

## **Gao Ping attends groundbreaking ceremony of Macheng 1000 MW Class renewable energy project and symposium on high-quality development of Macheng energy industry**

On November 25, 2021, Mr. Zhang Jiasheng, Secretary of CPC Huanggang Municipal Committee, and Mr. Gao Ping, Executive Director and President of CPID, were invited to attend the groundbreaking ceremony of Macheng 1000 MW Class Multi-Energy Complementary Renewable Energy Base Project.

Mr. Wang Guobing, Secretary of CPC Macheng Municipal Committee, gave a keynote report on the project. Mr. Gao witnessed the commencement of the project, and exchanged views with Mr. Zhang Jiasheng on clean energy mix optimization and rural revitalization.

During his stay in Macheng, Mr. Gao paid a visit to Zhaozhi Modern Agricultural Science and Technology Co., Ltd. and Macheng Industrial Park, and attended the symposium on high-quality development of Macheng energy industry.

At the symposium, Mr. Wang Guobing expressed his gratitude to CPID for its great contributions to Macheng's economic development for a long time, introduced the natural resource advantages and development characteristics of Macheng, and sincerely invited CPID to increase investment in Macheng to support the building of a demonstration base for comprehensive energy utilization in Dabieshan area.

Mr. Gao Ping expressed his gratitude to CPC Macheng Municipal Committee and Macheng Municipal Government, and especially Dabieshan Power Plant for their long-term support for CPID, and recognized the two sides' efforts in maintaining a long-term sound government-enterprise relationship. He hoped that CPC Macheng Municipal Committee and Macheng Municipal Government would continue their support to the 1000 MW Class Multi-Energy Complementary Renewable Energy Base Project, and the project would be built into an engineering and management benchmark and a model of innovation in new energy. CPID would uphold the philosophy of "Lower Carbon Empower Better Life", deepen the cooperation with Macheng on new energy projects, and work together with CPC Macheng Municipal Committee and Macheng Municipal Government to drive the high-quality economic development of Dabieshan, an old revolutionary base area, and achieve win-win results among government, enterprise, and people.
