RISK FACTORS

Prior to making any investment decision, prospective investors should consider carefully all of the information in this Offering Circular, including the risks and uncertainties described below. The business, financial condition or results of operations of the Group could be materially adversely affected by any of these risks. Additional considerations and uncertainties not presently known to the Company, or which the Company currently deems immaterial, may also have an adverse effect on an investment in the Bonds.

RISKS RELATING TO THE GROUP'S BUSINESS

The performance of the Group's business and its future growth is dependent on future economic growth in the PRC and a slowdown or downturn in the PRC economy and domestic consumption could have an adverse effect on the financial condition, results of operations and prospects of the Group

All of the Group's manufacturing operations are located in the PRC and substantially all of the Group's revenue are derived from sales in the PRC. Accordingly, the growth of the Group's business is largely dependent upon continuous economic development and growth in the PRC. The PRC has experienced rapid economic development in recent years, but there can be no assurance that such growth will continue at such rates in the PRC. A sustained period of slower growth in the PRC or a significant downturn in the PRC economy could have an adverse effect on the financial condition, results of operations and prospects of the Group. The global financial crisis has adversely affected Europe, the US and other economies and if this crisis continues or worsens, it could also adversely affect economic growth in the PRC and demand in the PRC for the Group's products may decline.

In addition, the PRC government has from time to time adjusted its monetary, fiscal and other policies and measures to manage the rate of growth of the economy or control the overheating of the general economy or the overheating and overcapacity in certain industries or markets. As a result, the general economy in the PRC may grow at a lower-than-expected rate or even experience a downturn. This in turn could materially and adversely affect the Group's business, financial condition and results of operations.

The Group competes in a highly competitive market environment

The market for the Group's principal products is highly competitive, not just in major cities such as Guangzhou, Shanghai and Beijing but also in the second- and third-tier cities where international companies continue to expand into. The Group's key competitors are international companies such as Procter & Gamble, Kimberly-Clark, Uni-Charm, Johnson & Johnson and Asia Pulp and Paper which generally have greater product knowhow, financial resources and research and development capabilities, as well as established global brand recognition. These international companies are also able to capitalise on their overseas experience to compete in the PRC markets. The Group also faces competition from other established local personal hygiene product manufacturers such as Vinda in respect of some of its lower-end products. It may be necessary for the Group to lower prices on its products and increase spending on advertising and promotions due to increased competition, each of which could adversely affect the Group's financial results. There can be no assurance that the Group will be able to compete successfully in the future against its existing or potential competitors or that its products can compete successfully against new products that may be offered by its competitors. In addition, the Group incurs substantial development and marketing costs in introducing new and improved products and technologies. There is no guarantee that the Group will be successful in developing new and improved products and technologies necessary to compete successfully in the industry or that the Group will be successful in advertising, marketing and selling its products.

The Group's results of operations and profitability may be adversely affected by failure to obtain raw materials in a timely manner or increases in the costs of raw materials, in particular, wood pulp, petrochemical raw materials and labour costs

The Group consumes a large quantity of raw materials, including fluff pulp, wood pulp and petrochemicals in the production of its products. Raw materials costs are the largest component of operating costs for the Group. Sufficient quantities of fluff pulp, wood pulp and petrochemical raw materials need to be obtained in a timely manner. As a result, the operations of the Group are vulnerable to changes in the supply of these raw materials. Raw materials used by the Group are, and will continue

to be, sourced primarily from third party suppliers. In the event that the suppliers fail to meet their commitments or enter into agreements with the Group on commercially reasonable terms, and the Group is unable to locate alternative suppliers in a timely manner, the manufacturing processes of the Group could be disrupted and its manufacturing activities and operations could be materially and adversely affected. Any of the foregoing events could have a material adverse effect on the financial condition and results of operations of the Group.

The Group's results of operation and profitability are also affected by changes in the prices of raw materials. Although the prices of raw materials used in its manufacturing process such as fluff pulp, wood pulp and petrochemical products decreased in 2012, the prices of such raw materials had increased significantly in 2010 and 2011 and such price increases have led to increases in the production cost of the Group in 2010 and 2011. The increases in raw material prices, coupled with increasing labour costs, have had a negative impact on the profit margin of the Group's business. In addition, the Group does not hedge the prices of its raw materials. If costs of raw materials or labour rises, and if the Group is not able to compensate for these cost increases by undertaking cost saving measures elsewhere in its operations or by increasing the selling prices of products, the financial condition and results of operations of the Group may be materially and adversely affected.

The Group's business is subject to manufacturing and capacity expansion risks

The Group's operations are dependent on the continued operations of its production facilities. The Group may from time to time face production difficulties that may cause delivery delays or reduced output. There can be no assurance that the Group will not experience manufacturing problems in achieving acceptable output and/or product delivery delays in the future as a result of factors such as breakdowns or failures of equipment, capacity constraints, difficulties in upgrading or expanding existing facilities, or delays in delivery of equipment, any of which could result in a loss of future revenues or future net losses.

The Group has plans to increase its production capacity of tissue paper by approximately 360,000 tonnes and 120,000 tonnes respectively in 2014 and 2015, bringing the Group's total capacity of tissue paper to approximately 1,380,000 tonnes by 2015. If the Group fails to ramp up its production capacity in time to capture the increased demand for personal hygiene products in the PRC, its market share may diminish which could have a material adverse impact on the Group's competitiveness and prospects.

Food safety and food-borne illness concerns may have an adverse effect on the Group's business

Food safety issues have arisen in China which have adversely affected the sales of the Group's food products and such issues may continue to arise in the future. In April 2012, there were news reports that certain food products and medicine capsules were manufactured in China using industrial gelatine which adversely and materially affected the snack industry, especially the fruit jelly industry. Although the Group had not used defective raw materials in its production of jelly products and always endeavours to ensure food safety, the Group's annual revenue of jelly products fell by about 18.6% in 2012 compared to 2011. Although the revenue from the sale of the Group's other snack products increased in 2012, the overall revenue from the Group's sales of food and snacks products fell by approximately 10.1% in 2012 compared to 2011 to about HK\$1,387.5 million.

Any report or negative publicity linking the Group to instances of food-borne illness or other food safety issues, including food tampering or contamination, could adversely affect the Group's brands and reputation as well as its revenues and profits. Also, instances of food-borne illness, food tampering or food contamination occurring solely to food products of competitors could adversely affect the Group's sales as a result of negative publicity about the food industry generally. Food-borne illness, food tampering and food contamination could also be caused by raw material suppliers and, as a result, could be out of the Group's control. The occurrence of food-borne illnesses or food safety issues could also adversely affect the price and availability of affected ingredients, which could result in disruptions in the Group's supply chain and/or lower margins for the Group. In addition, there are recent news reports that the PRC government is considering amendments to the PRC Food Safety Law and while it is not yet known what these amendments will be, such amendments may increase the Group's compliance cost or otherwise adversely affect its operations and revenues.

The Group has a significant amount of indebtedness containing financial covenants of which there is no assurance that it will be able to comply with

The Group maintains a significant amount of indebtedness to finance its operations. As of 31 December 2012, the Group had total bank borrowings of approximately HK\$11.2 billion compared to HK\$7.2 billion as of 31 December 2011. A significant amount of debt of the Group is raised through offshore bilateral loan facilities that often contain various financial and other covenants which the Company and its subsidiaries are required to comply with, such as those relating to current ratios, interest coverage ratios, debt-to-equity ratios and tangible net worth ratios.

On 21 May 2013 the Company disclosed in an announcement relating to the proposed issue of the Bonds that upon issuance of the Bonds, the Company and/or its subsidiaries may potentially breach certain financial ratios contained in some of their existing offshore bilateral loan facilities. The Company also disclosed that completion of the offering of the Bonds is conditional upon, amongst other things, the Company and/or its subsidiaries obtaining the necessary consents, waivers and/or amendments from the lenders of such loan facilities or repaying such loan facilities. As of the date of this Offering Circular, the Company has obtained the necessary consents, waivers and/or amendments required to ensure that the indebtedness incurred from the issuance of the Bonds will not cause a breach of such financial covenants.

There is no assurance that the Group will in future be able to comply with their respective financial covenants or obtain waivers or remedy breaches of its financial covenants in a timely manner or at all. In particular, one of the intended use of proceeds from the issuance of the Bonds is to refinance a portion of the Group's bank borrowings. However, if the Group does not, or is not able to, repay a sufficient portion of its bank borrowings from the proceeds from the issuance of the Bonds, certain financial covenants contained in its loan agreements may be breached. In the event that the Company or any of its subsidiaries breaches such covenants, this could give rise to an event of default which entitles the Group's lenders to accelerate the loans. The loan facilities of the Group may also contain cross-default provisions which entitle the lenders to accelerate repayments under the respective loan facilities upon the occurrence of a default by the Company and/or any of their subsidiaries in their other borrowings. Any acceleration of indebtedness may have a significant effect on the Group's liquidity and may materially adversely affect the Group's financial condition, business and prospects.

The Group may be unable to adequately protect its intellectual property rights which may substantially harm its business

The Group regards its property rights as critical to its success and has obtained or applied for trademarks on various products. The Group also undertakes various measures to protect its intellectual property. However, policing unauthorised use of intellectual property rights is difficult and sometimes practically infeasible, and there is no assurance that the steps currently taken by the Group will prevent misappropriation or infringement of intellectual property rights of the Group.

The Group believes that the use of trademarks is important in establishing the Group's distinctive corporate brand and market identity. The possibility of passing off products with famous brand names and trademarks in the PRC remains a concern. Although there are indications that the PRC government has been tightening its control over intellectual property rights infringement, at least in major cities, any significant or uncontrolled infringement could have a material adverse effect on the reputation of the trademark and brand, the Group's business, financial condition and results of operations.

The Group has significant reliance on key management and inability to attract and retain other qualified personnel could impair its ability to operate and grow successfully

The Directors and the senior management of the Group possess substantial experience in business management and operation and have made a significant contribution to the development of the Group. The Group's daily operations depend significantly on the performance of its key management personnel. Many of the executive Directors of the Group have been working together since the establishment of the Group more than 20 years ago and have accumulated significant industry and management experience. After an initial term of three years, the executive Directors of the Company continue thereafter on an annual basis and the Group does not have insurance for loss of services of key employees. In the event that the Group loses the services of any of its key management personnel and fails to find suitable and competent replacements, the operations and profitability of the Group may be adversely affected.

The Group's future growth will also depend on its ability to attract and retain qualified administrative, manufacturing and sales personnel to manage its existing operations and future growth. Qualified individuals are in high demand and the Group may not be able to successfully attract, assimilate or retain the personnel it requires. Failure to attract and retain qualified personnel could have a negative impact on the Group's ability to maintain its competitive position and to grow its business.

The interests of the Company's controlling shareholders may not be aligned with the Group's interests

As of 31 December 2012, the Company's chairman Mr. Sze Man Bok and chief executive officer Mr. Hui Lin Chit (together, the "**Controlling Shareholders**") have interests in about 18.6% and 18.3% respectively of the Company's issued share capital. Consequently, the Controlling Shareholders are able to exercise substantial influence over matters requiring shareholders' approval, including election of Directors, approval of significant corporate transactions and approval of final dividend payments. In addition, Mr. Sze Man Bok's son, Mr. Sze Wong Kim, is an executive Director of the Company and Mr. Hui Lin Chit's son, Mr. Hui Ching Chi is also an executive Director of the Company. The strategic goals and interests of the Controlling Shareholders may not always be aligned with the Group's strategy and interests and could reduce the level of management flexibility that would otherwise exist with a more diversified shareholder base. The interests of the Controlling Shareholders may also differ from those of the holders of the Bonds.

The Group has limited insurance coverage

The Group is covered by insurance policies which substantially cover losses in respect of damage to its properties, inventories and facilities, and maintains insurance in respect of its motor vehicles and medical and employee insurance policies for some of its employees. However, the Group has not secured any product liability insurance, business interruption insurance, insurance for loss of senior management personnel or other key employees, or any third party liability insurance for claims in respect of personal injury or property damage arising from accidents on the Group's property or relating to the Group's operations or products. Production and sale of any product within the PRC is subject to the Product Quality Law of the PRC and the Group may be subject to product liability claims, suits and complaints incidental to its business, both in the PRC and in other jurisdictions. Although as at the date of this Offering Circular, there have been no material claims or complaints against the quality or safety standard of the products of the Group or incidental to its business, should the Group's products be found defective and/or should they cause proprietary damage or physical injury to any person, the Group may have to devote significant resources to defend such claims or to provide compensation. This may adversely affect the relationship of the Group with its customers leading to negative publicity and thus affecting the profitability of the Group. In addition, there may be circumstances in which the Group would not be covered or compensated by insurance in respect of losses, damages, claims and liabilities arising from or in connection with third party liability or the compensation from existing general insurance may not fully compensate the Group for actual losses, damages, claims and liabilities. There are also certain types of losses (such as from wars, acts of terrorism or acts of God and the loss of key management staff or other employees) that generally are not insured because they are either uninsurable or not economically insurable. These events could adversely affect the profitability of the Group.

There can be no assurance that the Group's insurance policies will adequately compensate it for losses or damages under any and all potential adverse circumstances. A successful claim made against the Group that is not covered by any of the Group's insurance policies or is in excess of its insurance coverage could have a material adverse effect on the Group's business, financial condition and results of operations.

