

Wuhu Power Generation: Built Communication Bridge to Show Corporate Image on Open Day

On December 9, Wuhu Power Generation launched an open day themed “hand in hand, green the future” for family members of its employees to build a bridge of communication between family members and enterprise to enhance their sense of identity and belonging to the enterprise.

The invited advanced figures, overseas employees and representatives of ordinary employees' family members together watched the promotional videos of State Power Investment Corporation and the Company, and visited the steam turbine room, steam turbine platform, centralized operation control room and enterprise culture exhibition hall, getting a close experience of the Company's achievements in high-quality development and fulfilling social responsibilities.

This event is an important measure for Wuhu Power Generation to implement the spirit of “Guidance on Strengthening Brand Building of Central Enterprises” issued by the State-owned Assets Supervision and Administration Commission of the State Council, continuously enhance the popularity of State Power Investment Corporation and China Power, and maintain the good image of the enterprise. The event enhanced the communication among the enterprise, employees and their family members who were further acquainted with the management and development trend of the enterprise, making family members of employees have more understanding of the employees and extend more support for the enterprise, so as to create a good internal environment for the enterprise to build a world-class clean energy enterprise with global competitiveness and jointly promote the high-quality development of China Power.
