

## **CPID Wins BDO ESG Award 2022**

On May 19, 2022, BDO, the world's fifth largest accounting firm, announced the winners of the BDO ESG Awards 2022. CPID stood out as the winner of the Best in Reporting Awards Main Board – Middle Market Capitalization for 2022.

The BDO ESG Awards, planned by BDO Hong Kong in 2018, are the first awards in Hong Kong to encourage companies to pay more attention to social responsibility and sustainable development. The awards include the Best in ESG Awards and the Best in Reporting Awards, with the latter encouraging companies to report on a broader range of business related to overall sustainability, prompting companies to pay more attention to the social and environmental impact of their activities.

The theme of the BDO ESG Awards 2022 is "Carbon Neutrality", aiming to encourage companies to actively address global warming, fulfill their corporate responsibility and adopt a business model that reduces carbon emissions, and recognize outstanding companies that have made positive impact in Environmental, Social and Governance (ESG). The winners are

selected by a panel of judges consisting of representatives from various industries including the Hong Kong Management Association, the Chamber of Hong Kong Listed Companies, WWF-Hong Kong, the Hong Kong Corporate Governance Association and the World Green Organization.
