Substantial and
Sustainable Growth

（Audited results for the 12 months ended 31 December）

## Contents

## Results Overview

Remarkable improvement in operating results was mainly due to enhanced product competitiveness and effective high-end product strategy
> Sales Volume / Turnover: LCD TV sales volume and turnover surged year-on-year
> Gross Profit Margin: Benefited from improved product mix and lower panel prices in 2H2017, the overall gross profit margin rebounded considerably in Q4
> Expense Ratio: With continuous cost reduction and efficiency enhancement, expense ratio continued to drop for eight consecutive quarters
> Profit Attributable to Owners of the Parent: Robust year-on-year growth to HK\$815 million*

Largest increase in 5 years

Surpassed 40B for $1^{\text {st }}$ time Hit a record high

Highest in 5 Years

- Including one-off gain of HK\$220 million from the completion of capital increase of Thunderbird Technology

2017 Annual Results

Decline for 8 consecutive quarters to lowest level since 2003

## Financial Highlights (For FY2017 and 2017 Q4)

${ }^{1}$ In 2017 Q4, the gross profit margin improved by 1.7 percentage points from the previous quarter, from $10.6 \%$ in Q3 to $12.3 \%$

## TV Business in Overseas Markets

Notable results were achieved through years of cultivating the overseas markets. Active product mix transformation and vertical integration of complete industrial chain significantly enhanced competitive strength
> Notable increase in sales volume and revenue, overseas markets became an important growth engine
> Sales volume of LCD TV rose by 33.5\% year-on-year to 14.07 million sets
1 ) North American market sales volume surged considerably by $131.5 \%$ year-on-year, which more than doubled that of last year
2 ) Emerging markets sales volume increased by 21.5\% year-on-year, among which the performance of the Brazilian market was a bright spot with a strong sales volume growth of 149.6\%
> LCD TV sales revenue increased significantly by $50.5 \%$ year-on-year to HK $\$ 20.95$ billion
> Continual improvement in product mix led to steady rise in ASP

| As a \% of total sales volume | FY 2017 | FY 2016 | Change in proportion <br> YoY (p.p.) |
| :--- | :---: | :---: | :---: |
| Sales volume of 4K TV* | $\mathbf{2 6 . 4 \%}$ | $14.8 \%$ | 11.6 |
| Sales volume of TV with screen size <br> of 55 inches and above* | $\mathbf{2 0 . 6 \%}$ | $14.8 \%$ | 5.8 |
| Sales volume of smart TV* | $\mathbf{7 7 . 6 \%}$ | $58.2 \%$ | 19.4 |

[^4]
## TV Business in Overseas Markets

## TCL internationalisation reaped rewards <br> Strives to become "The Great Brand" seeking international development

## North America

- Market share ranking jumped from 6th in 2016 to 4th in 2017
- Ranked 2nd in terms of market share in September and

October
France

- Received leading media and industry awards

Continual rise in market share

## Argentina

- Established joint venture with RV, one of Argentina's largest consumer electronics and home appliance manufacturers and distributors

Further strengthened market position in South America

## Brazil

- Synergistic benefits through setting up a joint venture with SEMP, one of Brazil's largest home appliance enterprises
- Sales volume increased YoY by 149.6\% in 2017

A bright spot in terms of sales

## Southeast Asia

- Ranked 3rd in the Philippines
- Ranked 5th in Vietnam
- Ranked 4th in Thailand

## Australia

- Market share ranking climbed from 6th in 2016 to 5th in 2017

## Internet Business: Outstanding Commercial Value

Consistent enhancement of operating strength of FFalcon platform
> FFalcon continued to expand its user base, increase user loyalty, raise the commercial value of the platform, and form a model of income sources mainly from advertising and membership services, as well as various sources including development of data value-added service
> In 2017, Ffalcon's video-on-demand and membership business grew significantly in absolute terms and as a \% of total revenue, and the advertising income as a \% ot total revenue dropped, reflecting that commercial monetisation ability of the company's internet business has grew much stronger.

