FOR IMMEDIATE RELEASE

METRO PACIFIC ANNOUNCES FIRST HALF 2006 RESULTS; MPIC RELEASES PRO FORMA FIRST HALF 2006 RESULTS; REORGANIZATION AND RECAPITALIZATION PROGRAM ON TRACK

MANILA, PHILIPPINES, 23rd August 2006 – Metro Pacific Corporation ("Metro Pacific") (PSE: MPC) today reported a net loss of Pesos 456.6 million, principally due to non-recurring provisions made in view of the adverse short-term outlook for the Philippine domestic shipping industry and in respect of a particular real estate investment whose prospects are uncertain.

This announcement includes the performance of Landco Pacific Corporation ("Landco") until 30th April 2006, when Metro Pacific's entire shareholding in Landco was sold to Metro Pacific Investments Corporation ("MPIC"). Hence, a discussion of MPIC's pro forma first half 2006 results are also included as the migration of Metro Pacific's business interests to MPIC progresses.

Non-recurring Items

A provision of Pesos 139 million was made against an unprofitable Negros Navigation Company ("Nenaco") vessel. Given the present over capacity in the domestic shipping industry and the continued rise in fuel costs, Metro Pacific is reviewing a number of strategic options with respect to its investment in Nenaco. The second provision, for Pesos 258.5 million, was made against an affiliated real estate investment, a company engaged in real estate development in San Juan, Batangas. Metro Pacific believes that while this investment's long-term prospects are sound, its near-term outlook is challenging.

Reorganization And Recapitalization Plan On Track; MPIC Preparing Tender for Metro Pacific Shares

Under the reorganization and recapitalization plan announced last 27th March 2006, MPIC intends to make a tender offer to the existing minority shareholders of Metro Pacific, to enable those shareholders to migrate to the new and debt-free MPIC. As a result of the provisioning undertaken by Metro Pacific today, Metro Pacific's parent company Net Asset Value is expected to stand at approximately Pesos 238.2 million, or 25 centavos per share, on a post-consolidation basis of the 1 for 20 Metro Pacific share consolidation. It is thus anticipated that the forthcoming tender by MPIC to the minority shareholders of Metro Pacific will be effected via an exchange ratio of 1 new MPIC share for every 4 Metro Pacific shares outstanding. In addition, it is

anticipated that under the same offer MPIC will offer 3 warrants for every 4 Metro Pacific shares tendered by the minority shareholders. Each warrant will entitle the shareholder to subscribe for its equivalent of 1 common share of MPIC at par value. Detailed terms and conditions for the tender will be announced by MPIC within the next month.

2006 Consolidated First Half Results for Metro Pacific

Metro Pacific reported consolidated lower revenues of Pesos 1.35 billion for the first six months of 2006, resulting from lower revenues at Nenaco for six months and reflecting the operations of Landco only until 30th April 2006. Consolidated revenues compare with the Pesos 1.69 billion revenues reported for the same period in 2005. Consolidated operating expenses stood at Pesos 192.7 million for the period, a decrease from the Pesos 223.5 million reported last year, due to reduced operating costs at Nenaco. Financing charges were reported at Pesos 117.2 million for the first half of 2006, compared with Pesos 108.7 million for the same period in 2005, due to increased interest charges incurred by Nenaco.

2006 Pro Forma First Half Results for MPIC

MPIC's pro forma first half results differ from Metro Pacific's in that it reflects the full six-month results for Landco. As of 30th June 2006 MPIC reported a pro-forma net loss of Pesos 445.9 million for the first six months of 2006, attributable to a provision made against an unprofitable Nenaco vessel and affiliated real estate investment. MPIC reported pro forma consolidated revenues of Pesos 1.66 billion for the period, reflecting reduced Nenaco revenues. Pro forma operating expenses stood at Pesos 333.4 million as Landco accelerated pre-development activities for various new and expansion projects. Pro forma financing charges of Pesos 103.5 million were reported for the first six months of 2006.

Comments

"Our results today reflect our resolve in making the hard choices required to complete Metro Pacific's workout and which will enable the new and debt-free MPIC to emerge with a strong financial foundation. We are appreciative of the sacrifices that our shareholders have undertaken along this journey, and thank them for their continued faith and loyalty," said Jose Ma. K. Lim, Metro Pacific President and CEO.