Any interruptions in the Group's operations due to suspension, damage, destruction or closure of key operational facilities could significantly affect the Group's activities

The Group's key assets and operational facilities are primarily located in the PRC. Any interruption in, or prolonged suspension or closure of, any part of operations at such key operational facilities, or any damage to or destruction of such key assets or operational facilities could significantly affect the Group's activities. The Group's various facilities are subject to the risk of operational breakdowns or disruptions, which may result from external factors beyond the Group's control, including natural disasters and labour disputes.

Operational breakdowns or disruptions may also result from industrial accidents, such as faulty construction, technical failures and human errors, which may lead to fires, explosions or the release of toxic or harmful substances. Any accidents resulting from improper handling of these toxic or harmful materials may cause serious health and safety issues, or significant damage to its production facilities and production interruptions. Any interruptions in the Group's operations may prevent it from serving its customers, which may, in turn, result in breach of contract, loss of revenues, or expose it to liability, lawsuits and damage to its reputation, any of which could have a material adverse effect on its business, financial condition and results of operations. Under any of these events, the Group's existing insurance coverage may not adequately cover the losses it may incur.

The Group is subject to environmental protection laws and failure to comply with such laws and regulations may render it subject to penalties, fines, proceedings and/or suspension of business

The Group carries on its business in industries that are subject to PRC environmental protection laws and regulations. These laws and regulations require the Group to maintain and renew permits, complete environmental inspection procedures and adopt effective measures to control and properly dispose of waste materials, waste water and other environmental waste materials. Fines may be levied against manufacturers causing pollution in excess of permitted levels. If failure to comply with such laws or regulations results in environmental pollution, the administrative department for environmental protection can levy fines. There can be no assurance that the PRC government will not change the existing laws or regulations or impose additional or stricter laws or regulations, compliance with which may cause the Group to incur significant capital expenditure and costs and which may as a result cause a material adverse effect on the Group's financial condition.

RISKS RELATING TO THE PRC

The PRC's economic, political and social conditions, as well as government policies, could affect the Group's business

The PRC economy differs from the economies of most developed countries in many respects, including:

- extent of government involvement;
- level of development;
- growth rate;
- control of foreign exchange; and
- allocation of resources.

While the PRC economy has experienced significant growth in the past 20 years, growth has been uneven, both geographically and among the various sectors of the economy. The PRC government has implemented various measures to encourage economic growth and guide the allocation of resources. Some of these measures benefit the overall PRC economy but may also have a negative effect on the Group's operations. For example, the Group's financial condition and operating results may be adversely affected by the PRC government's control over capital investments or any changes in tax regulations or foreign exchange controls that are applicable to it.

The PRC economy has been transitioning from a planned economy to a more market-orientated economy. Although in recent years the PRC government has implemented measures emphasising the utilisation of market forces for economic reform, the reduction of state ownership of productive assets and the establishment of sound corporate governance in business enterprises, a substantial portion of productive assets in the PRC is still owned by the PRC government. In addition, the PRC government continues to play a significant role in regulating the development of industries in the PRC by imposing top-down policies. It also exercises significant control over PRC economic growth through the allocation of resources, controlling the payment of foreign currency-denominated obligations, setting monetary policy and providing preferential treatment to particular industries or companies. There is no assurance that future changes in the PRC's political, economic and social conditions, laws, regulations and policies will not have a material adverse effect on the Group's current or future business, results of operations or financial condition.

A substantial portion of the Group's revenue is denominated in Renminbi, which is not freely convertible for capital account transactions and may be subject to exchange rate volatility

A substantial portion of the Group's revenue is denominated in Renminbi and must be converted to pay dividends or make other payments in freely convertible currencies. Under the PRC's foreign exchange regulations, payments of current account items, including profit distributions, interest payments and expenditure from trade, may be made in foreign currencies without prior approval, subject to certain procedural requirements. However, strict foreign exchange controls continue for capital account transactions, including repayment of loan principal and return of direct capital investments and investments in negotiable securities. In the past, there have been shortages of US dollars or other foreign currency available for conversion of Renminbi in the PRC, and it is possible such shortages could recur, or that restrictions on conversion could be re-imposed.

A substantial portion of the Group's revenue and a material portion of the associated operating costs are denominated in Renminbi, with the remaining portion of revenue and costs denominated in other currencies, primarily US dollars. As the exchange rate is no longer fixed, and is now allowed to fluctuate within a range around a central parity rate, future volatility of the Renminbi exchange rate may materially affect the Group's financial condition and results of operations. The Renminbi may appreciate or depreciate significantly in value against the U.S. dollar and/or HK dollar in the long term, depending on the fluctuation of the basket of currencies against which it is currently valued or it may be permitted to enter into a full float, which may also result in an appreciation or depreciation of the Renminbi against the U.S. dollar and/or HK dollar.

In 2012, the fluctuations in exchange rates between Renminbi, the US dollar (the denomination currency of the majority of the Group's imports of raw material and property, plant and equipment and bank borrowings) and the HK dollar (the denomination currency of Group's bank borrowings) resulted in a total exchange loss of approximately HK\$18.5 million. In 2011, fluctuations in such exchange rates resulted in a total exchange gain of about HK\$113.7 million.

The legal system in the PRC is less developed than in certain other countries and laws in the PRC may not be interpreted and enforced in a consistent manner

The PRC legal system is a civil law system. Unlike the common law system, the civil law system is based on written statutes in which decided legal cases have little value as precedents. Since 1979, the PRC government has begun to promulgate a comprehensive system of laws and has introduced many new laws and regulations to provide general guidance on economic and business practices in the PRC and to regulate foreign investment. Progress has been made in the promulgation of laws and regulations dealing with economic matters such as corporate organisation and governance, foreign investment, commerce, taxation and trade. The promulgation of changes to existing laws and the abrogation of local regulations by national laws could have a negative impact on the business and prospects of the Group. In addition, as these laws, regulations and legal requirements are relatively recent, their interpretation and enforcement may involve significant uncertainty. The interpretation of PRC laws may be subject to policy changes, which reflect domestic political changes. As the PRC legal system develops, the promulgation of new laws, changes to existing laws and the pre-emption of local regulations by national laws may have an adverse effect on the Group's prospects, financial condition and operating results.

Changes in favourable tax treatment could affect the Group's business, financial condition and operating results

The Company's subsidiaries incorporated in the PRC are subject to Corporate Income Tax ("CIT") at the rate of 25%. Some of the Company's subsidiaries are entitled to exemptions or reductions from the standard income tax rate according to the CIT law approved by the National People's Congress on 16 March 2007. To the extent there are any changes in, or withdrawals of, the Group's preferential tax treatment, or increases in the effective tax rate, the Group's tax liability would increase correspondingly. In addition, the PRC government from time to time adjusts or changes its policies on value-added, business, resources, fuel and oil and other taxes. Such adjustments or changes, together with any uncertainty resulting therefrom, could have an adverse effect on the Group's businesses, financial condition and results of operations.

Profits from the Company's PRC operating subsidiaries available for distribution are determined under PRC GAAP

The Group derives substantially all of its profits from the activities of its operating subsidiary companies established in the PRC. The profits available for distribution by the Company are therefore dependent, to a significant extent, on the profits available for distribution by the PRC subsidiaries to the Company. In turn, profits available for distribution by companies established in the PRC are determined in accordance with generally accepted accounting principles and financial regulations in the PRC ("PRC GAAP") which differs from HKFRS and IFRS in certain significant respects.

The occurrence of another outbreak of a contagious disease could affect the Group's business, financial condition and operating results

In 2003, there was an outbreak of Severe Acute Respirator System ("SARS") in Hong Kong, China and other Asian countries. The SARS outbreak had a significant adverse impact on the economies of many of the affected countries. There have also been sporadic outbreaks of the H5N1 and H7N9 virus or "Avian Influenza A" among birds, in particular poultry, as well as some isolated cases of transmission of the virus to humans. In 2009 and 2010, there have also been outbreaks among humans of the influenza A/H1N1 virus globally.

There can be no assurance that there will not be another significant outbreak of a highly contagious disease in Hong Kong or China in the future. If such an outbreak were to occur, it may have a material adverse impact on the business, financial condition or results of operations of the Group.

RISKS RELATING TO THE BONDS AND THE SHARES

An active trading market for the Bonds may not develop

The Bonds are new securities for which there is currently no trading market. If the Bonds are allocated to a limited group of investors and a limited number of investors hold a significant proportion of the Bonds, liquidity will be restricted. Although approval in-principle has been received for the listing and quotation of the Bonds on the SGX-ST, no assurance can be given that an active trading market for the Bonds will develop or as to the liquidity or sustainability of any such market, or of the ability of holders to sell their Bonds or the price at which holders will be able to sell their Bonds. The Joint Lead Managers are not obliged to make a market in the Bonds and any such market making, if commenced, may be discontinued at any time.

The Company is a holding company and the Bonds will be effectively subordinated to all of the liabilities of its subsidiaries

The Company is primarily a holding company that operates through subsidiaries. As a result, (i) its obligations under the Bonds will be effectively subordinated to all existing and future obligations of the existing or future subsidiaries and (ii) all claims of creditors of the existing or future subsidiaries, including trade creditors, lenders and all other creditors, and rights of holders of preferred shares of such entities (if any) will have priority as to the assets of such entities over the Company's claims and those of its creditors, including the holders of Bonds. As at 31 December 2012, the Group's consolidated bank borrowings amounted to approximately HK\$11,227.8 million, the majority of which were borrowed by the Company's subsidiaries. The Group may incur significant additional secured or unsecured indebtedness and other liabilities, including off-balance sheet obligations, for other purposes in the future subject to the terms of the Bonds.

The Company's subsidiaries and affiliates may be restricted from paying dividends or repaying intercompany loans or advances

As a holding company, the Company depends upon the receipt of dividends and the repayment of intercompany loans or advances from its subsidiaries to satisfy its obligations, including obligations under the Bonds. The ability of its subsidiaries to pay dividends and repay intercompany loans or advances from their shareholders (including the Company) is subject to applicable law, relevant shareholders' agreements or constitutive documents and restrictions contained in debt instruments of such subsidiaries.

The Company's subsidiaries are separate legal entities and have no obligation, contingent or otherwise, to pay any dividends or make any distributions to the Company or to otherwise pay amounts due with respect to its indebtedness, including the Bonds, or to make funds available for such payments. Accordingly, there can be no assurance that the Company will have sufficient cash flows from distributions by its subsidiaries and affiliates to satisfy its obligations in respect of the Bonds. Although the Company believes that it will be able to meet its obligations in respect of the Bonds, any shortfall would have to be made up from other sources of cash, such as a sale of investments or any financing available to the Company.

The Company may not be able to redeem the Bonds upon the due date for redemption thereof

The Company may, and at maturity will, be required to redeem all or, in the case of a Relevant Event (as defined in the Terms and Conditions of the Bonds) all or some only, of the Bonds. If such an event were to occur, the Company may not have sufficient cash in hand and may not be able to arrange financing to redeem the Bonds in time, or on acceptable terms, or at all. The ability to redeem the Bonds in such event may also be limited by the terms of other debt instruments. The Company's failure to repay, repurchase or redeem tendered Bonds could constitute an event of default under the Bonds, which may also constitute a default under the terms of the Company's other indebtedness.

Holdings will bear the risk of fluctuations in the price of the Shares

The market price of the Bonds at any time will be affected by fluctuations in the price of the Shares. The Shares are currently listed on the Hong Kong Stock Exchange. There can be no certainty as to the effect, if any, that future issues or sales of the Shares, or the availability of such Shares for future issue or sale, will have on the market price of the Shares prevailing from time to time and therefore on the price of the Bonds.

Sales of substantial numbers of the Shares in the public market, or a perception in the market that such sales could occur, could adversely affect the prevailing market price of the Shares and the Bonds. The results of operations, financial condition, future prospects and business strategy of the Company could affect the value of the Shares. The trading price of the Shares will be influenced by the Company's operational results (which in turn are subject to the various risks to which its businesses and operations are subject, which are not described herein) and by other factors such as changes in the regulatory environment that may affect the markets in which the Company operates and capital markets in general. Corporate events such as share sales, reorganisations, takeovers or share buy-backs may also adversely affect the value of the Shares. Any decline in the price of the Shares would adversely affect the market price of the Bonds.

Holdings have limited anti-dilution protection

The conversion price of the Bonds will be adjusted in the event that there is a change of control, sub-division, consolidation or re-denomination of the Shares, rights issue, bonus issue, reorganisation, capital distribution or other adjustment including an offer or scheme which affects Shares, but only in the circumstances and only to the extent provided in "Terms and Conditions of the Bonds — Conversion". There is no requirement that there should be an adjustment for every corporate or other event that may affect the value of the Shares. Events in respect of which no adjustment is made may adversely affect the value of the Shares and, therefore, adversely affect the value of the Bonds.

Bondholders have no shareholder rights before conversion

Unless and until Bondholders acquire the Shares upon conversion of the Bonds, they will have no rights with respect to the Shares, including any voting rights or rights to receive any dividends or other distributions with respect to the Shares. Upon conversion of the Bonds, these holders will be entitled to exercise the rights of holders of the Shares only as to actions for which the applicable record date occurs after the date of conversion.

