**REVISION OF ANNUAL CAP OF
CONTINUING CONNECTED TRANSACTIONS —
2020 SUPPLY AND PURCHASE FRAMEWORK AGREEMENT**

Reference is made to the announcement of the Company dated March 28, 2019 in respect of, among other things, the 2020 Supply and Purchase Framework Agreement entered into between the Company and Alibaba Singapore, pursuant to which the Group agreed to supply and/or purchase various products to or from Alibaba Group on the platforms or stores operated by Alibaba Group from time to time, and to provide other related services including daily maintenance, inventory control, pricing, promotional activities and packaging, in accordance with the standard agreements and terms as agreed by the parties from time to time, for a term which commenced on April 1, 2019 and which will end on March 31, 2020.

The Group's pharmaceutical self-operated healthcare product and service sales business has been expanding quickly, which has led to an increase in the Group's demand for healthcare products purchased from Alibaba Group. As such, the total fees payable under the 2020 Supply and Purchase Framework Agreement in relation to purchase of products from Alibaba Group are expected to be higher than the level envisaged at the time of entry of the 2020 Supply and Purchase Framework Agreement. The Directors expect that the Existing Purchase Annual Cap of RMB20 million for the year ending March 31, 2020 will not be sufficient and propose the same to be revised. It is expected that the total fees payable by the Group under the 2020 Supply and Purchase Framework Agreement for the year ending March 31, 2020 shall not exceed RMB35 million. The Supply Annual Cap in relation to supply of products by the Group to Alibaba Group under the 2020 Supply and Purchase Framework Agreement remains unchanged.

LISTING RULES IMPLICATIONS

Perfect Advance is a substantial shareholder and a connected person of the Company. Alibaba Holding is the ultimate shareholder of Perfect Advance and Alibaba Singapore. Accordingly, Alibaba Singapore is also a connected person of the Company and the transactions contemplated under the 2020 Supply and Purchase Framework Agreement will constitute continuing connected transactions of the Company pursuant to the Listing Rules.

Pursuant to Rule 14A.54(1) of the Listing Rules, the Company has to re-comply with the announcement and independent shareholders' approval requirements (as applicable) before the Existing Purchase Annual Cap is exceeded. As all of the applicable percentage ratios calculated with reference to the Revised Purchase Annual Cap are less than 5%, the revision of the Existing Purchase Annual Cap is subject to the reporting, annual review and announcement requirements, but exempt from the independent shareholders' approval requirement under Chapter 14A of the Listing Rules.

REVISION OF EXISTING ANNUAL CAP

Reference is made to the announcement of the Company dated March 28, 2019 in respect of, among other things, the 2020 Supply and Purchase Framework Agreement entered into between the Company and Alibaba Singapore, pursuant to which the Group agreed to supply and/or purchase various products to or from Alibaba Group on the platforms or stores operated by Alibaba Group from time to time, and to provide other related services including daily maintenance, inventory control, pricing, promotional activities and packaging, in accordance with the standard agreements and terms as agreed by the parties from time to time, for a term which commenced on April 1, 2019 and which will end on March 31, 2020.

The Group's pharmaceutical self-operated healthcare product and service sales business has been expanding quickly, which has led to an increase in the Group's demand for healthcare products purchased from Alibaba Group. As such, the total fees payable under the 2020 Supply and Purchase Framework Agreement in relation to purchase of products from Alibaba Group are expected to be higher than the level envisaged at the time of entry of the 2020 Supply and Purchase Framework Agreement. The Directors expect that the Existing Purchase Annual Cap of RMB20 million for the year ending March 31, 2020 will not be sufficient and propose the same to be revised. It is expected that the total fees payable by the Group under the 2020 Supply and Purchase Framework Agreement for the year ending March 31, 2020 shall not exceed RMB35 million. The Supply Annual Cap in relation to supply of products by the Group to Alibaba Group under the 2020 Supply and Purchase Framework Agreement remains unchanged.

The Board confirms that the Existing Purchase Annual Cap for the year ending March 31, 2020 has not yet been exceeded as at the date of this announcement. Save for the Revised Purchase Annual Cap, all the terms and conditions under the 2020 Supply and Purchase Framework Agreement remain unchanged. The Company will continue to closely monitor the implementation of the 2020 Supply and Purchase Framework Agreement and take prompt actions to make necessary disclosure and, if necessary, obtain independent shareholders' approval in the event that any further adjustment to the Revised Purchase Annual Cap becomes foreseeable.

HISTORICAL TRANSACTION AMOUNT

Based on the Group's management accounts, the unaudited transaction amount under the 2020 Supply and Purchase Framework Agreement in relation to the purchase of products from Alibaba Group for the ten months ended January 31, 2020 was approximately RMB19.6 million.

REASON FOR REVISION OF THE EXISTING PURCHASE ANNUAL CAP

The Group's pharmaceutical self-operated healthcare product and service sales business has been expanding quickly and the Group has been selling an increasing number of healthcare products through its self-operated online store, some of which the Group procures from Alibaba Group. Accordingly, total fees payable by the Group under the 2020 Supply and Purchase Framework Agreement for the year ending March 31, 2020 are expected to be higher than the level envisaged at the time of entry of the 2020 Supply and Purchase Framework Agreement. Accordingly, the Board considers that the Existing Purchase Annual Cap will not be sufficient for the year ending March 31, 2020 and the revision of the same will be required.

The Revised Purchase Annual Cap was determined with reference to (i) the unaudited transaction amount payable by the Group in relation to purchase of products under the 2020 Supply and Purchase Framework Agreement for the ten months ended January 31, 2020; (ii) the expected sales of products for the remaining period of the financial year ending March 31, 2020; (iii) the products that the Group intends to feature on the stores and platforms operated by Alibaba Group; and (iv) the potential of the future development of online and offline healthcare product sales business.

The Directors (including the independent non-executive Directors) consider that the Revised Purchase Annual Cap is fair and reasonable and in the interests of the Group and the shareholders of the Company as a whole.

LISTING RULES IMPLICATIONS

Perfect Advance is a substantial shareholder and a connected person of the Company. Alibaba Holding is the ultimate shareholder of Perfect Advance and Alibaba Singapore. Accordingly, Alibaba Singapore is also a connected person of the Company and the transactions contemplated under the 2020 Supply and Purchase Framework Agreement will constitute continuing connected transactions of the Company pursuant to the Listing Rules.

Pursuant to Rule 14A.54(1) of the Listing Rules, the Company has to re-comply with the announcement and independent shareholders' approval requirements (as applicable) before the Existing Purchase Annual Cap is exceeded. As all of the applicable percentage ratios calculated with reference to the Revised Purchase Annual Cap are less than 5%, the revision of the Existing Purchase Annual Cap is subject to the reporting, annual review and announcement requirements, but exempt from the independent shareholders' approval requirement under Chapter 14A of the Listing Rules.

As Mr. WU Yongming, Mr. WANG Lei and Mr. XU Hong are employees of Alibaba Holding or its Subsidiaries, each of these Directors is deemed or may be perceived to have a material interest in the transactions under the 2020 Supply and Purchase Framework Agreement. Accordingly, they abstained from voting on the resolution passed by the Board to approve the Revised Purchase Annual Cap. Other than the aforesaid Directors, no other Directors have a material interest in the 2020 Supply and Purchase Framework Agreement or are required to abstain from voting on the resolution of the Board approving the Revised Purchase Annual Cap.
