

China Comservice Selected as Constituent of Hang Seng Corporate Sustainability Benchmark Index

China Communications Services Corporation Limited has been recently selected as a constituent member of Hang Seng Corporate Sustainability Benchmark Index by Hang Seng Indexes Company Limited. Hang Seng Corporate Sustainability Benchmark Index is one of the indexes of Hang Seng Corporate Sustainability Index Series.

The constituent selection of Hang Seng Corporate Sustainability Benchmark Index is based on factors including the market value and turnover of Hong Kong-listed companies, and each eligible company is then assessed by an independent organization in four criteria, namely, environmental impact, social impact, corporate governance, and workplace practices. The Hang Seng Corporate Sustainability Index Series provides benchmark for sustainability investments.
