

Wuling Power Generation Company Signs New Energy Cooperation Agreement with Jixi Municipal Government

On July 26, 2021, Mr. Xia Gang, General Manager of Wuling Power Generation Company, met with Mr. Lu Changyou, Deputy Party Secretary and Mayor of Jixi Municipal Government, and Mr. Hu Tianbao, Chairman of Harbin Lijing New Energy Development Co., Ltd. and AWPI New Energy Development (Heilongjiang) Co., Ltd., to jointly witness the signing of the cooperation framework agreement on developing a new energy demonstration base in Mishan City, Jixi.

According to the agreement, Wuling Power Generation Company will give full play to its strong advantages in green energy, and build a new energy demonstration base in Jixi City. The base will include wind power projects, photovoltaic tree manufacturing base, power source and incremental distribution network in Mishan Development Zone, clean energy transmission, energy storage, and hydrogen production projects.

At the meeting, Mr. Xia said that Wuling Power Generation Company will work with Jixi Municipal Government to explore more development opportunities and strengthen practical cooperation, so as to boost the economic and social development of Jixi City as well as the development of Wuling Power Generation Company.
