

Mr. He Xi Meets with Mr. Lu Yichuan, Chairman of CNE

On December 16, 2021, Mr. He Xi, Chairman of CPID and Chief Engineer (New Energy) of SPIC, and Mr. Gao Ping, Executive Director and President of CPID, met with Mr. Lu Yichuan, Chairman of Concord New Energy Group Limited (CNE).

Mr. He welcomed Mr. Lu and his delegation, and briefly introduced the basic situation of CPID and its development achievements in clean energy, integrated intelligent energy and distributed PV power. Mr. He said that new energy was speeding up towards the development of intelligent O&M with the rapid development of new energy and the demand for high-quality development, and CPID was willing to further give full play to its capital and brand advantages, and deepen the cooperation with CNE on integrated intelligent energy, distributed PV power O&M management as well as capital and technology, to achieve mutual benefits and win-win results.

Mr. Lu introduced the advantages of CNE in terms of management capacity and technical team as well as the development direction in O&M. Mr. Lu expressed his desire for a close and long-term strategic partnership with CPID, to further develop practical cooperation, achieve mutual benefits and win-win results, and promote the high-quality development of new energy.
