and in the reasonable opinion of the Underwriter, such change would have a material and adverse effect on the business, financial or trading position or prospects of the Group (as defined herein) as a whole or the success of the Rights Issue or make it inadvisable or inexpedient to proceed with the Rights Issue; or

if, at or prior to 4:00 p.m. on the Settlement Date:

- (i) the Company commits any material breach of or omits to observe any of the obligations or undertakings expressed to be assumed by it under the Underwriting Agreement which breach or omission will have a material and adverse effect on its business, financial or trading position; or

- (iii) the Company shall, after any matter or event referred to in the relevant clauses of the Underwriting Agreement has occurred or come to the Underwriter's attention, fail promptly to send out any announcement or circular (after the despatch of the Prospectus Documents), in such manner (and as appropriate with such contents) as the Underwriter may reasonably request for the purpose of preventing the creation of a false market in the securities of the Company,

the Underwriter shall be entitled (but not bound) by notice in writing to the Company to elect to treat such matter or event as releasing and discharging the Underwriter from its obligations under the Underwriting Agreement.

Upon the giving of such notice, all obligations of the Underwriter under the Underwriting Agreement shall cease and determine and none of the parties thereunder shall have any claim against the other party in respect of any matter or thing arising out of or in connection with the Underwriting Agreement provided that the Company shall remain liable to pay to the Underwriter such fees as may then be agreed by the parties to the Underwriting Agreement. Rights of Overseas Shareholders

The Prospectus Documents are not intended to be registered under the applicable securities legislation of any jurisdiction other than Hong Kong.

Based on the register of members of the Company, there was one Overseas Shareholder with registered address in the PRC as at the Record Date. Pursuant to Rule 13.36(2)(a) of the Listing Rules, the Board has made enquiries with its legal advisers on the laws of the PRC regarding the legal restrictions of the PRC or the requirements of the relevant regulatory body or stock exchange in the PRC with respect to the offer of Rights Shares to that Overseas Shareholder. The Company has been advised by its legal advisers on the laws of PRC that it would be lawful for the Company to offer the Rights Shares to that Overseas Shareholder even though the Prospectus Documents are not registered in the PRC. In view of this, the Directors have resolved to extend the Rights Issue to such Overseas Shareholder. Therefore, there are no Non-Qualifying Shareholder for the purpose of the Rights Issue.

LETTER FROM THE BOARD

Arrangements will be made for Rights Shares which would otherwise have been provisionally allotted to the Non-Qualifying Shareholders (if any) to be sold in the market in their nil-paid form as soon as practicable after dealings in the nil-paid Rights Shares commence, if a premium (net of expenses) can be obtained. The proceeds of such sale, less expenses, of more than HK\$100 will be paid pro rata to the Non-Qualifying Shareholders. The Company will retain individual amounts of HK\$100 or less for the benefit of the Company. Any unsold entitlement of Non-Qualifying Shareholders (if any), together with any Rights Shares provisionally allotted but not accepted, will be made available for excess application on EAFs by Qualifying Shareholders.

The Subscription Price for the Rights Shares is HK\$0.10 per Rights Share, payable in full upon acceptance of the relevant provisional allotment of Rights Shares and, where applicable, application for excess Rights Shares under the Rights Issue or when a transferee of nil-paid Rights Shares applies for the Rights Shares.

The Subscription Price represents:

- (i) a discount of approximately 23.66% to the closing price of HK\$0.131 per Share as quoted on the Stock Exchange on the Last Trading Day;
- (ii) a discount of approximately 13.42% to the theoretical ex-rights price of approximately HK\$0.1155 per Share based on the closing price of HK\$0.131 per Share as quoted on the Stock Exchange on the Last Trading Day;

- (iv) a discount of approximately 21.88% to the closing price of HK\$0.128 per Share as quoted on the Stock Exchange on the Latest Practicable Date.

The Subscription Price was arrived at after arm's length negotiations between the Company and the Underwriter with reference to the market price of the Shares prior to the Last Trading Day. The Directors consider the terms of the Rights Issue, including the Subscription Price, to be fair and reasonable and in the best interests of the Company and the Shareholders as a whole. The net price per Rights Share on the basis of 512,155,110 Rights Shares will be approximately HK\$0.094.

LETTER FROM THE BOARD

Basis of provisional allotment

The basis of the provisional allotment shall be one Rights Share for every Share in issue and held on the Record Date, being 512,155,110 Rights Shares at a price of HK\$0.10 per Rights Share. Application for all or any part of a Qualifying Shareholder's provisional allotment should be made by completing the PAL and lodging the same with a remittance for the Rights Shares being applied for.

Status of the Rights Shares

The Rights Shares, when allotted and fully paid, will rank pari passu in all respects with the Shares then in issue. Holders of fully-paid Rights Shares will be entitled to receive all future dividends and distributions which are declared, made or paid after the date of allotment of the Rights Shares in their fully-paid form.

Fractions of Rights Shares

The Company will not provisionally allot fractions of Rights Shares. All fractions of Rights Shares will be aggregated and all nil-paid Rights Shares arising from such aggregation will be sold in the market, if a premium (net of expenses) can be achieved, and the Company will retain the proceeds from such sale(s). Any unsold fractions of Rights Shares will be made available for excess application.

Procedure for acceptance or transfer

A PAL is enclosed with this Prospectus which entitles the Qualifying Shareholders to subscribe for the number of Rights Shares indicated on the PAL. If the Qualifying Shareholders wish to exercise the right to subscribe for all the Rights Shares specified in the enclosed PAL, the Qualifying Shareholders must lodge the PAL in accordance with the instructions printed thereon, together with a remittance for the full amount payable on acceptance of the number of Rights Shares provisionally allotted to the Qualifying Shareholders, with the Registrar at 26th Floor, Tesbury Centre, 28 Queen's Road East, Wanchai, Hong Kong by not later than 4:00 p.m. on Tuesday, 31 March 2009. All remittances must be made in Hong Kong dollars and cheques or cashier's orders must be drawn on a bank account in Hong Kong and made payable to "Unity Investments Holdings Limited – Provisional Allotment Account" and crossed "Account Payee Only".

LETTER FROM THE BOARD

It should be noted that unless the PAL, together with the appropriate remittance, has been lodged with the Registrar by 4:00 p.m. on Tuesday, 31 March 2009, whether by the original allottee or any person in whose favour the rights have been transferred, that provisional allotment and all rights thereunder will be deemed to have been declined and will be cancelled.

If the Qualifying Shareholders wish to accept only part of the provisional allotment or to transfer all or part of the rights to subscribe for the Rights Shares provisionally allotted under the PAL to more than one person, the entire PAL must be surrendered by not later than 4:30 p.m. on Monday, 23 March 2009 to the Registrar who will cancel the original PAL and issue a new PAL in the denominations required. The PALs contain full information regarding the procedures to be followed if the Qualifying Shareholders wish to accept only part of the provisional allotment or if the Qualifying Shareholders wish to transfer all or part of the provisional allotment.

All cheques and cashier's orders will be presented for payment following receipt and any interest earned on such monies will be retained for the benefit of the Company. Any PAL in respect of which a cheque or cashier's order is dishonoured on first presentation is liable to be rejected and in that event the provisional allotment of Rights Shares and all rights thereunder will be deemed to have been declined and will be cancelled. If the Underwriter exercises the right to terminate the obligations of the Underwriter under the Underwriting Agreement on or before 4:00 p.m. on Thursday, 2 April 2009, being the second Business Day following the Acceptance Date, the monies received in respect of the relevant provisional allotment of Rights Shares will be returned to the relevant persons without interest, by means of cheques to be despatched by the ordinary post at the risk of the relevant applicants as soon as practicable thereafter.

Application for excess Rights Shares

Qualifying Shareholders may apply, by way of excess application, for any unsold entitlements of the Non-Qualifying Shareholders and for any Rights Shares provisionally allotted but not accepted.

Applications for excess Rights Shares may be made by completing the EAFs for application for excess Rights Shares and lodging the same with a separate remittance for the excess Rights Shares being applied for. The Directors will allocate the excess Rights Shares at their discretion on a fair and equitable basis on the following principles:

- (1) preference will be given to applications for less than a board lot of Rights Shares where they appear to the Directors that such applications are made to round up odd-lot holdings to whole-lot holdings and that such applications are not made with intention to abuse this mechanism; and

LETTER FROM THE BOARD

- (2) subject to availability of excess Rights Shares after allocation under principle (1) above, the excess Rights Shares will be allocated to Qualifying Shareholders based on a sliding scale with reference to the number of the excess Rights Shares applied by them (i.e. Qualifying Shareholders applying for a smaller number of Rights Shares are allocated with a higher percentage of successful application but will receive a lesser number of Rights Shares; whereas Qualifying Shareholders applying for a larger number of Rights Shares are allocated with a smaller percentage of successful application but will receive a higher number of Rights Shares).

Investors with their Shares held by a nominee company should note that the Board will regard the nominee company as a single Shareholder according to the register of members of the Company. Accordingly, Shareholders should note that the aforesaid arrangement in relation to the allocation of the excess Rights Shares will not be extended to beneficial owners individually. Investors whose Shares are held by a nominee company are advised to consider whether they would like to arrange for the registration of the relevant Shares in the name of the beneficial owner(s) prior to the Record Date.

Investors whose Shares are held by their nominee(s) and who would like to have their names registered on the register of members of the Company, must have lodged all necessary documents with the Registrar for completion of the relevant registration by 4:30 p.m. on 6 March 2009.

Any Qualifying Shareholder wishing to apply for any Rights Shares in addition to his provisional allotment must complete and sign the enclosed EAF as indicated thereon and lodge it, together with a separate remittance for the amount payable on application in respect of the excess Rights Shares applied for, with the Registrar at 26th Floor, Tesbury Centre, 28 Queen's Road East, Wanchai, Hong Kong by not later than 4:00 p.m. on Tuesday, 31 March 2009. All remittances must be made in Hong Kong dollars and cheques or cashier's orders must be drawn on a bank account in Hong Kong and made payable to "Unity Investments Holdings Limited – Excess Application Account" and crossed "Account Payee Only". The Registrar will notify the applicants of any allotment of excess Rights Shares made to them.

If no excess Rights Shares are allotted to the Qualifying Shareholders, the amount tendered on application is expected to be refunded in full on or before Tuesday, 7 April 2009. If the number of excess Rights Shares allotted to the Qualifying Shareholders is less than that applied for, the surplus application monies are also expected to be refunded to them on or before Tuesday, 7 April 2009. If the Underwriter exercises the right to terminate its obligations under the Underwriting Agreement on or before 4:00 p.m. on Thursday, 2 April 2009, being the second Business Day following the Acceptance Date, the monies received in respect of the relevant applications for excess Rights Shares will be returned to the relevant persons without interest, by means of cheques to be despatched by the ordinary post at the risk of the relevant applicants as soon as practicable thereafter.

LETTER FROM THE BOARD

All cheques and cashier's orders will be presented for payment following receipt and any interest earned on such monies will be retained for the benefit of the Company. Any EAF in respect of which a cheque or cashier's order is dishonoured on first presentation is liable to be rejected.

The EAF is for use only by the person(s) named in it and is not transferable. All documents, including cheques or cashier's orders for refund, will be sent by ordinary post at the risk of the persons entitled thereto to their registered addresses by no later than Tuesday, 7 April 2009.

