set out in the Constitution, a copy of which is available for inspection at the Company's registered office during normal business hours.

1.8 **Lead Manager**

Cashel Corporate Finance Pty Ltd have been appointed as the Lead Manager to the Capital Raising. Further details of the terms of appointment of the Lead Manager are set out in section 6.4. The Capital Raising is not underwritten.

1.9 **Proposed use of funds**

The Company intends to apply the net proceeds raised under the Entitlement Offer toward the execution of the strategic review specifically to assist the legacy creditor and commitment issues, completion of the Company's integrated technology platform which will improve operating performance and reduce costs and to provide working capital.

However, in the event that circumstances change or other better opportunities arise the Directors reserve the right to vary the proposed use of funds to maximise the benefit to Shareholders.

1.10 **Allotment and allocation policy**

The Company will proceed to allocate New Shares as soon as possible after the Closing Date and receiving ASX permission for official quotation of the New Shares.

In the event that there is less than full subscription by Eligible Shareholders to their Entitlements under this Information Booklet, the Directors reserve the right to issue any Shortfall Shares at their discretion.

Successful Applicants will be notified in writing of the number of New Shares allocated to them as soon as possible following the allocation being made.

It is the responsibility of Applicants to confirm the number of New Shares allocated to them prior to trading in New Shares. Applicants who sell New Shares before they receive notice of the number of New Shares allocated to them do so at their own risk.

1.11 **ASX listing**

The Company applied for the listing and quotation of the New Shares on the ASX on 13 November 2015. If granted, official quotation of the New Shares will commence as soon as practicable after allotment of the New Shares to Applicants.

1.12 **CHESS**

The Company will apply for the New Shares to participate in CHESS, in accordance with the ASX Listing Rules and ASX Settlement Operating Rules.

Rights Issue Information Booklet

Pursuant to s708AA(2) *Corporations Act*

The Company will not issue certificates to Shareholders with respect to the New Shares. After allotment of the New Shares, Shareholders who are issuer sponsored will be provided with an issuer sponsored statement and those who are CHESS holders will receive an allotment advice.

The CHESS statements, which are similar in style to bank account statements, will set out the number of New Shares allotted to each successful Applicant pursuant to this Information Booklet. The statement will also advise holders of their holder identification number. Further statements will be provided to holders which reflect any changes in their holding in the Company during a particular month.

1.13 Overseas shareholders

This Information Booklet and accompanying forms do not, and are not intended to, constitute an offer of New Shares in any place outside Australia, New Zealand and Singapore. The distribution of this Information Booklet and the accompanying Entitlement and Acceptance Form in jurisdictions outside Australia, New Zealand and Singapore may be restricted by law, and any failure to comply with those restrictions may constitute a serious violation of applicable securities laws.

Accordingly, the Company has decided that it is unreasonable to make offers under the Entitlement Offer to the Ineligible Shareholders, and accordingly, the Entitlement Offer is not being extended to, and does not qualify for distribution or sale by or to, and no New Shares will be issued to Ineligible Shareholders.

2. Risk factors

2.1 Introduction

The activities of the Company, as in any business, are subject to risks which may impact on its future performance. The future performance of the Company and the future performance of the New Shares may be influenced by a range of factors, many of which are outside the control of the Board and the Company. The New Shares offered under this Information Booklet should be regarded as speculative due to such inherent risks. Neither the Company nor the Directors warrant the future performance of the Company or any investment made pursuant to this Information Booklet.

Prior to making any decision to accept the Entitlement Offer or to participate in the Additional Share Offer, Eligible Shareholders should carefully consider the risk factors which the Company has previously disclosed (many of which are listed below), as well as those risks of which the Eligible Shareholder is aware, or should be aware of through their own knowledge and enquiries.

Some of the risks may be mitigated by the Company using safeguards and appropriate systems and taking certain actions. However, as noted above and previously, some of the risks are outside the control of the Company and are not capable of mitigation. There are also general risks associated with any investment in shares.

The risks listed below (and previously disclosed by the Company) should not be taken as exhaustive of the risks faced by the Company. Factors other than those listed may in the future materially affect the financial performance of the Company and the value of the New Shares. Eligible Shareholders should read this Information Booklet in its entirety together with the Company's previous disclosures to the ASX and the public documents of the Company, including its most recent audited financial statements and consult their stockbroker, accountant or other professional advisor without delay before deciding whether to accept the Entitlement Offer or participate in the Additional Share Offer.