## FY 2017

# TCL FFalcon＇s Collaboration with Tencent and South New Media 

南方新媒体 SOUTH NEW MEDIA

## 1

## Cooperation with Tencent：to create No． 1 internet TV brand

Joint operation of content｜Personalised content recommendations｜Integration of members and marketing of major drama｜Joint promotion of brands｜Sales channel diversion

Through resources sharing in the collaboration with Tencent，FFalcon gains：
$\checkmark$ Complete upstream and downstream industrial chain，comprehensive service system and new business model
$\checkmark$ Integrate pan－entertainment resources，IP，social networking，and peripherals in the user platform to enhance smart context experience for family，increase brand influence，market share，user base，and revenue

## Guangdong South New Media Invests in FFalcon

$\checkmark$ Closely links with licensees to ensure＂platform＋license＂advantage
$\checkmark$ Introduction and cooperation of multi－channel content on the basis of the full content of a licensee and a content platform
$\checkmark$ Achieve multi－platform content incorporation to create advantages in content，and swiftly increase the overall value of the FFalcon platform

## Renowned Football Star Neymar Jr. Becomes TCL Global Brand Ambassador

Enhance brand promotion, raise brand strength, improve global business blueprint

- TCL will launch a series of innovative marketing activities with Neymar Jr.
- Deepen TCL's penetration into European, North American and South American markets, and other emerging markets
- Further enhance TCL's strength in sports marketing during 2018, a year of major sports events, to reinforce TCL's youthful and international brand image

## 2017 is an Award-winning Year for TCL

Leading innovation and product competitiveness gained industry recognition

## Rights Issue Completed

The rights issue, oversubscribed by 7.9 times, was successfully completed and raised net proceeds of approximately HK\$2 billion. It lifted the curtain for diversification and globalisation of the Group's business, as well as smart production and R\&D. The Group will be renamed "TCL Electronics Holdings Limited"

Promote product and business diversification: Expand product and business types through independent development, restructuring, mergers and acquisitions

Deepen globalisation development strategies: Focus on key overseas markets, consolidate the North American market, make breakthroughs in Europe, and actively expand the business in India and Russia.

Strengthen R\&D investment: Increase R\&D investment in high-end technologies such as display and sound quality technologies, and actively promote the development of artificial intelligence 2.0

Smart manufacturing: Promote the construction of smart factories through the Tonghu project, and develop synergies with China Star Optoelectronics Technology to increase production efficiency and improve overall competitiveness

## Increase profits

## Raise company

 valuation
## Maximise

shareholders' equity

## Business Diversification

Strengthen internal and external integration of high-quality industrial resources, diversify its business, develop smart manufacturing and continuous R\&D and innovation

Smart \& Internet TV Business

Smart AV

Smart Home

- Consolidate and expand its existing TV business while actively diversifying its business to develop smart AV and smart home businesses through investments, M\&As and restructuring and open up new business growth opportunities
- Integrate the Group's internal and external quality assets of home appliance business, further strengthen the linkage among product technology, industrial chain, brand marketing and international business, and maximise the Group's advantages through synergies, aiming to become an internationally leading consumer and household electronic products brand.
- Cooperate with TCL Corporation and look for suitable investment targets and M\&A opportunities in the industry chain through the establishment of strategic investment funds, to create an industry ecosystem

## Deepen Global Strategies Implementation

Overseas business has become the main driving force for growth: A breakthrough has been achieved in the North American market. Going forward, the Group will strengthen its market position in the North American market and will improve its business in the European market, while actively expanding in key countries and regional markets with large market scale such as India and Russia.

## Strategic Vision and Goals for the Next Three Years

Build an eco-business enterprise based on smart TV business
Provide users with exquisite smart TV products and services
Among the Top 3 in the Global Coloured TV Industry Ranked No. 1 in China

## Strategic Themes in 2018

Gain differentiation through continued highend product strategy

## Leading Products

Channel Transformation

Build a user-centric, retail-driven, internetbased sales system

Innovate new products and applications to create better user experience than existing products

Technological Innovation

## Outstanding Operation

Fast and flexible supply system, focusing on maximizing the core value of key assets, efficient organisation management to create synergies

Raise customer satisfaction through the entire product life cycle centering on user experience

## User Loyalty

## Global Operation

Adhere to the "three-pillar" business structure to establish globalised operation capability. Make breakthroughs in key markets to build global influence

## Core Tasks for 2018

Continue to implement business transformation in the PRC market

Increase profitability of the TCL brand in the PRC market

Focus on key overseasmarkets

Make breakthroughs progressively

Increase scale of operation and raise profitability

## Overview of Global LCD TV Sales Trend

## Total LCD TV Sales Volume Projection in 2018: 4.6\% Growth YoY
