MANAGEMENT DISCUSSION & ANALYSIS

FINANCIAL REVIEW

Global Mastermind Holdings Limited (the “Company”) and its subsidiaries (collectively, the “Group”) recorded a loss attributable to owners of the Company of HK\$20,284,000 for the six months ended 30 June 2017 (for the six months ended 30 June 2016: HK\$33,834,000), representing basic loss per share of HK 0.57 cent (for the six months ended 30 June 2016: HK1.88 cents). The decrease in loss attributable to owners of the Company was mainly contributed by the increase in interest income derived by money lending business; the absence of impairment loss on available-for-sale investments; and the net realized gain on securities investment during the six months ended 30 June 2017.

Revenue and profitability

For the six months ended 30 June 2017, the consolidated revenue of the Group amounted to HK\$24,438,000 (30 June 2016: HK\$18,415,000) comprised of (i) service income from provision of travel related products and services of HK\$16,120,000 (30 June 2016: HK\$18,691,000); (ii) interest income from money lending business of HK\$7,163,000 (30 June 2016: HK\$2,353,000); and (iii) net realized gain on securities investment of HK\$1,155,000 (30 June 2016: net realized loss of HK\$2,629,000), representing an increase of 32.7% as compared to the corresponding period of last year. The increase was mainly contributed by interest income derived by money lending business and the net realized gain on securities investment.

The revenue arising from travel business in Singapore consists of agency commission and service income (both from customers and suppliers) generated from the provision of travel related products and services, including airtickets, hotel rooms, Free Independent Traveler (“FIT”) packages and ground transportation handling services.

Corporate customers are business travelers who require travel products and services for their travel purposes. Wholesale customers are usually travel services providers who purchase airtickets, hotel rooms, FIT packages and other travel related products. Meetings, Incentives, Conventions and Exhibitions (“MICE”) customers refer to customers who are mainly corporate customers, convention organizers and special projects organizers who require one stop professional MICE/special project/event management services.

The revenue arising from travel agency operation in Hong Kong consists of rendering travel agency services related to air ticketing and air/hotel packages.

For the six months ended 30 June 2017, approximately 66.0 % or HK\$16,120,000 (for the six months ended 30 June 2016: HK\$18,691,000) of the total revenue was derived from the provision of travel related products and services of which HK\$14,800,000 (for the six months ended 30 June 2016: HK\$17,921,000) and HK\$1,320,000 (for the six months ended 30 June 2016: HK\$770,000) was generated from the market in Singapore and Hong Kong respectively.

The interest income revenue derived from the provision of money lending services amounted to HK\$7,163,000 for the six months ended 30 June 2017 (for the six months ended 30 June 2016: HK\$2,353,000), representing approximately 29.3 % of the total revenue.

For treasury management business, net realized gain of HK\$1,155,000 was generated from securities investment (30 June 2016: net realized loss of HK\$2,629,000), representing approximately 4.7% of the total revenue for the six months ended 30 June 2017.

Other income

Other income for the six months ended 30 June 2017 amounted to HK\$3,703,000 representing an increase of 68.8% as compared to HK\$2,194,000 for the corresponding period of last year. Such increase was mainly contributed by the increase in management and administrative income and incentive income.

Expenditure

For the reporting period, staff costs amounted to HK\$24,699,000 (for the six months ended 30 June 2016: HK\$21,081,000). Depreciation and amortization expenses amounted to HK\$4,952,000 (for the six months ended 30 June 2016: HK\$4,795,000). Other expenses amounted to HK\$8,424,000 (for the six months ended 30 June 2016: HK\$8,480,000).

The increase in 17.2% in staff costs was mainly attributed to the provision of share option expense of HK\$4,132,000 for the share options granted to a director, certain senior management and employees during the period under review.

Share of profit of a joint venture

On 30 July 2013, the Group entered into an agreement with a venturer to form a joint venture which principally engages in the business of operating as tours and travel agents in Malaysia at a cash consideration of HK\$14 million and the transaction was completed on 31 August 2013. Since then, the Group has been entitled to receive a management fee which was equivalent to 90% of the profit before taxation of its Malaysia travel business.

During the three months ended 30 June 2017, the Group shared a loss of HK\$168,000 from the joint venture. Adding the profit of HK\$187,000 shared by the Group from the joint venture for the three months ended 31 March 2017, the Group shared a profit from the joint venture amounting to HK\$19,000 for the six months ended 30 June 2017 (for the six months ended 30 June 2016: HK\$26,000).

