Sustainability Report 2021 可持續發展報告

The Green Brick Road | Creating Shared Values for a Sustainable Future

The lush grass staircase is abstractly shaped like the letter “G”, symbolising the “Green” Brick Road that we have embarked upon this year towards a foreseeable future. Our four newly set environmental targets are placed along the steps, represented by the recycling bin, the water droplet, the lightbulb and the solar panel-fitted building respectively. These targets are supplemented by the governance and social efforts across our businesses to pledge the Group’s commitment to a sustainable future, where we aim to present Shun Tak to the world as a cross-sector, cross-industry conglomerate as we reach the top of the staircase.

綠磚路 | 為可持續的未來創造共享價值

以青草覆蓋的階梯拼成抽象的「G」字母，象徵我們剛踏上通向可持續未來的「綠」磚之路。擺放在階梯上的回收桶、水滴、綠色燈泡和安裝於建築物的太陽能板顯示了我們新訂立的四項環境目標。我們期盼透過良好的企業管治和為社會作出的貢獻，配合環境目標，貫徹集團對可持續發展未來的承諾，並在集團攀上階梯的最高點時，向世界展現集團為一個跨領域、跨行業的綜合企業。

Group Executive Chairman and Managing Director
Shun Tak Holdings Limited

信德集團有限公司集團行政主席兼董事總經理

Chairman of Sustainability Steering Committee
可持續發展督導委員會主席

The 26th annual United Nations Climate Change Conference of the Parties (COP 26 Summit) in Glasgow last year is one of the latest events to spotlight climate risk and drive greater corporate commitment to sustainability initiatives.

As a responsible corporate citizen, the Shun Tak Group is committed to playing an instrumental role in maintaining and supporting sustainable development. Sustainability remains our top-of-mind for a broad array of key stakeholders, despite the unprecedented impacts made by the COVID-19 pandemic.

2021 was a time of reflection and recovery, the Group has remained grounded and stayed the course during the pandemic. Notwithstanding the immense challenges to our lives and economy, we continue to uphold our principles and mission to create and sustain values for our shareholders, as well as to ensure people and the planet are protected along the way.

COVID-19 has caused disruptions to the global economy and society in different ways. Nevertheless, we are well-positioned and well-prepared to tackle the issues with strength and resilience. In addition to implementing cost management measures, reorganising and reprioritising our business operations, we have also revamped our operational structure to enhance efficiency to weather the storm. More importantly, our commitment to sustainability has not wavered.

In the midst of the pandemic, we have adapted our sustainability initiatives and business strategies to turn challenges into opportunities.

第26屆聯合國氣候變化大會（COP26峰會）於去年在格拉斯哥舉行，是近來的一個重要會議，聚焦於氣候風險，並同時推動企業對可持續發展倡議作出更大的承諾。

作為負責任的企業公民，信德集團一直致力擔當推行和支持可持續發展的重要角色。儘管新冠疫情造成前所未有的影響，但我們仍視可持續發展為各持份者首要考慮的因素。

2021年是讓我們反思和復甦的一年，集團在疫情期間依然腳踏實地、不偏不倚地前行。儘管我們的生活和經濟面臨巨大的挑戰，我們仍然堅守原則和使命，為我們的股東創造和維持價值，同時保護社會和環境。

新冠疫情對全球經濟和社會造成各種影響，但我們仍站在有利位置並且已做足準備，以實力和韌力迎難而上。除了實施成本管理措施、重組和重新調整業務運營模式外，我們亦調整運營架構，加強逆境抵禦能力克服未知挑戰。更重要的是，我們對可持續發展的承諾從未動搖。

面對疫情，我們也調整可持續發展計劃和業務策略，務求轉危為機。

For instance, our latest property development projects like NEW BUND 31 in Qiantan, Shanghai, China, and Park Nova and Les Maisons Nassim in Singapore will incorporate green building features and obtain sustainable building certifications such as China's Green Building Evaluation Label, Singapore's Green Mark and other internationally recognised green building certifications.

On the tourism front, we have developed and executed our "Tourism Plus" strategy to grasp the new business opportunities arisen from the pandemic, including new travel trends and consumer preferences like the "life-affirming" experience. We believe a diversified and well-integrated tourism experience comprising the elements of art, culture, sports and wellness. The "Tourism Plus" strategy enhances our resilience against the pandemic and puts us ahead of our peers in leading tourism recovery efforts. The effectiveness of this strategy hinges heavily upon improved cooperation and dialogue with our partners, therefore reinforcing the importance of partnership.

While continuing our collaboration with local and overseas partners and authorities to promote sustainability, we work with NGOs such as Po Leung Kuk and Tung Wah Group of Hospitals, and inspire and motivate our employees to serve the communities where we operate and give back to our society. We are also prompted by these partnerships to align our initiatives with an additional United Nations Sustainable Development Goal ("SDG") – "SDG17 Partnership for the Goals". Our recognitions in ESG performance, value creation and leadership are proof of our commitment to lead the way to a more sustainable future by creating shared values with our partners.

Additionally we have introduced a myriad of actions to reduce our carbon emission, electricity consumption, water consumption and waste generation, each by 10%, and fulfilled by 2030. All of which rolls up to advance the ESG agenda and demonstrate our determination to sustainability.

Leadership is showing a commitment to achieving real outcomes with ESG, regardless of how long it takes to have the world as a whole moving in lockstep on creating a green, low-emission and climate resilient society for all of us.

As we look towards the next year with optimism and hope, we welcome partners to join us on our green brick road.

其中，以房地產發展項目為例，我們在上海的前灘31和在新加坡的柏皓及蘭心居都融入綠色建築特色並期望取得綠色建築認證，如中國的綠色建築評價三星標識、新加坡的綠色建築標誌及其他國際認可的綠色建築認證。

在旅遊方面，我們把握疫情帶來的新商機，並根據旅遊新趨勢和旅客喜好，如獨特的旅行經歷，制定及執行「旅遊+」策略。同時，我們相信一個多元化和整合的旅遊體驗應該涵蓋藝術、文化、體育和健康元素。我們期望此策略增強我們在抗擊疫情的韌度，並在旅遊業逐步恢復時領先同儕。此策略的成效很大程度上取決於我們與夥伴的合作及溝通，故此加強夥伴關係至關重要。

在與本地及海外夥伴和相關當局繼續合作推廣可持續發展的同時，我們亦透過與保良局及東華三院等非政府組織合作，啟發和鼓勵員工服務我們營運所在的社區並積極回饋社會。這些合作促使我們的倡議與聯合國可持續發展目標「SDG17 促進目標實現的夥伴關係」接軌。我們在環境、社會及管治績效、價值創造和領導力方面的各種認可，證明我們致力與合作夥伴創造共享價值，並引領可持續未來的決心。

此外，我們也採取一系列的行動，務求在2030年前將碳排放、耗電量、耗水量和廢物產生量強度分別減少10%。所有舉措均為促進環境、社會及管治的進程，並彰顯我們推動可持續發展的決心。

我們管理層正積極實踐達至環境、社會及管治效果的承諾，無論需時多久才促使世界步伐一致，我們仍致力為大眾創造一個綠色、低碳和具氣候適應力的社會。

我們懷著希望，並以積極樂觀的態度展望來年，誠邀合作夥伴一起踏上綠磚之路。

Our Governance

我們的管治

A robust governance framework is the cornerstone of sustainable development and the long-term success of the Group. We recognise such importance and ensure we uphold high standards of accountability, integrity and transparency to create influential value for our stakeholders and make strides towards a more sustainable future.

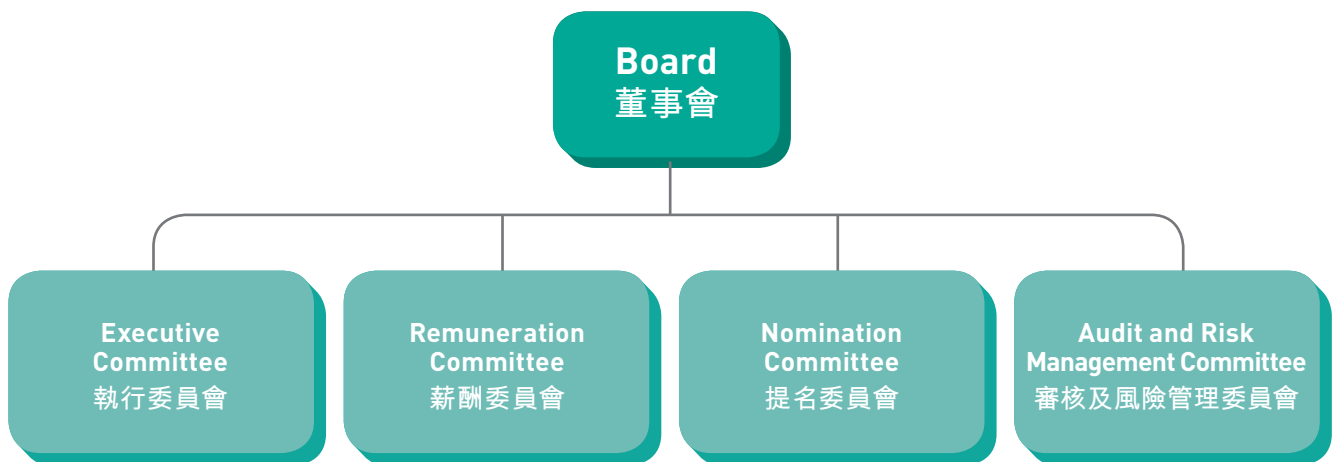

我們深明擁有穩健的管治架構對本集團的可持續發展和長遠成功至關重要。因此，我們堅持以最負責的態度、最高的誠信度和透明度處理一切業務，為持份者創造長遠價值，並朝著可持續的未來邁進。

Governance Structure

管治架構

Our Board of Directors (the “Board”) lies at the top of the Group’s governing hierarchy, whereby providing a top-down approach in its decision-making process that drives the Group’s strategic development, risk management, sustainable development and overall financial and operational performance.

董事會作為集團最高治理單位，通過自上而下的決策方式，推動集團的策略發展、風險管理、可持續發展及整體財務和運營表現。

The Board is composed of five Executive Directors and four Independent Non-Executive Directors, while supported by four Board committees, namely the Executive Committee, Remuneration Committee, Nomination Committee, and Audit and Risk Management Committee. Under the Executive Committee, there is a Sustainability Steering Committee (“SSC”) that is supported by the Sustainability Taskforce Team and its working groups: Green Office Management Team and Green Ambassadors.

董事會由五名執行董事和四名獨立非執行董事組成，並由轄下四個委員會，即執行委員會、薪酬委員會、提名委員會和審核及風險管理委員會協助。執行委員會下轄的可持續發展督導委員會則由可持續發展工作小組及其轄下的工作小組：綠色辦公室管理小組和綠色大使提供支援。

The following diagram illustrates our sustainability governance structure:

我們的可持續發展管治架構如下圖：

Approach to Risk Management and Internal Control

風險管理及內部監控方針

Risk management and internal control are considered by the Board essential parts of the Group's overall operations as they allow for early identification, management and mitigation of risks. These risks are also diverse in nature, ranging from operational, financial and legal compliance to cybersecurity and climate impacts. Therefore, the Board has delegated the risk management and internal control authorities to the Executive Committee and the Audit and Risk Management Committee to ensure the adequacies and effectiveness of our risk management and internal control systems.

董事會了解風險管理及內部監控對本集團的整體營運至關重要。風險來自四方八面，當中包括營運、財務、法律合規、網路安全及氣候變化影響。能及早識別這些風險，從而掌握、管理、緩解將之轉移或避免。為此，董事會已將風險管理及內部監控權力下放至執行委員會及審核及風險管理委員會，以確保集團的風險管理及內部監控制度充足性和有效性。

The Executive Committee designs, implements and monitors the Group's risk management and internal control systems. The Audit and Risk Management Committee, assisted by the Group's Internal Audit Department, reviews the effectiveness of the risk management and internal control systems in fulfilling its purpose of mitigating relevant risks and ensuring an effective framework is in place for management to perform its duties across the organisation. Our risk management framework also extends to the various business and supporting units as well as the general staff in day-to-day operations. Heads of business and supporting units are responsible for maintaining and updating their risk registers and self-assessing the adequacy of their internal controls against established risk management and internal control frameworks.

執行委員會負責制定、落實和監督本集團的風險管理和內部監控制度。審核及風險管理委員會則透過內部審計部的協助，檢視風險管理和內部監控制度在降低相關風險，及確保管理層能具備有效框架履行職責方面的成效。我們的風險管理框架覆蓋各個業務及支援部門以及員工的日常工作中。各業務和支援部門主管亦有責任維持及更新其風險登記冊，並根據既定的風險管理和內部監控框架作自我評估，檢視其內部監控是否充足有效。

Approach to Sustainability

可持續發展方針

Since its establishment in 2012, the SSC, chaired by the Group Executive Chairman and Managing Director, comprising representatives from Executive Committee and key business and supporting units², has been introducing sustainability policies in line with the Group's environmental, social and governance ("ESG") goals, all the while monitoring, reviewing and evaluating the implementation progress of our ESG-related targets and initiatives. The SSC regularly reports to the Board through the Executive Committee on the group-level sustainability issues.

Under the SSC's oversight, the Sustainability Taskforce Team then executes the policies set out by the Executive Committee by coordinating Group-wide sustainability initiatives. Relevant business units are responsible for integrating sustainability practices into their operations and developing their own management strategies. Sustainability policies and initiatives are regularly reviewed by the SSC to ensure that they keep abreast with the latest regulatory requirements and business trends.

可持續發展督導委員會於2012年成立，由集團行政主席兼董事總經理率領，並由執行委員會及主要業務及支援部門主管代表²組成。可持續發展督導委員會負責制定符合本集團環境、社會和管治目標的政策，同時監測、審查和評估集團在環境、社會和管治方面的行動和表現。可持續發展督導委員亦會通過執行委員會，定期向董事會匯報集團層面的可持續發展事宜。

在可持續發展督導委員會的監督下，可持續發展工作小組負責協調集團的可持續發展舉措來落實執行委員會制定的政策。各業務部門均有責任把可持續實踐融入其營運中，並自行制定與部門相應的管治策略。可持續發展督導委員會亦會定期檢視可持續發展政策及舉措，確保符合最新的法例規定及業務發展趨勢。

Key Policies and Guidelines

主要政策及指引

Apart from a well-defined governance structure, clear and explicit policies are also essential to providing operational guidance for our day-to-day activities across all business units. These policies form a unified front with an aim to safeguard the interests of the Group's stakeholders.

Anti-corruption and Whistleblowing Policies

Our Code of Conduct ("Code") provides the basis for ethical business conduct across our operations, covering topics such as bribery, fraud, extortion, money laundering and anti-corruption.

The Group also holds regular anti-corruption training for both directors and employees, especially inviting the Hong Kong Independent Commission Against Corruption to conduct relevant presentations. There were no significant cases of misconduct during the reporting period. The Code is further supplemented by our Whistleblowing Policy, which protects employees from fear of reprisal while encouraging them to take on a more active role in voicing their concerns whenever they come across any potential misconduct or malpractice in our daily operations. The Audit and Risk Management Committee was delegated with the overall responsibility for monitoring and reviewing the effectiveness of the Whistleblowing Policy.

Sustainability Policies

In addition to our business conduct, the Group maintains a Sustainability Policy, Sustainable Procurement Policy ("SPP") and Supplier Code of Conduct ("SCC") to ensure our operations along the value chain are conducted in a sustainable manner.

The Sustainability Policy is overseen by the SSC and provides an overall guidance for the Group to go beyond legal compliance, factor sustainability into any decision-making process, and promote continuous employee commitment to sustainable improvement.

The SPP and SCC were established in 2020 to supplement the Sustainability Policy by focusing on different stakeholders. The SPP focuses on internal procurement procedures for prioritising green and socially responsible products and services while the SCC defines our sustainability standards for our suppliers to abide by.