Share certificates and refund cheques for Rights Issue

Subject to the fulfillment of the conditions of the Rights Issue, certificates for all fully-paid Rights Shares are expected to be posted to those entitled thereto by ordinary post at their own risk on or before 7 April 2009. The first day of dealings in the Rights Shares in their fully-paid form is expected to commence on 9 April 2009.

Application for listing

The Company has applied to the Listing Committee of the Stock Exchange for the listing of, and permission to deal in, the Rights Shares in both their nil-paid and fully-paid forms to be issued and allotted pursuant to the Rights Issue.

Subject to the granting of the listing of, and permission to deal in, the Rights Shares in both their nil-paid and fully-paid forms on the Stock Exchange, the Rights Shares in both their nil-paid and fully-paid forms will be accepted as eligible securities by HKSCC for deposit, clearance and settlement in CCASS with effect from the respective commencement dates of dealings in the Rights Shares in both their nil-paid and fully-paid forms on the Stock Exchange or such other dates as determined by HKSCC. LETTER FROM THE BOARD

Taxation

Qualifying Shareholders are recommended to consult their professional advisers if they are in any doubt as to the tax implications of the holding or disposal of, or dealing in the Rights Shares in both their nil-paid and fully-paid forms and, as regards the Non-Qualifying Shareholders, their receipt of the net proceeds of sale of the Rights Shares otherwise falling to be issued to them under the Rights Issue. It is emphasised that none of the Company, the Directors or any other parties involved in the Rights Issue accepts responsibility for any tax effects or liabilities of holders of the Rights Shares resulting from the purchase, holding or disposal of, or dealing in the Rights Shares in both their nil-paid and fully-paid forms.

Conditions of the Rights Issue

The Rights Issue is conditional upon the following conditions being fulfilled or waived (as appropriate):

1. the passing at the EGM (or any adjournment thereof) on or before the Posting Date of the necessary resolution to approve the Rights Issue in accordance with the Listing Rules;
2. the signing by or on behalf of all of the Directors on or before the Posting Date of two copies of each of the Prospectus Documents and the certification by two Directors of two copies of each of the Prospectus Documents;
3. the delivery on or before the Posting Date of one such signed copy of each of the Prospectus Documents to the Underwriter;
4. the delivery to the Stock Exchange and filing and registration with the Registrar of Companies in Hong Kong on or prior to the Posting Date of one copy of each of the Prospectus Documents each duly certified by two Directors (or by their agents duly authorised in writing) in compliance with section 342C of the Companies Ordinance (and all other documents required to be attached thereto) and otherwise complying with the requirements of the Companies Ordinance and the Listing Rules;
5. the posting on the Posting Date of copies of the Prospectus Documents to the Qualifying Shareholders;
6. compliance by the Company with all its obligations under the Underwriting Agreement; and

LETTER FROM THE BOARD

7. the Listing Committee of the Stock Exchange agreeing to grant listing of, and permission to deal in, the Rights Shares in its nil-paid and fully-paid forms either unconditionally or subject to such conditions which the Company accepts and the satisfaction of such conditions (if any) by no later than the Posting Date and not having withdrawn or revoked such listings and permission on or before 4:00 p.m. on the Settlement Date.

In the event that the above conditions (other than condition 7) have not been satisfied and/or waived in whole or in part by the Underwriter on or before the respective dates referred to therein or in the event that condition 7 has not been satisfied on or before 4:00 p.m. on the Settlement Date (or in each case, such later date as the Underwriter and the Company may agree), all liabilities of the parties thereto shall cease and determine and no party shall have any claim against the other party save that all such reasonable costs, fees and other out of pocket expenses (excluding sub-underwriting fees and related expenses) as have been properly incurred by the Underwriter in connection with the underwriting of the Underwritten Shares by the Underwriter shall to the extent agreed by the Company be borne by the Company and the Rights Issue will not proceed.

The Underwriting Agreement

Date	:	30 January 2009
Underwriter	:	Get Nice Securities Limited. To the best of the Directors' knowledge and information, Get Nice Securities Limited and its ultimate beneficial owners are third parties independent of and not connected with the Company and its connected persons
Total number of Rights Shares being underwritten by the Underwriter	:	The Underwriter has conditionally agreed to underwrite the Rights Shares not subscribed by the Qualifying Shareholders on a fully underwritten basis, being 512,155,110 Rights Shares (on the basis of 512,155,110 Shares in issue as at the Record Date) subject to the terms and conditions of the Underwriting Agreement
Commission	:	2.5% of the aggregate Subscription Price in respect of the Underwritten Shares as determined on the Record Date

LETTER FROM THE BOARD

The Board considers the terms of the Underwriting Agreement including the commission rate accord with the market practice and are fair and reasonable so far as the Company and the Shareholders are concerned.

Termination of the Underwriting Agreement

The Underwriter may terminate the arrangements set out in the Underwriting Agreement by notice in writing issued to the Company at any time prior to 4:00 p.m. on the Settlement Date if there occurs:

1. an introduction of any new law or regulation or any change in existing law or regulation (or the judicial interpretation thereof); or
2. any local, national or international event or change (whether or not forming part of a series of events or changes occurring or continuing before, and/or after the date of the Underwriting Agreement) of a political, military, financial, economic or currency (including a change in the system under which the value of the Hong Kong currency is linked to the currency of the United States of America) or other nature (whether or not such are of the same nature as any of the foregoing) or of the nature of any local, national or international outbreak or escalation of hostilities or armed conflict, or affecting local securities market; or
3. any act of God, war, riot, public disorder, civil commotion, fire, flood, explosion, epidemic, terrorism, strike or lock-out;

and in the reasonable opinion of the Underwriter, such change would have a material and adverse effect on the business, financial or trading position or prospects of the Group as a whole or the success of the Rights Issue or make it inadvisable or inexpedient to proceed with the Rights Issue; or

if, at or prior to 4:00 p.m. on the Settlement Date:

- (i) the Company commits any material breach of or omits to observe any of the obligations or undertakings expressed to be assumed by it under the Underwriting Agreement which breach or omission will have a material and adverse effect on its business, financial or trading position; or

LETTER FROM THE BOARD

- (ii) the Underwriter shall receive notification pursuant to the Underwriting Agreement of, or shall otherwise become aware of, the fact that any of the representations or warranties contained in the Underwriting Agreement was, when given, untrue or inaccurate or would be untrue or inaccurate if repeated as provided in the Underwriting Agreement, and the Underwriter shall, in its opinion, determine that any such untrue representation or warranty represents or is likely to represent a material adverse change in the business, financial or trading position or prospects of the Group taken as a whole or is otherwise likely to have a materially prejudicial effect on the Rights Issue; or
- (iii) the Company shall, after any matter or event referred to in the relevant clauses of the Underwriting Agreement has occurred or come to the Underwriter's attention, fail promptly to send out any announcement or circular (after the despatch of the Prospectus Documents), in such manner (and as appropriate with such contents) as the Underwriter may reasonably request for the purpose of preventing the creation of a false market in the securities of the Company,

the Underwriter shall be entitled (but not bound) by notice in writing to the Company to elect to treat such matter or event as releasing and discharging the Underwriter from its obligations under the Underwriting Agreement.

Upon the giving of such notice, all obligations of the Underwriter under the Underwriting Agreement shall cease and determine and none of the parties thereunder shall have any claim against the other party in respect of any matter or thing arising out of or in connection with the Underwriting Agreement provided that the Company shall remain liable to pay to the Underwriter such fees as may then be agreed by the parties to the Underwriting Agreement. If the Underwriter exercises such right, the Rights Issue will not proceed.

WARNING OF THE RISKS OF DEALING IN THE SHARES AND RIGHTS SHARES

The Shares have been dealt in on an ex-rights basis from 5 March 2009. Dealings in the Rights Shares in the nil-paid form will take place from 18 March 2009 to 26 March 2009 (both dates inclusive). If the conditions of the Underwriting Agreement are not fulfilled or the Underwriting Agreement is terminated by the Underwriter, the Rights Issue will not proceed.

LETTER FROM THE BOARD

Any Shareholders or other persons contemplating selling or purchasing Rights Shares in their nil-paid form during the period from 18 March 2009 to 26 March 2009 (both dates inclusive) who are in any doubt about their position are recommended to consult their professional advisers. Any Shareholders or other persons dealing in the Shares up to the date on which all the conditions to which the Rights Issue is subject are fulfilled (and the date on which the Underwriter's right of termination of the Underwriting Agreement ceases) and any persons dealing in the nil-paid Rights Shares during the period from 18 March 2009 to 26 March 2009 (both dates inclusive) will accordingly bear the risk that the Rights Issue may not become unconditional or may not proceed.

LETTER FROM THE BOARD

REASONS FOR THE RIGHTS ISSUE AND USE OF PROCEEDS

The Company is principally engaged in investments in listed securities in Hong Kong and other main stock markets around the world and also in unlisted companies.

The Directors consider that it is in the interests of the Company and the Shareholders to raise additional funding through the Rights Issue in order to enlarge the Company's capital base and to pursue the Group's investment strategy as stated above. As set out in the section headed "Fund raising exercise of the Company" of this Prospectus, (i) the net proceeds of approximately HK\$181.7 million from the rights issue as announced on 12 December 2007 were utilised for investment purpose as intended; (ii) the placing as announced on 19 May 2008 was terminated resulting in no funds being raised; and (iii) the net proceeds from the issue of the Convertible Notes as announced on 9 October 2008 was used for the repayment of several loans. Accordingly, only the net proceeds of approximately HK\$181.7 million raised from (i) above were available for the Group's investment purpose.

The recent turmoil in the global financial markets and the resulting credit crunch has tightened the availability of external borrowings and increased the cost of funding to the Group. The Directors consider it appropriate for the Company to raise the requisite funding for the business operation of the Group through the Rights Issue, which will be fully underwritten by the Underwriter and will allow all Qualifying Shareholders to participate in the Rights Issue in proportion to their shareholdings. The estimated net proceeds of the Rights Issue will be approximately HK\$48.1 million. The Company intends to utilise the entire net proceeds as the general working capital of the Group. Notwithstanding that there is no specific investment plan identified by the Company as at the Latest Practicable Date, the Directors remain optimistic about the long-term prospects of the economy and stock markets in Hong Kong and the PRC. The Directors believe that more investment opportunities could be identified once the economy of Hong Kong becomes less volatile. For non-investment companies, the investment decisions may take a relatively longer time involving selection process, feasibility studies, negotiation process, due diligence review which allow more time to raise funds for such investments. However, for investment companies listed pursuant to Chapter 21 of the Listing Rules such as the Company, the decision of making investments in listed and unlisted companies may take a very short time

LETTER FROM THE BOARD

and there is no certainty that the requisite cash resources would be available for those investments that may be identified by the Group. In the event that the Group does not have sufficient cash resources on hand or fails to secure other alternatives in a timely manner to finance the acquisition of any suitable investment opportunity which may arise, the Group may lose its bid in an otherwise favourable investment. As most of the Company's investments are held for medium-term to long-term capital appreciation, the Directors consider that it is inappropriate to make unscheduled liquidation of its investments to generate additional cash for general working capital before the investments achieving the pre-determined targets. Accordingly, the Directors consider that the Rights Issue provides the Group with sufficient flexibility and financial resources for making timely and suitable investments which is in the interests of the Company and the Shareholders as a whole.

As set out in the section headed "Shareholding in the Company" of this Prospectus, immediately after completion of the Rights Issue, the shareholding of the existing public Shareholders will be diluted from approximately 72.19% to approximately 36.09%.

