

## **CPID and Golden Sun Energy Group Sign Strategic Cooperation Framework Agreement**

On November 12, 2021, Mr. Zhao Yonggang, Vice President of CPID, and Mr. Wang Bufeng, Chairman of Golden Sun Energy Group, signed a strategic cooperation framework agreement in Weishan County, Shandong Province.

Mr. Zhao introduced the achievements of CPID in clean energy development in recent years and its future development direction, and said that CPID would further innovate cooperation ideas and modes and promote the development of new energy according to the new strategy. He hoped to establish long-term partnership with Golden Sun Energy Group in new energy development to achieve win-win cooperation and common development.

Mr. Wang expressed his gratitude for the support and trust given by CPID, and briefly introduced the development history, business model, core technology, talent advantages and future development ideas of Golden Sun Energy Group in the energy industry, and was looking forward to the in-depth cooperation with CPID in multiple fields.

Both sides also had an in-depth exchange and discussion on the future cooperation direction and cooperation mode, and reached a consensus on cooperation. Both sides expressed that they would set up a cooperation promotion team as soon as possible, give full play to their respective technical and resource advantages, carry out all-round, wide-field and multi-level cooperation in wind power, PV power, hydrogen energy, energy storage, battery swap for heavy trucks, etc., accelerate the implementation of projects, and promote the sustainable and high-quality development of both sides, so as to realize mutual benefits and win-win situation.

The relevant personnel from the Development Department of CPID, Yaomeng Power Generation Company and Golden Sun Energy Group attended the signing ceremony.