除了正確的管治架構外，清晰明確的政策對於我們所有業務部門的日常運營也有至關重要的指導作用。這些政策目標一致，均以保障本集團持份者的利益為依歸。

反貪污及舉報政策

我們的《行為守則》制定了在業務營運中商業道德標準，當中概述我們對賄賂、欺詐、勒索、洗黑錢和貪污行為均採取零容忍的態度。

本集團亦定期為董事及員工提供反貪污培訓，更特別邀請香港廉政公署進行講解。匯報期內並無任何行為不當的嚴重事件。我們的《舉報政策》進一步充實了《行為守則》，鼓勵員工在集團日常營運中遇到任何潛在的不當行為時，更加積極地發聲，同時保障員工免受任何舉報後果。審核及風險管理委員會則負責全面監督和檢視《舉報政策》的有效性。

可持續發展政策

商業行為準則外，集團也制定了《可持續發展政策》、《可持續採購政策》和《供應商行為守則》，確保我們在價值鏈中亦以可持續的方式營運。

可持續發展督導委員會對《可持續發展政策》的實施負有監察責任。該政策為集團提供比法規要求更嚴格的運營指引，並將可持續發展考慮因素納入業務決策過程，促進員工持續實行可持續發展措施，力求進步。

《可持續採購政策》和《供應商行為守則》於2020年制定而成，透過聚焦不同的持份者，來完善我們的《可持續發展政策》。《可持續採購政策》是規範內部採購程序，並優先考慮綠色和對社會負責的產品及服務；《供應商行為守則》則規定了我們的供應商必須遵守的可持續發展標準。

Lead the Way

領導以身作則

The Group's unyielding dedication to serve the community and the country is best reflected by our Group Executive Chairman and Managing Director, Ms. Pansy Ho. Under her leadership, the Group's efforts in social support and integration with the Greater Bay Area have not gone unnoticed.

In November 2021, Ms. Pansy Ho was appointed the new Executive Chairman of the World Federation of Chinese Entrepreneurs Organization ("WFCEO"), which is an amazing feat due to her being the first female Executive Chairman of WFCEO since its founding nineteen years ago. Her appointment signals the importance of gender diversity and women empowerment to the WFCEO in the entrepreneurial world.

Furthermore, Ms. Pansy Ho's significant contributions to the country regarding women empowerment led to her bestowment of the "March 8th Red Banner Holder 2020" by the All-China Women's Federation on the special occasion of International Women's Day. This national accolade evidences Ms. Ho's efforts to inspire fellow women to perform to the best of their abilities in their respective capacities.

In Hong Kong, the Chief Executive, Mrs. Carrie Lam together with the Chairman of the Hong Kong Ta Kung Wen Wei Media Group, Mr. Jiang Zaizhong, co-presented the Greater Bay Area ("GBA") Navigation Award – Award for Outstanding Contribution (Leader) to Ms. Pansy Ho, in recognition of her leadership in promoting greater integration of the Group's operations within the GBA through increased collaboration with businesses, organisations and local governments across the eleven cities.

Building upon Ms. Pansy Ho's conferment of the Silver Bauhinia Star by the HKSAR Government in 2020, this year our Executive Director and Deputy Managing Director, Ms. Daisy Ho, is conferred the Bronze Bauhinia Star in recognition of her committed and meritorious services towards our community. During her tenure as the Chairman of Po Leung Kuk, Ms. Daisy Ho spearheaded a variety of projects including youth development, elderly care and support for the grassroots families. Including Ms. Maisy Ho who received the Bronze Bauhinia Star in 2016, three of the Group's Board members have garnered Bauhinia Stars over the years, a testimony to the legacy of "Giving Back to Society".

最能表現集團致力為社區和國家服務決心的就是我們的集團行政主席兼董事總經理何超瓊女士。在她領導下，集團在社區服務和大灣區互通共融方面的成果備受肯定。

2021年11月，何超瓊女士被任命為世界華商組織聯盟的新任執行主席，成為該聯盟創會19年來的首位女性執行主席。她的任命展現了世界華商組織聯盟重視創業界中的「性別多樣性」和「女性賦權」。

Our Environment 我們的環境

Our Environment

我們的環境

The Group believes that as a large corporate body, we have the responsibility to manage the ecological footprints of our operations – and even more so than individuals or small businesses due to the large number of stakeholders we engage in our business activities. As such, we are dedicated to reducing our environmental impacts through the application of various management systems, operations framework and green procurement practices.

As a continuation to our 2020 climate-related risk analysis and disclosures, this year we further explored the Task Force on Climate-related Financial Disclosures (“TCFD”) framework and have reviewed and summarised our actions on climate change, which are divided into four thematic areas of disclosure set out by the TCFD. The Group has also set out new, quantifiable environmental targets for 2030, which will serve as the foundation of our future development initiatives as we journey into a new decade.

本集團一直致力於業務流程中減少生態足跡。與個人或中小企業相比，大企業涉及更多不同的持份者。因此，我們堅持貫徹以負責任的方式經營業務。我們通過應用各種管理系統、營運框架和綠色採購政策來減少日常營運對環境的影響。

作為我們2020年氣候相關風險分析和披露的延續，今年我們進一步探索氣候相關財務揭露工作小組（TCFD）的披露框架，並根據四個核心元素檢視及總結本集團應對氣候變化的措施。本集團亦訂定全新及可量化的2030年環境目標，而這些目標將成為我們邁進未來十年的發展基礎。

加強與持份者及業務夥伴合作，以產生協同的共享價值並共同應對氣候變化

Managing our Climate Risks

氣候風險管理

The implications of climate change on businesses are twofold – it calls for an active change in operations and implementation of green practices to reduce their carbon emissions, while also pushing for a reassessment in the risks and opportunities posed to the business landscape resulting from permanent shifts in climate patterns and frequency of extreme weather events.

Governance 治理

The Group adopts a hierarchical and dedicated sustainability governance approach in managing our climate-related risks and opportunities:

Delegated by the Board, the Executive Committee oversees the activities of the Sustainability Steering Committee (“SSC”). The SSC, comprising of Group Executive Chairman and Managing Director, Deputy Managing Director, Executive Committee delegates and representatives from key business divisions, is supported by the Sustainability Taskforce Team and its working groups in facilitating the implementation of sustainability policies across all business units. The SSC is also responsible for giving advice to the Executive Committee on the implementation progress of our sustainability activities and regularly reporting to the Board through the Executive Committee on group-level sustainability matters.

本集團在治理與氣候相關的風險和機遇時採用專業及分級的可持續發展管治架構：

董事會授權執行委員會，負責監督可持續發展督導委員會的工作。我們的可持續發展督導委員會由集團行政主席兼董事總經理、副董事總經理、執行董事會代表及主要業務的部門代表組成，並由可持續發展工作小組及其轄下的工作小組協助實施和執行可持續發展政策。可持續發展督導委員會亦負責就推動可持續發展活動的進展向執行委員會提出建議，並定期透過執行委員會向董事會匯報集團層面的可持續發展事務。

TCFD provides a systematic framework for reporting the risks and opportunities, their impacts on the business, and mitigation measures proposed or adopted by the corporate entity to manage its climate risk exposure. Furthering our efforts last year in preliminary risk screening, the Group has conducted a more comprehensive review on the four thematic areas of business operations based on TCFD recommendations, key findings of which are summarised below:

Strategy 策略

Recognising the potential financial implications of climate-related risks and opportunities on our assets and operation activities, we regularly review and refine the business strategic plans and sustainability approach to incorporate effects of the latest climate considerations.

The Group is actively integrating green building features and other mature technological advancements – such as adoption of green materials, structural designs with inherent climate resilience, and “Sponge City” concept for rainwater harvesting and storm water management – into some of the new property developments, in line with the evolving market landscape and environmental regulations.

The Group is also dedicated to furthering its ongoing efforts in the pursuance of green building certifications for a number of new development projects in China, as well as in Singapore. To enhance the green performance of our existing properties, the Property Management Division is evaluating the feasibility for incorporation of energy and water efficiency enhancements, as well as opportunities for optimising operation schedules and hence associated resource consumption.

我們深知氣候變化帶來的財務風險和機遇對集團的資產及營運有莫大影響。因此，我們會定期審查及完善業務策略和可持續發展方針，以便納入氣候考量所帶來的最新影響。

本集團亦積極將綠色建築概念及先進的科技融入於我們新的房地產發展項目中，例如採用環保耐用的建築材料、對氣候變化有更强適應性的結構設計，以及雨水收集和地表水氾濫管理的「海綿城市」建築概念等，以迎合不斷變化的市場形勢和環境法規。

集團亦致力進一步在中國及新加坡的新發展項目取得綠色建築認證。另一方面，物業管理部正評估提升旗下管理物業的能源和用水效益，以及優化營運日程以減少相關資源消耗的可行性。

氣候變化對企業有著雙重的影響——它不單是推動改善營運模式和實施環保措施以減少碳排放，同時亦促使企業重新評估因氣候變化和頻密極端天氣事件對其商業環境構成的風險和機遇。

TCFD提供一套系統性的披露框架，協助企業評估並披露其氣候相關的風險和機遇、對業務的影響，以及應對氣候風險而提議或採用的緩解措施。本集團去年初步篩查和披露氣候相關風險，今年更進一步根據TCFD的建議，對業務營運的四個核心元素進行更全面的檢視，重點總結如下：

Risk Management 風險管理

The Group has conducted a preliminary climate risk assessment exercise with reference to TCFD recommendations last year, identifying some of the most material physical and transition risks, their implications and corresponding mitigation measures. We are planning to explore the TCFD framework further and progressively refine the risk assessment and evaluation approach in the near future to strengthen our climate resilience.

To responsibly and effectively manage the environmental impacts of the business operations, the Group has introduced the Environmental Management System (“EMS”) to the Property Management Division and Clean Living in Macau have obtained ISO 14001 certification for their EMS in place.

The following policies and operational guidelines are also set out to guide and support our business units in transitioning towards low-carbon operations:

- Sustainability Policy
- Sustainable Procurement Policy
- Supplier Code of Conduct

本集團去年參考TCFD的建議對氣候風險進行了初步評估，識別重要的實體和過渡風險、其影響及相應的緩解措施。我們計劃在不久將來進一步探索TCFD框架，並逐步完善我們風險評估的策略，以增強我們的氣候適應力。

為更好履行企業責任和有效地管理業務營運對環境的影響，集團已於物業管理部及澳門白洋舍實行環境管理系統，並已獲得ISO 14001認證。

集團亦制定以下政策和營運指引，以便指導和支援業務部門轉型至低碳營運模式：

- 可持續發展政策
- 可持續採購政策
- 供應商行為守則

Metrics and Targets 指標和目標

The Group has been continuously monitoring and disclosing the environmental and climate-related metrics, including Scope 1 and 2 greenhouse gas emissions, in our annual Sustainability Report since 2014. These performance indicators, in addition to facilitating a transparent communication with our stakeholders, serve as the basis for benchmarking our performance against peer companies, as well as quantitatively assessing the effectiveness of our EMS and policies in place.

In 2021, the Group also introduced new 10-year environmental targets to provide a quantifiable path for reducing the carbon emissions, electricity consumption, water consumption and waste generation associated with our business activities.

本集團自2014年以來一直持續監測並在每年的可持續發展報告中披露我們的範圍一和範圍二溫室氣體排放量等環境和氣候相關指標。這些績效指標除了促使我們與持份者保持透明溝通外，亦作為我們與同業比較表現的基準，更為評估環境管理系統和政策有效性提供可量化的基礎。

我們亦於2021年推出為期10年的環境目標，以可量化的方式減少與業務活動相關的碳排放、耗電量、耗水量和廢棄物產生量。

Modest and Viable Targets for a Sustainable Future

透過切實可行的目標，邁向可持續的未來

Reducing the environmental impacts of the operations requires collective efforts across all business units in the Group's diverse portfolio. Therefore, the Group has introduced our commitment to combat climate change in the form of quantifiable targets, based on internal review and analysis of past monitoring data concerning carbon emission, electricity consumption, water consumption and waste generation. These targets provide a definite goal for our people to pursue, as well as to facilitate clear and transparent communication with all stakeholders as Shun Tak progresses towards a sustainable and low-carbon future.

減少集團營運對環境的影響需要我們所有業務部門共同努力。因此，本集團以可量化的目標實現我們應對氣候變化的承諾。這些目標經由內部審查及分析過往碳排放、耗電量、耗水量和廢棄物產生量而訂定，並將為我們的員工提供明確的未來願景，及在集團邁向可持續和低碳未來的過程中，與我們的持份者保持清晰透明的溝通。

With ongoing efforts of replacing single-use consumables with reusable or biodegradable alternatives and incorporating sustainable cuisine options into our services, the Group is dedicated to reducing the amount of non-recyclable waste and food waste produced at source.

集團致力以可重複使用或可生物降解產品代替一次性消耗品，並在服務中加入可持續餐飲選項，從而達至源頭減廢，減少產生不可回收垃圾及廚餘。

Energy and Water Conservation

節約能源及用水

With the rise in average global temperature surpassing the 1°C threshold with reference to pre-industrial levels this year, it calls for immediate actions from individuals and businesses to reduce their emissions and consume resources responsibly. Further to the successful conclusion of several energy and water-efficient upgrading works commenced in previous years, the Group also laid out future development plans in support of energy and water conservation within the Group.

隨著今年全球平均氣溫上升超越工業化前水平1°C的警戒綫，意味著我們在個人和企業層面均急需採取行動，減少排放並負責任地使用資源。繼成功完成多項在往年開展的節能節水升級工程後，集團亦制定了未來的節水節能發展路向及計劃。

Energy Efficient Initiatives in 2021 2021年推行的 節能倡議

Recognising that carbon emissions from electricity consumption are a major contributor to our carbon footprint, the Group has adopted three approaches in reducing energy consumption and improving energy efficiency across our businesses:

