## **MANAGEMENT DISCUSSION & ANALYSIS**

### **FINANCIAL REVIEW**

The Group recorded loss attributable to owners of the Company of HK\$4,346,000 for the three months ended 31 March 2017 (for the three months ended 31 March 2016: HK\$22,461,000), representing basic loss per share of HK0.12 cent (for the three months ended 31 March 2016: basic loss per share of HK1.73 cents). The decrease in loss attributable to owners of the Company was mainly contributed by the increase in interest income derived by money lending business; the absence of impairment loss on available-for-sale investments; and the positive results on securities investment during the three months ended 31 March 2017.

#### **Revenue and profitability**

For the three months ended 31 March 2017, the consolidated revenue of the Group amounted to HK\$11,472,000 (31 March 2016: HK\$7,075,000), comprised of (i) service income from provision of travel related products and services of HK\$7,870,000 (31 March 2016: HK\$9,230,000); (ii) interest income from money lending business of HK\$3,112,000 (31 March 2016: HK\$316,000); and (iii) net realised gain on securities investment of HK\$490,000 (31 March 2016: net realised loss of HK\$2,471,000), representing an increase of about 62.1% as compared to the corresponding period of last year. The increase was mainly contributed by interest income derived by money lending business and the net realised gain on securities investment.

The revenue arising from travel business consists of agency commission and service income (both from customers and suppliers) generated from the provision of travel related products and services, including air-tickets, hotel rooms, Free Independent Traveler (“FIT”) packages and ground transportation handling services.

Corporate customers are business travelers who require travel products and services for their travel purposes. Wholesale customers are usually travel services providers who purchase air-tickets, hotel rooms, FIT packages and other travel related products. Meetings, Incentives, Conventions and Exhibitions (“MICE”) customers refer to customers who are mainly corporate customers, convention organizers and special projects organizers who require one stop professional MICE/special project/event management services.

The revenue arising from travel agency operation in Hong Kong consists of rendering travel agency services related to air ticketing and air/hotel packages.

During the period under review, approximately 68.6% or HK\$7,870,000 (for the three months ended 31 March 2016: HK\$9,230,000) of the total revenue was derived from the provision of travel related products and services of which HK\$7,507,000 (for the three months ended 31 March 2016: HK\$8,883,000) and HK\$363,000 (for the three months ended 31 March 2016: HK\$347,000) was generated from the market in Singapore and Hong Kong respectively.

The interest income revenue derived from the provision of money lending services amounted to HK\$3,112,000 during the period under review (for the three months ended 31 March 2016: HK\$316,000), representing approximately 27.1% of the total revenue.

For treasury management business, net realized gain of HK\$490,000 was generated from securities investment (31 March 2016: net realised loss of HK\$2,471,000).

### **Other income**

Other income for the three months ended 31 March 2017 amounted to HK\$2,345,000, representing an increase of 45.9% as compared to HK\$1,607,000 for the corresponding period of last year. Such increase was mainly contributed by increase in management and administrative income and incentive income.

## **Expenditure**

For the reporting period, staff costs amounted to HK\$11,136,000 (for the three months ended 31 March 2016: HK\$11,757,000). Depreciation and amortisation expenses amounted to HK\$3,417,000 (for the three months ended 31 March 2016: HK\$2,423,000). Other expenses amounted to HK\$3,776,000 (for the three months ended 31 March 2016: HK\$4,178,000).

## **Share of profit of a joint venture**

On 30 July 2013, the Group entered into an agreement with a venturer to form a joint venture which principally engages in the business of operating as tours and travel agents in Malaysia at a cash consideration of HK\$14 million and the transaction was completed on 31 August 2013. Since then, the Group has been entitled to receive a management fee which was equivalent to 90% of the profit before taxation of its Malaysia travel business.

During the three months ended 31 March 2017, the Group shared a profit from the joint venture amounting to HK\$187,000 (for the three months ended 31 March 2016: HK\$17,000).

## **Finance costs**

The finance costs of HK\$121,000 (for the three months ended 31 March 2016: HK\$5,000) was attributed to the interest on short term bank borrowings and bank overdrafts during the reporting period.

## BUSINESS REVIEW

### Travel business

During the period under review, the performance of the segment in travel business was not satisfactory. Fierce competition in the industry exerted pressure on the Group's travel business in Singapore led to a decrease in the revenue of travel business to HK\$7,870,000 in the current period (for the three months ended 31 March 2016: HK\$9,230,000).

### Money lending business

#### ***Discloseable transaction in relation to the provision of financial assistance***

On 9 March 2017, a loan agreement was entered into between Global Mastermind Financial Services Limited ("Global Mastermind Financial Services"), an indirect wholly-owned subsidiary of the Company, as lender and an independent third party, as borrower, pursuant to which Global Mastermind Financial Services had conditionally agreed to grant a revolving loan facilities up to a principal amount of HK\$50 million to the borrower for a term of 12 months from the date on which the loan agreement becoming unconditional with an interest rate of 10% per annum. As all of the relevant applicable percentage ratios in respect of the grant of the facilities under the loan agreement was more than 5% but less than 25%, the grant of the facilities under the loan agreement constituted a discloseable transaction of the Company and was only subject to the announcement requirement under Chapter 19 of the GEM Listing Rules. Details of the loan agreement were set out in the Company's announcement dated 9 March 2017.

