The board (the “**Board**”) of directors (the “**Directors**”) of Grand Field Group Holdings Limited (the “**Company**”, together with its subsidiaries, the “**Group**”) wish to inform the shareholders of the Company and potential investors that it is expected to record a significant increase in the loss attributable to the shareholders of the Company for the six months ended 30 June 2014 as compared with the same period last year. Such significant increase in loss was mainly attributable to (a) the provision (the “**Provision**”) made for legal costs of HK\$20 million (details please refer to page 6 of the Company’s announcement dated 23 August 2013) having considered by the Board that (i) the Judgment which is not in favour of the Company; (ii) the liability of the Company to reimburse the costs previously paid by Mr. Tsang Wai Lun Wayland on behalf of the Company incurred and occasioned by the Action; and (iii) the result of the Appeal is uncertain; (b) recognition of the fair value of the share options amounting to approximately HK\$7.96 million for the granting of share options to the directors and certain employees of the Group in May 2014; and (c) recognition of loss on changes in fair value of derivative component of convertible bonds issued by the Company of approximately HK\$3.20 million, after being valued by an independent professional valuer engaged by the Company.

The Board wishes to draw the attention of the shareholders of the Company and potential investors that the nature of the Provision is one-off and non-recurring and that the Provision may be reversed in part subject to the outcome of the Appeal. The Board considers that save for the Provision, it is not appropriate for any other provision to be made with respect to the Action. The Board further emphasis that the recognition of the fair value of the share options and loss on changes in fair value of derivative component of convertible bonds issued by the Company mentioned above are non-cash in nature which would not have impact on the operating cash flow of the Group. The Board is of the view that having taken into account the Provision, the Group remains in a healthy financial condition.

The Company is still in the process of preparing and finalising the Group's interim results for the six months ended 30 June 2014. The information contained in this announcement is only based on the Board's preliminary review of the unaudited consolidated management accounts of the Group, which have not been audited or reviewed by the Company's independent auditors. Shareholders of the Company and potential investors are advised to refer to the Group's interim results announcement for the six months ended 30 June 2014 which is expected to be published in late August 2014.

Shareholders and potential investors are therefore advised to exercise caution when dealing or investing in the shares of the Company.