我們深知因耗電而產生的碳排放是我們碳足跡的主要來源，因此，集團採取以下三種措施來減少業務的能源消耗並提高能源效益：

Operations Optimisation 優化營運模式

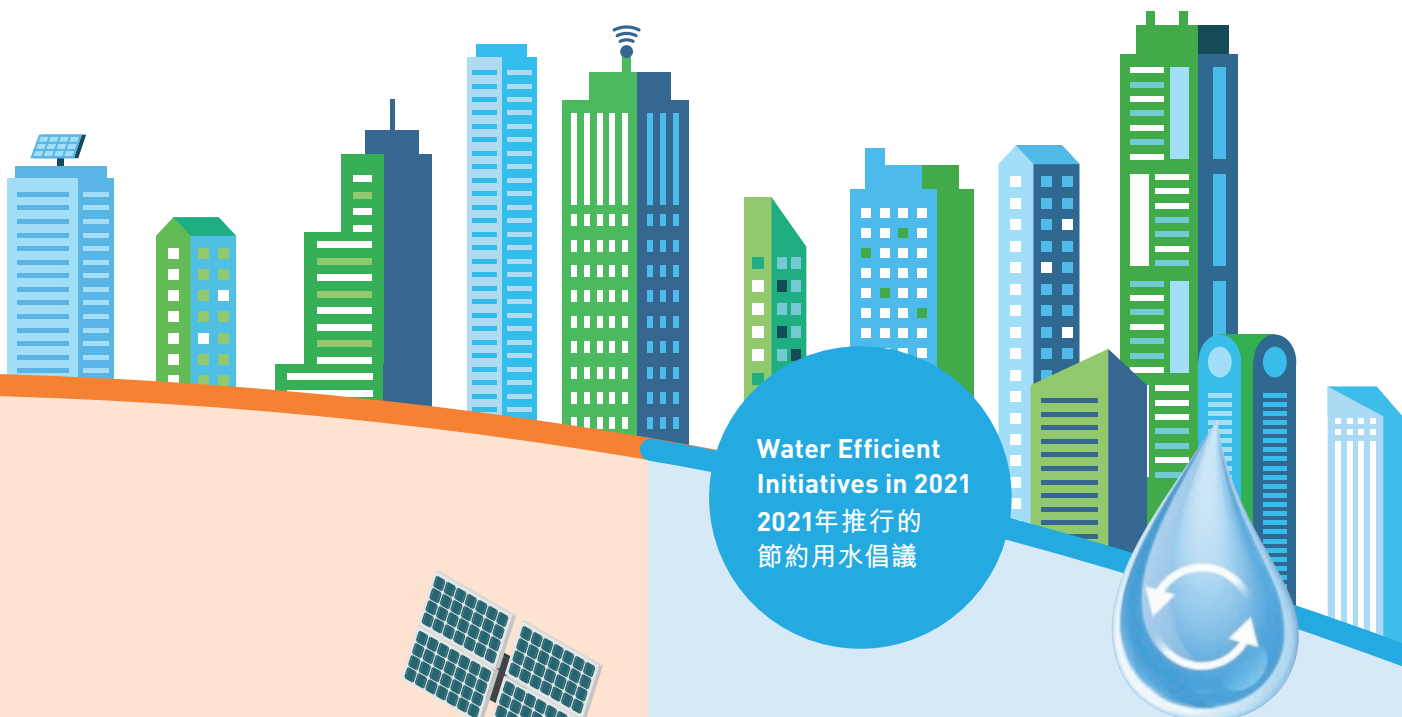

- Through introducing combinations of cooling loads with two different types of chiller size, the operation schedule of the four installed chillers at the Macau Tower Convention and Entertainment Centre were mapped against fluctuations in cooling demand over the day. This avoids the use of excessive cooling, saving around 5% of energy consumption and associated costs.
- Boiler operations at Clean Living has been revised to match the main business hours and switched off during times of low occupancy such as lunch hours and prior to the end of day, saving an average of two hours daily.
- 澳門旅遊塔會展娛樂中心透過結合兩種不同製冷能力的冷水機組，並以該中心日常的冷卻需求波動與現有四台冷水機運作時間表進行匹配，可避免過度製冷，並節省約5%的耗能及相關成本。
- 白洋舍改變鍋爐運作以配合營業時間之需要，並在午膳和下班時間前等低使用率期間停機，合共每天平均節省兩小時的運作時間。

Replacement with Energy Efficient Designs and/or Appliances

加入節能設計和/或替換節能電器

- The Property Management Division has replaced all conventional lightings with LED lights in The Westwood and the Shun Tak Centre carpark, incurring estimated energy savings of 26% and 50% respectively.
- As part of the ongoing initiative for LED lights installation in Macau Tower, all high-power consumption conventional lights in one of the floors of the carpark have been replaced.
- Artyzen Grand Lapa Macau (“Artyzen Grand Lapa”) has retrofitted its roadside and landscaping lights, swimming pool underwater lights and tungsten lamps in the resort area with energy efficient and LED alternatives.
- Air handling units at the hotel lobby of Artyzen Grand Lapa have been upgraded to models with higher energy efficiency, offering a 15% reduction in energy consumption.
- 物業管理部已將西寶城和信德中心停車場的所有傳統燈具替換為LED燈，估計分別可節省26%和50%的能源。
- 作為澳門旅遊塔現正推行LED燈安裝計劃的一環，其中一層停車場所有高耗電率的傳統燈具已被LED燈取締。
- 澳門雅辰酒店已將其度假區內的路燈、景觀照明燈、游泳池水底燈和鎢絲燈更換為節能燈具及LED燈。
- 澳門雅辰酒店大堂內的空氣調節機組已升級為更高能源效益的型號，可降低15%的能源消耗。

Water Efficient Initiatives in 2021
2021年推行的節約用水倡議

New Installations and Deployment of System-wide Upgrades
系統升級的部署和安裝

- Partnering with a solar panel provider, TurboJET has launched a new initiative to participate in CLP's Feed-in Tariff (FiT) scheme for renewable energy development, with plans in place to install solar panels on our Shipyard rooftops which currently possess over 4,000 m² of available floor area. The installation works are estimated to be completed in 2022.
- Both the lighting and chiller systems at Artyzen Grand Lapa and Grand Coloane have been revamped, and new installations are estimated to allow energy savings of 9% and 13% respectively.
- 噴射飛航聯同太陽能電池板供應商合作參加中電的可再生能源上網電價計劃，並將會在面積逾4,000平方米的船廠屋頂安裝太陽能電池板，工程預計於2022年完成。
- 澳門雅辰酒店和鷺環海天度假酒店的照明及冷水機系統已完成翻新，新的系統估計能分別節省9%和13%的能源。

With increasing concerns over freshwater scarcity and water stress brought about by climate change, the Group is dedicated to reducing wastewater generation and promoting the sustainable use of water resources.

In 2021, The Westwood, a shopping mall operating under Property Management Division, has signed the ECH₂O Charter organised by the Water Supplies Department and the Green Council in commitment to responsible water consumption, uptake of water-efficient installations as well as water efficiency benchmarking.

A greywater collection and recycling system at Grand Coloane is designed to repurpose greywater from the daily hotel operations to an acceptable quality standard for toilet flushing, golf course irrigation and hotel landscaping. In 2021, the treatment facility has processed a total of 25,686 m³ of greywater, reducing our sewage flow by a substantial amount.

隨著因氣候變化引起的食水短缺和水資源壓力的憂慮日益增長，集團持續致力減少產生污水，並促進可持續使用水資源。

物業管理部旗下的購物中心西寶城於2021年簽署由水務署和環保促進會舉辦的「商約」惜水約章，承諾實踐負責任用水、採用節水裝置及參與用水效益基準。

鷺環海天度假酒店的污水處理系統能將酒店日常營運所產生的中水轉化至符合質量標準的中水，以作沖廁、高爾夫球場及酒店園景灌溉用途。該處理設施於2021年共處理25,686立方米的的中水，大大減少我們的污水排放量。

Future Plans Down the Road 未來的企劃

Tackling climate change is a long-term commitment and does not end with a mere few initiatives launched in a year or two. Therefore, as we wrap up some of the improvement works laid out above, we are planning ahead to further enhance our conservation efforts as we steadily work towards a low carbon realm.

應對氣候變化需要作長期承諾，初期寥寥數項的措施無法解決問題。因此，除了完成上述部分改善工程之外，我們還正積極計劃進一步加強環境保護工作，穩步邁向低碳領域。

Green Innovations introduced to Renovation of Shun Tak Centre

信德中心翻新工程引入綠色概念

Commenced in late 2021, the renovating works design of Shun Tak Centre have incorporated various water and energy-efficient electrical and mechanical (E&M) installations, covering the HVAC system, lighting and plumbing, as well as lift operations.

信德中心翻新工程於2021年底展開，當中採納各種節水和節能的機電 (E&M) 裝置，涵蓋暖通空調系統、照明和水管，以及載客升降機運作。

Heating, Ventilation, and Air Conditioning (HVAC) System

To improve the inherent energy efficiency of ventilation fans and toilet fan coil units installed in the restrooms, we will be retrofitting them with electronically commutated (EC) motors which have lower heat dissipation rates and hence energy loss compared to traditional alternating current (AC) motors. Furthermore, we are also planning to introduce variable speed drive toilet ventilation fans with CO₂ sensor controls, such that the fan power can automatically adjust based on room occupancy, thereby reducing energy consumption when the room is not occupied.

Illumination and Plumbing

In addition to retrofitting the existing conventional lights with LED counterparts, timer controls will be integrated for scheduled lights-off at night-time to avoid power consumption of non-essential illumination. Dual flush WCs will also replace the single-flush ones in place to offer reduced flush and full flush options, thereby facilitating the reduced consumption of flushing water resources.

Passenger Lift Operations

The new batch of passenger lifts planned for installation will contain a power regenerative feature, where braking energy could be recovered from lift operations under two circumstances – when the lift is travelling downwards with a load heavier than the counterweight, or when the lift is travelling upwards with a load lighter than the counterweight.

With an estimated energy efficiency 20-30% higher than that of conventional lifts, the power generated by the traction machine can either be fed into the electricity grid for communal consumption, or be converted into electricity for other uses, presenting a huge opportunity for energy saving.

供暖、通風和空調 (暖通空調) 系統

為了提高洗手間內的換氣扇及風管機組的能源效益，我們將淘汰傳統交流 (AC) 電機，並更換更佳散熱率以減少能量損失的電子整流 (EC) 電機。此外，我們亦計劃在洗手間安裝由二氧化碳傳感器控制的可變速驅動換氣扇，使風扇功率因應室內人流自動調節，從而減低洗手間非使用時的耗能。

照明和水管系統

除了以LED燈取締現有的傳統燈具外，我們亦會為新安裝的照明系統配備時間控制功能，在夜間自動關掉不必要的照明以減少耗電。此外，雙沖式坐廁將取代現有的單沖式坐廁，以提供低量沖水和全沖水的選擇，從而有助節約水資源。

載客升降機運作

新一批載客升降機將包含電力再生功能，當升降機的車廂載荷在向下運行時比對重裝置更重，或在向上運行時車廂載荷比對重裝置輕，升降機便能回收制動能量。

與傳統升降機相比，新一批載客升降機的能源效益預計將會提高20-30%。由升降機的發動裝置所產生的能量經轉化後除了可以饋入電網供公眾使用外，亦能作其他電力用途，為節能提供了巨大的機遇。

Macau Tower – Enhancing Building Energy Efficiency

The following energy efficiency upgrading works are planned to take place at the Macau Tower over the next few years:

- Continuing the efforts introduced last year, upgrading of the Building Management System (“BMS”) is scheduled for implementation in 2022. Since control of the HVAC system at Macau Tower is automated by the BMS, improvements planned in place for the BMS is estimated to be associated to approximately a 7% reduction in energy consumption.
- Progressing from the feasibility study conducted in 2020, replacement of the diesel-fuelled boilers with electric heat pumps will be carried out next year, with an estimated saving of 20% in energy costs following completion of the works.
- Three of the tower chillers will be upgraded to more energy efficient models in 2022, suggesting a reduction of 20% in operating costs according to preliminary estimations.
- A two-year initiative of replacing all high-power consumption conventional lights with LED lights should be completed in 2023.
- The replacement of bulb lights on the Tower Billboard with LED lights is tentatively arranged for implementation in 2023.
- Installation of motion sensors and timers for control of office area illumination is scheduled to commence in 2023.

Chatham Gate – Upgrading Works to Carpark

All lights at Chatham Gate’s carpark are scheduled for replacement with the greener alternative of LED lighting fixtures. We are also actively planning for the installation of electric vehicle (“EV”) charging stations to encourage the transition towards green motor vehicles with reduced emissions on the road.

Artyzen Grand Lapa – Improving Air Circulation

Scheduled to commence in 2022 and continue over three years, we plan to rectify the current air imbalance issues with uneven airflows in the common areas at Artyzen Grand Lapa. Through the installation of variable frequency drives in its air conditioning system, the works will ensure consistent air flow and thermal comfort with reduced energy consumptions.

澳門旅遊塔 — 提升建築物的能源效益

澳門旅遊塔計劃在未來數年進行以下能源效益提升工程：

- 為延續去年提高能源效益措施，樓宇管理系統（BMS）的升級計劃將於2022年推行。澳門旅遊塔的暖通空調系統由BMS自動化控制之下，預計升級後的BMS系統可減少約7%與能源相關的消耗。
- 建基於我們在2020年進行的可行性研究，我們將在明年以電熱泵取締現有的柴油鍋爐，預計工程完成後可節省約20%的能源成本。
- 我們其中三台的塔式冷水機組將在2022年更換為更高能源效益的型號，初步估計可將營運成本降低20%。
- 我們預計於2023年完成為期兩年的節能倡議，將所有高耗能的傳統燈具替換為LED燈。
- 我們暫定於2023年開展工程，將澳門旅遊塔廣告牌上的燈具更換為LED燈。
- 我們於2023年起在辦公區域安裝動態感應器及定時器，控制照明系統。

昇御門 — 停車場升級工程

昇御門停車場的所有燈具都將更換為更環保的LED照明系統。此外，我們亦正在積極計劃安裝電動車充電站，以鼓勵道路交通進行綠色轉型並減少碳排放。

澳門雅辰酒店 — 優化空氣循環

我們將於2022年開展為期三年的優化工程，以矯正當前澳門雅辰酒店公共區域氣流不均的問題。透過在空調系統中安裝變頻器，此工程將確保室內空間氣流的平衡及維持舒適氣溫，同時降低空調系統的能源消耗。

Promoting Responsible Sourcing, Resource Consumption and Recycling

促進負責任的採購、資源消耗及物料回收

The Group believes that through the three-step process of sustainable sourcing, responsible consumption, and finally recycling of used resources to make the most out of their “afterlife”, we can reduce the amount of waste produced at source. In 2021, we continued to uphold our recycling efforts and introduced a series of waste reduction and recycling initiatives as we actively pursued Green Organisation Certification such as the Wastewi\$e Certificate.

本集團相信透過進行可持續的採購、負責任資源使用及物料回收的三部曲，以充分地利用並賦予物資「第二生命」，可達至源頭減廢。我們在2021年繼續推動資源回收，並推出一系列減廢和回收倡議，同時亦可持續獲得減廢證書等香港綠色機構認證。

Green Procurement Practices and Supply Chain Management

In addition to our daily operations and value creation activities, the environmental impacts and carbon footprint of our services are also related to the materials we source and partners we engage with. Therefore, the Group has Sustainable Procurement Policy and Supplier Code of Conduct in place and encourages our subsidiaries to observe these policies when engaging the vertical supply chain.

環保採購及供應鏈管理

除了日常營運及創造價值的活動外，我們所採購的材料和選擇的合作夥伴亦會對環境造成影響並產生碳足跡。因此，本集團制定了《可持續採購政策》及《供應商行為守則》，並鼓勵我們的子公司在與縱向供應商合作時遵守這些政策。

3. Recycled paper includes waste paper, paper products and red packets collected.
紙張包括收集所得的廢紙、紙製品和利是封。

4. Food waste includes food waste and used coffee grounds.
廚餘包括殘餘食物和咖啡渣。

5. Recycled metals include scrap metal and aluminium cans.
金屬包括廢金屬和鋁罐。

For the Singapore property development projects, the Group selectively procured energy efficient models for all kitchen appliances from eco-friendly brands in an effort to facilitate a green tenancy for our future inhabitants.

The team at the Macau Tower has also introduced various measures to guarantee sustainable procurement practices with our suppliers and contractors, including setting out clear environmental requirements during the tendering of services, inspecting materials supplied by contractors, and conducting regular inspection with regard to their work practices and quality of services delivered.

Switching to Reusable, Biodegradable and Sustainable Product Alternatives

Artyzen Grand Lapa has been gradually phasing in environmentally friendly initiatives to reduce the use of plastics and disposables, and hence the generation of non-recyclable waste amid our operations. In 2021, we ceased to provide paper cups at the water bottle refilling station in the Gym Room and instead distributed reusable water bottles to guests, encouraging them to bring their own bottle along during their exercise sessions.

We have also increased the percentage uptake of biodegradable materials employed in the daily hotel operations. While Artyzen Grand Lapa and Grand Coloane have replaced plastic takeaway containers with sustainable alternatives made from sugarcane pulp, Artyzen Grand Lapa has substituted the plastic wraps with kraft paper packaging for room amenities such as cotton tips, razor sets and shower caps.

When choosing the materials and products to support our operations and services, we are also dedicated to sourcing organic and cruelty-free options, as we believe that quality and sustainability of hospitality services should be of paramount importance, and does not have to come at the expense of the other. The Spa Services at Artyzen Grand Lapa uses certified organic and cruelty-free beauty products while the Food & Beverage department procures organic ingredients and food products, supporting a more environmentally friendly experience for guests throughout their stay.