For those Qualifying Shareholders who take up their entitlements in full under the Rights Issue, their shareholding interests in the Company will remain unchanged after the Rights Issue. For those Qualifying Shareholders who do not take up their entitlements in full will have the opportunity to realise their nil-paid Rights Shares on the market, subject to market conditions. The nil-paid Rights Shares will be traded on the Stock Exchange.

As the Qualifying Shareholders can choose between participating in the Rights Issue and, if they are unwilling or unable to do so, disposing of their nil-paid entitlements in the market at a premium if one can be obtained, the Board considers that the Rights Issue is an equitable method for all the Qualifying Shareholders to raise new equity capital for the Company. The Board further considers that the Rights Issue, which is effected on a pro-rata basis, can offer all the Qualifying Shareholders an equal opportunity to participate in the enlargement of the capital base of the Company and enables the Qualifying Shareholders to maintain their respective proportionate interest in the Company and to continue to participate in the future development of the Group. Accordingly, the Board is of the view that the Rights Issue is a fair and reasonable method to raise funds and is in the interest of the Company and the Shareholders as a whole.

LETTER FROM THE BOARD

SHAREHOLDING IN THE COMPANY

Set out below is the shareholding of the Company as a result of the Rights Issue assuming that there is no further issue of Shares from the Latest Practicable Date to immediately before completion of the Rights Issue:

Underwriter (Note 2)	-	-	-	-	512,155,110	50.00
Public Shareholders (Note 3)						
- Heritage International Holdings Limited	10,992,800	2.15	21,985,600	2.15	10,992,800	1.07
- Others	358,712,474	70.04	717,424,948	70.04	358,712,474	35.02

Notes:

- Mascotte Holdings Limited (stock code: 136) became a substantial Shareholder as a result of the issue of 136,363,636 Shares following the conversion of the Convertible Notes with an aggregate amount of HK\$18,000,000 by Union Glory Finance Inc., its indirect wholly-owned subsidiary, on 24 February 2009.
- The Underwriter has sub-underwritten its underwriting obligations under the Underwriting Agreement to sub-underwriters such that each of the Underwriter and the sub-underwriters (together with their respective parties acting in concert (as defined in the Takeovers Code) with any of them) will not own 20% or more of the issued share capital of the Company after completion of the Rights Issue. Each of the Underwriter and the sub-underwriters (and their respective ultimate beneficial owners) is not a party acting in concert with each other. Each of the Underwriter and the sub-underwriters and their respective ultimate beneficial owners do not have any shareholding in the Company and are not connected persons of the Company.
- As the shareholding of the public in the Company ranges from approximately 36.09% to approximately 72.19% immediately after the completion of the Rights Issue, it is expected that the Company will comply with the public float requirements under Rule 8.08 of the Listing Rules immediately after completion of the Rights Issue.

LETTER FROM THE BOARD

ADJUSTMENTS IN RELATION TO THE CONVERTIBLE NOTES

The Rights Issue may lead to adjustments to the conversion price and/or the number of Shares to be issued upon conversion of the outstanding Convertible Notes. The Company will notify the holders thereof by the way of announcement regarding adjustments to be made (if any) pursuant to the terms of the Convertible Notes (as and when appropriate).

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2008

1. General information

Unity Investments Holdings Limited was incorporated in the Cayman Islands with limited liability and its shares are listed on The Stock Exchange of Hong Kong Limited (the “Stock Exchange”). The address of the registered office and the principal place of business of the Company are disclosed in the corporate information of this annual report. The principal activities of the Group are described in note 4 to the consolidated financial statements.

2. Principal accounting policies***Basis of preparation***

These financial statements have been prepared in accordance with Hong Kong Financial Reporting Standards (“HKFRS”), which collective term includes all applicable individual Hong Kong Financial Reporting Standards, Hong Kong Accounting Standards (“HKAS”) and Interpretations issued by the Hong Kong Institute of Certified Public Accountants (“HKICPA”), accounting principles generally accepted in Hong Kong and the disclosure requirements of the Hong Kong Companies Ordinance. In addition, the financial statements also include applicable disclosures required by the Rules Governing the Listing of Securities on the Stock Exchange (the “Listing Rules”).

These financial statements have been prepared on a basis consistent with the accounting policies adopted in the 2007 financial statements. The adoption of the new/revised HKFRSs that are effective from the current year has had no significant effects on the Group’s results and financial position for the current and prior years. A summary of the principal accounting policies adopted by the Group is set out below.

Basis of measurement

The measurement basis used in the preparation of these financial statements is historical cost, except for available-for-sale investments, investments held for trading and derivative financial instruments, which are measured at fair value as explained in the accounting policies.

Basis of consolidation

The consolidated financial statements comprise the financial statements of the Company and all of its subsidiaries as at 31 December each year. The financial statements of the subsidiaries are prepared for the same reporting year as the Company using consistent accounting policies.

All intra-group balances, transactions, income and expenses and profits and losses resulting from intra-group transactions are eliminated in full. The results of subsidiaries are consolidated from the date on which the Group obtains control and continue to be consolidated until the date that such control ceased.

Subsidiaries

A subsidiary is an entity in which the Group has the power to govern the financial and operating policies so as to obtain benefits from its activities.

In the Company's balance sheet, investments in subsidiaries are stated at cost less impairment loss. The carrying amount of the investments is reduced to its recoverable amount on an individual basis. The results of subsidiaries are accounted for by the Company on the basis of dividends received and receivable.

Property, plant and equipment

Property, plant and equipment are stated at cost less accumulated depreciation and accumulated impairment losses. The cost of an item of property, plant and equipment comprises its purchase price and any directly attributable costs of bringing the asset to its working condition and location for its intended use. Repairs and maintenance are charged to the income statement during the year in which they are incurred.

Depreciation is provided to write off the cost less accumulated impairment losses of property, plant and equipment over their estimated useful lives from the date on which they are available for use and after taking into account their estimated residual values, using the straight-line method, at the annual rate of 33-1/3%.

Financial instruments

Financial assets and financial liabilities are recognised when the Group becomes a party to the contractual provisions of the instruments and on a trade date basis. A financial asset is derecognised when the Group's contractual rights to future cash flows from the financial asset expire or when the Group transfers the contractual rights to future cash flows to a third party. A financial liability is derecognised only when the liability is extinguished.

Financial assets or financial liabilities at fair value through profit or loss

Financial assets or financial liabilities at fair value through profit or loss include financial assets held for trading and financial assets or financial liabilities designated upon initial recognition as at fair value through profit or loss. They are carried at fair value, with any resultant gain and loss recognised in profit or loss.

Financial assets are classified as held for trading if they are (i) acquired principally for the purpose of selling in the near future; (ii) part of a portfolio of identified financial instruments that the Group manages together and has a recent actual pattern of short-term profit-taking; or (iii) derivatives that are not designated and effective hedging instruments.

Financial assets or financial liabilities are designated at initial recognition as at fair value through profit or loss if (i) the designation eliminates or significantly reduces the inconsistent treatment that would otherwise arise from measuring the assets or liabilities or recognising gains or losses on a different basis; or (ii) they are part of a group of financial assets and/or financial liabilities that are managed and their performance evaluated on a fair value basis, in accordance with a documented risk management strategy; or (iii) they contain embedded derivatives that would need to be separately recorded.

Loans and receivables

Loans and receivables including other receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market and are not held for trading. They are measured at amortised cost using the effective interest method, except where receivables are interest-free loans and without any fixed repayment term or the effect of discounting would be insignificant. In such case, the receivables are stated at cost less impairment loss. Amortised cost is calculated by taking into account any discount or premium on acquisition, over the year to maturity. Gains and losses arising from derecognition, impairment or through the amortisation process are recognised in the income statement.

Available-for-sale financial assets

Available-for-sale financial assets are non-derivative financial assets that are either designated at this category or not classified in any of the other categories of financial assets. They are measured at fair value with changes in value recognised as a separate component of equity until the assets are sold, collected or otherwise disposed of, or until the assets are determined to be impaired, at which time the cumulative gain or loss previously reported in equity is transferred to the income statement. Available-for-sale financial assets that do not have a quoted market price in an active market and whose fair value cannot be reliably measured are stated at cost less impairment loss.

Impairment of financial assets

At each balance sheet date, the Group assesses whether there is objective evidence that financial assets, other than those at fair value through profit or loss, are impaired. The impairment loss of financial assets carried at amortised cost is measured as the difference between the assets' carrying amount and the present value of estimated future cash flow discounted at the financial asset's original effective interest rate. Such impairment loss is reversed in subsequent periods through income statement when an increase in the asset's recoverable amount can be related objectively to an event occurring after the impairment was recognised, subject to a restriction that the carrying amount of the asset at the date the impairment is reversed does not exceed what the amortised cost would have been had the impairment not been recognised.

When an available-for-sale financial asset is impaired, an amount comprising the difference between its acquisition cost (net of any principal repayment and amortisation) and current fair value, less any previously recognised impairment loss, is transferred from equity to income statement. Reversal of impairment loss of available-for-sale equity instrument is recognised in equity. Reversal of impairment loss of available-for-sale debt instruments are reversed through the income statement, if the increase in fair value of the instrument can be objectively related to an event occurring after the impairment loss was recognised in the income statement.

For an available-for-sale financial asset that is carried at cost, the amount of impairment loss is measured as the difference between the carrying amount of the financial asset and the present value of estimated future cash flows discounted at the current market rate of return for a similar financial asset. Such impairment loss shall not be reversed.

Financial liabilities

The Group's financial liabilities include other payables, unsecured short-term borrowings and derivative financial instruments. All financial liabilities except for derivatives are recognised initially at their fair value and subsequently measured at amortised cost, using effective interest method, unless the effect of discounting would be insignificant, in which case they are stated at cost.

Convertible notes

The component of the convertible note that exhibits characteristics of a liability is recognised as a liability in the balance sheet, net of issue costs. On the issue of the convertible note, the fair value of the liability component is determined using a market rate for an equivalent non-convertible notes; and this amount is carried as a non-current liability on the amortised cost basis until extinguished on conversion or redemption.

The remainder of the proceeds is allocated to the conversion option that is recognised and included in shareholders' equity, net of issue costs. The value of the conversion option is not changed in subsequent years.

Issue costs are apportioned between the liability and equity components of the convertible notes based on the allocation of proceeds to the liability and equity components when the instruments are first recognised.

Cash equivalents

For the purpose of consolidated cash flow statement, cash equivalents represent short-term highly liquid investments which are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value.

Revenue recognition

Revenue is recognised when it is probable that the economic benefits will flow to the Group and when the revenue and costs, if applicable, can be measured reliably and on the following bases.

Net income from sale of investments held for trading are recognised on the transaction date when the relevant sale and purchase contract is entered into.

Dividend income is recognised when the Group's rights to receive payment have been established.

Interest income from financial assets is accrued on a time-apportionment basis, by reference to the principal outstanding and at the effective interest rate applicable.

Segment reporting

A segment is a distinguishable component of the Group that is engaged either in providing products or services (business segment), or in providing products or services with a particular economic environment (geographical segment), which is subject to risks and rewards that are different from those of other segments.

In accordance with the Group's internal financial reporting system, the Group has chosen business segment information as the primary reporting format and geographical segment information as the secondary reporting format for the purposes of these financial statements.

