Positive Profit Alert

This announcement is made by Anton Oilfield Services Group (the “**Company**”, together with its subsidiaries, collectively the “**Group**”) pursuant to Rule 13.09(1) of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the “**Listing Rules**”).

The board of directors (the “**Board**”) of the Company wishes to inform the shareholders of the Company (the “**Shareholders**”) and potential investors that, based on the preliminary review carried out by the Board on the latest management accounts of the Group, the consolidated profit of the Group for the six months ended 30 June 2012 is expected to have a substantial increase as compared with the results of the Group for the same period of 2011. Such increase is mainly attributable to a substantial increase in revenue due to a rather full workload for the first half of the year, benefitting from the accelerated growth of natural gas development in China, the growing business volume in the overseas markets, the continued growth of the major services of the Group and the rapid introduction of new services. Meanwhile, profits grew robustly since the Group’s profit margin lifted considerably as the Group’s strengthened management efforts achieved initial results.

Since the Company is still preparing and finalizing its unaudited consolidated accounts for the six months ended 30 June 2012, the information contained in this announcement is only based on the preliminary review on the latest management accounts carried out by the management of the Company and is not based on any figures or information reviewed by the auditor or audit committee of the Company. Shareholders and potential investors are advised to read carefully the announcement on the unaudited consolidated interim results of the Group for the six months ended 30 June 2012. The announcement is expected to be published before the end of August 2012.

The information contained in this announcement is only a preliminary assessment made by the Company and has not been audited by the auditor of the Company. Shareholders and potential investors of the Company are advised to exercise caution when dealing in the securities of the Company.