集團於新加坡的房地產發展項目中，所有的廚房電器均選購自環保品牌的節能型號，以積極鼓勵未來的業主推行綠色租約。

此外，澳門旅遊塔亦推出多項措施，包括在服務招標時設立明確的環保規範、驗收承建商所提供的材料，以及定期檢查他們的工作和服務質素，以確保我們的供應商及承建商遵守可持續採購的原則。

採用可重用、可生物降解和可持續的產品

澳門雅辰酒店已逐步在日常營運中推行環保倡議，以減少使用塑膠產品及一次性的消耗品，從而減少因營運而產生不可回收的廢物量。於2021年，我們已停止於健身房內的飲水機提供紙杯，並鼓勵客人攜帶及使用我們派發的可重用的水瓶。

我們亦提高了日常酒店營運中可生物降解材料的使用比率。除了在澳門雅辰酒店及鷺環海天度假酒店以甘蔗纖維製成的可持續替代品取代塑料外賣容器，澳門雅辰酒店亦已採用牛皮紙取代客房用品的塑料包裝，如棉籤、剃須刀套裝和浴帽等。

我們確信保持酒店服務的品質及可持續發展同樣重要，故此我們在選擇營運所需的物料和產品時，亦致力採購有機及無動物測試的商品。澳門雅辰酒店的水療服務採用具有機及無動物測試認證的美容產品，而餐飲部則採購有機食材和食品，為客人在入住期間提供更環保的體驗。

Sustainable Culinary Practices at Artyzen Grand Lapa

As an initiative to reduce food waste and encourage responsible food consumption, restaurants at Artyzen Grand Lapa have switched from offering buffets to tick box menus during quiet breakfast hours.

We have also introduced sous vide cooking – a technique that employs vacuum-sealing and precise temperature control to slowly cook the ingredients – into our menus. As food prepared by sous vide does not make direct contact with the water bath, there is no need to change the water often, thereby reducing freshwater consumption as well as greywater production associated to dining services. Furthermore, we can maintain the target temperature required for cooking with minimal energy consumption in sous vide, which presents another advantage over conventional stove cooking.

在澳門雅辰酒店推廣可持續餐飲理念

為減少廚餘量和鼓勵負責任食物消費，澳門雅辰酒店的餐廳於較少客人的早餐時段已由自助餐改為提供自選式的餐單。

此外，我們亦引入了真空低溫烹調法，以真空密封和精確溫度控制慢煮食材。真空低溫烹調法製作的食物不會與熱水直接接觸，因而不需要經常換水，從而能減少耗水及產生與餐飲服務相關的中水。真空低溫烹調法亦能以較低的耗能維持烹飪所需溫度，比傳統的爐灶烹飪更勝一籌。

Enhancing Environmental Awareness in Our Community

提高社區的環保意識

Established by the Green Office Management Team (“GOMT”) in 2018, the Green Ambassador Team has been relentlessly promoting green initiatives and sustainable practices through the coordination of both external and internal events to instil environmental awareness across different business divisions.

我們的綠色大使組在2018年由綠色辦公室管理小組設立。他們一直幫助協調外部和內部的活動，並同時持續不懈地向不同業務部門推動綠色和可持續的倡議，及提升環保意識。

Earth Hour 2021 & World Environment Day 2021

In response to the movements initiated by the World Wildlife Fund for Nature and the United Nations, the Group participated in both “Earth Hour” in March and “World Environment Day” in June, demonstrating our support in climate action through switching off non-essential lighting in our premises for one hour.

地球一小時2021及世界環境日2021

為響應世界自然基金會 (WWF) 和聯合國發起的運動，本集團參與三月「地球一小時」和六月「世界環境日」的活動，關掉旗下物業非緊急照明一小時，以表明我們對氣候行動的支持。

Biz-Green Dress Day

In September 2021, the Group encouraged our staff to support the Biz-Green Dress Day by dressing light when coming in for work. With fewer fabric layers as well as opting for thin and breathable materials in their attire, we strived to balance thermal comfort for employees while avoiding excessive consumption of air-conditioning and energy in our offices.

「輕。型」上班日

本集團於2021年9月同心響應「輕。型」上班日，鼓勵員工以輕便裝束上班。透過穿著較薄、透氣的服飾及減少衣物層次件數，以達到環境的舒適度的同時亦可減低辦公室的空調耗能。

Green Bazaar

Introduced in 2017 and previously known as the “Flea Market”, Shun Tak Holdings (Macau) Limited (“Macau Office”) has once again organised the Green Bazaar event to advocate the culture of community sharing, as well as the reuse and lifecycle extension of second-hand items which are still functional and with minimal wear and tear.

Through coupling the event with digital platforms such as emails and WeChat, Macau Office provided an online platform to facilitate exchange of small electrical appliances, utensils, household and home décor products between our employees, and have successfully found a new home for 10 mildly used items.

免廢市場

繼2017年開展的「免廢市集」，信德集團控股（澳門）有限公司（「澳門辦事處」）在本年度再次舉辦「免廢市場」。活動旨在倡導社區共享文化，以實際行動支持重複使用可以再用的二手物品，延長其生命週期。

同時通過將免廢市場結合電郵、微信等數碼化的平台，以方便員工之間交換小型電器、廚具、家居和裝飾用品，並成功為10件二手物品找到新家。

Other Initiatives

Further to the internal environmental initiatives coordinated, the Group also has various measures to support the promotion of environmental awareness as well as sustainable concepts to our stakeholders and the wider community. In support of the efforts of NGOs, we offered sponsorships to environmental events held at our venues such as liberté place. We are also providing EV charging stations at Shun Tak Centre and Nova Grand to promote the use of electric vehicles and facilitate EV drivers visiting our properties.

其他措施

除了推動集團內部的環保倡議外，本集團亦積極透過多項措施向我們的持份者及社區宣揚環保意識和可持續發展概念。為了支持非政府的環保組織，我們在昇悅商場等集團旗下場地提供場地贊助以舉辦環保活動。此外，我們亦在信德中心和濠尚安裝電動車充電站，以推廣電動車的使用，並為電動車駕駛者提供全面的配套。

Our Community

Our Community

我們的社區

As a leading corporate philanthropist, we believe that communities are formed by groups and individuals of all shapes and sizes, but each community can only be as strong as its weakest link. Especially when the world is still struggling to recover from the depths of the COVID-19 crisis, the Group believes that companionship is the only way forward as we support one another in the unprecedented challenges that lie ahead.

The Group seeks to maintain long-term partnerships with non-governmental organisations (“NGOs”), institutions and local authorities by participating in, sponsoring or hosting events benefiting different social segments such as the youth, elderly and underprivileged. Through active engagement, we strive to address the evolving needs of our community.

集團作為推動慈善的先鋒企業，儘管每個社會皆由各類獨特的群體和個人組成，我們深信一環薄弱，全局必垮的道理。尤其在全世界仍處於從新冠疫情危機恢復的階段，本集團認為互相扶持是應對未知挑戰的唯一途徑。

本集團長期與非政府組織、機構和地方當局保持合作夥伴關係，透過參與、贊助或舉辦活動，增加對長者、青少年和弱勢群體的關懷。我們積極參與社區服務活動，努力滿足社區不斷變化的需求。

Our Core Community Programmes

我們的核心社區活動

Given our long corporate history and experience in supporting the community, we have strategically categorised our community efforts to better cater to the needs of various social segments. The categories cover our efforts in giving, caring and empowerment of the elderly, youth and underprivileged as well as our increased focus on art and culture as an added means of distraction for the community under the pandemic.

基於我們支援社區具悠久的歷史和經驗，我們對社區工作進行策略性分類，更適切地滿足不同社群的需求。這些類別涵蓋給予、關懷和賦權長者、青年和弱勢社群，而我們對藝術和文化的日益關注，是作為在新冠疫情下調節社區注意力的另一種方式。

Supporting Charitable Activities

支持慈善活動

Po Leung Kuk and TWGHs Fundraising Events

We are proud to remain long time partners with Po Leung Kuk and Tung Wah Group of Hospitals (“TWGHs”) by participating in their respective events or activities, in which the Group has shown its support through sponsorships and donations. General funds for Po Leung Kuk and TWGHs are usually raised through their respective Flag Day events, while funds with a more specific purpose such as TWGHs’ Halloween Charity Night and Community Day @ Tung Wah Village are dedicated to TWGHs’ redevelopment project of Kwong Wah Hospital. We raised a total of HK\$176,500 in the Po Leung Kuk and TWGHs fundraising campaigns in 2021.

保良局和東華三院籌款活動

我們很榮幸能與保良局和東華三院保持長期的合作關係，並會透過贊助和捐贈，表達對他們活動的支持。保良局和東華三院通常透過賣旗活動籌集善款，而東華三院慈善萬聖夜和「遊·藝·享·樂·東華村」社區同樂日的善款，則用於東華三院集團的廣華醫院重建工程。2021年，我們為保良局和東華三院共籌得176,500港元。

Po Leung Kuk Charity Walk 2021

Po Leung Kuk Charity Walk 2021 was conducted in a “virtual” mode due to social distancing restrictions and health concerns. Participants were given the choice to either complete 10,000 steps for any 7 days or hike along any preferred trails. They were required to record their steps with any smart devices for the walk while hikers would have to upload a photo of themselves at a picturesque point to the campaign website. With over 40 employees participating in the charity walk, the event demonstrates the success of integrating technology and social media with traditional charity events.

The Community Chest's Love Teeth Day

In addition to Po Leung Kuk and TWGHs, we motivated 27 staff to make donations on 10 December 2021 Love Teeth Day, which was co-organised by The Community Chest of Hong Kong and the HKSAR Department of Health. The proceeds from Love Teeth Day aim to support the “Oral Health Services for the Needy” program operating under Community Chest and raise public awareness regarding dental care and oral health.

Food Donation to NGOs

On top of monetary donations, material goods such as food are another charitable alternative. This year, we supported FuHong Society (“FuHong”) with an accumulated donation of 1,000 grocery packs in Macau. These packs were sold to individuals in need at discounted prices through the Happy Market, a social enterprise operating under FuHong’s management. Separately, our TurboJET donated drinks to the YWCA Ellen Li District Elderly Community Centre to help the elders and families with financial difficulties.

保良局「新春行大運」慈善步行2021

基於社交距離規限和健康考慮，保良局「新春行大運」慈善步行活動以虛擬步行形式進行。參與者可以隨意選定7天內完成「每天萬步行」，或自選行山路線挑戰「遠足健步行」。「每天萬步行」的參與者需要使用智能設備記錄他們的步數；而「遠足健步行」的參與者則需上傳沿途景色自拍照至活動網站。是次慈善步行活動共有40多位員工參與，展現了融合科技、社交媒體與傳統公益活動的成功例子。

香港公益金公益愛牙日

除保良局和東華三院外，我們還鼓勵27名員工捐款，支持於2021年12月10日由香港公益金和香港特別行政區衛生署合辦的公益愛牙日。愛牙日所籌得的善款，撥捐公益金資助的「為有需要人士加強口腔護理服務」計劃，並提高公眾對牙齒護理和口腔健康的認識。

向非政府組織捐贈食物

慈善捐獻除了善款之外，捐贈食物亦是另一種選擇。今年，我們向澳門扶康會（「扶康會」）捐贈共1,000個糧油食品包，讓扶康會轄下的喜悅市場社會企業以折扣價格出售予有需要的人士。另外，噴射飛航亦向香港基督教女青年會秀群松柏社區服務中心捐贈糕點、杯麵和飲料，以幫助有經濟有困難的長者和家庭。

Support Good Causes

Our Macau colleagues helped raise about MOP\$7,000 by taking part in various charity sales and activities hosted by Oxfam and Orbis which are both internationally known NGOs with an aim to end poverty and provide eye healthcare respectively.

Furthermore, Macau Tower acted as a venue sponsor for many charity events in 2021, namely Global Wellness Day, Sportarian – Change in a Month for Good (“Sportarian”) and “End Polio Now” Walk and Carnival cum World’s Greatest Meal (“End Polio Now”). The latter two events shared the common goal in promoting to end polio worldwide but the former provides additional support for local cancer patients and their families.

支持公益活動

我們的澳門同事參加由國際知名非政府組織樂施會和奧比斯主辦的多次慈善義賣和活動，兩個慈善團體的目標分別為消除貧困和提供眼睛保健，而我們的參與共籌得約7,000澳門元善款。

此外，澳門旅遊塔於2021年成為多項慈善活動的贊助場地，包括全球健康日、Sportarian為慈善動起來（「Sportarian」）和「共融社會·根治小兒麻痺」慈善步行及晚宴。「Sportarian」旨在提供額外幫助予當地的癌症患者及其家人；而後兩項活動則以推動全球性根除小兒麻痺症為共同目標。

Caring for Others

In honour of Renri, the day human beings were created according to Chinese mythology, Artyzen Grand Lapa’s culinary team graciously prepared their signature Abalone Noodles dish to give away to over 150 taxi drivers that day.

關愛他人

為紀念「人日」，即中國神話中人類誕生的日子，澳門雅辰酒店的餐飲團隊精心準備了招牌鮑魚撈麵，在當天贈送予150多名的士司機，共同慶賀生日。

Artyzen Grand Lapa was a proud co-sponsor and venue provider of Pink Day Out, a fundraising event in which all the proceeds were donated to the Hong Kong Breast Cancer Foundation for raising awareness of preventing breast cancer. The event featured a live music band, family-themed picnic baskets, children's activities and various stalls set up by local Macau businesses.

澳門雅辰酒店是「慈善粉紅同樂日」籌款活動的聯合贊助商和場地提供者。活動所有收益均捐贈至香港乳癌基金會，以提高大眾對預防乳癌的認識。活動亮點包括現場樂隊、以家庭為主題的野餐籃活動、兒童活動以及澳門當地企業設立的各式攤位。

Stay Positive in the Time of Pandemic

The COVID-19 pandemic has made a devastating impact on individuals around the world and has led to an increase in mental health issues. The Global Wellness Day 2021 promotes the theme "Protecting Our Mental Wellness", which aimed to help all adults and children amidst the pandemic. The one-day event was attended by around 1,600 visitors, 40 small-medium enterprises and NGOs, and supported by 30 entities including Macau Tower. Throughout the day, it was jam-packed with various wellness activities, performances, workshops and more. The aerial arts experience, rope skipping performance and kombucha brewing workshop were definitely a few of the highlights but the key takeaway was to share the different destressing methods and the importance of leading a balanced life to remain physically and mentally healthy.

戰勝疫情

新冠疫情對全世界所有人均造成重大負面影響，並引發許多心理健康問題。2021年全球健康日的主題是「保護我們的心理健康」，旨在幫助在全球疫情大背景下的成人和兒童。為期一天的活動吸引約1,600名參與者、40家中小企業和非政府組織，並獲澳門旅遊塔等30個實體的支持。活動當天安排各種健康活動、表演及研討會等。空中藝術體驗、花式跳繩表演和特調發酵茶工作坊無疑是其中亮點，但活動的核心是透過分享不同的減壓方法以及平衡生活的重要性來保持身心健康。

During the challenging times of the pandemic, Artyzen Grand Lapa also offered hotel rooms at discounted rates for those who were stuck in Macau due to border closure, caused by an increase in confirmed COVID-19 cases.

