y = the Conversion Price applicable on the relevant Exercise Date

- 5.2 No fraction of a Share shall be issued on conversion of this Bond. Fractional entitlements shall be ignored and any sum paid in respect thereof shall be retained by the Company for its own benefit. 6.2 Provided always that the notice to redeem under Condition 6.1 shall not be served (and if served shall be ineffectual) one (1) month prior to the Maturity Date.

7. **ADJUSTMENTS**

7.1 Subject as hereinafter provided, the Conversion Price shall from time to time be adjusted in accordance with the following relevant provisions:

- (a) If and whenever the Shares by reason of any consolidation or sub-division become of a different nominal amount, the Conversion Price in force immediately prior thereto shall be adjusted by multiplying it by the following fraction:

$$\frac{A}{B}$$

where:

A = the revised nominal amount; and

B = the former nominal amount.

Each such adjustment shall be effective from the close of business in Hong Kong on the day immediately preceding the date on which the consolidation or sub-division becomes effective.

- (b) If and whenever the Company shall issue (other than in lieu of a cash dividend) any Shares credited as fully paid by way of capitalization of profits or reserves (including any share premium account or capital redemption reserve fund), the Conversion Price in force immediately prior to such issue shall be adjusted by

multiplying it by the following fraction:

$$\frac{C}{C + D}$$

where:

C = the aggregate nominal amount of the issued Shares immediately before such issue; and

D = the aggregate nominal amount of the Shares issued in such capitalization.

Each such adjustment shall be effective (if appropriate retroactively) from the commencement of the day next following the record date for such issue.

- (c) If and whenever the Company shall make any Capital Distribution (as defined in Condition 7.2) (except where, and to the extent that, the Conversion Price falls to be adjusted under sub-paragraph (b) above) to holders (in their capacity as such) of Shares (whether on a reduction of capital or otherwise) or shall grant to such holders rights to acquire for cash assets of the Company or any of its subsidiaries, the Conversion Price in force immediately prior to such distribution or grant shall be adjusted by multiplying it by the following fraction:-

$$\frac{E - F}{E}$$

where:

E = the market price (as defined in Condition 7.2) on the date on which the Capital Distribution or, as the case may be, the grant is publicly announced or (failing any such announcement) next preceding the date of the Capital Distribution or, as the case may be, of the grant; and

F = the fair market value on the day of such announcement or (as the case may require) the next preceding day, as determined in good faith by an approved merchant bank or auditors of the Company for the time being, of the portion of the Capital Distribution or of such rights which is attributable to one Share;

Provided that:

- (i) if in the opinion of the relevant approved merchant bank or auditors of

the Company (as the case may be), the use of the fair market value as aforesaid produces a result which is significantly inequitable, it may instead determine, and in such event the above formula shall be construed as if F meant the amount of the said market price which should properly be attributed to the value of the Capital Distribution or rights; and

- (ii) the provisions of this sub-paragraph (c) shall not apply in relation to the issue of Shares paid out of profits or reserves and issued in lieu of a cash dividend.

Each such adjustment shall be effective (if appropriate retroactively) from the commencement of the day next following the record date for the Capital Distribution or grant.

- (d) If and whenever the Company shall after the date hereof offer to holders of Shares new Shares for subscription by way of rights, or shall grant to holders of Shares any options, warrants or other rights to subscribe for or purchase any Shares, the Conversion Price shall be adjusted by multiplying the Conversion Price in force immediately before the date of the announcement of such offer by the following fraction:-

$$\frac{G + \frac{H \times I}{J}}{G + H}$$

where:-

G = the number of Shares in issue immediately before the date of such announcement;

H = the aggregate number of Shares so offered for subscription;

I = the amount (if any) payable for the rights, options or warrants or other rights to subscribe for each new Share, plus the subscription price payable for each new Share;

J = the greater of either the closing price per Share on the trading day immediately prior to such announcement or the Conversion Price in effect immediately prior to the trading day immediately prior to such announcement.

Such adjustment shall become effective (if appropriate retroactively) from the

commencement of the day next following the record date for the offer.