Segment revenue, expenses, results, assets and liabilities include items directly attributable to a segment as well as those that can be allocated on a reasonable basis to that segment. For example, segment assets may include investments, receivables and property, plant and equipment. Segment revenue, expenses, assets and liabilities are determined before intra-group balances and intra-group transactions are eliminated as part of the consolidation process. Inter-segment pricing are principally on prevailing market rate.

Segment capital expenditure is the total cost incurred during the year to acquire segment assets (both tangible and intangible) that are expected to be used for more than one period.

Unallocated items mainly comprise corporate assets and liabilities, corporate and financing expenses and taxation.

Foreign currency translation

Items included in the financial statements of each of the Group's entities are measured using the currency of the primary economic environment in which the entity operates (the "functional currency"). The consolidated financial statements are presented in the currency of Hong Kong dollars, which is the Company's functional and presentation currency.

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the date of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the income statement.

Impairment of non-financial assets

At each balance sheet date, the Group reviews internal and external sources of information to determine whether its property, plant and equipment have suffered an impairment loss or impairment loss previously recognised no longer exists or may be reduced. If any such indication exists, the recoverable amount of the asset is estimated, based on the higher of its fair value less cost to sell and value in use. Where it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the smallest group of assets that generates cash flows independently (i.e. cash-generating unit).

If the recoverable amount of an asset or a cash-generating unit is estimated to be less than its carrying amount, the carrying amount of the asset or cash-generating unit is reduced to its recoverable amount. Impairment losses are recognised as an expense immediately.

A reversal of impairment loss is limited to the carrying amount of the asset or cash-generating unit that would have been determined had no impairment loss been recognised in prior years. Reversal of impairment loss is recognised as income immediately.

Borrowing costs

All borrowing costs are recognised as an expense in the period in which they are incurred.

Leases

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

Rentals payable under operating leases are charged to the income statement on a straight-line basis over the term of the relevant lease.

Employee benefits***Defined contribution plans***

The obligations for contributions to defined contribution retirement scheme are recognised as an expense in the income statement as incurred and are reduced by contributions forfeited by those employees who leave the scheme prior to vesting fully in the contributions. The assets of the scheme are held separately from those of the Group in an independent administered fund.

Long service payment

The Group's net obligation in respect of long service payment under the Employment Ordinance is the amount of future benefit that employees have earned in return for their service in the current and prior periods. The obligation is calculated using the projected unit credit method and discounted to its present value and after deducting the fair value of any related assets, including those retirement scheme benefit.

*Share-based payment transactions**Equity-settled transactions*

The Company employees, including directors, receives remuneration in the form of share-based payment transactions, whereby the employees rendered services in exchange for shares or rights over shares. The cost of such transactions with employees is measured by reference to the fair value at the transaction date. The fair value of share options granted to employees is recognised as an employee cost with a corresponding increase in a reserve within equity. The fair value is determined using the Black-Scholes model, taking into account the terms and conditions of the transactions, other than conditions linked to the price of the shares of the Company (“market conditions”).

The cost of equity-settled transactions is recognised, together with a corresponding increase in equity, over the year in which the performance conditions are fulfilled, ending on the date on which the relevant employees become fully entitled to the award (“vesting date”). During the vesting period, the number of share options that is expected to vest ultimately is reviewed. Any adjustment to the cumulative fair value recognised in prior years is charged/credited to the income statement for the year of the review, with a corresponding adjustment to the reserve within equity.

No expense is recognised for awards that do not ultimately vest, except for awards where vesting is conditional upon a market condition, which are treated as vested irrespective of whether or not the market condition is satisfied, provided that all other performance conditions are satisfied. Where the terms of an equity-settled award are modified, an additional expense is recognised for any increase in the value of the transaction as a result of the modification, as measured at the date of modification. Where an equity-settled award is cancelled, it is treated as if it had vested on the date of cancellation, and any expense not yet recognised for the award is recognised immediately. However, if a new award is substituted for the cancelled award, and designated as a replacement award on the date that it is granted, the cancelled and new awards are treated as if they were a modification of the original award, as described in the previous paragraph.

Taxation

The charge for current income tax is based on the results for the year as adjusted for items that are non-assessable or disallowed. It is calculated using tax rates that have been enacted or substantively enacted by the balance sheet date.

Deferred tax is provided, using the liability method, on all temporary differences at the balance sheet date between the tax bases of assets and liabilities and their carrying amounts in the financial statements. However, if the deferred tax arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither the accounting profit nor taxable profit or loss, it is not accounted for.

The deferred tax liabilities and assets are measured at the tax rates that are expected to apply to the period when the asset is recovered or the liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted at the balance sheet date. Deferred tax assets are recognised to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences, tax losses and credits can be utilised.

Related parties

A party is related to the Group if:

- (a) directly, or indirectly through one or more intermediaries, the party controls, is controlled by, or is under common control with, the Group; or has an interest in the Group that gives it significant influence over the Group; or has joint control over the Group;
- (b) the party is an associate of the Group;
- (c) the party is a joint venture in which the Group is a venturer;

- (f) the party is an entity that is controlled, jointly controlled or significantly influenced by or for which significant voting power in such entity resides with, directly or indirectly, any individual referred to in (d) or (e); or
- (g) the party is a post-employment benefit plan for the benefit of employees of the Group, or of any entity that is a related party of the Group.

Critical accounting estimates and judgements

Impairment of available-for-sale investments

For available-for-sale investments, a significant or prolonged decline in fair value below cost is considered to be objective evidence of impairment. Judgements is required when determining whether a decline in fair value has been significant or prolonged. In making this judgement, the historical data on market volatility as well as the price of the specific investment are taken into account. The Group also takes into account financial information regarding the issuers/investees.

Impairment of investments and receivables

The Company assesses annually if investment in subsidiaries has suffered any impairment in accordance with *HKAS 36* and follows the guidance of *HKAS 39* in determining whether amounts due from those entities are impaired. Details of the approach are stated in the respective accounting policies. The assessment requires an estimation of future cash flows, including expected dividends, from the assets and the selection of appropriate discount rates. Future changes in financial performance and position of these entities would affect the estimation of impairment loss and course the adjustments of their carrying amounts.

3. Future changes in HKFRS

At the date of authorisation of these financial statements, the HKICPA has issued a number of new/revised HKFRS that are not yet effective for the current year, which the Group has not early adopted. The directors anticipate that the adoption of these new/revised HKFRS in the future periods will have no material impact on the result of the Group.

4. Turnover and revenue

The Group is principally engaged in the investment in listed and unlisted companies. Turnover and revenue recognised during the year are as follows:

	<i>Note</i>	2008 <i>HK\$</i>	2007 <i>HK\$</i>
Turnover			
Loss from the sale of investments held for trading	<i>4(a)</i>	<u>(6,334,669)</u>	<u>(91,529,295)</u>

Total revenue		<u><u>(4,213,499)</u></u>	<u><u>(88,873,142)</u></u>

4(a). Loss from the sale of investments held for trading

The Group's proceeds from the sale of investments at fair value through profit or loss and the corresponding carrying amount were separated into "Turnover" and "Cost of sales", respectively, in the prior year's consolidated income statement. During the current year, the Group changed its presentation, as in the opinion of the directors, it is more appropriate to present the gain/loss from the sale of investments at fair value through profit or loss in "Turnover" on a net basis. The effect of this change in presentation was to decrease revenue and cost of sales for the year ended 31 December 2008 by HK\$164,158,588, representing the carrying amount of investments at fair value through profit or loss disposed of during the year. To conform with the current year's presentation, the carrying amount of investments at fair value through profit or loss disposed of for the year ended 31 December 2007 of HK\$928,768,239 has been offset against revenue, resulting in a decrease in revenue and cost of sales for that year by the same amount. This has resulted in no change in the results of the Group in respect of the current and prior year.

5. Segment information

The Group has determined not to present further business segment information as the Group's turnover, contribution to operating loss, assets and liabilities are attributable to the investments in listed and unlisted companies.

In determining the Group's geographical segments, revenues are attributed to the segments based on the location of the markets, and assets are attributed to the segments based on the location of the assets.

8. Loss for the year attributable to equity holders of the Company

Of the loss for the year attributable to equity holders of the Company of HK\$458,429,088 (2007: HK\$98,995,641), a loss of HK\$539,195,927 (2007: HK\$137,726,609) is dealt with in the financial statements of the Company.

9. Loss per share

The calculation of basic loss per share is based on the Group's loss attributable to the equity holders of HK\$458,429,088 (2007: HK\$98,995,641) and the weighted average number of 260,810,781 (2007 as restated: 49,306,054) ordinary shares in issue during the year.

The comparative amount of the basic loss per share for 2007 has been adjusted to reflect the impact of the share consolidation and the rights issue during the year.

No diluted loss per share was presented as there was an anti-dilutive effect after adjusting for the effects of all dilutive potential ordinary shares.

At the balance sheet date, the directors do not consider probable that a claim will be made against the Company under any of the guarantee.

29. Connected party transactions

Other than disclosed elsewhere in the financial statements, the following connected party transaction was transacted by the Group during the year:

Relationship with the Group	Nature of transaction	2008 HK\$	2007 HK\$
The Company's investment manager	Investment management fee paid*	<u>840,000</u>	<u>840,000</u>

* *CU Investment Management Limited ("CUIM") has been engaged in providing the Group with investment management services. Pursuant to an agreement on 15 December 2006, which was renewed on 17 December 2007 under the same terms to cover up to the period up to 31 December 2008, CUIM was entitled to receive a monthly management fee payable in advance in a flat rate of HK\$70,000 (2007: HK\$70,000).*

30. Financial risk management objectives and policies

The Group's major financial instruments include equity investments, other receivables, other payables, derivative financial liabilities, interest-bearing borrowings and convertible notes. Details of these financial instruments are disclosed in the respective notes. The risks associated with these financial instruments and the policies applied by the Group to mitigate these risks are set out below. Management monitors these exposures to ensure appropriate measures are implemented in a timely and effective manner.

Financial risk factors***Interest rate risk***

The Group's exposure to market risk for changes in interest rates relates primarily to the Group's unsecured interest-bearing borrowings and utilisation of margin facilities of securities brokers.

At reporting date, if interest rates had been 200 basis point higher/lower and all other variables were held constant, the Group's net loss would increase by HK\$22,961 or decrease by HK\$187,870 (2007: increase/decrease by HK\$107,000).

The sensitivity analysis above has been determined assuming that the change in interest rates had occurred at the balance sheet date and had been applied to the exposure to interest rate risk for both derivative and non-derivative financial instruments in existence at that date. The 200 basis point increase or decrease represents management's assessment of a reasonably possible change in interest rates over the period until the next annual balance sheet date. The analysis is performed on the same basis for 2007.

Foreign currency risk

As a result of significant overseas investments denominated in United States Dollars ("USD"), Singapore Dollars ("SGD") and New Taiwan Dollars ("NTD"), the Group is exposed to the movement in the HKD/USD, HKD/SGD and HKD/NTD exchange rates.

At 31 December 2008, if these currencies had strengthened/weakened by 5% against HKD with all other variables kept constant, the Group's net loss for the year would have been approximately HK\$937,000 (2007: HK\$2,077,000) lower/higher, mainly as a result of foreign exchange gains/losses on translation of those overseas investments denominated in different currencies.

The sensitivity analysis has been determined assuming that the change in foreign exchange rates had occurred at the balance sheet date and had been applied to Group's exposure to currency risk for all financial instruments in existence at that date, and that all other variables remain constant, in particular interest rates, remain constant. The stated changes in foreign currency represent management's assessment of reasonably possible changes in foreign exchange rates over the period until the next annual balance sheet date. In this respect, it is assumed that the pegged rate between HKD and USD would be materially unaffected by any changes in movement in value of USD against other currencies. The analysis is performed on the same basis for 2007.