The Trustee may request the holders of the Bonds to provide an indemnity and/or security and/or prefunding to its satisfaction

In certain circumstances (including, without limitation, giving notice pursuant to Condition 10 of the Terms and Conditions of the Bonds and taking action pursuant to Condition 12 of the Terms and Conditions of the Bonds), the Trustee may (at its sole discretion) request the holders of the Bonds to provide an indemnity and/or security and/or prefunding to its satisfaction before it takes actions on behalf of the holders of the Bonds. The Trustee will not be obliged to take any such actions if not indemnified and/or secured and/or prefunded to its satisfaction. Negotiating and agreeing to an indemnity and/or security and/or prefunding can be a lengthy process and may impact on when such actions can be taken. The Trustee may not be able to take actions, notwithstanding the provision of an indemnity or security or prefunding to it, in breach of the terms of the Trust Deed or in circumstances where there is uncertainty or dispute as to applicable laws or regulations and, to the extent permitted by the agreements and the applicable law, it will be for the holders of the Bonds to take such actions directly.

TERMS AND CONDITIONS OF THE BONDS

The following (other than the words in italic) is the text of the Terms and Conditions of the Bonds which will appear on the reverse of each of the definitive certificates evidencing the Bonds:

The issue of the HK\$5,434,000,000 aggregate principal amount of Zero Coupon Convertible Bonds due 2018 (the “**Bonds**”) and any further Bonds issued in accordance with Condition 15 and consolidated and forming a single series therewith) of Hengan International Group Company Limited (the “**Company**”) and the right of conversion into Shares (as defined in Condition 6(A)(v)) of the Company were authorised by a resolution of the Board of Directors of the Company passed on 20 May 2013. The Bonds are constituted by a trust deed (as amended or supplemented from time to time, the “**Trust Deed**”) to be dated on or about 27 June 2013 (the “**Issue Date**”) made between the Company and DB Trustees (Hong Kong) Limited as trustee for the holders of the Bonds (the “**Trustee**”, which term shall, where the context so permits, include all other persons or companies for the time being acting as trustee or trustees under the Trust Deed) and are subject to the paying and conversion agency agreement to be dated on or about 27 June 2013 (as amended or supplemented from time to time, the “**Agency Agreement**”) with the Trustee, Deutsche Bank AG, Hong Kong Branch as principal paying and conversion agent (the “**Principal Agent**”) and as transfer agent (the “**Transfer Agent**”), Deutsche Bank Luxembourg S.A. as registrar (the “**Registrar**”) and the other paying agents, conversion agents and transfer agents appointed under it (each a “**Paying Agent**”, a “**Conversion Agent**” or a “**Transfer Agent**”, as applicable, and together with the Registrar, the Transfer Agent and the Principal Agent, the “**Agents**”) relating to the Bonds. References to the “**Principal Agent**”, the “**Registrar**”, the “**Transfer Agent**” and the “**Agents**” below are references to the principal agent, the registrar, the transfer agent and the agents for the time being for the Bonds. The term “**Paying Agents**” includes the Principal Agent and the term “**Conversion Agents**” includes the Principal Agent. The term “**Transfer Agents**” includes the Transfer Agent and any other Transfer Agents appointed under the Agency Agreement. The statements in these terms and conditions (these “**Conditions**”) include summaries of, and are subject to, the detailed provisions of the Trust Deed. Unless otherwise defined, terms used in these Conditions have the meaning specified in the Trust Deed. Copies of the Trust Deed and of the Agency Agreement are available for inspection at the registered office of the Trustee being at the date hereof at Level 52, International Commerce Centre, 1 Austin Road West, Kowloon, Hong Kong and at the specified offices of the Principal Agent. The Bondholders are entitled to the benefit of the Trust Deed and are bound by, and are deemed to have notice of, all the provisions of the Trust Deed and the Agency Agreement applicable to them.

1. Status

The Bonds constitute direct, unsubordinated, unconditional and (subject to the provisions of Condition 5) unsecured obligations of the Company and the Bonds shall at all times rank *pari passu* and without any preference or priority among themselves. The payment obligations of the Company under the Bonds shall, save for such exceptions as may be provided by mandatory provisions of applicable law and subject to Condition 5, at all times rank at least equally with all of its other present and future unsecured and unsubordinated obligations.

2. Form and Denomination

The Bonds are issued in registered form in the denomination of HK\$2,000,000 each or integral multiples of HK\$1,000,000 in excess thereof. A Bond certificate (each a “**Certificate**”) will be issued to each Bondholder in respect of its registered holding of Bonds. Each Certificate will be numbered serially with an identifying number which will be recorded on the relevant Certificate and in the register of Bondholders (the “**Register**”) which the Company will procure to be kept by the Registrar.

Upon issue, the Bonds will be represented by a Global Certificate registered in the name of a nominee of, and deposited with, a common depositary for Euroclear Bank S.A./N.V., as operator of the Euroclear System and Clearstream Banking, société anonyme. The Conditions are modified by certain provisions contained in the Global Certificate. Except in the limited circumstances described in the Global Certificate, owners of interests in Bonds represented by the Global Certificate will not be entitled to receive definitive Certificates in respect of their individual holdings of Bonds. The Bonds are not issuable in bearer form.

3. Title

Title to the Bonds passes only by transfer and registration in the Register as described in Condition 4. The holder of any Bond will (except as otherwise required by law) be treated as its absolute legal and beneficial owner for all purposes (whether or not it is overdue and regardless of any notice of ownership, trust or any interest in it or any writing on, or the theft or loss of, the Certificate issued in respect of it) and no person will be liable for so treating the holder. In these Terms and Conditions “**Bondholder**” and (in relation to a Bond) “**holder**” means the person in whose name a Bond is registered.

4. Transfers of Bonds; Issue of Certificates

A. Register

The Company will cause the Register to be kept at the specified office of the Registrar outside Hong Kong and the United Kingdom and in accordance with the terms of the Agency Agreement on which shall be entered the names and addresses of the holders of the Bonds and the particulars of the Bonds held by them and of all transfers of the Bonds. Each Bondholder shall be entitled to receive only one Certificate in respect of its entire holding of Bonds.

B. Transfer

Subject to Conditions 4(E) and 4(F) and the terms of the Agency Agreement, a Bond may be transferred by delivery of the Certificate issued in respect of that Bond, with the form of transfer on the back duly completed and signed by the holder or his attorney duly authorised in writing, to the specified office of the Registrar or any of the Transfer Agents, together with such evidence as the Registrar or (as the case may be) such Transfer Agent may reasonably require to prove the title of the transferor and the authority of the individuals who have executed the form of transfer. Where not all the Bonds represented by the surrendered Certificate are the subject of the transfer, a new Certificate in respect of the balance of the Bonds will be issued to the transferor. No transfer of title to a Bond will be valid or effective unless and until entered on the Register.

Transfers of interests in the Bonds evidenced by the Global Certificate will be effected in accordance with the rules of the relevant clearing systems.

C. Delivery of New Certificates

Each new Certificate to be issued upon a transfer or (if applicable) conversion of Bonds will, within three business days (at the place of the relevant specified office) of receipt by the Registrar or, as the case may be, any other relevant Agent of the original Certificate and the form of transfer duly completed and signed, be made available for collection at the specified office of the Registrar or such other relevant Agent or, if so requested in the form of transfer, be mailed by uninsured mail at the risk of the holder entitled to the Bonds (free of charge to the holder and at the Company’s expenses) to the address specified in the form of transfer. The form of transfer is available at the specified office of the Principal Agent, the Registrar and any Transfer Agent.

Except in the limited circumstances described herein (see “The Global Certificate”), owners of interests in the Bonds will not be entitled to receive physical delivery of Certificates.

Where only part of a principal amount of the Bonds (being that of one or more Bonds) in respect of which a Certificate is issued is to be transferred, exchanged or converted, a new Certificate in respect of the Bonds not so transferred, exchanged or converted will, within three business days (at the place of the relevant specified office) of delivery of the original Certificate to the Registrar or other relevant Agent, be made available for collection at the specified office of the Registrar or such other relevant Agent or, if so requested in the form of transfer, be mailed by uninsured mail at the risk of the holder of the Bonds not so transferred, exchanged or converted (but free of charge to the holder) to the address of such holder appearing on the Register.

For the purposes of Condition 4, “**business day**” shall mean a day other than a Saturday or Sunday on which commercial banks are open for business in the city in which the specified office of the Registrar (if a Certificate is deposited with it in connection with a transfer or conversion) or the relevant Agent with whom a Certificate is deposited in connection with a transfer or conversion, is located.

D. Formalities Free of Charge

Registration of a transfer of Bonds and issuance of new Certificates will be effected without charge by or on behalf of the Company or any of the Agents, but upon (i) payment (or the giving of such indemnity and/or security as the Company or any of the Agents may require) in respect of any tax or other governmental charges which may be imposed in relation to such transfer; and (ii) the Company or the relevant Agent being satisfied that the regulations concerning transfer of Bonds have been complied with.

E. Closed Periods

No Bondholder may require the transfer of a Bond to be registered (i) during the period of seven days ending on (and including) the dates for payment of any principal pursuant to the Conditions; (ii) after a Conversion Notice (as defined in Condition 6(B)) has been delivered with respect to a Bond; or (iii) after a Relevant Event Redemption Notice (as defined in Condition 8(D)) or a Put Exercise Notice (as defined in Condition 8(E)) has been deposited in respect of such Bond, each such period being a “**Closed Period**”.

F. Regulations

All transfers of Bonds and entries on the Register will be made subject to the detailed regulations concerning transfer of Bonds scheduled to the Agency Agreement. The regulations may be changed by the Company, with the prior written approval of the Trustee and the Registrar, or by the Registrar with the prior written approval of the Trustee. A copy of the current regulations will be mailed (free of charge to the holder and at the Company’s expenses) by the Registrar to any Bondholder who asks for one.

5. Negative Pledge

(a) *Negative Pledge*

The Company undertakes that, so long as any of the Bonds remains outstanding (as defined in the Trust Deed) or any amount is due under or in respect of any Bond or otherwise under the Trust Deed, it will not, and will procure that none of its subsidiaries will, create or permit to subsist or arise any Encumbrance upon the whole or any part of their respective present or future undertaking, assets or revenues (including any uncalled capital) to secure any Relevant Indebtedness of the Company or any other subsidiary or associate of the Company or to secure any guarantee of or indemnity in respect of any such Relevant Indebtedness without at the same time or prior thereto securing the Bonds with the same Encumbrance equally and ratably or, at the option of the Company, by such other security as either (x) the Trustee shall in its absolute discretion deem not materially less beneficial to the interests of the Bondholders or (y) shall be approved by an Extraordinary Resolution (as defined in the Trust Deed) of the Bondholders.

(b) *Interpretation*

In these Conditions:

- (i) any reference to an “**Encumbrance**” is to a mortgage, charge, pledge, lien or other encumbrance or security interest securing any obligation of any person;
- (ii) any reference to “**Relevant Indebtedness**” is to any future and present indebtedness in the form of or represented by debentures, loan stock, bonds, notes, bearer participation certificates, depository receipts, certificates of deposit or other similar securities or instruments or by bills of exchange drawn or accepted for the purpose of raising money which are, or are issued with the intention on the part of the issuer or any other subsidiary or associate of the issuer thereof that they should be, quoted, listed, ordinarily dealt in or traded on any stock exchange or over the counter or on any other securities market (whether or not initially distributed by way of private placement) but shall not include any future or present indebtedness having an initial maturity of one year or less; and
- (iii) any reference to a “**subsidiary**” or “**Subsidiary**” of any person is to any company or other business entity of which that person owns or controls (either directly or through one or more other

Subsidiaries) more than 50 per cent. of the issued share capital or other ownership interest having ordinary voting power to elect directors, managers or trustees of such company or other business entity or any company or other business entity which at any time has its accounts consolidated with those of that person or which, under the Cayman Islands or Hong Kong law, regulations or generally accepted accounting principles from time to time, should have its accounts consolidated with those of that person.

6. Conversion

A. Conversion Right

- (i) *Conversion Period:* Subject as hereinafter provided, Bondholders have the right to convert their Bonds into Shares at any time during the Conversion Period referred to below.

The right of a Bondholder to convert any Bond into Shares is called the “**Conversion Right**”. Subject to and upon compliance with, the provisions of this Condition, the Conversion Right attaching to any Bond may be exercised, at the option of the holder thereof, at any time on and after 7 August 2013 up to the close of business (at the place where the Certificate evidencing such Bond is deposited for conversion) on 20 June 2018 (but, except as provided in Condition 6(A)(iv), in no event thereafter) or if such Bond shall have been called for redemption by the Company before the Maturity Date (as defined in Condition 8(A)), then up to the close of business (at the place aforesaid) on a date no later than seven business days (at the place aforesaid) prior to the date fixed for redemption thereof (the “**Conversion Period**”).

Notwithstanding the foregoing, if the Conversion Date in respect of a Bond would otherwise fall during a period in which the register of shareholders of the Company is closed generally or for the purpose of establishing entitlement to any distribution or other rights attaching to the Shares (a “**Book Closure Period**”), such Conversion Date shall be postponed to the first Stock Exchange Business Day (as defined in Condition 6(B)) following the expiry of such Book Closure Period. If the Conversion Date in respect of the exercise of any Conversion Right is postponed as a result of the foregoing provision to a date that falls after the expiry of the Conversion Period or after the relevant redemption date, such Conversion Date shall be deemed to be the final day of such Conversion Period or the relevant redemption date, as the case may be.