Impairment loss on intangible assets

The management performs regular review on the carrying values of intangible assets of the acquired business to determine any potential impairment loss.

During the period under review, the Group recognised an impairment loss on the intangible assets, which were purchased as part of the acquisition of Safe2Travel Pte Ltd completed on 30 March 2011 and was recognised as their fair value at the date of acquisition, amounting to HK\$10,000,000 (for the six months ended 30 June 2016: HK\$8,000,000). Such impairment loss on intangible assets was calculated based on the recoverable amounts of the cash generating units (“CGUs”) of the trade name in the travel business in Singapore. The recoverable amounts of the CGUs were based on their value in use and were determined with the assistance of Ascent Partners Valuation Service Limited (“Ascent Partners”), an independent professional qualified valuer not connected to the Group.

The finance costs of HK\$306,000 (for six months ended 30 June 2016: HK\$125,000) was attributed to the interest on short term bank borrowings and bank overdrafts during the reporting period.

BUSINESS REVIEW

Travel business

During the period under review, the performance of the segment in travel business was still not satisfactory. Although the travel business in Hong Kong recorded an increase in revenue to HK\$1,320,000 for the six months ended 30 June 2017 (for the six months ended 30 June 2016: HK\$770,000), fierce competition in the industry exerted pressure on the Group's travel business in Singapore led to a decrease in the revenue of travel business in Singapore to HK\$14,800,000 for the six months ended 30 June 2017 (for the six months ended 30 June 2016: HK\$17,921,000).

Money lending business

During the reporting period, the Group's money lending business generated interest income on loans of HK\$7,163,000 (for the six months ended 30 June 2016: HK\$2,353,000). The increase was attributable to the increase in the average monthly balance of loan receivables. The average monthly balance of loan receivables increased from HK\$89,500,000 in the six months ended 30 June 2016 to HK\$160,668,000 in the six months ended 30 June 2017. During the period under review, the Group granted new loans in the aggregate principal amount of HK\$64,126,000 to its customers and received prepayment and repayment of HK\$34,450,000 from its customers. At the end of the reporting period, the directors assessed the collectability of loans receivables. As there was no objective evidence that the Group would not be able to collect all amounts due, no impairment loss on loans receivables was recognised. As at 30 June 2017, the Group's loans receivables together with accrued interest receivables amounted to HK\$160,127,000 (for the six months ended 30 June 2016: HK\$120,512,000). Return on loans receivables for the six months ended 30 June 2017 is 4.5% (for the six months ended 30 June 2016: 2.6%).

Adding the dividend income from securities investment of HK\$134,000 (for the six months ended 30 June 2016: HK\$222,000), the Group's trading of financial assets at fair value through profit or loss recorded a net realised gain of HK\$1,155,000 (for the six months ended 30 June 2016: a net realised loss of HK\$2,629,000). At 30 June 2017, the Group remeasured its equity portfolio at market prices and recorded an unrealised loss of HK\$925,000 (for the six months ended 30 June 2016: an unrealised loss of HK\$2,644,000) arising on change in fair value of financial assets at fair value through profit or loss.

NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

FOR THE SIX MONTHS ENDED 30 JUNE 2017

1. BASIS OF PREPARATION

The condensed consolidated financial statements have been prepared in accordance with Hong Kong Accounting Standard 34 (“HKAS 34”) “Interim Financial Reporting” issued by the Hong Kong Institute of Certified Public Accountants (“HKICPA”) as well as with the applicable disclosure requirements of Chapter 18 of the Rules Governing the Listing of Securities on the Growth Enterprise Market of The Stock Exchange of Hong Kong Limited (the “GEM Listing Rules”). The condensed consolidated financial statements do not include all the information required for a complete set of Hong Kong Financial Reporting Standards financial statements and should be read in conjunction with the Group’s annual consolidated financial statements for the year ended 31 December 2016.

1A. SIGNIFICANT EVENT AND TRANSACTION IN THE CURRENT INTERIM PERIOD

During the six months ended 30 June 2017, the directors of the Company consider that the following event and transaction that have occurred since the end of last annual reporting period have had a significant impact on the Group’s current interim financial position and performance:

As of 30 June 2017, the management reviewed the current and expected performance of the travel business which indicated that the carrying amounts of the cash generating units were above the respective recoverable amounts. On this basis, the directors of the Company concluded that an impairment loss of HK\$10,000,000 (for the year ended 31 December 2016: HK\$19,000,000) was recognised during the six months ended 30 June 2017. Details of the impairment testing are disclosed in note 14.

