

Mr. Shou Rufeng Visits Sanbao Coal Mine in Guizhou

Recently, Mr. Shou Rufeng, Vice President of CPID, visited Sanbao Coal Mine in Qinglong County, Qianxinan Prefecture, Guizhou Province, and had a discussion with Mr. Huang Hua, Vice Governor of Qianxinan Prefecture, Mr. Ao Jin, Director of Supervision and Enforcement Department of Guizhou Mine Safety Supervision Bureau, Mr. Wang Jian, Director of Qianxinan Energy Bureau, and Mr. Duan Peng, Party Secretary of Qinglong County.

Mr. Zhao Minghua, Chairman of Sanbao Coal Mine, welcomed Mr. Shou and his delegation, expressed his heartfelt gratitude for CPID's continuous support to Sanbao Coal Mine, and introduced in detail the basic situation of Sanbao Coal Mine and its future development plan.

Mr. Wang Jian introduced the status quo of coal market, the development plans for coal-fired power and new energy in Qianxinan, and the current policies related to coal-power joint venture and coal power and renewable energy joint venture in Guizhou Province.

Mr. Shou expressed his gratitude to the local governments for their long-standing support to Pu'an Power Generation Company, and expected their full support for the cooperation between Pu'an Power Generation Company and Sanbao Coal Mine, to create a "model of central enterprise + private enterprise", "model of domestic and foreign capital cooperation" and "model of coal-power joint venture". Also, Mr. Shou expected close cooperation in new energy, integrated smart energy, energy storage, rural revitalization, etc.

Mr. Huang Hua spoke highly of the close partnership between Pu'an Power Generation Company and Sanbao Coal Mine. He said that the coal-power joint venture is in line with the national and Guizhou provincial policies, and that the local government would fully support and promote the cooperation, hoping that CPID and Anbao Energy would complement each other, increase benefits, and promote high-quality development of the coal-fired power industry.