The number of Shares to be issued on conversion of a Bond will be determined by dividing the principal amount of the Bond to be converted by the Conversion Price in effect at the Conversion Date (both as hereinafter defined). A Conversion Right may only be exercised in respect of one or more Bonds. If more than one Bond held by the same holder is converted at any one time by the same holder, the number of Shares to be issued upon such conversion will be calculated on the basis of the aggregate principal amount of the Bonds to be converted.

- (ii) *Fractions of Shares:* Fractions of Shares will not be issued on conversion and no cash adjustments will be made in respect thereof. However, if the Conversion Right in respect of more than one Bond is exercised at any one time such that Shares to be issued on conversion are to be registered in the same name, the number of such Shares to be issued in respect thereof shall be calculated on the basis of the aggregate principal amount of such Bonds being so converted and rounded down to the nearest whole number of Shares. Notwithstanding the foregoing, in the event of a consolidation or re-classification of Shares by operation of law or otherwise occurring after 20 May 2013 which reduces the number of Shares outstanding, the Company will upon conversion of Bonds pay in cash (in Hong Kong dollars by means of a Hong Kong dollar cheque drawn on a bank in Hong Kong) a sum equal to such portion of the principal amount of the Bond or Bonds evidenced by the Certificate deposited in connection with the exercise of Conversion Rights as corresponds to any fraction of a Share not issued as a result of such consolidation or re-classification aforesaid if such sum exceeds HK\$100.00. Any such sum shall be paid not later than three Stock Exchange Business Days (as defined in Condition 6(B)(i)) after the relevant Conversion Date by transfer to a Hong Kong dollar account with a bank in Hong Kong specified in the relevant Conversion Notice.
- (iii) *Conversion Price:* The price at which Shares will be issued upon conversion (the “**Conversion Price**”) will initially be HK\$120.0825 per Share but will be subject to adjustment in the manner provided in Conditions 6(C) and 6(D).

- (iv) *Revival and/or survival after Default*: Notwithstanding the provisions of Condition 6(A)(i), if (a) the Company shall default in making payment in full in respect of any Bond which shall have been called for redemption on the date fixed for redemption thereof, (b) any Bond has become due and payable prior to the Maturity Date by reason of the occurrence of any of the events under Condition 10 or (c) any Bond is not redeemed on the Maturity Date in accordance with Condition 8(A), the Conversion Right attaching to such Bond will revive and/or will continue to be exercisable up to, and including, the close of business (at the place where the Certificate evidencing such Bond is deposited for conversion) on the date upon which the full amount of the moneys payable in respect of such Bond has been duly received by the Principal Agent or the Trustee and notice of such receipt has been duly given to the Bondholders and, notwithstanding the provisions of Condition 6(A)(i), any Bond in respect of which the Certificate and Conversion Notice are deposited for conversion prior to such date shall be converted on the relevant Conversion Date (as defined below) notwithstanding that the full amount of the moneys payable in respect of such Bond shall have been received by the Principal Agent or the Trustee before such Conversion Date or that the Conversion Period may have expired before such Conversion Date.
- (v) *Meaning of "Shares"*: As used in these Conditions, the expression "**Shares**" means ordinary shares of par value HK\$0.10 each of the Company or shares of any class or classes resulting from any subdivision, consolidation or re-classification of those shares, which as between themselves have no preference in respect of dividends or of amounts payable in the event of any voluntary or involuntary liquidation or dissolution of the Company.

B. Conversion Procedure

- (i) *Conversion Notice*: To exercise the Conversion Right attaching to any Bond, the holder thereof must complete, execute and deposit at his own expense during normal business hours during the Conversion Period at the specified office of any Conversion Agent a notice of conversion (a "**Conversion Notice**") in duplicate in the form (for the time being current) obtainable from the specified office of each Agent, together with the relevant Certificate and satisfactory evidence that any amounts required to be paid by the Bondholder under Condition 6(B)(ii) have been so paid.

The conversion date in respect of a Bond (the "**Conversion Date**") must fall at a time when the Conversion Right attaching to that Bond is expressed in these Conditions to be exercisable (subject to the provisions of Condition 6(A)(iv) above) and will be deemed to be the Stock Exchange Business Day (as defined below) immediately following the later of the date of the surrender of the Certificate in respect of such Bond and delivery of such Conversion Notice (if they are not delivered on the same day) and, if applicable, any payment to be made or indemnity given under these Conditions in connection with the exercise of such Conversion Right. A Conversion Notice deposited outside the hours specified above or on a day which is not a business day at the place of the specified office of the relevant Conversion Agent shall for all purposes be deemed to have been deposited with that Conversion Agent during the hours specified above on the next business day. A Conversion Notice once delivered shall be irrevocable and may not be withdrawn unless the Company consents to such withdrawal. Conversion Rights for each Bond may only be exercised in the denomination amount set out in Condition 2. "**Stock Exchange Business Day**" means any day (other than a Saturday or Sunday) on which The Stock Exchange of Hong Kong Limited (the "**Hong Kong Stock Exchange**") or the Alternative Stock Exchange (as defined in Condition 6(C) below), as the case may be, is open for trading of securities.

- (ii) *Stamp Duty etc.*: A Bondholder delivering a Certificate in respect of a Bond for conversion must pay directly to the relevant authorities any taxes and capital, stamp, issue and registration duties arising on conversion (other than any taxes or capital or stamp duties payable in the Cayman Islands, Hong Kong and, if relevant, in the place of the Alternative Stock Exchange, by the Company in respect of the allotment and issue of Shares and listing of the Shares on the Hong Kong Stock Exchange or the Alternative Stock Exchange on conversion) (the "**Taxes**") and such Bondholder must pay all, if any, taxes arising by reference to any disposal or deemed disposal of a Bond in connection with such conversion. The Company will pay all other expenses arising on the

issue of Shares on conversion of Bonds. The Bondholder (and, if applicable, the person other than the Bondholder to whom the Shares are to be issued) must declare in the relevant Conversion Notice that any Taxes payable pursuant to this Condition 6(B)(ii) have been paid. The Agent is under no obligation to determine whether a Bondholder is liable to pay or has paid any Taxes including capital, stamp, issue, registration or similar taxes and duties or the amounts payable (if any) in connection with this Condition 6(B)(ii) or to investigate or verify the correctness of any such declaration by a Bondholder.

- (iii) *Registration:* As soon as practicable, and in any event not later than five Stock Exchange Business Days after the Conversion Date, the Company will, in the case of Bonds converted on exercise of the Conversion Right and in respect of which a duly completed Conversion Notice has been delivered and the relevant Certificate and amounts payable, and if applicable, indemnity given by the relevant Bondholder deposited as required by Conditions 6(B)(i) and 6(B)(ii), register the person or persons designated for the purpose in the Conversion Notice as holder(s) of the relevant number of Shares in the Company's share register in Hong Kong and will, if the Bondholder has also requested in the Conversion Notice and to the extent permitted under applicable law and the rules and procedures of the Central Clearing and Settlement System of Hong Kong ("CCASS") effective from time to time, take all necessary actions to procure that Shares are delivered through CCASS for so long as the Shares are listed on the Hong Kong Stock Exchange; or will make such certificate or certificates available for collection at the office of the Company's share registrar in Hong Kong (currently Tricor Abacus Ltd.) notified to Bondholders in accordance with Condition 16 or, if so requested in the relevant Conversion Notice, will cause its share registrar to mail (at the risk, and, if sent at the request of such person otherwise than by ordinary mail, at the expense, of the person to whom such certificate or certificates are sent) such certificate or certificates to the person and at the place specified in the Conversion Notice, together (in either case) with any other securities, property or cash required to be delivered upon conversion and such assignments and other documents (if any) as may be required by law to effect the transfer thereof, in which case a single certificate will be issued in respect of all Shares issued on conversion of Bonds subject to the same Conversion Notice and which are to be registered in the same name.

If the Conversion Date in relation to any Bond shall be on or after the record date for any issue, distribution, grant, offer or other event as gives rise to the adjustment of the Conversion Price pursuant Condition 6(C), but before the relevant adjustment becomes effective under the relevant Condition (a "**Retroactive Adjustment**") upon the relevant adjustment becoming effective the Company shall procure the issue to the converting Bondholder (or in accordance with the instructions contained in the Conversion Notice (subject to applicable exchange control or other laws or other regulations)), such additional number of Shares ("**Additional Shares**") as, together with the Shares issued or to be issued on conversion of the relevant Bond, is equal to the number of Shares which would have been required to be issued on conversion of such Bond if the relevant adjustment to the Conversion Price had been made and become effective on or immediately after the relevant record date.

The person or persons designated in the Conversion Notice will become the holder of record of the number of Shares issuable upon conversion with effect from the date he is or they are registered as such in the Company's register of members (the "**Registration Date**"). The Shares issued upon conversion of the Bonds will be fully paid and will in all respects rank *pari passu* with the Shares in issue on the relevant Registration Date. Save as set out in these Conditions, a holder of Shares issued on conversion of Bonds shall not be entitled to any rights the record date for which precedes the relevant Registration Date.

If the record date for the payment of any dividend or other distribution in respect of the Shares is on or after the Conversion Date in respect of any Bond, but before the Registration Date (disregarding any retroactive adjustment of the Conversion Price referred to in this Condition 6(B)(iii) prior to the time such retroactive adjustment shall have become effective), the Company will calculate and pay to the converting Bondholder or his designee an amount (the "**Equivalent Amount**") in Hong Kong dollars equal to the Fair Market Value (as defined below) of any such dividend or other distribution to which he would have been entitled had he on that record date been

such a shareholder of record and will make the payment at the same time as it makes payment of the dividend or other distribution, or as soon as practicable thereafter, but, in any event, not later than seven days thereafter. The Equivalent Amount shall be paid by means of a Hong Kong dollar cheque drawn on a bank in Hong Kong and sent to the address specified in the relevant Conversion Notice.

C. Adjustments to Conversion Price

The Conversion Price will be subject to adjustment in the following events as set out as follows:

- (1) *Consolidation, Subdivision or Reclassification:* If and whenever there shall be an alteration to the nominal value of the Shares as a result of consolidation, subdivision or reclassification, the Conversion Price shall be adjusted by multiplying the Conversion Price in force immediately before such alteration by the following fraction:

$$\frac{A}{B}$$

Where:

A is the nominal amount of one Share immediately after such alteration; and

B is the nominal amount of one Share immediately before such alteration.

Such adjustment shall become effective on the date the alteration takes effect.

- (2) *Capitalisation of Profits or Reserves:*

- (i) If and whenever the Company shall issue any Shares credited as fully paid to the holders of Shares (“**Shareholders**”) by way of capitalisation of profits or reserves (including any share premium account) including, Shares paid up out of distributable profits or reserves and/or share premium account issued (except any Scrip Dividend) and which would not have constituted a Distribution, the Conversion Price shall be adjusted by multiplying the Conversion Price in force immediately before such issue by the following fraction:

$$\frac{A}{B}$$

Where:

A is the aggregate nominal amount of the issued Shares immediately before such issue; and

B is the aggregate nominal amount of the issued Shares immediately after such issue.

Such adjustment shall become effective on the date of issue of such Shares or if a record date is fixed therefor, immediately after such record date.

- (ii) In the case of an issue of Shares by way of a Scrip Dividend where the Current Market Price of such Shares exceeds the amount of the Relevant Cash Dividend or the relevant part thereof and which would not have constituted a Distribution, the Conversion Price shall be adjusted by multiplying the Conversion Price in force immediately before the issue of such Shares by the following fraction:

$$\frac{A + B}{A + C}$$

Where:

A is the aggregate nominal amount of the issued Shares immediately before such issue;

B is the aggregate nominal amount of Shares issued by way of such Scrip Dividend multiplied by a fraction of which (i) the numerator is the amount of the whole, or the relevant part, of the Relevant Cash Dividend and (ii) the denominator is the Current Market Price of the Shares issued by way of Scrip Dividend in respect of each existing Share in lieu of the whole, or the relevant part, of the Relevant Cash Dividend; and

C is the aggregate nominal amount of Shares issued by way of such Scrip Dividend.

Such adjustment shall become effective on the date of issue of such Shares or if a record date is fixed therefor, immediately after such record date.

(3) *Distributions:*

- (i) Subject to Condition 6(C)(3)(ii), if and whenever the Company shall pay or make any Distribution to the Shareholders (except to the extent that the Conversion Price falls to be adjusted under Condition 6(C)(2) above), the Conversion Price shall be adjusted by multiplying the Conversion Price in force immediately before such Distribution by the following fraction:

$$\frac{A - B}{A}$$

Where:

A is the Current Market Price of one Share on the last Trading Day preceding the date on which the Distribution is publicly announced; and

B is the Fair Market Value on the date of such announcement of the portion of the Distribution attributable to one Share.

Such adjustment shall become effective on the date that such Distribution is actually made or, if later, the first date upon which the Fair Market Value of the Distribution is capable of being determined as provided in these Conditions.

- (ii) If and whenever the Company shall pay or make any Distribution in cash only to the Shareholders, the Conversion Price shall be adjusted by multiplying the Conversion Price in force immediately before such Distribution by the following fraction:

$$\frac{A - B}{A}$$

Where:

A is the Current Market Price of one Share on the record date for the determination of Shareholders entitled to receive such Distribution in cash; and

B is the amount of cash so distributed attributable to one Share.

