

## **Yaomeng Power Generation Company Gets a Good Start in 2021**

In Jan. 2021, Yaomeng Power Generation Company got the first place in the Southern Henan in terms of power generation and utilization hours, making a good start for the completion of the year's power generation task.

In the cold January, the provincial power demand was as high as 65,150MWh. The Company prepared the *Guarantee Plan for Power and Heat Supply in Winter of 2021*. The heating equipment was maintained safe and stable for heat supply for urban residents.
