

Multiple QC Achievements of Yaomeng Power Generation Commended in Henan Province

On November 30, it was learned from the Glorious Book of Technical Achievements and Quality Trustworthy Group of Henan Provincial Quality Control (“QC”) Group in 2020 that six achievements of QC activities of Yaomeng Power Generation Company won the first, second and third prizes at the provincial level respectively. Since 2016, the Company has won 7 first prizes, 14 second prizes and 18 third prizes of Henan QC Group Achievements.

Science and technology are the primary productive forces. The Company attaches great importance to QC group activities. Since 2016, the Company has held QC Achievements Conference for five consecutive years, and the quality of QC achievements has improved year by year. The group activities have played a good role in improving production process control, optimizing inspection methods, improving quality, energy conservation and consumption reduction, and promoted the double improvement of production efficiency and quality of the Company.