當澳門政府因新冠確診病例增加而封鎖邊境時，澳門雅辰酒店為滯留澳門人士提供酒店住房折扣優惠，協助他們度過疫情爆發的嚴峻時期。

Supporting Arts and Culture 支持藝術與文化

Learning about Our Country

2021 was a special year marking the centenary of the founding of the Communist Party of China (“CPC”). The Group supported initiatives to raise awareness of the importance of safeguarding national security and learning more about our country. We sponsored two exhibitions totalling HK\$1,500,000 during summer, namely the “Centenary of Achievements – Celebration of the CPC’s 100th Anniversary Grand Exhibition” and the “Centennial Long March – Modern Chinese History Grand Photo Exhibition”. While both exhibitions were held in Hong Kong’s exhibition centres for the general public, the latter was also held at 1,000 local schools to provide easy access for students. In December, the Group encouraged our Hong Kong office staff to attend a forum, organised by Women’s Federation of Guangdong Province and All-China Women’s Federation Hong Kong Delegates Association Limited, on helping us understand our country better.

瞭解我們的祖國

2021年是中國共產黨成立一百周年。本集團致力提高大眾對維護國家安全的認知，促進民眾對祖國更深入的瞭解。我們於夏季贊助兩個總額達1,500,000港元的展覽，分別為「百年偉業—慶祝中國共產黨成立100周年大型主題展覽」和「世紀長征—中國近現代史圖片展」。兩個展覽均在香港的展覽中心舉辦，並對外開放，後者更在1,000所本港學校舉行，為學生提供更便利的觀賞途徑。12月，本集團鼓勵香港辦事處的員工參加由廣東省婦女聯合會和港區婦聯代表聯誼會合辦的論壇，從而幫助我們更好地瞭解祖國。

In Macau, 42 staff attended the National Security Education Exhibition organised by the Macao SAR Government and the Liaison Office of the Central People’s Government (“LOCPG”) in April 2021. The State Council Information Office, the Macao SAR Government and the LOCPG in the Macao SAR co-organised a photo exhibition, also celebrating the 100th anniversary of the founding of the CPC to commemorate the spectacular occurrence. Our Macau office led 38 staff to visit the exhibition for better understanding of China’s rapid development in recent decades and continue to support the country’s development trajectory by proactively

2021年4月，我們42名澳門員工參加由澳門特別行政區政府和中聯辦合辦的國家安全教育展。此外，國務院新聞辦公室、澳門特別行政區政府和中聯辦在澳門共同舉辦主題為慶祝中國共產黨成立100周年的圖片展。我們的澳門辦事處帶領38名員工參觀展覽，讓員工更好地瞭解中國近幾十年來的高速發展，並透過積極提升自身的優勢，繼續支持國家的穩步

leveraging and contributing their own strengths. Our Macau Tower also organised the “Get together • Stand up - Moscow Multimedia Art Museum presenting the Mikosha Photography Exhibition”, which showcased 120 historical pictures taken in 1949 China by the famed Russian photographer Vladislav Mikosha.

發展。我們的澳門旅遊塔更舉辦了「聚焦『站起來』—莫斯科多媒體藝術博物館藏米科沙攝影作品展」，其中展出由俄羅斯著名攝影師弗拉季斯拉夫·米科沙於1949年訪華時拍攝的120餘幅珍貴照片。

On a similar celebratory note, our Artyzen Beijing hotel was the venue sponsor for the 2nd Xiangbei Community Fashion and Creativity Show, which was co-organised by the Xiangbei community and Dongzhimen Street in July to celebrate the centenary of the CPC's founding. 100 guests attended the event featuring various performances such as a children fashion show, an electronic organ performance, an environmental protection show and a chorus, just to name a few.

我們北京東直門雅辰悅居酒店為第二屆香北社區創意時裝秀提供場地贊助。該活動於7月由香北社區和東直門街道合辦，意在慶祝中國共產黨成立一百周年，活動當天共有100位嘉賓參加。活動環節包括兒童時裝秀、電子琴表演、環保展示和合唱等。

From Reality to Surrealism and Back

In 2021, we introduced artistic and cultural elements into our community outreach initiatives, thus benefiting a more diverse crowd. The Group sponsored HK\$1,500,000 for the exhibition “Mythologies: Surrealism and Beyond — Masterpieces from Centre Pompidou” at the French May Arts Festival. The exhibition aimed to illustrate the stages and aesthetics along the journey of surrealism through the lens of various mythologies. The Surrealist movement began in 1924, inspired by ancient poets to invent modern mythology, and then evolved to include elements of occultism and esotericism during World War II. At one point, the movement further opened up new perspectives based on their interest in Native American and pre-Columbian civilisations. It was our honour to be able to promote Surrealism art to the public so as to inspire more local Surrealist artists.

遊走現實與超現實主義之間

2021年，我們在社區外展計劃中引入藝術和文化元素，從而進一步惠及更多元的受眾。本集團贊助1,500,000港元予法國五月藝術節的「超現實之外—巴黎龐比度中心藏品展」。本次展覽旨在透過神話的視角來闡釋超現實主義的發展歷程和美學。超現實主義運動於1924年開始，源於古代詩人的啟發，一直力圖開創現代神話。第二次世界大戰期間，超現實主義演變出更濃厚的神秘主義元素，並隨著探索美洲土著和前哥倫布時期文明，開闢了全新視野。我們深感榮幸能向公眾推廣超現實主義藝術，並希望它能夠啟發及成就更多本地超現實主義藝術家。

“Curiouser and Curiouser” Programme

For three years in a row, Macau Tower had supported the programme of “Curiouser and Curiouser”. The programme aimed to inspire and encourage visitors to dare to dream and to explore the unknown. This year, they presented the “A Curious Race with Alice” event, organised by the Ieng Chi Dance Association. This multimedia art show combined the beauty of arts installation, contemporary dance and stage lighting.

「樂踪尋夢」計劃

澳門旅遊塔連續三年支持「樂踪尋夢」項目。該項目旨在鼓勵遊客勇於尋夢和探索未知。今年，澳門英姿舞團舉辦名為「與愛麗絲的爭奇鬥妍」的多媒體藝術表演，充分體現了藝術裝置、當代舞蹈和舞臺燈光結合的美感。

“Boa Vida” Programme

Back in 2018, Artyzen Grand Lapa developed a community programme known as “Boa Vida”, which means “good life, good living” in Portuguese. The programme was proven quite popular, and we have therefore introduced new activities under the programme throughout the year.

Artyzen Grand Lapa held a Chinese New Year (“CNY”) market on its lawn where more than 10 game or merchandise stalls were set up, selling environmentally friendly products, crystal displays, CNY products and Chinese calligraphy sets. During Easter, we also invited musicians to perform in a mini concert to bring joy to the visitors. On the special occasion of June’s International Yoga Day, a yoga workshop was conducted for 60 customers, giving them a chance to stretch out their tranquility and exhale their stress.

「Boa Vida」社區項目

澳門雅辰酒店於2018年舉辦名為「Boa Vida」的社區項目，在葡萄牙語中意為「美好生活」。「Boa Vida」社區項目廣受歡迎，因此今年我們續推一系列新活動。

澳門雅辰酒店在度假村草坪舉辦年宵市集，設置了10多個攤位，販賣環保產品、水晶擺設、年貨及揮春墨寶，還設有遊戲攤位；復活節期間，我們還邀請音樂家舉行小型音樂會，為參觀者帶來歡樂；我們亦在六月國際瑜伽日為60位客人舉辦一場瑜伽工作坊，讓他們有機會舒展身心，釋放壓力。

Calligraphy Tasting Workshop

Artyzen Grand Lapa actively hosts a variety of other activities to curate unique arts and cultural experiences for our guests. In efforts to preserve the art of western calligraphy, Mr. Aquino da Silva, one of the top ten penmen in the region, was invited to run the four Calligraphy Tasting Workshops teaching 80 aspiring artists about the Engrosser's script. Furthermore, Artyzen Grand Lapa is committed to help keep the art alive by hosting the launch of Macau's first and only western calligraphy book, called "Preserve Penmanship Chapter 1 – Engrosser's Script", authored by Mr. Aquino da Silva.

西洋書法藝術體驗工作坊

澳門雅辰酒店積極舉辦各種活動，為我們的客人提供獨特的藝術和文化體驗。為傳承西洋書法藝術，我們邀請了澳門十大西洋書法家阿堅奴先生舉辦四場體驗工作坊，向80位學員教授銅版雕刻手寫書法。此外，澳門雅辰酒店亦主辦阿堅奴先生新書發佈會，致力發揚藝術。該書名為《澳門「字」傳—銅版雕刻手寫「守」篇》，是澳門第一本也是唯一一本西洋書法工具書。

Art in Unlikely Places

In partnership with Associação Internacional de Filantropia (Macau), Artyzen Grand Lapa was the venue host for the art photo exhibition project "This Is My Street". This is a relatively new Facebook campaign created amid COVID-19 in 2020 and serves as a global platform for people to share photos of streets in their neighbourhood under the pandemic. This project acts at the same time as a fundraiser for Lar de Amor Nossa Senhora da Penha, a Macau-based charity that shelters children with physical and mental disabilities. The project received over 6,000 photos from more than 130 places across 5 continents in the world, a selection of which was showcased in the exhibition.

「街頭」藝術

澳門雅辰酒店與國際博愛協會（澳門）合作，擔任攝影藝術展覽「This is My Street」的場地主辦方。「This is My Street」是2020年疫情期間於臉書發起的嶄新藝術項目，旨在提供一個全球性平台，供人們在疫情期間分享他們居家附近街道的照片。該項目所籌得的善款已捐贈予主教山兒童中心，協助支援傷殘弱能兒童。「This is My Street」項目收到來自世界五大洲130多個地方的6,000多張照片，當中精選作品會在攝影藝術展覽中展出。

Fado Nights

Over the summer, Fado Nights were organised at Café Bela Vista in Artyzen Grand Lapa in collaboration with the Association Casa de Portugal Macao to impress our guests with a live performance supplemented by tapas and wine. Fado is a traditional Portuguese music genre and is also listed under UNESCO's Intangible Cultural Heritage. This event not only showcases the beauty of Fado but also serves to preserve the heritage.

法朵之夜

今年夏天，澳門雅辰酒店與澳門葡人之家協會合作，在薈景閣咖啡室舉辦「法朵之夜」。現場精彩的表演，搭配葡式傳統小食和美酒，給我們的客人留下深刻印象。「法朵」是葡萄牙的一種傳統音樂形式，並被聯合國教科文組織列為非物質文化遺產。本次活動不僅展示法朵的美妙樂聲，還有助於保存文化遺產。

Little Maestro

On another note, Artyzen Grand Lapa organised a special event "Little Maestro" under the Kids Co. programme for young guests between the ages of 4 and 14, offering a series of workshops and activities in which they were encouraged to let their imagination and creativity roam free.

小小藝術家

澳門雅辰酒店為4至14歲的兒童住客舉辦特別活動「小小藝術家」，提供一系列工作坊和趣味活動，鼓勵他們盡情發揮想像力和創造力。

Caring for the Elderly

關愛長者

Of all the beneficiary groups, the Group has the utmost respect for the elderly as they have contributed in their respective ways during their prime to the greater community that we all get to take advantage of today. We recognise the importance of “Giving Back” as a token of appreciation for their past contributions. As such, we recruited volunteers to design gift cards, pack gift sets, knit mittens, prepack and apply herbal compress balls and simply hang out with the elderly to show them our appreciation.

Back in 2019, we helped connect TWGHs Wu Ki Lim Neighbourhood Elderly Centre with the charity group Holistic SY to co-run a volunteering programme. Holistic SY trained up senior volunteers at the Elderly Centre to partner with our staff volunteers to heat up herbal compress balls in the steamer we donated prior to the pandemic. The heated herbal compress balls would then be applied on the body of the elderly to help improve their blood circulation, which in turn energise them. The Group conducted two sessions in 2021 which served a total of 60 elderlies.

在本集團幫助的所有群體中，我們對長者抱有最高的敬意，他們年輕時的無私奉獻，使社會有今天的成果。我們希望予以回報，以感謝他們過去的貢獻。因此，我們招募義工設計禮品卡、包裝禮物、編織手套、製作暖包，並積極與長者交談，以表達我們的感激之情。

從2019年起，我們幫助連繫東華三院胡其廉長者鄰舍中心與慈善機構善園，以合作推行志願服務計劃。善園所培訓的鄰舍中心資深義工與我們的義工合作，使用我們捐贈的蒸爐加熱暖包，然後敷在長者的身上，以改善他們的血液循環，為長者注入活力。集團於2021年亦曾舉行兩次活動，共服務60名長者。

我們自2014年來持續舉辦的愛心編織班至今一直廣受好評。今年，我們的義工編織了62對手套，並於歲末的「長者秋遊樂」活動中贈予長者。在該次本地遊中，我們的10名義工陪同耀東邨東華三院長者中心的44位長者踏上興奮的旅程，到訪保育復建後的中環街市等新景點。

Our “Knit for Charity” initiative had been in place since 2014 and remained one of the more well-received programmes. This year, our volunteers knitted 62 pairs of mittens which were then distributed to the elderly who took part in our “Outing with the Elderly” event at the end of the year. The local day tour comprised 10 of our volunteers accompanying 44 elderlies from Yiu Tung Estate TWGHs Elderly Centre on an exciting excursion to visit new sites such as the newly renovated Central Market.

In addition to mittens, we invited volunteers to prepare 40 gifts sets with sundries including toothbrushes and towels. Accompanying each gift set was a hand-drawn card with a warm message to assure the elderly that they were not alone.

While gifts and gestures were always appreciated, we found that physically attending to the elderly and chatting with them warmed their hearts even more so than the hand-knit mittens. On the other hand, the Group had been participating in Po Leung Kuk's flagship elderly service since 2019. This year, we donated HK\$38,000 and sent 6 volunteers to visit the elderly at Chun Shek Estate in Shatin. They brought along the gift packs previously prepared by other volunteers to distribute to the elderly. They had a great time bonding with one another.

除了手套外，我們還邀請義工準備40份包括牙刷和毛巾等日常用品在內的禮品套裝。每套禮包均附有一張寫上暖心話語的手繪卡片，讓長者倍感溫馨。

雖然長者歡迎我們的禮物和善舉，但我們與長者的慰問交談比贈送手套更使他們暖意窩心。本集團自2019年起參與保良局的安老服務計劃，今年捐款逾38,000港元，並招募6名義工帶著早前準備的禮品包到秦石邨探訪長者，與他們一起度過愉快的時光。

Empowering the Youth 為青少年賦權增能

Living in the current prosperity built by the elderly, we look to the younger generations for our future. The Group, therefore, believes in providing guidance and training to our promising torchbearers.

In 2021, the Group partnered with Project *WeCan* and the Young Entrepreneurs Development Council ("YDC") to provide career advice and life planning guidance to secondary school students through online workshops. On Career Exploration Day, organised by Project *WeCan*, we arranged online workshops for 860 students to share careers in the property management industry and tips for job interviews. In YDC's "Mind Way, My Way@ Life Planning Program", we offered similar workshops focusing on interview skills for 119 secondary students from St. Stephen's Girl's College.

長者為創造我們現有繁榮作出了貢獻，而青少年將是決定我們未來的發展。因此，本集團堅持為我們前途無限的未來繼承者提供指導和培訓。

2021年，本集團與「學校起動」計劃以及青年企業家發展局合作，透過網上工作坊為中學生提供職業建議和人生規劃指導。在「學校起動」計劃的「生涯規劃日」，我們為860名學生安排網上工作坊，分享物業管理行業知識和求職面試技巧。此外，我們在青年企業家發展局舉辦的「我思我路@職極創新計劃」中，也為聖士提反女子中學的119名中學生舉辦類似的工作坊，並提供面試技巧相關的指導。

Youth today may not be emotionally prepared to deal with day-to-day problems and stress. Macau Office identified institutions like Sheng Kung Hui Astor Shore, the first female youth home in Macau to provide accommodation and counselling services. The adolescent girls staying at the accommodation centre did not get to spend time with their families as often as their peers would. Macau Office started the Family Skywalk initiative to offer 31 girls the opportunity to spend quality time with their families in the adventure event and also to enjoy the panoramic scenery at the Observation Deck of the Macau Tower.