Liquidity risk

The Group's objective is to maintain a balance between continuity of funding and flexibility through the use of short-term borrowings and utilisation of margin facilities of securities brokers. The Group will keep reviewing its financial needs from time to time to determine the timing of obtaining various borrowings or carrying out fund raising activities. The maturity profile of the Group's financial liabilities at the balance sheet date based on contractual undiscounted payments are summarised below:

Price risk

The Group's available-for-sale investments and investment held for trading are measured at fair value at each balance sheet date. Therefore, the Group is exposed to equity and debt securities price risk. The management manages this exposure by maintaining a portfolio of investments with different profiles both in Hong Kong and overseas. The sensitivity analysis has been determined based on the exposure to equity price risk. At the reporting date, if the fair value of trading securities had been 5% higher/lower while all other variables were held constant, the Group's net loss would decrease/increase by approximately HK\$1,336,000 (2007: HK\$7,527,000).

Whereas, if the fair value of available-for-sale investments had been 5% higher/lower with all other variables remain unchanged, the Group's changes in equity will increase/decrease by approximately HK\$7,172,000 (2007: HK\$14,050,000). The Group's sensitivity to equity price has not changed significantly from the prior year.

Credit risk

The Group's credit risk primarily attributable to other receivables, which mainly represent cash balances maintained with securities brokers. It is the Group's policy to trade only with recognised, creditworthy brokers. The Group has limited credit risk with its brokers, which are leading and reputable and are assessed as having low credit risk. The Group has not had any significant loss arising from non-performance by its brokers in the past and management does not expect so in the future.

Capital management

The objectives of the Group's capital management are to safeguard the entity's ability to continue as a going concern and to provide returns for shareholders. The Group manages its capital structure and makes adjustments, including payment of dividend to shareholders, return capital to shareholders or issue new shares or sell assets to reduce debts. No changes were made in the objectives, policies or processes during the years ended 31 December 2008 and 2007.

The Group monitors capital on the basis of debt-to-adjusted capital ratio, which is net debt divided by adjusted capital. The Group's policy is to keep the ratio within 10%. The debt-to-adjusted capital ratios at the balance sheet date were as follows:

	2008	2007

Certain unlisted securities included in available-for-sale investments are stated at fair value after the carrying amounts are determined to be impaired.

Save as aforesaid and apart from intra-group liabilities, the Group did not have any outstanding mortgages, charges, debentures, loan capital, debt securities, loans, bank overdraft or other similar indebtedness, financial lease or hire purchase commitments, liabilities under acceptances or acceptance credits or guarantees or other material contingent liabilities as at 31 January 2009.

The Directors have confirmed that there has been no material change in the indebtedness and contingent liabilities of the Group since 31 December 2008, being the date to which the latest published audited consolidated financial statements of the Company were made up.

4. WORKING CAPITAL

The Directors are of the opinion that, taking into account the cash flows generated from the operating activities, the financial resources available to the Group including internally generated funds, the available credit facilities and the estimated net proceeds from the Rights Issue, the Group has sufficient working capital for its present requirements, that is for at least the next 12 months from the date of this Prospectus.

5. MATERIAL ADVERSE CHANGE

As at the Latest Practicable Date, the Directors were not aware of any material adverse change in the financial or trading position of the Group since 31 December 2008, being the date to which the latest published audited consolidated financial statements of the Group were made up.

6. BUSINESS REVIEW**Operation review**

The Company is an investment company under Chapter 21 of the Listing Rules. Its principal activities remain engaging in the investments in listed securities in Hong Kong and other main stock markets around the world and also in unlisted companies.

Results review

The Group's audited consolidated net loss attributable to the Shareholders was HK\$458,429,088 for the financial year ended 31 December 2008 (2007: HK\$98,995,641). The increase in net loss is attributable to realised loss on disposal of its listed available-for-sale investments and listed investments held for trading, unrealised loss on revaluation of its listed investments held for trading and impairment of its available-for-sale investments, all of which are as a result of significant downturn of the global equity market. Loss per Share was HK\$1.76 (2007 as restated: HK\$2.01).

The stock market in Hong Kong tumbled since late 2007 as a result of the global credit market squeeze. Turnover recognised by the Group during the financial year ended 31 December 2008 was the loss from the sale of investments at fair value through profit or loss on a net basis, which amounted to loss of HK\$6,334,669 (2007 as restated: HK\$91,529,295).

The Board believes that the global securities market remains volatile amid the global financial crisis and the Board will continue to identify any medium-term or long-term investment opportunities and exercise caution when managing the investment portfolio. In terms of diversification, the Group's current investment portfolio covers a wide range of industries and sectors, including, but not limited to, companies engaging in trading, information technologies, media, energy, property investment, securities investment etc.

Liquidity, financial resources and capital structure

The consolidated net asset value per Share as at 31 December 2008 was HK\$0.41 (2007: HK\$0.13). The consolidated net asset value per Share is calculated based on the net assets of the Group of HK\$153,450,852 (2007: HK\$416,800,936) as at 31 December 2008 and 375,791,474 issued Shares as at that date (2007: 3,131,595,629 shares).

As at 31 December 2008, the Group's gearing ratio was 17.09% (2007: 6.95%), which is calculated based on the Group's total liabilities divided by its total assets. As at 31 December 2008, the Group had unsecured and interest bearing short-term borrowings of HK\$9,500,000 (2007: HK\$25,000,000) and the retained cash of HK\$4,245,589 (2007: HK\$9,732,245). Taking into account the amount of liquid assets in hand and available short-term or margin loan facilities and there was no material capital commitment, the Directors are of the view that the Group has sufficient financial resources to meet its ongoing operational requirements.

The Group's investment portfolio is mainly financed by its shareholders' funds. As at 31 December 2008, the Group had shareholders' funds of HK\$153,450,852 (2007: HK\$416,800,936). During the financial year ended 31 December 2008, the Company completed a rights issue in June 2008, 1,565,797,810 rights Shares were issued, bringing in net proceeds of approximately HK\$181,700,000. On 8 October 2008, the Company entered into two settlement deeds with two short-term loan lenders, pursuant to which Convertible Notes with an aggregate principal amount of HK\$38,000,000 were issued on 26 November 2008 to settle HK\$38,000,000 outstanding loan principal.

During the financial year ended 31 December 2008, the Company had undergone two capital reorganisations giving rise to contributed surplus of HK\$432,160,196, out of which HK\$153,846,438 and HK\$21,313,066 were utilised to eliminate the accumulated losses of the Company for the year ended 31 December 2007 and the loss for the financial year ended 31 December 2008 respectively.

7. FINANCIAL AND TRADING PROSPECTS

2008 has turned out to be an “Annus Horribilis” for the global capital markets. The US downturn, ignited by an asset bubble especially in the property market financed by thinly-regulated financial derivative issuances, have now become a full-blown worldwide synchronised recession, with a number of banking systems in the world under stress and Asia’s growth now being disruptively curtailed. Despite massive intervention by fiscal and monetary authorities, the global financial system remains fragile with credit remaining tight and a long list of banks and “near-bank” financial institutions reporting hundreds of billions of dollars in losses and many on the verge of bankruptcy. China has not been immune from the backdrop of the global downturn, with its export-led growth falling sharply in the fourth quarter.

As a result of falling demand, oil prices have fallen drastically, with OPEC now considering production cut. Other commodity prices have also dropped from the peak in 2007. The commodity downcycle has now enabled central banks to relax their control over inflation and focus more on rebuilding the capital of the core financial institutions and rejuvenating the economies aggressively through cutting interest rates as well as increasing money supply.

The difficult global capital market condition is expected to prevail in 2009 and will not improve until the lack of risk capital and the credit crunch having been addressed. Recent concerted actions by the central banks especially from the G7 countries have helped short-term corporate borrowing cost to fall sharply. However, the long-end of the yield curve remains clearly elevated, with Asian CDS spreads at historically high levels.

In view of such capital market uncertainties, the Group will continue to look for appropriate investment opportunities to expand and diversify its investment portfolio, with special consideration towards withstanding the challenges of a complete economic cycle. Should the capital market environment improve, the Board may consider distributing part of the distributable reserves as a reward for Shareholders’ loyalty to the Group.

- (iii) sub-divide its Shares or any of them into shares of smaller amount than is fixed by the Memorandum, subject nevertheless to the provisions of the Companies Law, and so that the resolution whereby any Share is sub-divided may determine that, as between the holders of the shares resulting from such sub-division, one or more of the shares may have any such preferred or other special rights, over, or may have such deferred rights or be subject to any such restrictions as compared with the others as the Company has power to attach to unissued or new shares.

The Company may by special resolution reduce its share capital, any capital redemption reserve or any share premium account in any manner authorized and subject to any conditions prescribed by the Companies Law.

A “special resolution” is defined in the Articles to have the meaning ascribed thereto in the Companies Law, for which purpose, the requisite majority shall not be less than three-fourths of the votes of such members of the Company as, being entitled to do so, vote in person or, in the case of corporations, by their duly authorized representatives or, where proxies are allowed, by proxy at a general meeting of which notice specifying the intention to propose the resolution as a special resolution has been duly given and includes a special resolution approved in writing by all the members of the Company entitled to vote at a general meeting of the Company in one or more instruments each signed by one or more of such members, and the effective date of the special resolution so adopted shall be the date on which the instrument or the last of such instruments (if more than one) is executed.

An “ordinary resolution” is defined in the Articles to mean a resolution passed by a simple majority of the votes of such members of the Company as, being entitled to do so, vote in person or, in the case of corporations, by their duly authorised representatives or, where proxies are allowed, by proxy at a general meeting held in accordance with the Articles and includes an ordinary resolution approved in writing by all the members of the Company aforesaid.

In the case of joint holders of any share, the vote of the senior who tenders a vote, whether in person or by proxy, shall be accepted to the exclusion of the votes of the other joint holders, and for this purpose seniority shall be determined by the order in which the names stand in the register of members of the Company in respect of the joint holding.

A member of the Company in respect of whom an order has been made by any competent court or official on the ground that he is or may be suffering from mental disorder or is otherwise incapable of managing his affairs may vote, whether on a show of hands or on a poll, by any person authorized in such circumstances to do so and such person may vote on a poll by proxy.

No member shall, unless the Directors otherwise determine, be entitled to vote, or be reckoned in a quorum, at any general meeting in respect of any Share unless he is registered as a shareholder of the Company at the date of such meeting and all calls which have been made by the Directors, or other sums presently payable by him, in respect of such Share have been paid.

At any general meeting a resolution put to the vote of the meeting is to be decided on a show of hands unless voting by way of a poll is required by the rules of the Stock Exchange or (before or on the declaration of the result of the show of hands or on the withdrawal of any other demand for a poll) a poll is demanded by:

- (iii) any member or members present in person or, in the case of a member being a corporation, by its duly authorised representative or by proxy and representing not less than one-tenth of the total voting rights of all the members having the right to vote at the meeting; or
- (iv) a member or members present in person or, in the case of a member being a corporation, by its duly authorised representative or by proxy and holding shares in the Company conferring a right to vote at the meeting being shares on which an aggregate sum has been paid equal to not less than one-tenth of the total sum paid up on all the shares conferring that right; or
- (v) if required by the rules of the Stock Exchange, by any Director or Directors who, individually or collectively, hold proxies in respect of shares representing five per cent. (5%) or more of the total voting rights at such meeting.