During the reporting period, the Group's money lending business generated interest income on loans of HK\$3,112,000 (for the three months ended 31 March 2016: HK\$316,000). The increase was attributable to the increase in the average monthly balance of loan receivables. The average monthly balance of loan receivables increased from HK\$60,000,000 in the three months ended 31 March 2016 to HK\$145,570,000 in the three months ended 31 March 2017. During the period under review, the Group granted new loans in the aggregate principal amount of HK\$47,126,000 to its customers and received prepayment and repayment of HK\$209,000 from its customers. At the end of the reporting period, the directors assessed the collectability of loans receivables. As there was no objective evidence that the Group would not be able to collect all amounts due, no impairment loss on loans receivables was recognised.

### **Treasury management business**

During the period under review, the Group acquired Hong Kong equities with market value of HK\$9,319,000. In addition, the Group disposed Hong Kong equities with market value of HK\$24,664,000 (for the three months ended 31 March 2016: HK\$20,347,000) with a carrying amount of financial assets at fair value through profit or loss plus transaction costs of HK\$24,174,000 (for the three months ended 31 March 2016: HK\$22,831,000). Adding the dividend income from securities investment of Nil (for the three months ended 31 March 2016: HK\$13,000), the Group's trading of financial assets at fair value through profit or loss recorded a net realised gain of HK\$490,000 (for the three months ended 31 March 2016: a net realised loss of HK\$2,471,000). At 31 March 2017, the Group remeasured its equity portfolio at market prices and recorded an unrealised gain of HK\$274,000 (for the three months ended 31 March 2016: an unrealised loss of HK\$1,744,000) arising on change in fair value of financial assets at fair value through profit or loss.

## OUTLOOK

Following the grant of licences for Securities Business and Advising on Securities Business by Securities and Futures Commission to the Group in April 2017 (details of which are set out in the section headed “EVENTS AFTER THE REPORTING PERIOD”), it is expected that the new business in financial services will be in full operation in the third quarter of 2017 and open up a new and stable income stream to the Group.

## EVENTS AFTER THE REPORTING PERIOD

On 10 April 2017, Global Mastermind Securities Limited (“Global Mastermind Securities”), an indirect wholly-owned subsidiary of the Company, was granted licences to carry on (i) dealing in securities business (operation of which is Type 1 regulated activity under the Securities and Futures Ordinance (the “SFO”), the “Securities Business”); and (ii) advising on securities business (operation of which is Type 4 regulated activity under the SFO, the “Advising on Securities Business”).

A review of quarterly financial information consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Hong Kong Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

## CONCLUSION

Based on our review, nothing has come to our attention that causes us to believe that the quarterly financial information are not prepared, in all material respects, in accordance with the basis of preparation as set out in note 1 to the quarterly financial information.

## NOTES TO THE QUARTERLY FINANCIAL INFORMATION

FOR THE THREE MONTHS ENDED 31 MARCH 2017

### 1. BASIS OF PREPARATION

The quarterly financial information has been prepared in accordance with the applicable disclosure requirements of Chapter 18 of the Rules Governing the Listing of Securities on the Growth Enterprise Market of The Stock Exchange of Hong Kong Limited. The quarterly financial information does not include all the information required for a complete set of financial statements prepared in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants (the "HKICPA") and should be read in conjunction with the Group's annual consolidated financial statements for the year ended 31 December 2016.

The principal accounting policies applied in preparing this quarterly financial information are set out in note 2.

During the year ended 31 December 2016, the directors performed a review of the content and presentation of the consolidated financial statements and considered that it is more appropriate to begin with components on revenue and income and cost of revenue and income, which would be more relevant to the understanding of users of the Group's consolidated financial statements.

Consequently, the presentation of the condensed consolidated statement of profit or loss and other comprehensive income for the three months ended 31 March 2017 has been revised and the comparatives have been revised in order to conform with the presentation adopted in the quarterly financial information. The changes in presentation of the condensed consolidated statement of profit or loss and other comprehensive income do not have any impact on the Group's loss for the period or the calculation of the Group's loss per share.

### 2. PRINCIPAL ACCOUNTING POLICIES

The amounts included in this quarterly financial information have been computed in accordance with HKFRSs issued by the HKICPA applicable to interim periods. However, it does not contain sufficient information to constitute an interim financial report as defined in HKFRSs.

The accounting policies used in the quarterly financial information for the three months ended 31 March 2017 are consistent with those followed in the preparation of the Group's annual financial statements for the year ended 31 December 2016.

The quarterly financial information has been prepared under the historical cost basis, except for certain financial instruments, which are measured at fair values, as appropriate.