2.2 Risks Specific to an Investment in the Company

In addition to the general market and economic risks noted in Section 2.2(a), Eligible Shareholders should be aware of risks specific to an investment in the Company, which may include, but are not limited to, the following:

(a) Operational Risks

The current and future operations of the Company may be affected by a range of factors including:

- (1) The ability to attract and retain key personnel;
- (2) A downturn in the economy and the employment market;
- (3) The loss of key contracts and relationships;
- (4) The inability to identify and recruit suitable candidates;
- (5) The inability to locate and source suitable temporary and casual staff for labour hire contracts;
- (6) The loss of professional reputation and/or damage to its brand name;
- (7) Material interruption to IT services;
- (8) Loss arising from the actions of staff or contractors in client workplaces;
- (9) increased competition; and
- (10) Regulatory change.

(b) Performance Risks

The financial performance of the Company in any given year may have an adverse effect on the carrying value of the Company's intellectual property as well as the Company's capacity to achieve an acceptable financial result and cash flow balance.

(c) Currency Risk

The Company operates in multiple jurisdictions. Accordingly, its revenues, profitability, liabilities and asset carrying values may be affected by adverse movements in the value of various foreign currencies.

(d) Interest Rates

The Company currently has invoice financing facilities on which it pays a debit interest rate. There is a risk in the future that interest rates may rise materially which may force the company to fall short of target or the Company's target rate of return.

(e) Financing Risk

The company currently relies on funding provided through an invoice financing facility. There is a risk that acceptable financing or refinancing facilities may not be available to the company in the future.

Rights Issue Information Booklet

Pursuant to s708AA(2) *Corporations Act*

(f) **Credit**

The Company provides its services on 30-45 days credit terms and as such is exposed to credit risk on payment of its invoices. This risk is managed and mitigated by internal policies to collect outstanding invoices within credit terms and established procedures for collection enforcement of overdue amounts.

2.3 **General Risks**

The New Shares that are to be issued pursuant to the Entitlement Offer and the Additional Share Offer are speculative because of the nature of the business of the Company, being the provision of a variety of recruitment services (including search, selection, bulk recruitment, professional and support level contracting services and organisational development). The value of Shares can go up as well as down and a dividend may or may not be paid in the future, depending on the Company's operating successes. As the holding of the Company's securities can involve certain risks, Eligible Shareholders in doubt as to the course they should follow should consult their stockbroker, accountant or other professional advisor without delay.

A summary of the major general risks are described below:

(a) **Share Market Risk**

There are a number of factors (both national and international) that may affect the share market price and neither the Company nor its Directors have control of those factors. The New Shares carry no guarantee in respect of profitability, dividends, return on capital, or the price at which they may trade on the ASX. The market price of the Company's Shares will be subject to varied and often unpredictable influences in the share market.

(b) **General Economic Conditions**

Changes in the general economic climate in which the Company operates may adversely affect the financial performance of the Company. In addition to being listed on the ASX, the Company's conducts operations in New Zealand and South East Asia. Factors that may contribute to that economic climate include the general level of economic activity, interest rates, inflation, supply and demand, industrial disruption and other economic factors. These factors are beyond the control of the Company and the Company cannot, with any degree of certainty, predict how they will impact on the Company.

(c) **Legislative Change**

Changes in government regulations and policies in jurisdictions in which the Company provides its services may adversely affect the financial performance or the current and proposed operations generally of the Company. Changes which may occur to the taxation of companies as a result of changes in Australian and foreign taxation laws may have an adverse effect on the Company's development and production activities, as well as its ability to fund those activities.

(d) **Unforeseen Expenses**

4.2 Capital structure

Subject to rounding up of fractional Entitlements, the Share capital structure of the Company following the issue of New Shares under the Capital Raising (assuming full subscription under the Entitlement Offer) is expected to be as follows:

	Shares
Shares on issue at the date of the Information Booklet	127,222,217
Maximum number of New Shares issue under the Information Booklet	127,222,217
Total:	254,444,434

As at the date of this Information Booklet, the Company has 145,751 Options on issue.