Such adjustment shall become effective on the record date for the determination of Shareholders entitled to receive such Distribution in cash.

When the Distribution is made in cash to the Shareholders, only such portion of cash dividend or distribution which, when taken together with any other cash dividend previously made or paid in respect of the same fiscal year, exceeds the 70 per cent. of the consolidated net profits attributable to shareholders after deducting minority interests and tax as referred to in paragraph (i) of the definition of Distribution (the "excess portion") shall be regarded as Distribution and only the excess portion shall be taken into account in the determination of Fair Market Value of the portion of Distribution attributable to one share.

- (4) *Rights Issues of Shares or Options over Shares:* If and whenever the Company shall issue Shares to all or substantially all Shareholders as a class by way of rights, or issue or grant to all or substantially all Shareholders as a class by way of rights, of options, warrants or other rights to subscribe for or purchase or otherwise acquire any Shares, in each case at less than 95 per cent. of the Current Market Price per Share on the last Trading Day preceding the date of the announcement of the terms of the issue or grant, the Conversion Price shall be adjusted by multiplying the Conversion Price in force immediately before such issue or grant by the following fraction:

$$\frac{A + B}{A + C}$$

Where:

- A is the number of Shares in issue immediately before such announcement;
- B is the number of Shares which the aggregate amount (if any) payable for the Shares issued by way of rights or for the options or warrants or other rights issued by way of rights and for the total number of Shares comprised therein would subscribe for, purchase or otherwise acquire at such Current Market Price per Share; and
- C is the aggregate number of Shares issued or, as the case may be, comprised in the issue or grant.

Such adjustment shall become effective on the first date on which the Shares are traded ex-rights, ex-options or ex-warrants (as the case may be) on the relevant Stock Exchange.

- (5) *Rights Issues of Other Securities:* If and whenever the Company shall issue any securities (other than Shares or options, warrants or other rights to subscribe for or purchase Shares) to all or substantially all Shareholders as a class by way of rights or grant to all or substantially all Shareholders as a class by way of rights, of options, warrants or other rights to subscribe for or purchase any securities (other than Shares or options, warrants or other rights to subscribe or purchase Shares), the Conversion Price shall be adjusted by multiplying the Conversion Price in force immediately before such issue or grant by the following fraction:

$$\frac{A - B}{A}$$

Where:

- A is the Current Market Price of one Share on the last Trading Day preceding the date on which such issue or grant is publicly announced; and
- B is the Fair Market Value on the date of such announcement of the portion of the rights attributable to one Share.

Such adjustment shall become effective on the first date on which the Shares are traded ex-rights, ex-options or ex-warrants (as the case may be) on the relevant Stock Exchange.

- (6) *Issues at less than Current Market Price:* If and whenever the Company shall issue (otherwise than as mentioned in Condition 6(C)(4) above) any Shares (other than Shares issued on the exercise of Conversion Rights or on the exercise of any other rights of conversion into, or exchange or subscription for, Shares) or the issue or grant (otherwise than as mentioned in Condition 6(C)(4) above) of options, warrants or other rights to subscribe or purchase or otherwise acquire Shares (other than the Bonds) in each case at a price per Share which is less than 95 per cent. of the Current Market Price on the last Trading Day preceding the date of announcement of the terms of such issue or grant, the Conversion Price shall be adjusted by multiplying the Conversion Price in force immediately before such issue by the following fraction:

$$\frac{A + B}{C}$$

Where:

- A is the number of Shares in issue immediately before the issue of such additional Shares or the grant of such options, warrants or other rights to subscribe for or purchase any Shares;
- B is the number of Shares which the aggregate consideration receivable for the issue of such additional Shares would subscribe for, purchase or otherwise acquire at such Current Market Price per Share; and
- C is the number of Shares in issue immediately after the issue of such additional Shares.

References to additional Shares in the above formula shall, in the case of an issue by the Company of options, warrants or other rights to subscribe or purchase Shares, mean such Shares to be issued, or otherwise made available, assuming that such options, warrants or other rights are exercised in full at the initial exercise price (if applicable) on the date of issue or grant of such options, warrants or other rights.

Such adjustment shall become effective on the date of issue of such additional Shares or, as the case may be, the issue of such options, warrants or other rights.

- (7) *Other Issues at less than Current Market Price:* Save in the case of an issue of securities arising from a conversion or exchange of other securities in accordance with the terms applicable to such securities themselves falling within this Condition 6(C)(7), if and whenever the Company or any of its Subsidiaries (otherwise than as mentioned in Conditions 6(C)(4), 6(C)(5) or 6(C)(6)), or (at the direction or request of or pursuant to any arrangements with the Company or any of its Subsidiaries) any other company, person or entity shall issue any securities (other than the Bonds which term shall for this purpose exclude any further Bonds issued pursuant to Condition 15) which by their terms of issue carry rights of conversion into, or exchange or subscription for, Shares to be issued by the Company on conversion, exchange or subscription at a consideration per Share which is less than 95 per cent. of the Current Market Price on the last Trading Day preceding the date of announcement of the terms of issue of such securities, the Conversion Price shall be adjusted by multiplying the Conversion Price in force immediately before such issue by the following fraction:

$$\frac{A + B}{A + C}$$

Where:

- A is the number of Shares in issue immediately before such issue;
- B is the number of Shares which the aggregate consideration (if any) receivable by the Company for the Shares to be issued, or otherwise made available, on conversion or exchange or on exercise of the right of subscription attached to such securities would purchase at such Current Market Price per Share; and

C is the maximum number of Shares to be issued on conversion or exchange of such securities or on the exercise of such rights of subscription attached thereto at the initial conversion, exchange or subscription price or rate.

Such adjustment shall become effective on the date of issue of such securities

- (8) *Modification of Rights of Conversion etc.:* If and whenever there shall be any modification of the rights of conversion, exchange or subscription attaching to any such securities (other than the Bonds, which term shall for this purpose include any further Bonds issued pursuant to Condition 15) as are mentioned in Condition 6(C)(7) (other than in accordance with the terms of such securities) so that the consideration per Share (for the number of Shares available on conversion, exchange or subscription following the modification) is less than 95 per cent. of the Current Market Price on the last Trading Day preceding the date of announcement of the proposals for such modification, the Conversion Price shall be adjusted by multiplying the Conversion Price in force immediately before such modification by the following fraction:

$$\frac{A + B}{A + C}$$

Where:

- A is the number of Shares in issue immediately before such modification;
- B is the number of Shares which the aggregate consideration (if any) receivable by the Company for the Shares to be issued, or otherwise made available, on conversion or exchange or on exercise of the right of subscription attached to the securities, in each case so modified, would purchase at such Current Market Price per Share or, if lower, the existing conversion, exchange or subscription price of such securities; and
- C is the maximum number of Shares to be issued, or otherwise made available, on conversion or exchange of such securities or on the exercise of such rights of subscription attached thereto at the modified conversion, exchange or subscription price or rate but giving credit in such manner as an Independent Investment Bank, consider appropriate (if at all) for any previous adjustment under this Condition 6(C)(8) or Condition 6(C)(7).

Such adjustment shall become effective on the date of modification of the rights of conversion, exchange or subscription attaching to such securities.

- (9) *Other Offers to Shareholders:* If and whenever the Company or any of its Subsidiaries or (at the direction or request of or pursuant to any arrangements with the Company or any of its Subsidiaries) any other company, person or entity issues, sells or distributes any securities in connection with which an offer to which the Shareholders generally are entitled to participate in arrangements whereby such securities may be acquired by them (except where the Conversion Price falls to be adjusted under Condition 6(C)(4), Condition 6(C)(5), Condition 6(C)(6) or Condition 6(C)(7)), the Conversion Price shall be adjusted by multiplying the Conversion Price in force immediately before such issue by the following fraction:

$$\frac{A - B}{A}$$

Where:

- A is the Current Market Price of one Share on the last Trading Day preceding the date on which such issue is publicly announced; and

B is the Fair Market Value on the date of such announcement of the portion of the rights attributable to one Share.

Such adjustment shall become effective on the date of issue of the securities.

- (10) *Other Events*: If the Company determines that an adjustment should be made to the Conversion Price as a result of one or more events or circumstances not referred to in this Condition 6, the Company shall, at its own expense, consult an Independent Investment Bank, to determine as soon as practicable what adjustment (if any) to the Conversion Price is fair and reasonable to take account thereof, if the adjustment would result in a reduction in the Conversion Price, and the date on which such adjustment should take effect and upon such determination by the Independent Investment Bank such adjustment (if any) shall be made and shall take effect in accordance with such determination, provided that where the circumstances giving rise to any adjustment pursuant to this Condition 6 have already resulted or will result in an adjustment to the Conversion Price or where the circumstances giving rise to any adjustment arise by virtue of circumstances which have already given rise or will give rise to an adjustment to the Conversion Price, such modification (if any) shall be made to the operation of the provisions of this Condition 6 as may be advised by the Independent Investment Bank to be in their opinion appropriate to give the intended result.

For the purposes of these Conditions:

“**Alternative Stock Exchange**” means at any time, in the case of the Shares, if they are not at that time listed and traded on the Hong Kong Stock Exchange, the principal stock exchange or securities market on which the Shares are then listed or quoted or dealt in.

“**Closing Price**” for the Shares for any Trading Day shall be the price published in the Daily Quotation Sheet published by the Hong Kong Stock Exchange or, as the case may be, the equivalent quotation sheet of an Alternative Stock Exchange for such day.

“**Current Market Price**” means, in respect of a Share at a particular date, the average of the Closing Prices for one Share (being a Share carrying full entitlement to dividend) for the ten consecutive Trading Days ending on the Trading Day immediately preceding such date, provided that if at any time during the said ten Trading Day period the Shares shall have been quoted ex-dividend and during some other part of that period the Shares shall have been quoted cum-dividend then:

- (i) if the Shares to be issued in such circumstances do not rank for the dividend in question, the quotations on the dates on which the Shares shall have been quoted cum-dividend shall for the purpose of this definition be deemed to be the amount thereof reduced by an amount equal to the Fair Market Value of that dividend per Share; or
- (ii) if the Shares to be issued in such circumstances rank for the dividend in question, the quotations on the dates on which the Shares shall have been quoted ex-dividend shall for the purpose of this definition be deemed to be the amount thereof increased by the Fair Market Value of that dividend per Share;

and provided further that if the Shares on each of the said ten Trading Days have been quoted cum-dividend in respect of a dividend which has been declared or announced but the Shares to be issued do not rank for that dividend, the quotations on each of such dates shall for the purpose of this definition be deemed to be the amount thereof reduced by an amount equal to the Fair Market Value of that dividend per Share.

“Distribution” means any dividend or distribution (whether of cash or assets in specie) by the Company for any financial period (whenever paid or made and however described) (and for these purposes a distribution of assets in specie includes without limitation an issue of shares or other securities credited as fully or partly paid (other than Shares credited as fully paid to the extent an adjustment to the Conversion Price is made in respect thereof under Condition 6(C)(2)(i)) by way of capitalisation of reserves and including any Scrip Dividend to the extent of the Relevant Cash Dividend) but excluding (i) in the case of a Relevant Cash Dividend, where such cash dividend does not, when taken together with any other cash dividend previously made or paid in respect of the same fiscal year exceed 70 per cent. of the consolidated net profits attributable to shareholders after deducting minority interests and tax for that fiscal year in respect of which the Relevant Cash Dividend is made, calculated by reference to the audited consolidated income statement for such fiscal year of the Company and its Subsidiaries; and (ii) in the case of a purchase or redemption of Shares by or on behalf of the Company (or a purchase of Shares by or on behalf of a Subsidiary of the Company), where the weighted average price (before expenses) on any one day in respect of such purchases does not exceed the Current Market Price of the Shares as published in the Daily Quotation Sheet of the Hong Kong Stock Exchange or the equivalent quotation sheet of an Alternative Stock Exchange, as the case may be, by more than five per cent. either (1) on that date, or (2) where an announcement has been made of the intention to purchase Shares at some future date at a specified price, on the Trading Day immediately preceding the date of such announcement and, if in the case of either (1) or (2), the relevant day is not a Trading Day, the immediately preceding Trading Day.

In making any such calculation, such adjustments (if any) shall be made as an Independent Investment Bank may consider appropriate to reflect (a) any consolidation or subdivision of the Shares, (b) issues of Shares by way of capitalisation of profits or reserves, or any like or similar event or (c) the modification of any rights to dividends of Shares.

“Fair Market Value” means, with respect to any assets, security, option, warrants or other right on any date, the fair market value of that asset, security, option, warrant or other right as determined by an Independent Investment Bank, provided that (i) the fair market value of a cash dividend paid or to be paid per Share shall be the amount of such cash dividend per Share determined as at the date of announcement of such dividend; (ii) where options, warrants or other rights are publicly traded in a market of adequate liquidity (as determined by such investment banks) the fair market value of such options, warrants or other rights shall equal the arithmetic mean of the daily closing prices of such options, warrants or other rights during the period of five trading days on the relevant market commencing on the first such trading day such options, warrants or other rights are publicly traded.

“Independent Investment Bank” means an independent investment bank of international repute (acting as expert) selected by the Company and approved by the Trustee.

