### **China Comservice's 2009 Annual Report Won Silver Awards in "2010 International ARC Awards"**

China Communications Services Corporation Limited's 2009 annual report won Silver Award respectively in "Overall Annual Report" and "Interior Design" in "2010 International ARC Award".

"International ARC Award" is the "Academy Awards of Annual Report", according to the financial media. Organized by MerComm, Inc., an independent award organization, it is now the world's largest competition honoring excellence in annual reports. There were over 1,900 entries from 27 countries participated in the contest of this year. The judging criteria include cover design, chairman's letter, writing, interior design, financial presentation, and overall, how well the spirit of the company is reflected in the annual report.

We continued with the theme of last year's annual report "Service provider for telecommunications, media and technology companies" for the 2009 annual report and further enhanced our corporate positioning through artistic design and precise elaboration. Our service strengths and development strategies were also clearly presented and our corporate value was effectively promoted.