2. PRINCIPAL ACCOUNTING POLICIES

The accounting policies and methods of computation used in the condensed consolidated financial statements for the six months ended 30 June 2017 are consistent with those followed in the preparation of the Group's annual financial statements for the year ended 31 December 2016.

The condensed consolidated financial statements have been prepared under the historical cost basis, except for certain financial instruments, which are measured at fair values, as appropriate.

In the current interim period, the Group has applied, for the first time, the following amendments to Hong Kong Financial Reporting Standards ("HKFRSs") issued by the HKICPA:

Amendments to HKAS 7	Disclosure initiative
Amendments to HKAS 12	Recognition of deferred tax assets for unrealised losses
Amendments to HKFRSs	Annual improvements to HKFRSs 2014 – 2016 cycle: HKFRS 12 Disclosure of interests in other entities

Amendments to HKAS 7 "Disclosure initiative"

The amendments require an entity to provide disclosures that enable users of financial statements to evaluate changes in liabilities arising from financing activities including both changes arising from cash flows and non-cash changes. Specially, the amendments require the following changes in liabilities arising from financing activities to be disclosed: (i) changes from financing cash flows; (ii) changes arising from obtaining or losing control of subsidiaries or other businesses; (iii) the effect of changes in foreign exchange rates; (iv) changes in fair values; and (v) other changes.

The application of the amendments will result in additional disclosures on the Group's financing activities, specifically reconciliation between the opening and closing balances in the consolidated statement of financial position for liabilities arising from financing activities will be provided on application.

The adoption will result in relevant disclosures in the Group's annual consolidated financial statements for the year ending 31 December 2017.

The application of the other amendments to HKFRSs in the current interim period has had no material effect on the amounts reported in the condensed consolidated financial statements and/or disclosures set out in the condensed consolidated financial statements.

Note: Since there was no bonus element included in the rights issue (note 20(a)), no adjustment was applied to the loss per share in this regard.

The computation of diluted loss per share for the six months ended 30 June 2017 does not assume the conversion of the Company's outstanding share options as at 30 June 2017 since their assumed exercise would result in a decrease in loss per share.

Diluted loss per share for the six months ended 30 June 2016 was not presented as there were no dilutive potential ordinary shares in issue during the period.

13. PROPERTY, PLANT AND EQUIPMENT

During the six months ended 30 June 2017, the Group acquired property, plant and equipment for a cash consideration of HK\$2,253,000 (for the six months ended 30 June 2016: HK\$136,688,000) mainly for acquisitions of leasehold improvements and computer equipment (for the six months ended 30 June 2016: office premise).

14. INTANGIBLE ASSETS *(Continued)*

The intangible assets were purchased as part of the acquisition of the Safe2Travel Pte Ltd in prior years and were recognised at their fair values at the date of acquisition.

For the impairment testing, trade name is allocated to the Group's cash generating units ("CGUs") identified according to business segment which is the travel business segment.

The recoverable amount of the travel business's CGUs was based on its value in use and was determined with the assistance of Ascent Partners Valuation Service Limited, an independent professional qualified valuer not connected with the Group. The calculation uses cash flow projections based on financial budgets approved by management covering a five-year period, and at a discount rate of 16.01% (31 December 2016: 15.37%). Cash flows after the five-year period were extrapolated using a 1.75% (31 December 2016: 2.45%) terminal growth rate in considering the economic condition of the market.

Other key assumptions for the value in use calculations relate to the estimation of cash inflows which include budgeted sales and gross margin. Such estimation is based on the unit's past performance and management's expectations for the market development including the fluctuation in the travel business in the current economic environment. Both actual sales and profit generated from the travel business segment in Singapore have fallen below expectation, and therefore the management has revised the cash flow projections.

As of 30 June 2017, the management reviewed the current and expected performance of the travel business which indicated that the carrying amounts of the CGUs were above the respective recoverable amounts. On this basis, the directors of the Company concluded that an impairment loss of HK\$10,000,000 was recognised during the six months ended 30 June 2017 (for the six months ended 30 June 2016: HK\$8,000,000). The impairment loss was allocated to the trade name of HK\$10,000,000 (for the six months ended 30 June 2016: the trade name of HK\$6,458,000 and the customer relationship of HK\$1,542,000 on a pro-rata basis) and is presented on the face of condensed consolidated statement of profit or loss and other comprehensive income.
