

## **Changshu Power Generation Company Won Top Honor for Operating Credit from Changshu Port**

On Feb. 18, 2021, Changshu Power Generation Company was awarded the top operating credit of 3A for 2020 by Changshu Port.

The operating credit was rated by Changshu Port Management Office together with the customs, maritime and border control administrations according to the provisions of *Credit Management Measures for Road and Waterway Transport Operators in Jiangsu Province* issued by Jiangsu Provincial Department of Transportation.

Changshu Port is one of the first-class customs ports of China on the Yangtze River Economic Belt and the 21st Century Maritime Silk Road, with a Yangtze River shoreline of 37.5 km, a total of 21 berths (one for the Company), and a design annual throughput capacity of 18.69 million tons.