“Relevant Cash Dividend” means any cash dividend specifically declared by the Company.

“Scrip Dividend” means any Shares issued in lieu of the whole or any part of any Relevant Cash Dividend being a dividend which the Shareholders concerned would or could otherwise have received and which would not have constituted a Distribution (and for the avoidance of doubt to the extent that no adjustment is to be made under Condition 6(C)(3) in respect of the amount by which the Current Market Price of the Shares exceeds the Relevant Cash Dividend or part thereof).

“Trading Day” means a day when the Hong Kong Stock Exchange or, as the case may be, an Alternative Stock Exchange, is open for dealing business, provided that if no Closing Price is reported for one or more consecutive dealing days such day or days will be disregarded in any relevant calculation and shall be deemed not have existed when ascertaining any period of dealing days.

On any adjustment, the relevant Conversion Price, if not an integral multiple of one Hong Kong cent, shall be rounded down to the nearest Hong Kong cent. No adjustment shall be made to the Conversion Price where such adjustment (rounded down if applicable) would be less than one per cent. of the Conversion Price then in effect. Any adjustment not required to be made, and any amount by which the Conversion Price has not been rounded down, shall be carried forward and taken into account in any subsequent adjustment. Notice of any adjustment shall be given by the Company to Bondholders in accordance with Condition 16 as soon as practicable after the determination thereof.

If, at the time of computing an adjustment (the “**later adjustment**”) of the Conversion Price pursuant to any of Conditions 6(C)(2), 6(C)(5), 6(C)(6), 6(C)(9) and 6(C)(10), the Conversion Price already incorporates an adjustment made to reflect an issue of Shares or of securities convertible into or exchangeable for Shares or of rights or warrants to subscribe for or purchase Shares or securities, to the extent that the number of such Shares or securities taken into account for the purposes of calculating such adjustment exceeds the number of such Shares in issue at the time relevant for ascertaining the number of outstanding Shares for the purposes of computing the later adjustment, such excess Shares shall be deemed to be outstanding for the purposes of making such computation.

The Conversion Price may not be reduced so that, on conversion of Bonds, Shares would fall to be issued at a discount to their par value or would be required to be issued in any other circumstances not permitted by applicable laws then in force in the Cayman Islands.

Where more than one event which gives or may give rise to an adjustment to the Conversion Price occurs within such a short period of time that in the opinion of an Independent Investment Bank, the foregoing provisions would need to be operated subject to some modification in order to give the intended result, such modification shall be made to the operation of the foregoing provisions as may be advised by such independent investment bank to be in their opinion appropriate in order to give such intended result. No adjustment will be made to the Conversion Price when Shares or other securities (including rights or options) are issued, offered or granted to employees (including directors) of the Company or any Subsidiary of the Company pursuant to any Employee Share Scheme (as defined in the Trust Deed) (and which Employee Share Scheme is in compliance with the listing rules of the Hong Kong Stock Exchange or, if applicable, those of an Alternative Stock Exchange).

No adjustment will be made to the Conversion Price when Shares or other securities (including rights or options) are issued, offered, exercised, allotted, appropriated, modified or granted to, or for the benefit of, employees (including directors) of the Issuer or any of its Subsidiaries pursuant to any employee share scheme or plan (and which employee share scheme or plan is in compliance with the listing rules of the Hong Kong Stock Exchange or, if applicable, the Alternative Stock Exchange) (“**Share Scheme Options**”).

No adjustment involving an increase in the Conversion Price will be made, except in the case of a consolidation of the Shares as referred to in Condition 6(C)(1) above.

Unless so required by applicable law or regulation, the listing rules of the Hong Kong Stock Exchange (or, if applicable, the Alternative Stock Exchange) or in order to establish a dividend or other rights attaching to the Shares or entitlements of the Shareholders, the Issuer shall (i) not close its register of members or take any other action which prevents the transfer of its Shares generally, (ii) ensure that the Bonds may be converted legally and the Shares issued on conversion may (subject to any limitation imposed by law and the articles of association of the Issuer) be transferred (as between transferor and transferee although not as against the Company) at all times while the register is closed or such other action is effective (iii) not take any action which prevents the conversion of the Bonds or the issue of Shares in respect of them, subject to any limitation imposed by these Conditions.

Neither the Trustee nor any Agent shall be under any duty to monitor whether any event or circumstance has happened or exists which may require an adjustment to be made to the Conversion Price, and neither the Trustee nor any Agent will be responsible to Bondholders for any loss arising from any failure by it to do so.

D. Conversion Upon Change of Control

If a Change of Control (as defined in Condition 8(D)) shall have occurred, the Company shall give notice of that fact to the Bondholders (the “**Change of Control Notice**”) in accordance with Condition 16 within five days after it becomes aware of such Change of Control. Following the giving of a Change of Control Notice, upon any exercise of Conversion Rights such that the relevant Conversion Date falls within 30 days following a Change of Control, or, if later, 30 days following the date on which the Change of Control Notice is given to Bondholders (such period, the “**Change of Control Conversion Period**”), the Conversion Price shall be adjusted in accordance with the following formula:

$$\text{NCP} = \frac{\text{OCP}}{1+(\text{CP} \times c/t)}$$

Where:

NCP is the Conversion Price after such adjustment.

OCP is the Conversion Price in force immediately before such adjustment, and for the avoidance of doubt, OCP for the purposes of this Condition 6(D) shall be the Conversion Price applicable on the relevant Conversion Date in respect of any conversion pursuant to this Condition 6(D).

Conversion Premium (“CP”) is 35.0 per cent. expressed as a fraction.

c is the number of days from and including the first day of the Change of Control Conversion Period to but excluding 27 June 2018.

t is the number of days from and including 27 June 2013 to but excluding 27 June 2018.

provided that the Conversion Price shall not be reduced pursuant to this Condition 6(D) below the level permitted by applicable laws and regulations from time to time (if any).

If the last day of a Change of Control Conversion Period shall fall during a Closed Period, the Change of Control Conversion Period shall be extended such that its last day will be the fifteenth day following the last day of the Closed Period.

E. Undertakings

The Company has undertaken in the Trust Deed, inter alia, that so long as any Bond remains outstanding, save with the approval of an Extraordinary Resolution (as defined in the Trust Deed) of the Bondholders:

- (i) it will use its best endeavours (a) to maintain a listing for all the issued Shares on the Hong Kong Stock Exchange, and (b) to obtain and maintain a listing for all the Shares issued on the exercise of the Conversion Rights attaching to the Bonds on the Hong Kong Stock Exchange, and if the Company is unable to obtain or maintain such listing, to use its best endeavours to obtain and maintain a listing for all the issued Shares on an Alternative Stock Exchange as from time to time selected by the Company and approved by the Trustee and will forthwith give notice to the Bondholders in accordance with Condition 16 below of the listing or delisting of the Shares (as a class) by any of such stock exchange; and
- (ii) it will pay the expenses of the issue of, and all expenses of obtaining listing for, Shares arising on conversion of the Bonds.

The Company has also given certain other undertakings in the Trust Deed for the protection of the Conversion Rights.

F. *Notice of Change in Conversion Price*

The Company shall give notice to the Bondholders in accordance with Condition 16 of any change in the Conversion Price. Any such notice relating to a change in the Conversion Price shall set forth the event giving rise to the adjustment, the Conversion Price prior to such adjustment, the adjusted Conversion Price and the effective date of such adjustment.

7. *Payments*

A. *Principal*

Payment of principal and premium will be made by transfer to the registered account of the Bondholder or by Hong Kong dollar cheque drawn on a bank in Hong Kong mailed to the registered address of the Bondholder in accordance with Condition 16 if it does not have a registered account. Payment of principal and premium will only be made after surrender of the relevant Certificate at the specified office of any of the Agents.

References in these Conditions, the Trust Deed and the Agency Agreement to principal and premium in respect of any Bond shall, where the context so permits, be deemed to include a reference to any premium payable thereon.

B. *Registered Accounts*

For the purposes of this Condition 7, a Bondholder's registered account means the Hong Kong dollar account maintained by or on behalf of it with a bank in Hong Kong, details of which appear on the Register at the close of business on the second business day (as defined below) before the due date for payment, and a Bondholder's registered address means its address appearing on the Register at that time.

C. *Fiscal Laws*

All payments are subject in all cases to any applicable laws and regulations in the place of payment, but without prejudice to the provisions of Condition 9. No commissions or expenses shall be charged to the Bondholders in respect of such payments.

D. *Payment Initiation*

Where payment is to be made by transfer to a registered account, payment instructions (for value on the due date or, if that is not a business day (as defined below), for value on the first following day which is a business day) will be initiated and, where payment is to be made by cheque, the cheque will be mailed (at the risk and, if mailed at the request of the holder otherwise than by ordinary mail, expense of the holder) on the due date for payment (or, if it is not a business day, the immediately following business day) or, in the case of a payment of principal, if later, on the business day on which the relevant Certificate is surrendered at the specified office of an Agent.

E. *Default Interest and Delay In Payment*

If the Company fails to pay any sum in respect of the Bonds when the same becomes due and payable under these Conditions, interest shall accrue on the overdue sum at the rate of 5 per cent. per annum from the due date. Such default interest shall accrue on the basis of the actual number of days elapsed and a 360-day year consisting of 12 months of 30 days each and, in the case of an incomplete month, the number of days elapsed.

Bondholders will not be entitled to any interest or other payment for any delay after the due date in receiving the amount due if the due date is not a business day, if the Bondholder is late in surrendering its Certificate (if required to do so) or if a cheque mailed in accordance with this Condition arrives after the due date for payment.

F. *Business Day*

In this Condition 7 and Condition 10, "**business day**" means a day other than a Saturday or Sunday on which commercial banks are open for business in Hong Kong and, in the case of the surrender of a Certificate, in the place where the Certificate is surrendered. If an amount which is due on the Bonds is not paid in full, the Registrar will annotate the Register with a record of the amount (if any) in fact paid.

8. Redemption, Purchase and Cancellation

A. Maturity

Unless previously redeemed, converted or purchased and cancelled as provided herein, the Company will redeem each Bond at 110.46 per cent. of its principal amount on 27 June 2018 (the “**Maturity Date**”). The Company may not redeem the Bonds at its option prior to that date except as provided in Condition 8(B) or Condition 8(C) below (but without prejudice to Condition 10).

B. Redemption at the Option of the Company

At any time after 27 June 2016 and prior to the Maturity Date, the Company may, having given not less than 30 nor more than 60 days’ notice to the Bondholders, the Trustee and the Principal Paying Agent (which notice will be irrevocable), redeem all and not some only of the Bonds at a redemption price equal to the Early Redemption Amount on the date fixed for the redemption, provided, however, that no such redemption may be made unless the Closing Price of a Share for each of the 30 consecutive Trading Days, the last day of such 30-Trading Day period falls within five Trading Days prior to the date upon which notice of such redemption is given was at least 130 per cent. of the applicable Early Redemption Amount in effect on such Trading Day divided by the Conversion Ratio (as defined below).

The Company may, having given not less than 30 nor more than 60 days’ notice to the Bondholders, the Trustee and the Principal Agent (which notice will be irrevocable), redeem all and not some only of the Bonds at a redemption price equal to the Early Redemption Amount on the date fixed for the redemption if at any time at least 90 per cent. in principal amount of the Bonds originally issued has already been converted, redeemed or purchased and cancelled.

For the purposes of these Conditions:

“**Conversion Ratio**” means the principal amount of each Bond divided by the applicable Conversion Price.

The “**Early Redemption Amount**” of a Bond, for each HK\$1,000,000 principal amount of the Bonds, is determined so that it represents for the Bondholder a gross yield of 2.00 per cent. per annum, calculated on a semi-annual basis. The applicable Early Redemption Amount for each HK\$1,000,000 principal amount of Bonds is calculated in accordance with the following formula, rounded (if necessary) to two decimal places with 0.005 being rounded upwards (provided that if the date fixed for redemption is the Semi-Annual Date (as set out below), such Early Redemption Amount shall be as set out in the table below in respect of such Semi-Annual Date):

$$\text{Early Redemption Amount} = \text{Previous Redemption Amount} \times (1 + r/2)^{d/p}$$

Previous Redemption Amount = the Early Redemption Amount for each HK\$1,000,000 principal amount of the Bonds on the Semi-Annual Date immediately preceding the date fixed for redemption as set out below (or if the Bonds are to be redeemed prior to 27 December 2013, HK\$1,000,000):

Semi-Annual Date	Early Redemption Amount (HK\$)
27 December 2013	1,010,000.00
27 June 2014	1,020,100.00
27 December 2014	1,030,301.00
27 June 2015	1,040,604.01
27 December 2015	1,051,010.05
27 June 2016	1,061,520.15
27 December 2016	1,072,135.35
27 June 2017	1,082,856.71
27 December 2017	1,093,685.27

r = 2.00 per cent. expressed as a fraction.

d = number of days from and including the immediately preceding Semi-Annual Date (or if the Bonds are to be redeemed on or before 27 December 2013, from and including the Closing Date) to, but excluding, the date fixed for redemption, calculated on the basis of a 360-day year consisting of 12 months of 30 days each and, in the case of an incomplete month, the number of days elapsed.

p = 180

The term “**Trading Day**” means a day on which the Hong Kong Stock Exchange is open for business.

