

## Mr. He Xi Meets with Mr. Liu Ke'an, GM of CRRC Zhuzhou Institute

On December 16, 2021, Mr. He Xi, Chairman of CPID and Chief Engineer (New Energy) of SPIC, met with Mr. Liu Ke'an, GM of CRRC Zhuzhou Institute Co., Ltd.

Mr. He welcomed the visit of Mr. Liu and his delegation, and introduced the construction achievements, typical cases and professional advantages of CPID in the fields of PV power, wind power, energy storage, green electric transportation, battery swap for heavy trucks, integrated intelligent energy and county-wide rural development. Mr. He pointed out that CRRC Zhuzhou Institute had advanced research achievements, powerful talent and technology reserves as well as the advantages of mature business layout at home and abroad, and CPID was willing to establish long-term cooperation mechanism with CRRC Zhuzhou Institute to further deepen cooperation and build a new high ground for new energy business development at home and abroad.

Mr. Liu expressed his gratitude for Mr. He's welcome, and introduced the talent reserves, equipment and technology advantages and business segments of CRRC Zhuzhou Institute. Mr. Liu expressed his willingness to fully exert the advanced technology advantages of CRRC Zhuzhou Institute in the field of scientific research and the advantages of many localized resources at home and abroad, and strengthen cooperation with CPID on the implementation of the "3060" target, green energy and science and technology, to achieve mutual benefits and win-win results.

Mr. Gao Ping, Executive Director and President of CPID, Mr. Xue Xinchun, Deputy President of CPID, and Mr. Zhao Yonggang, Vice President of CPID attended the meeting.