On a poll votes may be given either personally or by proxy and a person entitled to more than one vote on a poll need not use all his votes or cast all the votes he uses in the same way.

If a recognised clearing house (or its nominee) is a member of the Company it may authorize such person or persons as it thinks fit to act as its representatives at any meeting of the Company or at any meeting of any class of members of the Company provided that, if more than one person is so authorised, the authorisation shall specify the number and class of shares in respect of which each such person is so authorised. A person authorised pursuant to this provision shall be entitled to exercise the same powers on behalf of the recognised clearing house (or its nominee) which he represents that clearing house (or its nominee) could exercise if it were an individual shareholder of the Company holding the number and class of shares specified in such authorization including the right to vote individually on a show of hands.

(h) Annual general meetings

The Company shall in each year hold a general meeting as its general meeting in addition to any other general meeting in that year and shall specify the meeting as such in the notice calling it; and not more than 15 months shall elapse between the date of one annual general meeting of the Company and that of the next.

(i) Accounts and audit

The Directors shall cause to be kept accounting records sufficient to give a true and fair view of the state of the Company's affairs and to show and explain its transactions and otherwise in accordance with the Companies Law.

The Directors shall from time to time determine whether and to what extent and at what times and places and under what conditions or regulations the accounts and books of the Company or any of them shall be open to the inspection of members of the Company (other than officers of the Company) and no such member shall have any right of inspecting any account or book or document of the Company except as conferred by the Companies Law or as authorized by the Directors or by the Company in general meeting.

The Directors shall from time to time commencing with the first annual general meeting cause to be prepared and to be laid before the members of the Company at every annual general meeting profit and loss account, balance sheets and the Directors' and the auditors' report thereon. Copies of these documents which are to be laid before the members of the Company at an annual general meeting shall not less than 21 days before the date of the meeting be sent to every member of the Company and every holder of debentures of the Company provided that the Company shall not be required to send printed copies of those documents to any person of whose address the Company is not aware or to more than one of the joint holders of any Shares or debentures.

The Company shall at any annual general meeting appoint an auditor or auditors of the Company who shall hold office until the next annual general meeting and shall fix his or their remuneration provided that in respect of any particular year the Company in general meeting may delegate the fixing of such remuneration to the Directors.

(j) Notices of meetings and business to be conducted thereat

An annual general meeting and any extraordinary general meeting called for the passing of a special resolution shall be called by not less than 21 days' notice in writing and any other extraordinary general meeting shall be called by not less than 14 days' notice. The notice shall be exclusive of the day on which it is served or deemed to be served and of the day for which it is given, and shall specify the time, place and agenda of the meeting, particulars of the resolutions to be considered at the meeting and, in the case of special business, the general nature of that business. The notice convening an annual general meeting shall specify the meeting as such, and the notice convening a meeting to pass a special resolution shall specify the intention to propose the resolution as a special resolution. Notice of every general meeting shall be given to the auditors and to all members of the Company (other than those who, under the provisions of the Articles or the terms of issued of the Shares they hold, are not entitled to receive such notices from the Company).

Notwithstanding that a meeting of the Company is called by shorter notice than that mentioned above, it shall be deemed to have been duly called if it is so agreed:

- (aa) in the case of a meeting called as an annual general meeting, by all members of the Company entitled to attend and vote thereat or their proxies; and
- (bb) in the case of any other meeting, by a majority in number of the members having a right to attend and vote at the meeting, being a majority together holding not less than 95% in nominal value of the issued shares giving that right.

All business shall be deemed special that is transacted at an extraordinary general meeting and also all business shall be deemed special that is transacted at an annual general meeting with the exception of the following, which shall be deemed ordinary business:

- (aa) the declaration and sanctioning of dividends;
 - (bb) the consideration and adoption of the accounts and balance sheet and the reports of the directors and the auditors;
 - (cc) the election of directors in place of those retiring;
 - (dd) the appointment of auditors;
 - (ee) the fixing of, or the determining of the method of fixing, the remuneration of the directors and of the auditors;
 - (ff) the granting of any mandate or authority to the Directors to offer, allot, grant options over or otherwise dispose of the unissued shares of the Company representing not more than 20% (or such other percentage as may from time to time be specified in the Listing Rules) in nominal value of its existing issued share capital and the number of any securities repurchased pursuant to subparagraph (gg) below; and
 - (gg) the granting of any mandate or authority to the Directors to repurchase securities of the Company.
- (k) Transfer and compulsory transfer of Shares**

All transfers of shares may be effected by an instrument of transfer in the usual or common form or in such other form as the Directors may approve.

The instrument of transfer of a Share shall be signed by and on behalf of the transferor and, unless the Directors otherwise determine, the transferee, and the transferor shall be deemed to remain the holder of the Share until the name of the transferee is entered in the register of members of the Company in respect thereof. All instrument of transfer, when registered, shall be retained by the Company.

The Directors may decline to register any transfer of any Share which is not fully paid up or on which the Company has a lien. The Directors may also decline to register any transfer of any other Shares unless:

- (aa) the instrument of transfer is lodged with the Company accompanied by the certificate for the Shares to which it relates (which shall upon the registration of the transfer be cancelled) and such other evidence as the Directors may reasonably require to show the right of the transferor to make the transfer and/or with regard to whether or not the transfer would result in any contravention of the restrictions (if any) on the holding of Shares imposed by the Board pursuant to the Articles;
- (bb) the instrument of transfer is in respect of only one class of Share;
- (cc) the instrument of transfer is properly stamped (in circumstances where stamping is required);
- (dd) in the case of a transfer to joint holders, the number of joint holders to whom the Share is to be transferred does not exceed four;
- (ee) the Shares concerned are free from any lien in favour of the Company; and
- (ff) a fee for registration of such maximum as the Stock Exchange may from time to time determine (or such lesser sum as the Directors may from time to time require) is paid to the Company.

If the Directors refuse to register a transfer they shall, within two months after the date on which the instrument of transfer was lodged with the Company, send to each of the transferor and the transferee notice of such refusal.

The registration of transfers may, on 14 days' notice being given by advertisement being published in the newspapers or by any means in such manner as the Board may from time to time determine and as may be accepted by the Stock Exchange and to the extent that it does not contravene the Companies Law, be suspended at such times and for such periods as the Directors may from time to time determine either generally or in respect of any class of Shares, provided that the registration of transfers shall not be suspended or the register closed for more than 30 days in any year (or such longer period as the members may by ordinary resolution determine provided that such period shall not be extended beyond 60 days in any year).

The Board shall have power to impose such restrictions as it may think necessary for the purpose of ensuring that no Shares are held by (a) any person in breach of the law or requirements of any country or governmental authority; or (b) any person or persons in circumstances (whether directly or indirectly affecting such person or persons and whether taken alone or in conjunction with any other persons, connected or not, or any other circumstances appearing to the Board to be relevant) which in the opinion of the Board might result in the Company incurring any liability to taxation or suffering any other pecuniary disadvantage which the Company might not otherwise have incurred or suffered. If it shall come to the notice of the Board that any shares are owned directly or beneficially by any person on contravention of any such restrictions, the Board may give notice to such person requiring him to transfer such Shares to a person who would not thereby be in contravention of any such restrictions. If any person upon whom such a notice is served does not within thirty days after such notice transfer such Shares or establish to the satisfaction of the Board (whose judgment shall be final and binding) that such shares are not be held on contravention of any such restrictions he shall be deemed upon the expiration of such period of thirty days to have given an instrument of transfer in respect of all his Shares the subject of such notice and the Directors shall be entitled to sell such Shares at the best price reasonably obtainable from any other person and to appoint any person to sign on his behalf such documents as may be required for the purposes of the sale and transfer. Upon the Directors resolving to sell the Shares of a member, the member shall be bound forthwith to deliver to the Company or its authorized agents the certificate(s) for such Shares.

(l) Power for the Company to purchase its own shares

The Company is empowered by the Companies Law and the Articles to purchase its own Shares subject to certain restrictions and the Directors may only exercise this power on behalf of the Company subject to the authority of its members in general meeting as to the manner in which they do so and to any applicable requirements imposed from time to time by the Stock Exchange and the Securities and Futures Commission of Hong Kong or by any other recognized stock exchange.

(m) Power for any subsidiary of the Company to own Shares

There are no provisions in the Articles relating to ownership of shares in the Company by a subsidiary.

(n) Dividends and other methods of distribution

Subject to the Companies Law and the Articles, the Company in general meeting may declare dividends in any currency but no such dividends shall exceed the amount recommended by the Directors. No dividend may be declared or paid other than out of profits and reserves of the Company lawfully available for distribution, including share premium.

Except in so far as the rights attaching to, or the terms of issue of, any share may otherwise provide, all dividends shall (as regards any shares not fully paid throughout the period in respect of which the dividend is paid) be apportioned and paid pro rata according to the amount paid up on the shares during any portion or portions of the period in respect of which the dividend is paid but no amount paid up on a share in advance of calls shall be treated for this purpose as paid up on the Share.

The Directors may also pay any dividend which is payable on any Shares half-yearly or on any other dates, whenever the position of the company, in the opinion of the Directors, justifies such payment.

The Directors may retain any dividends or other moneys payable on or in respect of a Share upon which the Company has a lien, and may apply the same in or towards satisfaction of the debts, liabilities or engagements in respect of which the lien exists. The Directors may also deduct from any dividend or bonus payable to any member all sums of money (if any) presently payable by him to the Company on account of calls, instalments or otherwise.

No dividend or other monies payable by the Company on or in respect of any Share shall bear interest against the Company.

In respect of any dividend proposed to be paid or declared on the share capital of the Company, the Directors may resolve: (a) that such dividend be satisfied wholly or in part in the form of an allotment of Shares credited as fully paid up on the basis that the Shares so allotted are to be of the same class or classes as the class or classes already held by the allottee, provided that the members of the Company entitled thereto will be entitled to elect to receive such dividend (or part thereof) in cash in lieu of such allotments; or (b) that the members entitled to such dividend will be entitled to elect to receive an allotment of Shares credited as fully paid up in lieu of the whole or such part of the dividend as the board may think fit on the basis that the Shares so allotted are to be of the same class or classes as the class or classes already held by the allottee. The Directors may also, with the sanction of the members of the Company in general meeting, resolve and direct in respect of any particular dividend of the Company that notwithstanding the foregoing a dividend may be satisfied wholly in the form of an allotment of Shares credited as fully paid up without offering any right to members to elect to receive such dividend in cash in lieu of such allotment.

Any dividend or bonus paid by cheque or warrant sent through the post addressed to the holder at his registered address, or in the case of joint holders, addressed to the holder whose name stands first in the register of the Company in respect of the Shares at his address as appearing in the register or addressed to such person and at such addresses as the holder or joint holders may in writing direct. Every such cheque or warrant shall, unless the holder or joint holders otherwise direct, be made payable to the order of the holder or, in the case of joint holders, to the order of the holder whose name stands first on the register in respect of such Shares, and shall be sent at his or their risk and payment of the cheque or warrant by the bank on which it is drawn shall constitute a good discharge to the Company. Any one of two or more joint holders may give effectual receipts for any dividends or other moneys payable or property distributable in respect of the shares held by such joint holders.

Any dividend unclaimed after a period of six years from the date of declaration of such dividend shall be forfeited and shall revert to the Company.

