

Changshu Power Company - QC Activities for 24 Years and New Record of Innovation Achievements in 2020

On March 5, 2021, Changshu Power Company held the 2020 QC Achievement Release Conference and 21 QC teams of the Company demonstrated their achievements of 2020 QC activities.

The evaluation panel consisting of 15 experts selected two first prizes, four second prizes and two best release prizes, and recommended these achievements to Jiangsu Electric Power Industry Association.

It is worth mentioning that the conference released 11 innovative achievements, which have hit a record high and been applied to production process with good results. Since the first QC achievement release conference in 1997, Changshu Power Company has carried out QC team activities for 24 consecutive years, encouraging the employees to carry out innovative and efficient activities around actual production. In 2020, the Company won 8 utility model patents, 1 national power industry achievement award, and 8 Jiangsu power industry awards.