4.3 Potential effects of the Capital Raising on control

The Entitlement Offer is a pro-rata offer so that if all Eligible Shareholders take up their Entitlements, the voting power of all Eligible Shareholders will remain the same, subject to the comments below.

Shareholders who do not take up all of their Entitlements will have their interest in the Company diluted. In addition, the proportional shareholdings of Shareholders who are not resident in Australia, New Zealand and Singapore may be diluted as those Shareholders are not entitled to participate in the Entitlement Offer.

While the final percentage interests held by Shareholders of the Company is entirely dependent on the extent to which they are Eligible Shareholders and to the extent to which the other Shareholders take up their Entitlements, the Company expects that the potential effect of the issue of Shares under the Entitlement Offer on the control of the Company will be minimal.

4.4 Director Participation

Set out below are details of the interests of the Directors in the securities of the Company immediately prior to lodgement of this Information Booklet with ASX. Interests include those securities held directly and indirectly. The table does not take into account any New Shares the Directors may acquire under the Entitlement Offer.

Director	Number of Shares	Number of Options	Percentage shareholding
David Hutchison	0	0	0%
Angus Mason	10,450,862	0	8.21%
Sharad Loomba	0	0	0%

The Directors have indicated that it is their present intention to subscribe for their full Entitlement under the Entitlement Offer.

Other than as set out above or elsewhere in this Information Booklet (including at item 6.4), no Directors hold, or held at any time during the last 2 years, any interest in the formation or promotion of the Company, the Entitlement Offer or property acquired or to be acquired by the Company in connection with its formation or the promotion of the Company or the Entitlement Offer.

5.4 Taking up part of your Entitlement and allowing the balance to lapse

If you wish to take up part only of your Entitlement, complete the Entitlement and Acceptance Form for the number of New Shares you wish to take up and follow the other steps required in accordance with Section 5.2 above.

You may arrange for payment through BPAY in accordance with the instructions on the Entitlement and Acceptance Form. If payment is made through BPAY and the Company receives an amount that is less than the Issue Price multiplied by your Entitlement (**Reduced Amount**), your payment may be treated as an application for as many New Shares as your Reduced Amount will pay for in full.

5.5 Allowing your entitlement to lapse

If you do not wish to accept all or any part of your Entitlement, do not take any further action and that part of your Entitlement will lapse.

5.6 Consequences of not taking up your Entitlement

If you do not take up all of your Entitlement in accordance with the instructions set out above, any New Shares that you would have otherwise been entitled to under the Entitlement Offer may be issued by the Directors to other Eligible Shareholders pursuant to an application by them for Additional Shares, or placed by the Directors to third parties.

5.7 Payment

The consideration for the New Shares is payable in full on Application by a payment of 4 cents each per New Share.

The Entitlement and Acceptance Form must be accompanied by a cheque for the Application Monies. Cheques must be drawn in Australian currency on an Australian bank and made payable to '**Rubicor Group Limited**' and crossed 'Not Negotiable'.

Alternatively, you may arrange for payment of the Application Monies through BPAY in accordance with the instructions on the Entitlement and Acceptance Form.

Eligible Shareholders must not forward cash by mail. Receipts for payment will not be issued.

5.8 Binding effect of Entitlement and Acceptance Form

A completed and lodged Entitlement and Acceptance Form, or a payment made through BPAY, constitutes a binding offer to acquire New Shares on the terms and conditions set out in this Information Booklet and, once lodged or paid, cannot be withdrawn. If the Entitlement and Acceptance Form is not completed correctly it may still be treated as a valid application for New Shares. The Directors' decision whether to treat an acceptance as valid and how to construe, amend or complete the Entitlement and Acceptance Form is final.

By completing and returning your personalised Entitlement and Acceptance Form with the requisite Application Monies or making a payment by BPAY, you will also be deemed to have acknowledged, represented and warranted on behalf of each person on whose account you are acting that:

- (a) you are an Eligible Shareholder and are not in the United States and are not a person (including nominees or custodians) acting for the account or benefit of a person in the United States and are not otherwise a person to whom it would be illegal to make an offer or issue New Shares under the Entitlement Offer;
- (b) you acknowledge that the New Shares have not been, and will not be, registered under the US Securities Act or under the laws of any other jurisdiction outside Australia, New Zealand and Singapore; and