現今的青少年未必具充足準備應付各種日常挑戰及壓力，因此心理諮詢機構如聖公會星願居等尤為重要。星願居是澳門首間提供住宿和輔導服務的女性青少年院舍。女青年在星願居逗留期間，無法像同齡人一般經常與家人團聚。因此，澳門辦事處舉辦親子空中漫步活動，為31名女青年製造與家人共聚的機會，一同於澳門旅遊塔欣賞如畫般的景色。

TurboJET supported the Hong Kong Seamen's Union ("HKSU") for a similar purpose but with a different approach. TurboJET sponsored chopstick gift sets for the Hong Kong Maritime Week Orienteering Race 2021 to promote the maritime industry and attract young talents. In addition, TurboJET donated a level unit (vessel equipment) to the HKSU to enhance their ship simulator which facilitates vessel berthing training for the seafarers.

噴射飛航以不同的方式支持香港海員工會支援青年的活動。噴射飛航為「香港海運週定向賽2021」贊助筷子套裝，以推廣海運業並吸引年青人才。此外，噴射飛航還捐贈一個船舶設備—水平儀予香港海員工會，從而提升增強他們的船舶模擬器，促進海員的船舶靠泊培訓能力。

Through our collaboration with FuHong, Artyzen Grand Lapa invited one of its aspiring artists, Mr. Leong Ieng Wai (a.k.a. "0.38"), to design our Chinese New Year Cake Box. The autistic artist is nicknamed "0.38" due to his preference of using 0.38mm thick drawing tools. For our Chinese New Year Cake Box, he used a gel ink pen to create remarkably detailed sketches of the hotel's iconic "Window of Tomar".

透過與扶康會合作，澳門雅辰酒店邀請展能藝術家梁英偉先生（別稱「零點三捌」）設計我們的賀年糕點禮盒。這位自閉症展能藝術家喜愛用0.38型號的針筆作畫，故有「零點叁捌」之別稱。梁先生使用中性墨水筆，並以酒店標誌性的「托馬爾之窗」為主題，為我們的農曆新年賀年糕點禮盒作細緻的描繪。

Artyzen Grand Lapa also initiated various activities involving students with special needs such as inviting them to participate in tree planting at the hotel. We also invited our professional chefs to run a culinary workshop teaching 50 students from Kai Chi School and their parents how to make authentic Portuguese egg tarts.

Macau Tower, One Central Macau and Artyzen Grand Lapa are proudly listed under the Macao Government Tourism Office's "Barrier Free Access Guide", which provides a list of accessible tourism facilities in Macau. Our entrances, elevators, toilets and aisles are graded as suitable for wheelchair users. In 2020, we collaborated with Caritas Macau to install a barrier-free bus stop at the entrance of Macau Tower, making it one of the stopping points of their rebus service since. Wheelchair users had been benefitting from this reliable and convenient pick-up / drop-off service by expanding the coverage of main destinations and encouraging their integration into the community.

澳門旅遊塔、澳門壹號廣場和澳門雅辰酒店榮列澳門政府旅遊局製作的「無障礙旅遊指南」之地點清單中。我們的出入口、電梯、洗手間和通道均獲評為適合輪椅使用者。自2020年起，我們與澳門明愛合作，在澳門旅遊塔入口處設立無障礙巴士站，作為康復巴士服務的停靠點之一。透過擴大澳門主要景點的覆蓋範圍，輪椅使用者可以受益於更可靠和方便的接送服務，鼓勵他們融入社區。

Observing Occupational Health and Safety as we Ride Out COVID-19 疫情下的職業健康和安全

Taking away from last year's experience of developing agile responses and measures for flexible operations management amidst the outbreak of COVID-19, our business units have become more accustomed to the "new normal". With appropriate precautionary measures and compassionate arrangements in place for our employees in response to the pandemic development and variant strains, the safety and health of our people remain our top priority as we strive to adapt, advance and accomplish our sustainability milestones in these unprecedented times.

Arrangements Related to Vaccination

In support of the government's initiative regarding territory-wide COVID-19 vaccination deployment, our staff are entitled to take paid vaccination leave for each vaccination dose they receive. While the Group appreciates the novelty of the developed vaccines, we are also aware that their potential side effects may be of concern to some of our people. Therefore, we have joined hands with the Group's medical insurer to deliver two free webinar sessions for our employees, covering the possible side effects, considerations when deciding between the types of vaccine on offer, as well as details of the vaccination rollout plan.

Workplace Precautionary Measures

The Group is taking every step possible to prevent and limit the spread of the pandemic in the workplace in all business services, daily operations as well as recruitment activities. Appreciating the importance of talent attraction and acquisition in maintaining a competitive and dynamic workforce, we have been adapting our recruitment procedures under the pandemic to offer a COVID-safe process while retaining the characteristic personalised aspects of interacting with our representatives and gaining insights into our company culture, one of which is conducting online interviews and virtual meetings with our candidates.

經過去年在新冠肺炎爆發期間靈活制定營運管理措施的經驗，我們的業務部門已更熟習疫情下的「新常態」。為應對疫情發展和變異病毒流行，我們已為員工制定適當的預防措施和體恤安排。在致力調整、推進和實現我們的可持續發展里程碑的同時，我們依然視員工的安全和健康為首要任務。

疫苗接種安排

為支持政府在全港實施的新冠疫苗接种計劃，我們就員工接種每劑疫苗給予帶薪疫苗接種假。集團明白新冠疫苗技術新穎，理解其潛在副作用可能會引起部分員工關注。對此，我們參與集團醫療保險公司舉辦兩場免費的網絡研討會，使員工瞭解潛在副作用、疫苗選擇考量以及疫苗接種計劃詳情。

工作場所中採取的預防措施

本集團採取一切可行措施以遏止在我們的商業服務、日常營運和招聘活動工作場所中潛在的流行病傳播風險。我們深知人才吸納對於維持具競爭力和有活力團隊非常重要，因此，我們持續調整疫情下的招聘程序，在確保面試流程免受感染風險，亦保留一定互動性。求職者透過網上面試和視頻會議等方式與我們的代表交流，了解我們的公司文化。

Advantages of Online Interviews 網上面試的好處

“Compared to in-person interviews, online interviews with platforms like Zoom offer more flexibility with time arrangements and erases any geographical and spatial constraints. Meeting the company representatives virtually on camera also adds a nice personal touch to the application process, as “face-to-face” interactions are rare due to social distancing and pandemic precautionary measures in place.”

「與面對面進行的面試相比，Zoom等網上平台視頻會議提供更靈活的時間安排，突破地理和空間限制。在目前的社交距離及疫情防控措施下，『面對面』的互動難以進行，這種以視頻與公司代表會面，讓招聘過程更為人性化。」

Moreover, following a surge in cases of the highly transmissible COVID-19 Delta variant in Macau, our Macau Office rapidly responded with the issuance of the new Pandemic Disease Control Policy in July 2021. With three levels of internal alert and governing precautionary measures, the Policy outlines a comprehensive set of standard operating procedures aimed at minimising the impacts of COVID-19 and other pandemic diseases of the like on the Group’s daily operations, and more importantly, safeguarding the health of our employees.

Compassionate Arrangements

We understand that this has been a difficult period to say the least, especially for those employees ordinarily residing outside the city where they work, with the quarantine, lockdown and regular nucleic acid testing requirements in place. As such, our Macau Office has introduced various compassionate arrangements to support our people, including offering free hotel accommodation for 364 staff members on the frontline and living outside of Macau during lockdown between August and October 2021, as well as reimbursing nucleic acid test expenses associated with immigration control for more than 460 employees.

此外，隨著澳門的新冠病毒Delta變種病例激增，我們的澳門辦事處迅速於2021年7月發布新的疫症防控政策。政策概述全面的標準操作程序，劃分三級制內部警報和預防管理措施，旨在減少新冠病毒和其他類似流行病對集團日常營運的影響，並保護我們員工的健康。

體恤安排

我們明白在疫情橫行的艱難時期，隔離、封城和定期核酸檢測措施對居於工作地區以外的員工尤其不便。因此，我們的澳門辦事處推出多項體恤安排以支援這些員工，當中包括在2021年8月至10月封城期間為前線和居於澳門以外的364名員工提供免費酒店住宿，以及為460多名員工提供出入境管制相關的核酸檢測費用報銷安排。

Prioritising People and Operation Needs when Designing Pandemic Control Policies
在制定疫情防控政策下，優先考量員工及營運的需求

“Over the past year, the Macau Government has introduced various pandemic prevention and control measures in response to the fast-moving COVID-19 landscape. As the Group Human Resources Department, we are entrusted with drafting up revised measures and operating guidelines in a timely manner and in accordance with the latest government guidance, while facilitating an orderly transition to the new protocols. We strive to design and implement human-centric policies that strike a balance between effective pandemic control, employee wellness and minimal disruption to business operations.”

「在過去一年，澳門政府針對快速傳播的新冠病毒形勢採取了各種防控措施。作為人力資源部，我們的首要任務是根據政府最新的防疫方針，適時地修訂相關措施和營運指引，同時促進有序地過渡至新政策。我們致力設計和實施以人為本的政策，並在確保疫情控制成效、保障員工健康和減少對業務營運影響之間取得平衡。」

Safeguarding Our Hospitality Staff at Grand Coloane – a Medical Observation Hotel

Recognising the importance of medical observation at designated locations in limiting community outbreaks and pandemic spread, we once again stepped up and collaborated with the Macao Government Tourism Office in 2021 to transform Grand Coloane into a designated medical observation hotel, offering a total of 208 rooms for both Macau citizens and non-residents.

The health and safety of our people, especially our frontline hospitality staff, always remain our top priority in our daily operations amidst the pandemic and as such, we have introduced various measures to reduce risks of cross-contamination and pathogen transmission to a minimal level. Aside from the provision of adequate and sufficient personal protective equipment, we organised a series of internal training sessions for all of our Grand Coloane employees to familiarise with the precautionary measures in place and the latest government guidelines for designated quarantine hotels.

保障作為醫學觀察設施的鷺環海天度假酒店員工

我們深知定點醫學觀察對限制社區疫情蔓延至關重要，因此在2021年本集團再次與澳門旅遊局合作，提供鷺環海天度假酒店共208間客房作為政府醫學觀察的指定隔離場所，供澳門公民和非居民預約。

在疫情肆虐期間，確保員工的健康和安全，特別是前線接待人員，仍是我們日常營運的首要任務。因此，我們積極採取多項措施，將交叉感染和病原體傳播引起的感染風險降至最低。除了提供充足的個人防護裝備外，我們亦為所有在鷺環海天度假酒店工作的員工舉行一系列的內部培訓，以助他們熟悉現有的疫情防控措施及政府對指定醫學觀察酒店最新的檢疫管制。

In terms of operations management, we have adopted a systematic team-division approach – members of staff are categorised into “High-risk” and “Low-risk” teams based on their level of interaction with guests when performing their assigned job duties. For susceptible high-risk team members such as engineers and security guards who are in frequent contact with guests, they are provided with free hotel accommodation, meals and daily necessities, as well as access to the entertainment area with television and table tennis throughout their duty period, during which they are required to stay in the hotel. Both teams, especially the high-risk team, are required to observe operation zoning and minimise interactions with the other team.

在營運管理方面，我們採用有系統的分隊方式，根據員工在履行職責時與客人的接觸程度，將員工分為「高風險」和「低風險」團隊。對於經常與客人接觸的工程師及保安等易受感染的高風險員工，我們會為其提供免費酒店住宿、膳食和生活用品，以及在他們必須留在酒店的值班期間開放設有電視和乒乓球設施等娛樂區，滿足員工的消閒需要。所有員工，特別是高風險團隊人員，都必須按照劃分的營運分區行動，並盡量減少與另一團隊互動和接觸。

Carson Cai, Guest Services Manager of Grand Coloane Resort, said:

鷺環海天度假酒店顧客服務經理蔡斯聰表示：

“When Grand Coloane was first converted to operate as a designated medical observation hotel, my colleagues and I were fairly anxious about the risk of being infected when performing our daily duties. Fully appreciating our concerns, Grand Coloane worked closely with the Health Bureau of Macao SAR to provide us with regular training sessions and free nucleic acid tests. Clear sets of guidelines and standard operating procedures were also disseminated to us, including recommendations on minimising contact with guests or their personal belongings in order to reduce the risk of cross-contamination.

With sufficient personal protective equipment provided by the Hotel and all above measures in place, our Team at Grand Coloane feel much more at ease now when supporting the daily operations concerning medical observation. I believe this has fulfilled one of the most fundamental and material concerns of our Team, “Resuming normal-level of operations and duties for everyone, without compromising health and safety risks at work under the pandemic”.

Up till now, there has not been a single case of infection at Grand Coloane, and we are confident that with our current precautionary measures and practices in place, we can maintain this reassuring track record while upholding the quality of our hospitality services.”

「當鷺環海天度假酒店剛開始作為指定醫學觀察酒店營運時，我和其他同事都相當憂慮在執行日常工作時可能受到感染。幸好，酒店充分理解我們的顧慮，並與澳門特別行政區衛生局密切合作，為我們提供定期培訓和免費核酸檢測。酒店亦提供明確的營運指引和標準操作程序，例如盡量減少與客人或其個人物品接觸的建議，以降低交叉感染的風險。

有了酒店提供的充足個人防護裝備，加上上述各項嚴謹的預防措施，我們的團隊在支援日常醫學觀察工作時倍感安心。我認為酒店已充份回應我們最基本和最重要的憂慮，即在恢復正常營運和員工職責之餘，不輕視疫情下工作中的健康和 safety 風險。

至今為止，鷺環海天度假酒店並未出現任何一宗感染個案，我們亦有信心能在維持酒店服務質素的同時，以現時的防疫措施捍衛這令人安心的佳績。」

Health of our Employees is Wealth to the Group

員工的健康是集團的財富

The Group has multiple initiatives and engagement activities on offer to encourage a healthy and green lifestyle, work-life balance as well as occupational health and safety, as we believe employee wellness goes hand in hand with productivity at work and the delivery of sustainable results.

Activity Highlights in 2021:

Staff Wellness Week

As part of our annual flagship environmental awareness programme “Think Green • Live Green”, the group-wide Staff Wellness Week was hosted in late November to raise awareness of personal well-being and promote healthy lifestyle among our employees.

In addition to the distribution of health food packs, employees were invited to participate in our Green Living Challenges featuring daily exercise goals, health talks, bringing their own vegan lunch and performing simple health checks at our pop-up stations. To encourage active participation and introduce a little competition, the first 100 employees successfully completed the Challenge Goals were awarded with HK\$50 supermarket coupons.

本集團積極推動多項倡議及員工活動，以鼓勵健康和綠色的生活方式、工作與生活平衡以及職業健康和 safety，全因我們相信員工的健康與工作效率和達致持續卓越的成果息息相關、相輔相承。

2021年的活動亮點：

員工健康週

作為我們年度旗艦環保意識項目「綠色生活 我思·我行」的一部分，我們於11月下旬舉辦員工健康週，以提高員工對個人健康意識，並提倡健康的生活方式。

除了向員工派發健康食品，我們亦邀請員工參加多項綠色生活挑戰活動，如日常運動目標、健康講座、自携素食午餐以及在我們的限定檢測站進行簡單的身體檢查。為鼓勵員工積極參與健康週，首100名成功完成挑戰目標的員工獲贈50港元的超級市場禮券。

Well-being at Work

With interactive sessions that feature dance therapy, mindfulness and sound relaxation, the Group's medical insurer organised the health week event, which aimed to promote mental health awareness and stress management techniques. Through offering priority sign-up spots to our employees, we hope to emphasise that we value their mental health just as much as their physical health, and bring their attention to their psychological well-being.