The Directors may, with the sanction of the members of the Company in general meeting, direct payment or satisfaction of any dividend wholly or in part by the distribution of specific assets, and in particular of paid up shares, debentures or warrants to subscribe securities of any other company, and where any difficulty arises in regard to such distribution the Directors may settle it as they think expedient, and in particular may issue fractional certificates, disregard fractional entitlements, round the same up or down or provide that the same shall accrue to the benefit of the Company, and may fix the value for distribution of such specific assets and may determine that cash payments shall be made to any members of the Company upon the footing of the value so fixed in order to adjust the rights of all parties, and may vest any such specific assets in trustees as may seem expedient to the Directors.

(o) Proxies

Any member of the Company entitled to attend and vote at a meeting of the Company is entitled to appoint another person as his proxy to attend and vote instead of him and a proxy so appointed shall have the same right as the member to speak at the meeting. A proxy need not be a member of the Company.

Instrument of proxy shall be in any common form or in such other form as the Directors may approve. The instrument of proxy shall be deemed to confer authority to demand or join in demanding a poll and to vote on any amendment of a resolution put to the meeting for which it is given as the proxy thinks fit. The instrument of proxy shall, unless the contrary is stated therein, be valid as well for any adjournment of the meeting as for the meeting to which it relates, provided that the meeting was originally held within 12 months from such date.

The instrument appointing a proxy shall be in writing under the hand of the appointor or his attorney authorized in writing or if the appointor is a corporation either under its seal or under the hand of an offeror, attorney or other person authorized to sign the same.

The instrument appointing a proxy and (if required by the Directors) the power of attorney or other authority (if any) under which it is signed, or a notarially certified copy of such power of authority, shall be delivered at the registered office of the Company (or at such other place as may be specified in the notice convening the meeting or in any notice of any adjournment or, in either case, in any document sent therewith) not less than 48 hours before the time appointed for holding the meeting or adjourned meeting at which the person named in the instrument proposes to vote or, in the case of a poll taken subsequently to the date of a meeting or adjourned meeting, not less than 48 hours before the time appointed for the taking of a poll and in default the instrument of proxy shall not be treated as valid. No instrument appointing a proxy shall be valid after the expiration of 12 months from the date named in it as the date of its execution. Delivery of any instrument appointing a proxy shall not preclude a member of the Company from attending and voting in person at the meeting or poll concerned and, in such event, the instrument appointing a proxy shall be deemed to be revoked.

(p) Call on shares and forfeiture of shares

The Directors may from time to time make such calls upon the members of the Company in respect of any moneys unpaid on the shares (whether on account of the nominal value of the shares or by way of premium) and not by the conditions of allotment thereof made payable at fixed time and each member shall (subject to the Company serving upon him at least 14 days' notice specifying the time and place of payment) pay to the Company at the time and place so specified the amount called on his Shares. A call may be revoked or postponed as the Directors may determine. A person upon whom a call is made shall remain liable on such call notwithstanding the subsequent transfer of the Shares in respect of which the call was made.

A call may be made payable either in one lump sum or by installments and shall be deemed to have been made at the time when the resolution of the Directors authorizing the call was passed. The joint holders of a Share shall be jointly and severally liable to pay all calls and instalments due in respect of such share or other moneys due in respect thereof.

If a sum called in respect of a Share shall not be paid on or before the day appointed for payment thereof, the person from whom the sum is due shall pay interest on the sum from the day appointed for payment thereof to the time of actual payment at such rate not exceeding 15% per annum as the Directors may determine, but the Directors shall be at liberty to waive payment of such interest wholly or in part.

If any call or instalment of a call remains unpaid on any Share after the day appointed for payment thereof, the Directors may at any time serve a notice on the holder of such Shares requiring payment of so much of the call or instalment as is unpaid together with any interest which may be accrued and which may still accrue up to the date of actual payment.

The notice shall name a further day (not being less than 14 days from the date of the notice) on or before which, and the place where, the payment required by the notice is to be made, and shall state that in the event of non-payment on or before the day and at the place appointed, the Shares in respect of which such call was made or instalment is unpaid will be liable to be forfeited.

If the requirements of any such notice are not complied with, any Share in respect of which such notice has been given may at any time thereafter, before the payment of all calls or instalments and interest due in respect thereof has been made be forfeited by a resolution of the Directors to that effect. Such forfeiture shall include all dividends and bonuses declared in respect of the forfeited Share and not actually paid before the forfeiture. A forfeited Share shall be deemed to be the property of the Company and may be sold, re-allotted, cancelled or otherwise disposed of.

A person whose Shares have been forfeited shall thereupon cease to be a member of the Company in respect of the forfeited Shares but shall, notwithstanding the forfeiture, remain liable to pay to the Company all moneys which at the date of forfeiture were payable by him to the Company in respect of the Shares, together with interest thereon at such rate not exceeding 15% per annum (or such lower rate as the Directors may determine) from the date of forfeiture until payment, any allowance for the value of the Shares forfeited, at the date of forfeiture.

(q) Inspection of register of members

The Directors shall cause to be kept at such place within or outside the Cayman Islands as they deem fit a principal register of the members and there shall be entered therein the particulars of the members and the shares issued to each of them and other particulars required under the Companies Law. The register may, on 14 days' notice being given by advertisement published in the newspapers or by any means in such manner as the Board may from time to time determine and as may be accepted by the Stock Exchange and to the extent that it does not contravene the Companies Law, be closed at such times and for such periods as the Directors may from time to time determine either generally or in respect of any class of Shares, provided that the register shall not be closed for more than 30 days in any year (or such longer period as the members may by ordinary resolution determine provided that such period shall not be extended beyond 60 days in any year).

Any register of members kept in Hong Kong shall during normal business hours (subject to such reasonable restrictions as the Directors may impose) be open to inspection by any member of the Company without charge and by any other person on payment of such fee not exceeding HK\$2.50 (or such higher amount as may from time to time be permitted under the Listing Rules) as the Directors may determine for each inspection.

(r) Quorum for meetings and separate class meetings

No business shall be transacted at any general meeting unless a quorum is present when the meeting proceeds to business, but the absence of a quorum shall not preclude the appointment, choice or election of a chairman which shall not be treated as part of the business of the meeting.

Save as otherwise provided by the Articles two members of the Company present in person or by proxy shall be a quorum provided always that if the Company has only one shareholder of record the quorum shall be that one member present in person or by proxy.

A corporation being a member shall be deemed for the purpose of the Articles to be present in person if represented by its duly authorised representative being the person appointed by resolution of the directors or other governing body of such corporation or by power of attorney to act as its representative at the relevant general meeting of the Company or at any relevant general meeting of any class of members of the Company.

The quorum for a separate general meeting of the holders of a separate class of Shares of the Company is described in the sub-paragraph (d) above.

(s) Rights of the minorities in relation to fraud or oppression

There are no provisions in the Articles concerning the rights of minority shareholders in relation to fraud or oppression.

(t) Procedures on liquidation

Subject to any special rights, privileges or restrictions as to the distribution of available surplus assets on liquidation for the time being attached to any class or classes of Shares (i) if the Company shall be wound up and the assets available for distribution amongst the members of the Company shall be more than sufficient to repay the whole of the capital paid up at the commencement of the winding up, the excess shall be distributed *pari passu* amongst such members in proportion to the amount paid up on the shares held by them respectively and (ii) if the Company shall be wound up and the assets available for distribution amongst the members as such shall be insufficient to repay the whole of the paid-up capital, such assets shall be distributed so that, as nearly as may be, the losses shall be borne by the members in proportion to the capital paid up, or which ought to have been paid up, at the commencement of the winding up on the shares held by them respectively.

If the Company shall be wound up, the liquidator may with the sanction of a special resolution of the Company, divide amongst the members in specie or kind the whole or any part of the assets of the Company (whether they shall consist of property of the same kind or not) and may, for such purpose, set such value as he deems fair upon any one or more class or classes of property to be divided as aforesaid and may determine how such division shall be carried out as between the members or different classes of members. The liquidator may, with the like sanction, vest the whole or any part of the assets in trustees upon such trusts for the benefit of the contributor as the liquidator, with the like sanction, shall think fit, but so that no member shall be compelled to accept any assets, shares or other securities in respect of which there is a liability.

(u) Untraceable members

The Company shall be entitled to sell any Shares of a member or the Shares to which a person is entitled by virtue of transmission on death or bankruptcy or operation of law if: (i) all cheques or warrants, not being less than three in number, for any sums payable in cash to the holder of such shares have remained uncashed for a period of 12 years; (ii) the Company has not during that time or before the expiry of the three month period referred to in (iv) below received any indication of the whereabouts or existence of the member; (iii) during the 12 year period, at least three dividends in respect of the Shares in question have become payable and no dividend during that period has been claimed by the members; and (iv) upon the expiry of the 12 year period, the Company has given notice of its intention to sell such shares by way of an advertisement published in the newspapers or by any means in such manner as the Board may from time to time determine and as may be accepted by the Stock Exchange and to the extent that it does not contravene the Companies Law, and a period of three months has elapsed since such advertisement and the Stock Exchange has been notified of such intention. The net proceeds of any such sale shall belong to the Company and upon receipt by the Company of such net proceeds it shall become indebted to the former member for an amount equal to such net proceeds.

(v) Investment Manager

The Board may appoint as Investment Manager any person and may entrust to and confer upon the Investment Manager so appointed any of the duties, powers and discretions exercisable by the Board (other than the power to make calls or forfeit Shares) upon such terms and conditions and for such period and with such restrictions as the Board thinks fit and whether collaterally with or to the exclusion of the Board's own powers. In the event of the termination for whatever reason of the appointment of any Investment Manager so appointed the Board shall as soon as is practicable thereafter take all such steps as are reasonable to secure the appointment of some other person as the Investment Manager. The remuneration of the Investment Manager shall be paid and accrue at such rate, at such time or times and in such manner as the Board may from time to time agree with the Investment Manager.

(w) Custodian

The Board shall appoint a Custodian who or whose nominee shall hold the assets of the Company and in whose name or in the name of whose nominee the same shall be registered in the case of registered securities and who shall perform such other duties upon such terms as the Board may from time to time (with the agreement of the Custodian) determine. The remuneration of the Custodian shall be paid and accrue at such rate, at such time or times and in such manner as the Board may from time to time agree with the Custodian.

All moneys, bills and notes belonging to the Company shall be paid to or to the order of or deposited with or to the order of the Custodian or its nominee to an account or accounts to be opened in the name of the Company.

In the event of the Custodian desiring to retire the Board shall use its best endeavours to find a corporation having the said qualifications to act as replacement Custodian and upon doing so the Board shall appoint such corporation to be custodian in place of the retiring Custodian. The Board shall not remove the Custodian unless and until a successor corporation shall have been appointed in accordance with the Articles to act in the place thereof.

The powers of the Board under the Articles shall include a power to appoint two or more joint Custodians.

3. CAYMAN ISLANDS COMPANIES LAW

The Company is incorporated in the Cayman Islands subject to the Companies Law and, therefore, operates subject to Cayman Islands law. Set out below is a summary of certain provisions of Cayman Islands company law, although this does not purport to contain all applicable qualifications and exceptions or to be a complete review of all matters of Cayman Islands company law and taxation, which may differ from equivalent provisions in jurisdictions with which interested parties may be more familiar:

(a) Operations

As an exempted company, the Company's operations must be conducted mainly outside the Cayman Islands. The Company is required to file an annual return each year with the Registrar of Companies of the Cayman Islands and pay a fee which is based on the amount of its authorized share capital.

