

China Comservice won Gold Award in "The Asset Corporate Awards 2010"

China Communications Services Corporation Limited was awarded Gold Award - Investor Relations in "The Asset Corporate Awards 2010" organized by the authoritative financial magazine, The Asset.

The awards are designed to recognize listed companies across Asia with outstanding performance, and take into account disclosed information from the companies as well as feedback from investors and industry analysts. The Gold Awards recognize the companies that have outperformed in financial performance, management acumen and corporate governance with one or more of the other categories in social environmental responsibility and investor relations.

With a Titanium Award of the same event last year, this year's Gold Award witnesses a significant progress of China Comservice's overall performance.