We also arranged a series of webinars to our employees and their dependents covering three prevalent health complications, including physical pain at workplace, gastric cancer, as well as breast and cervical cancer. Through discussing the risk factors, underlying causes, prevention measures and treatment approaches, our people have gained a much more in-depth and well-rounded understanding of the topics.

Healthy Working Series Quizzes

In support of the Macau Government's initiative to promote occupational health and safety, our Macau Office once again encouraged our people to participate in the Quizzes to refresh their knowledge about common workplace risk factors associated with work fatigue and muscle strain. Additional tips on how to prevent OHS hazards such as occupational musculoskeletal disorders and high blood pressure were also communicated to our staff members.

Stepping up our efforts in TurboJET's Internal Safety Assessment

Safety at work is one of our top priorities at Shun Tak and all our subsidiaries. Further to the launch of TurboJET's internal safety assessment "Well Versed with Safety Management System (ISM) Enhanced Program" in 2020, which was designed to strengthen the safety practices of our staff and ensure proper implementation of safety measures in place, we have now extended the mandatory assessment and safety drills to 200 more of our floating staff including captains, sailors and cabin attendants.

職場健康

本集團全力支持我們醫療保險公司舉辦的健康週活動，它旨在通過舞蹈治療、心理健康教育和頌鉢放鬆體驗等互動環節，提高個人的心理健康意識和壓力管理技巧。透過為員工提供優先報名待遇，我們希望表達對員工身心健康的重視，並為他們的健康把關。

此外，我們亦為員工及其家屬安排一系列網絡研討會，內容涵蓋三種常見的併發症，包括職場痛症、胃癌和乳癌及子宮頸癌。研討會討論相關的風險因素、背後成因、預防措施和治療方法，使大家可更全面了解相關健康問題。

「健康職場生活話你知」有獎問答遊戲

為支持澳門政府促進職工健康和安全的倡議，我們的澳門辦事處在本年度再次鼓勵員工參加「健康職場生活話你知」有獎問答遊戲，以增進他們對於工作疲勞和肌肉勞損相關職安風險因素的認識。我們亦針對職業性肌肉筋骨勞損和高血壓等常見職安健危害，特別向員工講解相應的預防提示。

加強噴射飛航的內部安全評估

維持職業安全是本集團和其子公司的首要任務。繼噴射飛航於2020年推出內部安全評估「精通安全管理系統手冊進深計劃」，我們現已將船長、水手和客艙服務員在內的200多名船上員工納入強制性評估和安全演習的範圍，以進一步確保員工的安全措施及相關職安守則得以正確實踐。

Promoting a Fair, Diverse and Inclusive Workplace

推動公平、多元化和共融的工作場所

We believe that a fair and inclusive work environment should be non-discriminatory, gender-equal and barrier-free for all of our employees, with impartial practices and equal opportunities in place for them to perform to the best of their abilities. As such, the Group has implemented associated policies to eliminate any discriminatory and institutional barriers at work as far as possible.

We strive to guarantee merit-based evaluations during recruitment, work appraisal, promotion and career development opportunities, ensuring that no one will be disadvantaged due to their ethnicity, age, gender, marital and family status, physical impairment or any other conditions as dictated in relevant laws and regulations.

我們深信一個公平與共融的工作環境應是零歧視、尊重性別平等和無障礙的，並同時能為員工提供不偏不倚的準則和平等的機會，使他們在工作上自由發揮所長。因此，本集團已實施相關政策，以儘可能避免工作中的任何潛在歧視和制度障礙。

我們承諾盡最大努力保證所有招聘、工作評估、晉升和職業發展機會均建基於個人能力及績效評估，確保沒有人因種族、年齡、性別、婚姻和家庭狀況、傷健狀況或任何其他受法律保障的狀況獲不公對待，並擁護相關的法律法規。

In compliance with the Employment Ordinance (Cap. 57) and other regulations governing work conditions and labour practices, the Group's Code of Conduct presents an overarching framework that explicitly outlines the business integrity, professional and ethical behaviour which we expect our employees to uphold. Policies concerning the prevention of other unsuitable behaviour and misconduct, such as bribery, corruption, discrimination, and the use of forced or child labour, are also in place and strictly observed in the process of recruitment, promotion and dismissal of employees.

Across the Group, we have various means available to facilitate information dissemination and bilateral communication with management, including email, staff intranet and newsletters. We also actively engage employees in our Macau operations through social media platforms such as WeChat to keep them posted about recruitments, employee relations as well as sustainability initiatives. Furthermore, a confidential grievance mechanism is accessible to all staff members for them to raise concerns should they experience or be aware of any unwanted behaviour or harassment episodes at the workplace.

本集團的《行為守則》建基於並遵循《僱傭條例》(第57章)和其他與工作環境及勞工相關的法律法規,明確概述員工須遵守的商業誠信、專業和道德規範。我們亦針對招聘、晉升及解僱員工的過程制定並嚴格執行一系列有關杜絕其他不當或不道德行為的政策,包括防止賄賂、貪污、歧視、使用強迫勞工或童工等。

集團內設有多個資訊傳播及雙向溝通渠道如電郵、內聯網和員工通訊,使我們的員工能與管理層保持緊密的交流。我們亦透過微信等社交媒體平台積極與澳門的員工溝通,讓他們了解有關招聘、員工關係和可持續發展措施的重要資訊。此外,所有員工都可以透過保密申訴機制提出對任何不良行為或騷擾事件的疑慮。

Expressing Appreciation towards Our People

向我們的員工表達謝意

Each and every one of our employees forms an indispensable part of our quality services delivered to clients and stakeholders. As such, aside from small appreciation gift gestures and offerings of family event packages at discounted rates during festive occasions, the Group also runs a number of different award programmes that aim to recognise and celebrate the contribution of our employees, as well as outstanding achievements of their family members.

Recognising Unwavering Dedication and Exceptional Performance

Throughout Shun Tak's 49 years of development, our people have been the fundamental basis of every step in our business operations, supporting the projects we deliver, the services we provide and the sustainability initiatives we work towards. In recognition of the long-term contribution of our employees who have stayed with us through thick and thin, a total of 209 employees were awarded the Shun Tak Group Long Service Award in 2021.

On the other hand, as an initiative to encourage the children of our staff to aspire and work towards academic excellence, our Macau Office has been organising the "Shun Tak Employees' Children Education Award" for the 4th consecutive year. In 2021, a total of 52 youths were awarded, marking a 20% increase in comparison to the number of awardees last year.

每位員工都是我們提供優良服務不可或缺的一部分。因此，除了在節日贈送應節賀禮和提供家庭活動折扣外，本集團亦推行多項獎勵計劃，旨在表彰員工的貢獻，以及其家人在不同範疇的傑出成就。

表揚員工的奉獻精神與卓越表現

在信德集團49年的發展歷程中，員工一直是我們每個業務營運的基礎，用心地支撐着我們每個項目、每項服務和可持續發展計劃的實踐。為表彰資深員工與我們同甘共苦的精神，我們在2021年頒發信德集團長期服務獎予209名員工，以肯定他們一直以來的貢獻。

另一方面，為鼓勵員工子女爭取卓越的學習成績，我們的澳門辦事處連續第四年舉辦「信德員工子女學業優異獎」活動。2021年的獲獎人數較去年增加20%，共有52名青少年獲獎。

Celebrating Special Occasions with Our Employees and Their Families

In December, the Group reserved over 200 seats for our staff and family members to enjoy the movie “Spiderman: No Way Home” at Festival Grand Cinema, celebrating the jolly Christmas season.

Employees in our Hong Kong Office received turnip pudding and gelato sticks from the Group in celebration of the Year of the Ox.

Grand Coloane presented complimentary gifts to 91 hotel employees to celebrate both Mother’s Day and Father’s Day, with soap rose flowers sets for mothers and ceramic teaware sets for fathers.

Supporting Our Employees in their Charitable Acts

We are also dedicated to supporting our employees outside of work, especially for their active participation in sport activities for a charitable cause. In recognition of their benevolent initiatives, we have once again opened up our “Sports for Charity” sponsorship programme in 2021, offering our employees reimbursements on the application fees of charity sport events organised by NGOs.

與員工及其家庭成員歡度節日

集團於12月購入超過200張《蜘蛛俠：不戰無歸》電影票，免費贈予我們的員工，並為其同行者提供票價優惠，藉此向其親朋好友致以最誠摯的節日祝福，一同享受歡樂的聖誕節。

為慶祝牛年，集團向香港辦事處的員工送上蘿蔔糕和意式雪糕作節日禮物。

鵬環海天度假酒店分別在母親節和父親節向91名酒店員工贈送禮物，包括為母親節而設的玫瑰花肥皂套裝和為父親節而準備的陶瓷茶具套裝。

對員工行善的支持

我們亦致力為員工提供工作以外的支持，特別是響應及鼓勵他們積極參與慈善體育活動。為表彰他們的善舉，我們在2021年重啟《為慈善·做運動》贊助計劃，為員工報銷非政府組織舉辦的慈善體育賽事報名費，攜手為社區慈善活動出一分力。

Employee Engagement for Continuous Improvement 與員工共同發展

While we celebrate the affirmation from external parties in recognition of our efforts in developing human-centric policies, promoting employee wellness and minimising disruptions to business operations, the Group believes that there is always room for improvement and surpass ourselves time and again.

In view of this, Artyzen Hospitality Group (“Artyzen”) rolled out a group-wide employee satisfaction survey in 2021, aiming to gauge our employees’ satisfaction levels and opinions on the current hotel management practices anonymously, thereby identify aspects which are appreciated by our people as well as areas for improvement.

With questions covering 6 different aspects (company culture, sense of belonging, job satisfaction, work environment and rewards, teamwork, and management), the employee satisfaction survey was distributed to all permanent employees across our hotels managed by Artyzen. A total of 742 responses were received, analysed, and their findings were subsequently consolidated.

On the whole, our staff members were predominantly satisfied, with all six areas scoring 80% of the full mark or above. The areas of company culture and sense of belonging earned top two scores in the survey while teamwork and work environment and rewards scored relatively low. The results highlighted the potential to explore the underlying reasons through further engagement with employees, followed by the devising of concrete goals and action plans to strategically work towards improving the workplace and collaboration between our staff members, building on our success so far.

Further to the results and takeaways this year, we plan to conduct the survey on an annual basis to drive continuous improvement in our hospitality services, ensuring that the voices of our staff members are always heard, and their most material concerns addressed.

Developing a Resilient and Adaptive Workforce 培養靈活及具適應力的員工

Through offering our staff tailored in-house professional training that continuously adapts to the needs of our clients and customers, we are committed to maintaining a versatile and competitive workforce capable of addressing potential shifts in the market landscape or any unforeseen circumstances. Furthermore, through providing inclusive internship and training opportunities to students from all backgrounds, we are nurturing our next-generation workforce with valuable vocational experience while contributing to an equal-opportunity future.

集團制定以人為本的政策、促進員工健康和減少影響業務營運因素等的成果深得外界肯定。然而我們相信集團仍有改善空間，並致力持續優化營運模式。

有鑑於此，雅辰酒店集團（「雅辰」）於2021年推出涵蓋整個雅辰集團的員工滿意度調查，以匿名方式評估員工對工作環境的滿意度和對目前酒店營運管理手法的意見，從而找出員工認同及需要改善的領域。

是次員工滿意度調查涵蓋六個不同層面（企業文化、歸屬感、工作滿意度、工作環境和福祉、團隊合作及營運管理），問卷被分發予雅辰旗下酒店的所有全職僱員，共收回742份回覆，並已作出分析及整合調查結果。

整體而言，我們的員工大致滿意現時狀況，六個調查層面的得分均在80%或以上。當中企業文化和歸屬感在調查中得分最高，而團隊合作及工作環境和福祉則仍有進步空間。分析結果反映我們可與員工合作進一步探索各項得分背後的原因，繼而制定具體目標和相應計劃，有系統地共同改善工作環境以及員工間的協作，在我們迄今為止取得成功的基礎上繼續改進。

建基於今年的調查結果和分析亮點，我們計劃未來將每年進行一次員工滿意度調查，以推動我們的酒店服務砥礪前行，確保員工的聲音能被反映，並解決他們所關注的問題。

透過提供度身定制的內部專業培訓予員工以協助他們靈活應對不同客戶的需求，我們致力維持具適應力和競爭力的員工隊伍，以隨時應對市場格局的潛在變化及未能預見的狀況。此外，我們也向不同背景的學生提供各種實習和培訓機會，在培養下一代的職業能力同時，亦為平等機會和共融的未來作出貢獻。

Practice of Digitalisation to Support Remote Operations during the COVID-19 Pandemic

Amidst the pandemic, the organisation of in-person training sessions for our staff has become extremely challenging due to social distancing and precautionary measures in place. Therefore, in 2021, Artyzen developed a new centralised archive - Artyzen Online Learning & Development Resources Centre, where the Learning & Development team of each hotel could access extensive learning resources highlighting effective work communication, as well as management and service tips. Each hotel is free to opt for their preferred way of information dissemination, such as weekly emails or sharing sessions, to achieve knowledge sharing with the rest of their colleagues.

Transform Complaint into Compliment

To better understand and cater to the needs of different guests from various backgrounds, Artyzen launched a brand new “Transform Complaint into Compliment” programme for our frontline staff. This 3-hour workshop, with an overarching theme of “Read, Relate and React”, first touches on ways to deduce and read into the underlying concerns of guests based on their behaviour, micro-expression and emotions. Our staff were then introduced to the “4As” – Acknowledge, Apologise, Act, and Add a personal touch – which they should adopt when taking ownership and dealing with concerns raised by our guests. Finally, we worked with our people to enhance their professional skills and techniques in relation to showing empathy, active listening and psychological management, ensuring that they are fully prepared to face any type of guest behaviour and concerns expressed.

Adopting the “Train-the-Trainer” approach, we organised two training sessions across our Artyzen hotels in September and November 2021, and they will be responsible for instructing their own colleagues with regard to the skills and techniques for interacting with guests.

疫情下以數碼化系統支援遙距工作

在疫情期間，社交距離和防疫措施使面授員工培訓課程難以舉行。因此在2021年，雅辰建立全新的網上中央資料庫—雅辰網上學習與發展資源中心，使每間酒店的學習與發展團隊都可隨時隨地取得所需的學習資源，進一步推行高效的溝通模式，並提高管理和服務技巧。每間酒店可自由選擇透過合適的信息傳播渠道，如每週推送電子郵件或舉辦分享會，與員工分享知識。

「扭轉客訴」課程

為更了解和迎合不同背景客人的需求，雅辰為我們的前線員工推出全新的「扭轉客訴」課程。這個長達3小時的工作坊以「感知情緒、感同身受和給予諒解」為主題，先探討如何根據客人的行為、微表情和情緒來推斷和解讀客人潛在關注點。我們的員工隨後認識「4A」的原則—認同感受、真誠道歉、具體行動以及添加個人連繫的元素，以協助他們主動積極處理客人提出的問題。最後，我們與員工合作，共同提高他們在表達同理心、積極傾聽和心態管理方面的專業知識和技巧，確保他們做好充分準備以應對不同類型客人的需求和關注點。

我們於2021年9月和11月在雅辰酒店舉辦兩次「扭轉客訴」培訓課程，並採用「培訓師培訓」方式，培訓員工成為培訓師，於日後負責指導他們的同事，改進其團隊與客人互動的技巧。

Cultural Experience Tour

Launched in 2020, our Cultural Experience Tour aims at introducing the local heritage, culture and famous tourist spots to our Artyzen Grand Lapa and Grand Coloane employees who are from other cities or countries. With their expanded knowledge, we hope that our people will then be able to share and promote an immersive cultural experience to our guests. In 2021, 29 of our staff members participated in our “Macau Cultural Experience Tour” for Artyzen Grand Lapa, and “Coloane Cultural Experience Tour” for Grand Coloane, both with enriched several new cultural highlights.

