

## CPID Signs Strategic Cooperation Agreement with Wujo Group

Recently, Mr. He Xi, Chief Engineer (New Energy) of SPIC and Chairman of CPID, met with Mr. Xiao Anjiang, Chairman of Wujo Group, and his delegation at CPID's headquarters. Mr. He and Mr. Xiao witnessed the signing of the strategic cooperation agreement between CPID and Wujo Group. Mr. Zhao Yonggang, Vice President of CPID, and Mr. Xiao Zhijun, Vice Chairman and President of Wujo Group, attended the signing ceremony.

Mr. He welcomed Mr. Xiao and his delegation, and briefly introduced the development history and industrial layout of CPID. Mr. He said that both sides should establish flexible cooperation mechanisms from the perspective of promoting national strategies, and contribute to China's "3060" target and energy development. Mr. He expressed that CPID would give full play to its resources and platform advantages in new energy+, energy storage, green electric transportation, rural revitalization, etc. to support closer, extensive cooperation between the two sides.

Mr. Xiao expressed his gratitude for CPID's warm welcome, introduced Wujo's basic situation, key investment areas, and main businesses such as high-end photosensitive film and titanium production, and expressed Wujo's desire to enter the new energy services field. Mr. Xiao said that the comprehensive development of clean energy and supporting industries is an important part of achieving the "3060" target and offers a promising opportunity.

Both sides agreed to set up a platform for clean energy development, energy transition,

rural revitalization, energy storage and industrial model innovation, accelerate the cooperation projects, make full use of the industrial advantages of both sides, and contribute to China's "3060" target.
