

GP Batteries International Limited is principally engaged in the development, manufacture and marketing of batteries and battery-related products.

Since its establishment under the Gold Peak Group in Hong Kong, GP Batteries has rapidly expanded to become one of the world's major suppliers of primary and rechargeable batteries. The Group is the largest battery manufacturer in China. It supplies an extensive range of battery products to original equipment manufacturers, leading battery manufacturers as well as consumer retail markets under its own **GP** brand name.

GP Batteries has been awarded the Operational Headquarters status by the Economic Development Board of Singapore since June 1990. It has been listed on the main board of the Singapore Exchange Securities Trading Limited since March 1991 and is currently a component stock of the Business Times - Singapore Regional Index.

GP Batteries' major production facilities are located in Hong Kong, China, Singapore, Taiwan, Malaysia, Denmark and Poland, supported by marketing and trading offices in Singapore, Hong Kong, Taiwan, China, South Korea, Malaysia, Thailand, Poland, France, Germany, Italy, the UK, Canada and the US. The Group currently employs over 7,200 people and occupies a total floor area of over 158,000 square metres.
