

New Appointment

Cengis Erol has recently been appointed Senior Consultant of IT&T at Talent 2. He began his recruitment career in the UK with MSB international specialising in high end IT contract recruitment. Cengis relocated to Australia in 1996 and worked firstly with Greythorn and then GAP IT Consulting, playing a key role in the start up of both organisations.

In 1998 Cengis got the opportunity to manage a start up business and launched Pegasus IT Consulting into the Sydney market place. The company pioneered a vertical market recruitment strategy which proved extremely successful in a candidate short IT market place. Pegasus thrived throughout Cengis' five year tenure and rapidly grew into a team of over thirty consulting staff servicing clients on a national basis. The company won PSA agreements with PWC, Deloitte Consulting, BT Financial, MCI Worldcom, RABO Bank, Solution 6, Hutchinson Telecom and Motorola.

Having decided not to take up shares in Pegasus, Cengis took time out to go through a Career Management process and joined the only organisation that could offer him the values, challenge and passion that he sought: Talent2.

To interview Cengis please contact Rebecca Finch at Markson Sparks! on 02 9699 2000