(b) Share capital

The Companies Law provides that where a company issues shares at a premium, whether for cash or otherwise, a sum equal to the aggregate amount of the value of the premiums on those shares shall be transferred to an account, to be called the "share premium account". At the option of a company, these provisions may not apply to premiums on shares of that company allotted pursuant to any arrangement in consideration of the acquisition or cancellation of shares in any other company and issued at a premium. The Companies Law provides that the share premium account may be applied by the company subject to the provisions, if any, of its memorandum and articles of association in (a) paying distributions or dividends to members; (b) paying up unissued shares of the company to be issued to members as fully paid bonus shares; (c) the redemption and repurchase of shares (subject to the provisions of section 37 of the Companies Law); (d) writing-off the preliminary expenses of the company; (e) writing-off the expenses of, or the commission paid or discount allowed on, any issue of shares or debentures of the company; and (f) providing for the premium payable on redemption or purchase of any shares or debentures of the company.

No distribution or dividend may be paid to members out of the share premium account unless immediately following the date on which the distribution or dividend is proposed to be paid, the company will be able to pay its debts as they fall due in the ordinary course business.

The Companies Law provides that, subject to confirmation by the Grand Court of the Cayman Islands (the “Court”), a company limited by shares or a company limited by guarantee and having a share capital may, if so authorized by its articles of association, by special resolution reduce its share capital in any way.

The Articles include certain protections for holders of special classes of shares, requiring their consent to be obtained before their rights may be varied. The consent of the specified proportions of the holders of the issued shares of that class or the sanction of a resolution passed at a separate meeting of the holders of those shares is required.

(c) Financial assistance to purchase shares of a company or its holding company

Subject to all applicable laws, the Company may give financial assistance to Directors and employees of the Company, its subsidiaries, its holding company or any subsidiary of such holding company in order that they may buy Shares in the Company or shares in any subsidiary or holding company. Further, subject to all applicable laws, the Company may give financial assistance to a trustee for the acquisition of Shares in the Company or shares in any such subsidiary or holding company to be held for the benefit of employees of the Company, its subsidiaries, any holding company of the Company or any subsidiary of any such holding company (including salaried Directors).

There is no statutory restriction in the Cayman Islands on the provision of financial assistance by a company to another person for the purchase of, or subscription for, its own or its holding company’s shares. Accordingly, a company may provide financial assistance if the directors of the company consider, in discharging their duties of care and acting in good faith, for a proper purpose and in the interests of the company, that such assistance can properly be given. Such assistance should be on an arm’s-length basis.

(d) Purchase of shares and warrants by a company and its subsidiaries

Subject to the provisions of the Companies Law, a company limited by shares or a company limited by guarantee and having a share capital may, if so authorized by its articles of association, issue shares which are to be redeemed or are liable to be redeemed at the option of the company or a shareholder. In addition, such a company may, if authorized to do so by its articles of association, purchase its own shares, including any redeemable shares. However, if the articles of association do not authorize the manner or purchase, a company cannot purchase any of its own shares unless the manner of purchase has first been authorized by an ordinary resolution of the company. At no time may a company redeem or purchase its shares unless they are fully paid. A company may not redeem or purchase any of its shares if, as a result of the redemption or purchase, there would no longer be any member of the company holding shares. A payment out of capital by a company for the redemption or purchase of its own shares is not lawful unless immediately following the date on which the payment is proposed to be made, the company shall be able to pay its debts as they fall due in the ordinary course of business.

A company is not prohibited from purchasing and may purchase its own warrants subject to and in accordance with the terms and conditions of the relevant warrant instrument or certificate. There is no requirement under Cayman Islands law that a company's memorandum or articles of association contain a specific provision enabling such purchases and the directors of a company may rely upon the general power contained in its memorandum of association to buy and sell and deal in personal property of all kinds.

Under Cayman Islands law, a subsidiary may hold shares in its holding company and, in certain circumstances, may acquire such shares.

(e) Dividends and distributions

With the exception of section 34 of the Companies Law, there is no statutory provisions relating to the payment of dividends. Based upon English case law, which is regarded as persuasive in the Cayman Islands, dividends may be paid only out of profits. In addition, section 34 of the Companies Law permits, subject to a solvency test and the provisions, if any, of the company's memorandum and articles of association, the payment of dividends and distributions out of the share premium account (see paragraph 2(n) above for further details).

(f) Protection of minorities

The Cayman Islands courts ordinarily would be expected to follow English case law precedents which permit a minority shareholder to commence a representative action against or derivative actions in the name of the company to challenge (a) an act which is ultra vires the company or illegal, (b) an act which constitutes a fraud against the minority and the wrongdoers are themselves in control of the company, and (c) an irregularity in the passing of a resolution which requires a qualified (or special) majority.

In the case of a company (not being a bank) having a share capital divided into shares, the Court may, on the application of members holding not less than one-fifth of the shares of the company in issue, appoint an inspector to examine into the affairs of the company and to report thereon in such manner as the Court shall direct.

Any shareholder of a company may petition the Court which may make a winding up order if the Court is of the opinion that it is just and equitable that the company should be wound up.

Generally claims against a company by its shareholders must be based on the general laws of contract or tort applicable in the Cayman Islands or their individual rights as shareholders as established by the company's memorandum and articles of association.

(g) Management

The Companies Law contains no specific restrictions on the power of directors to dispose of assets of a company. However, as a matter of general law, every officer of a company, which includes a director, managing director and secretary, in exercising his powers and discharging his duties must do so honestly and in good faith with a view to the best interests of the company and exercise the care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances.

(h) Accounting and auditing requirements

A company shall cause proper books of account to be kept with respect to (i) all sums of money received and expended by the company and the matters in respect of which the receipt and expenditure takes place; (ii) all sales and purchases of goods by the company; and (iii) the assets and liabilities of the company.

Proper books of account shall not be deemed to be kept if there are not kept such books as are necessary to give a true and fair view of the state of the company's affairs and to explain its transactions.

(i) Exchange control

There are no exchange control regulations or currency restrictions in the Cayman Islands.

(j) Taxation

Pursuant to section 6 of the Tax Concessions Law (1999 Revision) of the Cayman Islands, the Company has obtained an undertaking from the Governor-in-Cabinet:

- (1) that no law which is enacted in the Cayman Islands imposing any tax to be levied on profits, income, gains or appreciation shall apply to the Company or its operations; and
- (2) that the aforesaid tax or any tax in the nature of estate duty or inheritance tax shall not be payable on or in respect of the shares, debentures or other obligations of the Company.

The undertaking for the Company is for a period of twenty years from 16 March 1999.

The Cayman Islands currently levy no taxes on individuals or corporations based upon profits, income, gains or appreciations and there is no taxation in the nature of inheritance tax or estate duty. There are no other taxes likely to be material to the Company levied by the Government of the Cayman Islands save certain stamp duties which may be applicable, from time to time, on certain instruments executed in or brought within the jurisdiction of the Cayman Islands. The Cayman Islands are not party to any double tax treaties.

(k) Stamp duty on transfers

No stamp duty is payable in the Cayman Islands on transfers of shares of Cayman Islands companies except those which hold interests in land in the Cayman Islands.

(l) Loans to directors

There is no express provision in the Companies Law prohibiting the making of loans by a company to any of its directors.

(m) Inspection of corporate records

Members of the Company will have no general right under the Companies Law to inspect or obtain copies of the register of members or corporate records of the Company. They will, however, have such rights as may be set out in the Articles.

An exempted company may, subject to the provisions of its articles of association, maintain its principal register of members and any branch registers at such locations, whether within or without the Cayman Islands, as the directors may, from time to time, think fit. There is no requirement under the Companies Law for an exempted company to make any returns of members to the Registrar of Companies of the Cayman Islands. The names and addresses of the members are, accordingly, not a matter of public record and are not available for public inspection.

(n) Winding up

A company may be wound up by either an order of the Court or by a special resolution of its members. The Court has authority to order winding up in a number of specified circumstances including where it is, in the opinion of the Court, just and equitable to do so.

A company may be wound up voluntarily when the members so resolve in general meeting by special resolution, or, in the case of a limited duration company, when the period fixed for the duration of the company by its memorandum expires, or the event occurs on the occurrence of which the memorandum provides that the company is to be dissolved. In the case of a voluntary winding up, such company is obliged to cease to carry on its business from the time of passing the resolution for voluntary winding up or upon the expiry of the period or the occurrence of the event referred to above.

For the purpose of conducting the proceedings in winding up a company and assisting the Court, there may be appointed one or more than one person to be called an official liquidator or official liquidators; and the Court may appoint to such office such person or persons, either provisionally or otherwise, as it thinks fit, and if more persons than one are appointed to such office, the Court shall declare whether any act hereby required or authorized to be done by the official liquidator is to be done by all or any one or more of such persons. The Court may also determine whether any and what security is to be given by an official liquidator on his appointment; if no official liquidator is appointed, or during any vacancy in such office, all the property of the company shall be in the custody of the Court. In the case of a members' voluntary winding up of a company, the company in general meeting must appoint one or more liquidators for the purpose of winding up the affairs of the company and distributing its assets.

Upon the appointment of a liquidator, the responsibility for the company's affairs rests entirely in his hands and no future executive action may be carried out without his approval. A liquidator's duties are to collect the assets of the company (including the amount (if any) due from the contributories), settle the list of creditors and, subject to the rights of preferred and secured creditors and to any subordination agreements or rights of set-off or netting of claims, discharge the company's liability to them (*pari passu* if insufficient assets exist to discharge the liabilities in full) and to settle the list of contributories (shareholders) and divide the surplus assets (if any) amongst them in accordance with the rights attaching to the shares.

As soon as the affairs of the company are fully wound up, the liquidator must make up an account of the winding up, showing how the winding up has been conducted and the property of the company has been disposed of, and thereupon call a general meeting of the company for the purposes of laying before it the account and giving an explanation thereof. This final general meeting shall be called by Public Notice (as defined in the Companies Law) or otherwise as the Registrar of Companies of the Cayman Islands may direct.

(o) Reconstructions

There are statutory provisions which facilitate reconstructions and amalgamations approved by a majority in number representing 75% in value of shareholders or class of shareholders or creditors, as the case may be, as are present at a meeting called for such purpose and thereafter sanctioned by the Court. Whilst a dissenting shareholder would have the right to express to the Court his view that the transaction for which approval is sought would not provide the shareholders with a fair value for their shares, the Court is unlikely to disapprove the transaction on that ground alone in the absence of evidence of fraud or bad faith on behalf of management.

(p) Compulsory acquisition

Where an offer is made by a company for the shares of another company and, within four months of the offer, the holders of not less than 90% of the shares which are the subject of the offer accept, the offeror may at any time within two months after the expiration of the said four months, by notice in the prescribed manner require the dissenting shareholders to transfer their shares on the terms of the offer. A dissenting shareholder may apply to the Court within one month of the notice objecting to the transfer. The burden is on the dissenting shareholder to show that the Court should exercise its discretion, which it will be unlikely to do unless there is evidence of fraud or bad faith or collusion as between the offeror and the holders of the shares who have accepted the offer as a means of unfairly forcing out minority shareholders.

(q) Indemnification

Cayman Islands law does not limit the extent to which a company's articles of association may provide for indemnification of officers and directors, except to the extent any such provision may be held by the court to be contrary to public policy (e.g. for purporting to provide indemnification against the consequences of committing a crime).
