*The Asset* is a renowned finance magazine in Asia and "The Asset Corporate Awards" has reached the 18th anniversary, and it is the longest-running ESG award in Asia. The awards are designed to recognize listed companies across Asia with outstanding performance, and take into account online questionnaire submission from the companies as well as feedback from the investor community. "The Asset Corporate Awards" did not only recognize the companies in financial performance, but also evaluated and awarded companies in different categories according to management, corporate governance, social and environmental responsibility and investor relations. On the other hand, "Best Investor Relations Team Award" recognized the day-to-day achievements of an IR team, as well as troubleshooting capabilities and initiatives it has taken in newer arenas such as web-delivered services.

The winning of Platinum Award from *The Asset* for 3 consecutive years well witnessed China Comservice' s overall excellent performance in the past