- (i) If and whenever the Company shall issue wholly for cash any securities which by their terms are convertible into or exchangeable for or carry rights of subscription for new Shares, and the Total Effective Consideration per Share (as defined below in this sub-paragraph (d)) initially receivable for such securities is less than the greater of either the closing price per Share at the date of the announcement of the terms of issue of such securities or the Conversion Price in effect immediately prior to the date of the announcement of the terms of issue of such securities (for the purpose of this section (i), the “**Applicable Price**”), the Conversion Price shall be adjusted by multiplying the Conversion Price in force immediately prior to the issue by a fraction of which the numerator is the number of Shares in issue immediately before the date of the issue plus the number of Shares which the Total Effective Consideration receivable for the securities issued would purchase at the Applicable Price and the denominator is the number of Shares in issue immediately before the date of the issue plus the number of Shares to be issued upon conversion or exchange of, or the exercise of the subscription rights conferred by, such securities, at the initial conversion or exchange rate or subscription price. Such adjustment shall become effective (if appropriate retrospectively) from the close of business in Hong Kong on the Business Day next preceding whichever is the earlier of the date on which the issue is announced and the date on which the Company determines the conversion or exchange rate or subscription price.
- (ii) If and whenever the rights of conversion or exchange or subscription attached to any such securities as are mentioned in section (i) of this sub-paragraph (d) are modified so that the Total Effective Consideration (as defined below in this sub-paragraph (d)) per Share initially receivable for such securities shall be less than the greater of either the closing price per Share at the date of announcement of the proposal to modify such rights of conversion or exchange or subscription or the Conversion Price in effect immediately prior to the date of announcement of the proposal to modify such rights of conversion or exchange or subscription (for the purpose of this section (ii), the “**Applicable Price**”), the Conversion Price shall be adjusted by multiplying the Conversion Price in force immediately prior to such modification by a fraction of which the numerator is the number of Shares in issue immediately before the date of such modification plus the number of Shares which the Total Effective Consideration receivable for the securities issued at the modified conversion price would purchase at the Applicable Price and of which the denominator is the number of Shares in issue immediately before such date of modification plus the number of Shares to be issued upon conversion or exchange of or the exercise of the subscription rights conferred by such securities at the modified conversion or exchange rate or subscription price, such adjustment shall take effect as at the date upon which such modification taken effect. A right of conversion or

exchange or subscription shall not be treated as modified for the foregoing purposes where it is adjusted to take account of rights or capitalization issues and other events normally giving rise to adjustment of conversion or exchange terms.

For the purposes of this sub-paragraph (d), the “**Total Effective Consideration**” receivable for the securities issued shall be deemed to be the consideration receivable by the Company for any such securities plus the additional minimum consideration (if any) to be received by the Company upon (and assuming) the conversion or exchange thereof or the exercise of such subscription rights, and the Total Effective Consideration per Share initially receivable for such securities shall be such aggregate consideration divided by the number of Shares to be issued upon (and assuming) such conversion or exchange at the initial conversion or exchange rate or the exercise of such subscription rights at the initial subscription price, in each case without any deduction for any commissions, discounts or expenses paid, allowed or incurred in connection with the issue.

- (e) If and whenever the Company shall issue wholly for cash any Shares at a price per Share which is less than the greater of either the closing price per Share at the date of the announcement of the terms of such issue or the Conversion Price in effect immediately prior to the date of the announcement of the terms of such issue (for the purpose of this sub-paragraph (e), the “**Applicable Price**”), the Conversion Price shall be adjusted by multiplying the Conversion Price in force immediately before the date of such announcement by a fraction of which the numerator is the number of Shares in issue immediately before the date of such announcement plus the number of Shares which the aggregate amount payable for the issue would purchase at the Applicable Price and the denominator is the number of Shares in issue immediately before the date of such announcement plus the number of Shares so issued. Such adjustment shall become effective on the date of the issue.
- (f) If and whenever the Company shall issue Shares for the acquisition of assets at a Total Effective Consideration per Share (as defined below in this sub-paragraph (f)) which is less than the greater of either the closing price per Share at the date of the announcement of the terms of such issue or the Conversion Price in effect immediately prior to the date of the announcement of the terms of such issue, the Conversion Price shall be adjusted in such manner as may be determined by an approved merchant bank or the auditors of the Company, such adjustment to become effective on the date of issue.

For the purposes of this sub-paragraph (f), **“Total Effective Consideration”** shall be the aggregate consideration credited as being paid for such Shares by the Company on acquisition of the relevant asset without any deduction of any commissions, discounts or expenses paid, allowed or incurred in connection with the issue thereof, and the **“Total Effective Consideration per Share”** shall be the Total Effective Consideration divided by the number of Shares issued as aforesaid.

Any dividend charged or provided for in the accounts for any financial period shall (whenever paid and however described) be deemed to be a Capital Distribution provided that any such dividend shall not automatically be so deemed if it is paid out of the aggregate of the net profits (less losses) attributable to the holders of Shares for all financial periods as shown in the audited consolidated profit and loss account of the Company and its subsidiaries for each financial period ended 31 December;

“issue” shall include allot;