C. Redemption for Taxation Reasons

- (i) At any time the Company may, having given not less than 30 nor more than 60 days’ notice (a “**Tax Redemption Notice**”) to the Bondholders in accordance with Condition 16 (which notice shall be irrevocable) redeem all, and not some only, of the Bonds at a redemption price equal to the Early Redemption Amount on the date of redemption if (i) the Company satisfies the Trustee immediately prior to the giving of such notice that the Company has or will become obliged to pay additional amounts as referred to in Condition 9 as a result of any change in, or amendment to, the laws or regulations of the Cayman Islands or, as the case may be, Hong Kong or any political subdivision or any authority thereof or therein having power to tax, or any change in the general application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after 20 May 2013, and (ii) such obligation cannot be avoided by the Company taking reasonable measures available to it, provided that no Tax Redemption Notice shall be given earlier than 90 days prior to the earliest date on which the Company would be obliged to pay such additional amounts were a payment in respect of the Bonds then due. Prior to the publication of any notice of redemption pursuant to this paragraph, the Company shall deliver to the Trustee (a) certificate signed by two directors of the Company stating that the obligation referred to in (i) above of this Condition 8(C)(i) cannot be avoided by the Company taking reasonable measures available to it and (b) an opinion of independent legal or tax advisors of recognised standing to the effect that such change or amendment has occurred (irrespective of whether such amendment or change is then effective) and the Trustee shall be entitled to accept such certificate and opinion as sufficient evidence thereof in which event it shall be conclusive and binding on the Bondholders. Upon the expiry of any such notice, the Company will be bound to redeem the Bonds at their Early Redemption Amount.
- (ii) If the Company gives a Tax Redemption Notice pursuant to Condition 8(C)(i), each Bondholder will have the right to elect that his Bond(s) shall not be redeemed and that the provisions of Condition 9 shall not apply in respect of any payment of principal or premium to be made in respect of such Bond(s) which falls due after the relevant Tax Redemption Date whereupon no additional amounts shall be payable in respect thereof pursuant to Condition 9 and payment of all amounts shall be made subject to the deduction or withholding of any tax required to be deducted or withheld. To exercise a right pursuant to this Condition 8(C)(ii), the holder of the relevant Bond must complete, sign and deposit at the specified office of any Paying Agent a duly completed and signed notice of exercise, in the form for the time being current, obtainable from the specified office of any Paying Agent (the “**Tax Option Exercise Notice**”) together with the Certificate evidencing the Bonds on or before the day falling 10 days prior to the Tax Redemption Date. A Tax Option Exercise Notice, once delivered, shall be irrevocable and may not be withdrawn unless with the Company’s prior written consent.

D. Redemption for Delisting or Change of Control

Following the occurrence of a Relevant Event (as defined below), the holder of each Bond will have the right at such holder's option, to require the Company to redeem all or some only of that holder's Bonds on the Relevant Event Redemption Date (as defined below) at their Early Redemption Amount. To exercise such right, the holder of the relevant Bond must complete, sign and deposit during normal business hours at the specified office of the Principal Agent or any other Paying Agent a duly completed and signed notice of redemption, in the form for the time being current, obtainable from the specified office of the Principal Agent or any other Paying Agent (the "**Relevant Event Redemption Notice**") together with the Certificate evidencing the Bonds to be redeemed by not later than 60 days following a Relevant Event, or, if later, 60 days following the date upon which notice thereof is given to Bondholders by the Company in accordance with Condition 16. The "**Relevant Event Redemption Date**" shall be the 14th day after the expiry of such period of 60 days as referred to above.

A Relevant Event Redemption Notice, once delivered, shall be irrevocable (and may not be withdrawn unless the Company consents to such withdrawal) and the Company shall redeem the Bonds the subject of Relevant Event Redemption Notices delivered as aforesaid on the Relevant Event Redemption Date.

The Trustee shall not be required to take any steps to ascertain whether a Relevant Event or any event which could lead to the occurrence of a Relevant Event has occurred and will not be responsible to Bondholders for any loss arising from any failure by it to do so.

The Company shall give notice to Bondholders in accordance with Condition 16 by not later than 14 days following the first day on which it becomes aware of the occurrence of a Relevant Event, which notice shall specify the procedure for exercise by holders of their rights to require redemption of the Bonds pursuant to this Condition and shall give brief details of the Relevant Event.

A "**Relevant Event**" occurs:

- (i) when the Shares cease to be listed or admitted to trading or suspended for a period equal to or exceeding 30 consecutive Trading Days on the Hong Kong Stock Exchange or, if applicable, the Alternative Stock Exchange; or
- (ii) when there is a Change of Control.

For the purposes of this Condition 8(D):

"**Control**" means the acquisition, beneficial ownership or control of more than 50 per cent. of the voting rights of the issued share capital of the Company or the right to appoint and/or remove all or the majority of the members of the Company's board of directors or other governing body, whether obtained directly or indirectly, and whether obtained by ownership of share capital, the possession of voting rights, contract or otherwise;

a "**Change of Control**" occurs when:

- (i) any Person or Persons acting together (other than the Controlling Shareholders (as defined in the Listing Rules of the Hong Kong Stock Exchange) as at the Closing Date) acquires Control of the Company;
- (ii) the Company consolidates with or merges into or sells or transfers all or substantially all of the Company's assets to any other Person, unless the consolidation, merger, sale or transfer will not result in the other Person or Persons acquiring Control over the Company or the successor entity; or
- (iii) one or more Persons (other than any Person referred to in sub-paragraph (i) above) acquires the legal or beneficial ownership of all or substantially all of the Company's issued share capital.

“**Person**” includes any individual, company, corporation, firm, partnership, joint venture, undertaking, association, organisation, trust, state or agency of a state (in each case whether or not being a separate legal entity) but does not include the Company’s directors or any other governing board and does not include the Company’s wholly-owned direct or indirect subsidiaries.

E. *Redemption at the Option of the Bondholders*

On 27 June 2016 (the “**Put Option Date**”), the holder of each Bond will have the right at such holder’s option, to require the Company to redeem all or some only of the Bonds of such holder on the Put Option Date at 106.15 per cent. of their principal amount. To exercise such right, the holder of the relevant Bond must complete, sign and deposit during normal business hours at the specified office of the Principal Agent or any other Paying Agent a duly completed and signed notice of redemption, in the then current form obtainable from the specified office of the Principal Agent or any other Paying Agent (“**Put Exercise Notice**”) together with the Certificate evidencing the Bonds to be redeemed not earlier than 60 days and not later than 30 days prior to the Put Option Date.

A Put Exercise Notice, once delivered, shall be irrevocable (and may not be withdrawn unless the Company consents to such withdrawal) and the Company shall redeem the Bonds the subject of Put Exercise Notices delivered as aforesaid on the Put Option Date.

F. *Purchases*

The Company or any of its Subsidiaries may at any time and from time to time purchase Bonds at any price in the open market or otherwise.

G. *Cancellation*

All Bonds which are redeemed, converted or purchased by the Company or any of its Subsidiaries, will forthwith be cancelled. Certificates in respect of all Bonds cancelled will be forwarded to or to the order of the Registrar and such Bonds may not be reissued or resold.

H. *Redemption Notices*

All notices to Bondholders given by or on behalf of the Company pursuant to Condition 8(B) or Condition 8(C) will specify the Conversion Price as at the date of the relevant notice, the Conversion Period, the Closing Price of the Shares as at the latest practicable date prior to the publication of the notice, the date for redemption, the applicable Early Redemption Amount, the manner in which redemption will be effected and the aggregate principal amount of the Bonds outstanding as at the latest practicable date prior to the publication of the notice.

If more than one notice of redemption is given (being a notice given either by the Company or a Bondholder pursuant to this Condition 8), the first in time shall prevail. Neither the Trustee nor any Agent shall be responsible for calculating or verifying any calculations of any amounts payable under this Condition 8 and will not be responsible to Bondholders for any loss arising from any failure by it to do so.

9. *Taxation*

All payments made by the Company under or in respect of the Trust Deed or the Bonds will be made free from any restriction or condition and be made without deduction or withholding for or on account of any present or future taxes, duties, assessments or governmental charges of whatever nature imposed or levied by or on behalf of the Cayman Islands or Hong Kong or any authority thereof or therein having power to tax, unless deduction or withholding of such taxes, duties, assessments or governmental charges is compelled by law. In such event, the Company will pay such additional amounts as will result in the receipt by the Bondholders of the net amounts after such deduction or withholding equal to the amounts which would otherwise have been receivable by them had no such deduction or withholding been required except that no such additional amount shall be payable in respect of any Bond:

- (i) to a holder (or to a third party on behalf of a holder) who is subject to such taxes, duties, assessments or governmental charges in respect of such Bond by reason of his having some connection with the Cayman Islands (or, as the case may be, Hong Kong) otherwise than merely by holding the Bond or by the receipt of amounts in respect of the Bond;

- (ii) (in the case of a payment of principal) if the Certificate in respect of such Bond is surrendered more than 30 days after the relevant date except to the extent that the holder would have been entitled to such additional amount on surrendering the relevant Certificate for payment on the last day of such period of 30 days,
- (iii) where such withholding or deduction is imposed on a payment to an individual and is required to be made pursuant to any law implementing European Union Directive 2003/48/EC or any other Directive implementing the conclusions of the ECOFIN Council meeting of 26th-27th November 2000; or
- (iv) presented for payment by or on behalf of a Bondholder who would have been able to avoid such withholding or deduction by presenting the relevant Bond to another Paying Agent in a Member State of the European Union.

For the purposes hereof, “**relevant date**” means whichever is the later of (a) the date on which such payment first becomes due and (b) if the full amount payable has not been received by the Trustee or the Principal Agent on or prior to such due date, the date on which, the full amount having been so received, notice to that effect shall have been given to the Bondholders and cheques despatched or payment made.

References in these Conditions to principal and premium (if any) shall be deemed also to refer to any additional amounts which may be payable under this Condition or any undertaking or covenant given in addition thereto or in substitution therefor pursuant to the Trust Deed.

10. Events of Default

The Trustee at its sole discretion may, and if so requested in writing by the holders of not less than 25 per cent. in principal amount of the Bonds then outstanding or if so directed by an Extraordinary Resolution shall (subject to being indemnified and/or secured and/or pre-funded by the holders to its satisfaction), give notice to the Company that the Bonds are, and they shall accordingly thereby become, immediately due and repayable at the Early Redemption Amount (subject as provided below and without prejudice to the right of Bondholders to exercise the Conversion Right in respect of their Bonds in accordance with Condition 6) if:

- (i) a default is made in the payment of any principal or Early Redemption Amount due in respect of the Bonds;
- (ii) any failure by the Company to deliver Shares as and when the Shares are required to be delivered following conversion of Bonds and such failure continues for seven days;
- (iii) the Company does not perform or comply with one or more of its other obligations in the Bonds or the Trust Deed which default is incapable of remedy or, if in the opinion of the Trustee capable of remedy, is not in the opinion of the Trustee remedied within 30 days after written notice of such default shall have been given to the Company by the Trustee;
- (iv) the Company or any of its Principal Subsidiaries is (or is, or could be, deemed by law or a court to be) insolvent or bankrupt or unable to pay its debts, stops, suspends or threatens to stop or suspend payment of all or a material part of (or of a particular type of) its debts, proposes or makes any agreement for the deferral, rescheduling or other readjustment of all of (or all of a particular type of) its debts (or of any part which it will or might otherwise be unable to pay when due), proposes or makes a general assignment or an arrangement or composition with or for the benefit of the relevant creditors in respect of any of such debts or a moratorium is agreed or declared in respect of or affecting all or any part of (or of a particular type of) the debts of the Company or any of its Principal Subsidiaries; an administrator or liquidator of the Company or any of its Principal Subsidiaries or the whole or any material part of the assets and turnover of the Company or any of its Principal Subsidiaries is appointed (or application for any such appointment is made);

- (v) (a) any other present or future indebtedness (whether actual or contingent) of the Company or any of its Subsidiaries for or in respect of moneys borrowed or raised becomes, or becomes capable of being declared, due and payable prior to its stated maturity by reason of any actual or potential default, event of default or the like (howsoever described) (a “**Default**”) and such indebtedness is not repaid or discharged by the Company or the relevant Subsidiary in full within seven business days (as defined in Condition 7(F)) after the occurrence of such Default, or (b) any such indebtedness is not paid when due or, as the case may be, within any applicable grace period and such failure continues for a period of seven business days (as defined in Condition 7(F)), or (c) the Company or any of its Subsidiaries fails to pay when due any amount payable by it under any present or future guarantee for, or indemnity in respect of, any moneys borrowed or raised, provided that the aggregate amount of the relevant indebtedness, guarantees and indemnities in respect of which one or more of the events mentioned above in this Condition 10(v) have occurred equals or exceeds HK\$100,000,000 or its equivalent in any other currency on the day on which such indebtedness becomes due and payable or is not paid or any such amount becomes due and payable or is not paid under any such guarantees or indemnity;
- (vi) a distress, attachment, execution, seizure before judgment or other legal process is levied, enforced or sued out on or against any of the property, assets or turnover of the Company or any of its Principal Subsidiaries and is not discharged or stayed within 30 days;
- (vii) an order is made or an effective resolution passed for the winding-up or dissolution or administration of the Company or any of its Principal Subsidiaries (except for a members’ voluntary solvent winding-up), or the Company or any of its Principal Subsidiaries ceases or threatens to cease to carry on all or substantially all of its business or operations and except for the purpose of and followed by a reconstruction, amalgamation, reorganisation, merger or consolidation (a) on terms approved by an Extraordinary Resolution of the Bondholders, or (b) in the case of its Principal Subsidiary, whereby the undertaking and assets of such Principal Subsidiary are transferred to or otherwise vested in the Company or another of its Subsidiaries;
- (viii) an encumbrancer takes possession or an administrative or other receiver, manager, administrator or other similar officer is appointed, of the whole or any material part of the property, assets or turnover of the Company or any of its Principal Subsidiaries (as the case may be) and is not discharged within 30 days;
- (ix) (a) any step is taken by any person with a view to the seizure, compulsory acquisition, expropriation or nationalisation of all or a material part of the assets of the Company or any of its Principal Subsidiaries; or (b) the Company or any of its Principal Subsidiaries is prevented from exercising normal control over all or any substantial part of its property, assets and turnover;
- (x) any action, condition or thing (including the obtaining or effecting of any necessary consent, approval, authorisation, exemption, filing, licence, order, recording or registration) at any time required to be taken, fulfilled or done in order (a) to enable the Company lawfully to enter into, exercise its rights and perform and comply with its obligations under the Bonds and the Trust Deed, (b) to ensure that those obligations are legally binding and enforceable and (c) to make the Bonds and the Trust Deed admissible in evidence in the courts of the Cayman Islands or England is not taken, fulfilled or done;
- (xi) it is or will become unlawful for the Company to perform or comply with any one or more of its obligations under any of the Bonds or the Trust Deed; or
- (xii) any event occurs which under the laws of any relevant jurisdiction has an analogous effect to any of the events referred to in any of Conditions 10(iv) to 10(ix) (both inclusive).

