Major subsidiaries

AHK Air Hong Kong

- Operates a fleet of eight owned Airbus A300-600F, three Boeing 747-400BCF dry-leased from Cathay Pacific and one wet-leased Boeing 727.
- Load factor dropped by 5%pts but yield improved by 4%.
- Higher profit in 1H2012 compared to 1H2011.

Cathay Pacific Catering Services

- Growth in the number of meals produced.
- Higher profit in 1H2012 compared to 1H2011.

Asia Miles

- Membership exceeds 4 million worldwide.
- 1% increase in redemptions by Asia Miles members in 1H2012. More than 90% of Cathay Pacific flights carry passengers who have redeemed frequent flyer miles through the Asia miles programme.

Air China

- Cathay Pacific has a 19.53% interest in Air China.
- Cathay Pacific accounts for Air China for the 12 months ended 31st March 2012 and any significant events or transactions during their last quarter.
- Profits from Air China in the first half of 2012 were significantly down compared to the first half of 2011 due to similar factors as Cathay Pacific – a high oil price, pressure on yield and a weak cargo market.

Air China / Cathay Pacific Cargo Joint Venture

- CX acquired 49% economic interest in Air China Cargo (ACC) and the cargo joint venture was formally approved and established on 28 Feb 2011 and officially launched in May 2011.
- CX Group selling assets to ACC
 - 4 x 747-400BCFs (one was sold in 2010; one was sold in 2011, another one just sold in July 2012 and leaving one aircraft remaining to be sold)
 - 2 spare engines (one sold in 2011 and leaving one spare engine remaining to be sold)
- Performance of Air China Cargo has been weak but remains strategically important

Airline Strategy

- Grow our international network, expand frequencies and further develop Hong Kong as one of the world's leading aviation hubs
- Ensure that quality and our brand are not compromised and the service proposition to the customer remains strong
- Continue to develop the strategic relationship with Air China
- Maintain a prudent approach to financial risk
 management

Outlook

- Global economic uncertainties continue into the second half, impacting passenger demand
- Cargo demand remains weak
- Fuel price remains high, but we benefit from the recent decline
- Cost cutting measures will be realised in the second half
- Continued enhancement of products and services to strengthen our competitive edge