Internship Programme for University Students and Students with Special Needs

Dedicated to providing a rewarding and interactive internship experience with a real taste of the day-to-day hospitality operations, we hosted 25 students for 4 to 6 months at Artyzen Grand Lapa and Grand Coloane this year. As with previous years, we have also retained the tradition of having a presentation session driven by our interns as a concluding remark towards the end of their internship with us, which serves as an opportunity for them to review their learning outcomes and main takeaways, as well as for us to evaluate the programme aspects which has been most valued by our budding youths.

In addition, as part of our continuous efforts in supporting inclusive employment and developing our next generation, Artyzen Grand Lapa has again offered students with special needs a tailored internship experience as part of the Macau Government’s Work Experience Programme. In 2021, we have two interns shadowing with us in the Laundry Department as well as the Steward Department, with full support from their assigned mentors throughout their 6 weeks of vocational experience at Artyzen Grand Lapa.

文化體驗之旅

我們的文化體驗之旅於2020年開展，旨在向來自其他城市或國家的澳門雅辰酒店和鷺環海天度假酒店員工介紹澳門當地的歷史遺產、文化和著名旅遊景點。憑藉擴闊他們對本土文化的認知，我們希望員工能繼而向客人分享和推廣身臨其境的深度文化體驗。在2021年，我們共有29名員工參加了澳門雅辰酒店的「澳門文化體驗之旅」和鷺環海天度假酒店的「路環文化體驗之旅」，得以對當地文化有更深入的認識。

為大學生及有特殊需要的學生提供實習機會

我們致力為學生在投身社會前提供充實和互動的實習機會，使他們可以真實體驗酒店的日常運作。今年我們在澳門雅辰酒店和鷺環海天度假酒店舉辦為期4至6個月的實習計劃，共有25名學生參與。一如以往，我們保留由實習生在計劃結束前主持匯報的傳統，以回顧他們在實習期間的學習成果和得著，並藉此深入了解年輕人對實習計劃各個環節的評價。

此外，作為我們積極推動共融就業和培養下一代的一環，澳門雅辰酒店再次透過澳門政府工作體驗計劃為有特殊需要的學生提供度身定制的實習體驗。在2021年，我們有兩名實習生在洗衣部和管事部學習，在為期六週的實習體驗中由指定的導師指導及支援他們。

Keeping Our Premises Safe during the Pandemic

疫情期間保障我們場所的安全

The health, safety and well-being of our stakeholders, from our employees, customers, tenants and occupants to our suppliers and contractors, remain our top priorities.

As the COVID-19 pandemic continues to unfold and pose unprecedented risks to our communities and operations, we mobilised concerted resources to ensure people in our shopping malls, offices and residential premises are protected. A series of disinfection and preventive measures have been implemented including temperature checks at building entrances, provision of automatic hand sanitiser dispensers, limiting the number of occupants and visitors using the lifts during rush hours, and regular disinfection of handrails, lifts, floor lift lobbies, glass doors, handles and stair handles.

At Shun Tak Centre, a number of measures have been introduced to lower the transmission risks in common areas. Vacuum and UV-C disinfection robots with advanced AI navigation systems and high cleaning productivity were newly introduced in 2021 to further enhance the hygiene standards of our premises.

本集團一直以保障我們的持份者身心健康和安全為營運的首要任務，從員工、顧客、租戶、住戶至供應商及承辦商。

隨著新冠肺炎蔓延並為社區和業務營運帶來前所未有的風險，我們動用一切可用資源以保障商場、辦公室和住宅大廈中持份者的健康。我們採取一系列消毒與預防措施，包括為進入大樓人士量度體溫、提供自動感應消毒搓手液機、限制繁忙時段使用升降機的乘客人數、定期消毒扶手電梯、升降機、各樓層的升降機大堂、玻璃門、門柄及樓梯扶手等，以減低病毒傳播風險。

其中，信德中心採取多項措施，以降低公共區域的傳播風險。我們於2021年引進具先進人工智能導航系統和高效清潔功能的除塵及紫外線消毒機械人，進一步提高我們場所的衛生標準。

Feedback from Our Guests — “Staycation Under Quarantine”

客人好評 — 「隔離宅度假」

The pandemic has vilified “quarantine” into a despicable procedure for most of those who have experienced or are about to experience it. However, Grand Coloane managed to do the opposite by turning “quarantine” into a “staycation”, a newly coined term arising from the pandemic meaning overnight vacation within the confines of a hotel. According to publicly available review platforms, we received mostly positive reviews from customers noting “greatest quarantine hotel” and some even going as far as to describing their quarantine experience as “staycation under quarantine”, “am I having a staycation” and “best quarantine staycation”. There are also various other comments on the quality service and picturesque view.

對於大多數已經完成或即將經歷隔離檢疫的人來說，「隔離檢疫」是令人不快的抗疫程序。然而，鷺環海天度假酒店卻反其道而行之，將「隔離檢疫」成功變為「宅度假」體驗。「宅度假」是一個新創術語，源於此次新冠肺炎疫情，意思是在酒店內留宿度假。根據一些公開評論平台，我們收到的客戶評價大多正面，其中我們更獲評為「最好的隔離酒店」，有些客戶甚至描述他們的隔離體驗為「隔離期間的宅度假」、「我是在宅度假嗎」和「最好的隔離宅度假」。除此以外，我們也獲客戶讚揚酒店的優質服務和優美景色等各種正面評價。

Park Nova — a “Biophilic” Tower

柏皓 — 親近自然的設計

The 19th Century orchard-laden neighbourhood inspired the biophilic conception of Park Nova, our luxury residential property in Singapore, a subtle yet unique architecture that reminds us of our integration with nature. On the one hand, the building is oriented with gently curved floorplates resembling the undulating outline of butterfly wings to maximise natural shading that cuts out direct sunlight shone into the units. On the other hand, planters placed on every floor and vegetation scattered between balconies serve as a natural barrier to noise and air pollution as well as a natural regulator of ambient temperature. Park Nova is on its way to achieving the Green Mark Gold rating, a green building assessment scheme, based on its environmental credentials. Eco-friendly measures include installation of energy efficient air conditioners, sanitary fittings with enhanced water efficiency, water usage monitoring systems for the development, waste-recycling chutes for every apartment unit, and maximisation of natural daylighting for common amenities.

集團高端住宅發展項目「柏皓」的親近自然設計概念的靈感來源於新加坡19世紀，當時在該地區到處都是種植園和果園的環境。因此，我們希望「柏皓」以一種低調而獨特的建築方式來重新讓人直接走進自然，重拾與自然融為一體的感覺。項目以蝴蝶兩翼為靈感設計弧形而起伏交替的樓板，形成自然的遮陽裝置，大幅減低直接照射單位的陽光。另外，每層的花圃和散佈在陽台間的綠色植物有助於過濾噪音和污染，還能調節周邊環境溫度帶來舒適感。「柏皓」以達到綠色建築標誌金級認證為目標，此標誌是新加坡設立的一項綠建築評分認證系統。除此之外，其他節能環保措施包括安裝節能空調、節水的衛浴設備、用水監測系統、為每套公寓提供廢物回收槽，及加強公共設施的自然採光能力。

Supply Chain Management

供應鏈管理

With our diverse business operations spanning across multiple sectors, we are aware of the importance of managing our supply chain in a socially and environmentally responsible manner. We work in close partnership with our suppliers to promote a sustainable supply chain in environmental, social and governance dimensions through concerted efforts.

We uphold our commitment to integrate sustainable practices and business ethics such as intellectual property rights and non-discrimination into our supply chain as stipulated in our group-wide Sustainable Procurement Policy and Supplier Code of Conduct, ensuring that sustainability considerations are embedded in our supplier screening process and applied fairly at various stages.

基於我們多元化跨領域的業務性質，我們深切明白以社會及環境負責方式管理供應鏈的重要性。我們與供應商密切合作，共同努力促進環境、社會和管治方面達至可持續發展的供應鏈。

我們堅守集團的《可持續採購政策》及《供應商行為守則》，將知識產權及反歧視等可持續實踐方案和商業道德價值融入供應鏈，並確保將可持續發展考慮因素納入我們的供應商篩選過程，並公平應用於在各個篩選階段。

Sustainable Procurement

Introduced in 2020, the Group's Sustainable Procurement Policy advocates the integration of sustainable principles into our procurement processes and activities. It serves to extend our sustainability efforts from our own operations to our supply chain partners.

When selecting suppliers, we give preference to suppliers who demonstrate strong commitments to sustainable development such as those who have attained internationally recognised sustainability credentials (e.g. ISO 9001, ISO 14001 and OHSAS 18001, etc.), or adopt green procurement practices. We also aim to take greater account of environmental and social considerations when selecting goods and products, such as encouraging the use of products and services with low environmental impact and positive social outcomes. For our hotel operations in China, suppliers providing sustainable furniture, fixtures and equipment are given priority consideration in the process of selection.

In 2021, 83% of our suppliers were based in Hong Kong and Macau where the majority of our business operates, while the remaining 17% of our suppliers were located in other regions.

We expect our suppliers to act in accordance with the highest standards of ethical behaviour and comply with all relevant laws and regulations.

Our Supplier Code of Conduct sets out our expectations on the sustainability performances of our suppliers and business partners, encompassing specific criteria and standards in various aspects of sustainability.

In addition, with the implementation of ISO14001:2015 in our Property Management Division, our contractors are required to be fully compliant with the relevant environmental management requirements in the course of their business activities with the Group by signing the declaration form. Regular inspections and thorough evaluations are also conducted on the contractors to ensure compliance. Any breach of the declaration may result in the termination of business relationship with the Group.

With our aspirations of creating a green supply chain, we regularly engage our suppliers to facilitate communication and align with our expectations, as well as building long-term and mutually beneficial relationships. We also provide trainings to help our suppliers develop the key competencies to identify, manage and mitigate the potential environmental and social risks within their operations.

可持續採購

本集團於2020年推出《可持續採購政策》，提倡將可持續原則融入採購流程及活動。此政策有助我們將可持續發展方面的努力從自身營運業務擴展至供應鏈合作夥伴。

在選擇供應商時，我們優先考慮對可持續發展作堅定承諾的供應商，如已獲國際認可的可持續發展認證（如ISO9001、ISO 14001和OHSAS 18001等）或已實行綠色採購措施。我們亦致力在選擇商品和產品時更關注環境和社會考慮因素，如鼓勵使用低環境影響且能帶來正面社會成果的產品和服務。同時，我們在中國的酒店也優先考慮可提供可持續傢俱、裝置和設備的供應商。

在2021年，我們超過83%的供應商都位於本集團經營業務所在地區，即香港和澳門；而其餘17%的供應商則位於其他地區。

我們期望供應商按照最高的道德標準營運，並遵守所有相關法律法規。

我們的《供應商行為守則》釐定我們對供應商及業務合作夥伴於可持續發展績效的期望，包括在各可持續發展方面的具體準則和標準。

此外，隨著我們的物業管理部實施 ISO 14001:2015，我們的承辦商與集團合作時必須簽署申報表，以確保其業務活動完全符合相關的環境管理要求。還有，我們亦會對承辦商進行定期檢查及全面評核以確保他們合符相關管理規格。任何違反申報規定的行為都可能導致本集團與該承辦商終止業務關係。

秉持創建綠色供應鏈的抱負，我們定期與供應商溝通以協助他們達到我們的期望，並建立長期互惠互利的關係。我們亦為供應商提供培訓，以助他們培養關鍵技能用以識別、管理和減輕其營運中潛在的環境和社會風險。

Materiality Assessment

重要議題評估

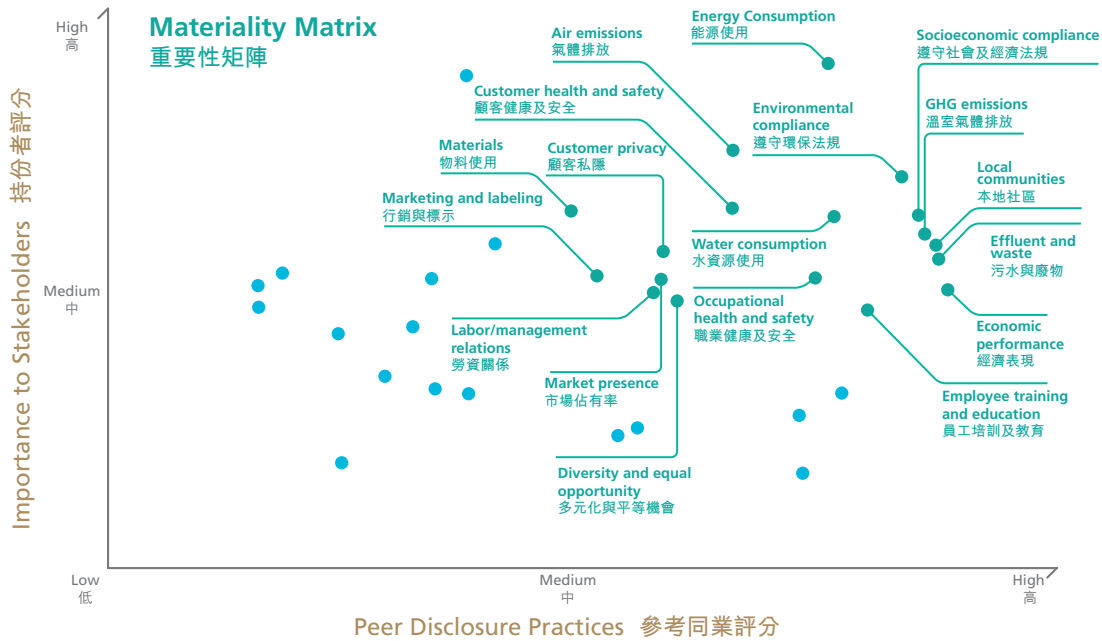

We adopted the following four-step approach to determine, prioritise and validate material topics that are perceived to be the most significant to the Group and its stakeholders.

我們採納下述四個步驟，有系統地辨別、排序及核實集團與持份者共同關注的重要議題。

The sustainability topics are mapped and plotted in the matrix below based on their level of materiality towards our stakeholders and peers.

透過矩陣方式，對持份者與同業均為重要的可持續發展議題排列如下。

The 17 identified material topics⁶, covering economic, environmental and social aspects are summarised in the table below with the indication of their impact boundaries.

以下圖表說明17個涉及經濟、環保及社會表現的重要議題⁶及其影響範圍。

Category 類別	Material Topics 重要議題	Impact Boundaries 影響範圍			
		Employees 員工	Customers & Tenants 顧客及租戶	Suppliers & Contractors 供應商及承建商	Local Communities 本地社區

6. A total of 18 GRI G4 Aspects were identified as material during the materiality assessment conducted in 2016. As this report adopts the new GRI Standards in which two sub-categories of the Compliance Aspects under GRI G4, namely Social and Product Responsibility, have been combined into one GRI Standard (Socioeconomic Compliance), a total of 17 material topics were mapped from the GRI Standards.

2016年進行的重要議題評估原確定共18個GRI G4重要議題。由於本報告採納更新版本的GRI準則，而鑑於GRI G4合規項目下的「遵守社會法規」及「遵守產品責任法規」兩個分類現已結合為一個稱為「遵守社會及經濟法規」的GRI標準，所以我們將重要議題整合為17個，以作配合。

Since the feedback received from the stakeholder engagement exercise is quite diverse but also contain overlapping concerns, we consolidated them in the table below instead of aligning each concern with its respective stakeholder group. Please refer to the respective sections of the Report for our detailed responses and the stakeholder groups we engaged.

由於持份者參與計劃中收集到的回饋類別繁多，加上部分回饋內容重疊，所以我們沒有將每個關注範疇與個別持份者組別進行配對，而是透過以下圖表合併匯報。有關持份者的類別及我們的詳細回應，請參閱本報告的相應章節。