In this Condition 10, “**Principal Subsidiary**” means any Subsidiary of the Company:

- (a) whose profits before taxation and extraordinary items (“**pre-tax profit**”) (consolidated in the case of a Subsidiary which itself has Subsidiaries) attributable to the Company, as shown by its latest audited income statement, are at least 10 per cent. of the consolidated pre-tax profit as shown by the latest published audited consolidated income statement of the Company and its consolidated Subsidiaries, including, for the avoidance of doubt, the Company and its consolidated Subsidiaries’ share of profits of Subsidiaries not consolidated and of associated entities and after adjustments for minority interests; or
- (b) whose gross assets (consolidated in the case of a Subsidiary which itself has Subsidiaries) attributable to the Company, as shown by its latest audited balance sheet, are at least 10 per cent. of the consolidated gross assets of the Company and its Subsidiaries as shown by the latest published audited consolidated balance sheet of the Company and its Subsidiaries, including the investment of Company and its consolidated Subsidiaries in each Subsidiary whose accounts are not consolidated with the consolidated audited accounts of the Company and of associated companies and after adjustment for minority interests; or
- (c) whose gross revenues (consolidated in the case of a Subsidiary which has Subsidiaries) attributable to the Company, as shown by its latest audited income statement are at least 10 per cent. of the consolidated gross revenues as shown by the latest published audited income statement of the Company and its consolidated Subsidiaries,

provided that, in relation to paragraphs (a), (b) and (c) above of this definition:

- (1) in the case of a corporation or other business entity becoming a Subsidiary after the end of the financial period to which the latest consolidated audited accounts of the Company relate, the reference to the then latest consolidated audited accounts of the Company and its Subsidiaries for the purposes of the calculation above shall, until consolidated audited accounts of the Company for the financial period in which the relevant corporation or other business entity becomes a Subsidiary are published be deemed to be a reference to the then latest consolidated audited accounts of the Company and its Subsidiaries adjusted to consolidate the latest audited accounts (consolidated in the case of a Subsidiary which itself has Subsidiaries) of such Subsidiary in such accounts;
 - (2) if at any relevant time in relation to the Company or any Subsidiary which itself has Subsidiaries no consolidated accounts are prepared and audited, pre-tax profit, gross assets or gross revenues of the Company and/or any such Subsidiary shall be determined on the basis of pro forma consolidated accounts prepared for this purpose by the Company for the purposes of preparing a certificate thereon to the Trustee;
 - (3) if at any relevant time in relation to any Subsidiary, no accounts are audited, its pre-tax profit, gross assets or gross revenues (consolidated, if appropriate) shall be determined on the basis of pro forma accounts (consolidated, if appropriate) of the relevant Subsidiary prepared for this purpose by the Company for the purposes of preparing a certificate thereon to the Trustee; and
 - (4) if the accounts of any Subsidiary (not being a Subsidiary referred to in proviso (1) above) are not consolidated with those of the Company, then the determination of whether or not such subsidiary is a Principal Subsidiary shall be based on a pro forma consolidation of its accounts (consolidated, if appropriate) with the consolidated accounts (determined on the basis of the foregoing) of the Company; or
- (d) any Subsidiary of the Company to which is transferred the whole or substantially the whole of the assets of a Subsidiary which immediately prior to such transfer was a Principal Subsidiary, provided that the Principal Subsidiary which so transfers its assets shall forthwith upon such transfer cease to be a Principal Subsidiary and the Subsidiary to which the assets are so transferred

shall become a Principal Subsidiary upon such transfer, provided that at the date on which the first published audited accounts (consolidated, if appropriate) of the Company prepared as of a date later than such transfer are issued, whether such transferor Subsidiary or such transferee Subsidiary would continue to be a Principal Subsidiary shall be determined on the basis of such accounts by virtue of the provisions of paragraphs (a), (b) or (c) above of this definition.

In addition, any Subsidiary which is not itself a Principal Subsidiary shall nevertheless be treated as a Principal Subsidiary in respect of any of the events referred to in this Condition 10 if its pre-tax profit, gross assets or gross revenues (or consolidated pre-tax profit, consolidated gross assets or consolidated gross revenues in the case of a Subsidiary which has Subsidiaries) when aggregated with the pre-tax profit, gross assets or gross revenues of each Subsidiary which is not itself a Principal Subsidiary (or consolidated pre-tax profit, consolidated gross assets or consolidated gross revenues in the case of a Subsidiary which has Subsidiaries) with respect to which any of the events referred to in this Condition 10 has occurred during the preceding 12 months, exceeds 10 per cent. of the consolidated pre-tax profit, consolidated gross assets or consolidated gross revenues of the Company and its Subsidiaries.

A certificate prepared by the directors of the Company confirming that, in their opinion, a Subsidiary is or is not, or was or was not, a Principal Subsidiary shall, in the absence of manifest error, be conclusive and binding on all parties. The certificate shall be accompanied by a report by an internationally recognised firm of accountants addressed to the directors of the Company and the Trustee as to proper extraction of the figures used by the Company in determining the Principal Subsidiaries of the Company and mathematical accuracy of the calculation.

11. Prescription

Claims in respect of amounts due in respect of the Bonds will become prescribed and become void unless made within 10 years (in the case of principal) and five years (in the case of default interest or premium (if any)) from the relevant date (as defined in Condition 9) in respect thereof.

12. Enforcement

At any time after the Bonds have become due and repayable, the Trustee may, at its sole discretion and without further notice, take such proceedings against the Company as it may think fit to enforce repayment of the Bonds and to enforce the provisions of the Trust Deed, but it will not be bound to take any such proceedings unless (a) it shall have been so requested in writing by the holders of not less than 25 per cent. in principal amount of the Bonds then outstanding or shall have been so directed by an Extraordinary Resolution of the Bondholders and (b) it shall have been indemnified and/or secured and/or pre-funded to its satisfaction. No Bondholder will be entitled to proceed directly against the Company unless the Trustee, having become bound to do so, fails to do so within a reasonable period and such failure shall be continuing.

13. Meetings of Bondholders, Modification and Waiver

A. Meetings

The Trust Deed contains provisions for convening meetings of Bondholders to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution of a modification of the Bonds or the provisions of the Trust Deed. Such a meeting may be convened by Bondholders holding not less than 10 per cent in principal amount of the Bonds for the time being outstanding. The quorum at any such meeting for passing an Extraordinary Resolution will be two or more persons holding or representing over 50 per cent. in principal amount of the Bonds for the time being outstanding or, at any adjourned such meeting, two or more persons being or representing Bondholders whatever the principal amount of the Bonds so held or represented unless the business of such meeting includes consideration of proposals, *inter alia*, (i) to modify the due date for any payment in respect of the Bonds, (ii) to reduce or cancel the amount of principal, premium or default interest (including any Early Redemption Amount) or Equivalent Amount payable in respect of the Bonds or changing the method of calculation of the Early Redemption Amount, (iii) to change the currency of payment of the Bonds, (iv) to modify (except by a

unilateral and unconditional reduction in the Conversion Price) or cancel the Conversion Rights, or (v) to modify the provisions concerning the quorum required at any meeting of the Bondholders or the majority required to pass an Extraordinary Resolution, in which case the necessary quorum for passing an Extraordinary Resolution will be two or more persons holding or representing not less than 66 per cent., or at any adjourned such meeting not less than 33 per cent. in principal amount of the Bonds for the time being outstanding. An Extraordinary Resolution passed at any meeting of Bondholders will be binding on all Bondholders, whether or not they are present at the meeting. The Trust Deed provides that a written resolution signed by or on behalf of the holders of not less than 90 per cent. of the aggregate principal amount of Bonds for the time being outstanding shall be as valid and effective as a duly passed Extraordinary Resolution.

B. *Modification and Waiver*

The Trustee may agree, without the consent of the Bondholders, to (i) any modification (except as mentioned in Condition 13(A) above) to, or the waiver or authorisation of any breach or proposed breach of, the Bonds, the Agency Agreement or the Trust Deed which is not, in the opinion of the Trustee, materially prejudicial to the interests of the Bondholders or (ii) any modification to the Bonds or the Trust Deed which, in the Trustee's opinion, is of a formal, minor or technical nature or to correct a manifest error or to comply with mandatory provisions of law. Any such modification, waiver or authorisation will be binding on the Bondholders and, unless the Trustee agrees otherwise, any such modifications, waivers or authorisations will be notified by the Company to the Bondholders as soon as practicable thereafter.

C. *Interests of Bondholders*

In connection with the exercise of its functions, rights, powers and discretions (including but not limited to those in relation to any proposed modification, authorisation or waiver), the Trustee shall have regard to the interests of the Bondholders as a class and shall not have regard to the consequences of such exercise for individual Bondholders and the Trustee shall not be entitled to require, nor shall any Bondholder be entitled to claim, from the Company or the Trustee, any indemnification or payment in respect of any tax consequences of any such exercise upon individual Bondholders except to the extent provided for in Condition 9 and/or any undertakings given in addition thereto or in substitution therefor pursuant to the Trust Deed.

In the event of the passing of an Extraordinary Resolution in accordance with Condition 13(A) or a modification, waiver or authorisation in accordance with Condition 13(B), the Company will procure that the Bondholders be notified in accordance with Condition 16.

14. Replacement of Certificates

If any Certificate is mutilated, defaced, destroyed, stolen or lost, it may be replaced at the specified office of the Registrar or any Transfer Agent upon payment by the claimant of such costs as may be incurred in connection therewith and on such terms as to evidence and indemnity as the Company and such Transfer Agent may require. Mutilated or defaced Certificates must be surrendered before replacements will be issued.

15. Further Issues

The Company may from time to time, without the consent of the Bondholders, create and issue further Bonds having the same terms and conditions as the Bonds in all respects and so that such further issue shall be consolidated and form a single series with the Bonds. Such further Bonds may, with the consent of the Trustee, be constituted by a deed supplemental to the Trust Deed.

16. Notices

All notices to Bondholders shall be validly given if mailed to them at their respective addresses in the register of Bondholders maintained by the Registrar or published in a leading newspaper having general circulation in Hong Kong or, if such publication shall not be practicable, in an English language newspaper of general circulation in Asia. Any such notice shall be deemed to have been given on the later of the date of such publication or, if published more than once, on the first date on which publication is made.

So long as the Bonds are represented by the Global Certificate and the Global Certificate is held on behalf of Euroclear or Clearstream or the Alternative Clearing System (as defined in the Global Certificate), notices to Bondholders may be given by delivery of the relevant notice to Euroclear or Clearstream or the Alternative Clearing System, for communication by it to entitled accountholders in substitution for notification as required by the Conditions.

17. Agents

The names of the initial Agents and their specified offices are set out below. The Company reserves the right, subject to the prior written approval of the Trustee, at any time to vary or terminate the appointment of any Agent and to appoint additional or other Agents. The Company will at all times maintain (a) a Principal Agent, (b) if required, a Paying Agent with a specified office in a European Union member state that will not be obliged to withhold or deduct tax pursuant to any law implementing European Union Directive 2003/48/EC or any other Directive implementing the provisions of the ECOFIN Council Meeting of 26th-27th November 2000, and (c) a Registrar which will maintain the Register outside Hong Kong and the United Kingdom. Notice of any such termination or appointment, of any changes in the specified offices of any Agent and of any change in the identity of the Registrar or the Principal Agent will be given promptly by the Company to the Bondholders in accordance with Condition 16 and in any event not less than 45 days' notice will be given.

18. Indemnification

The Trust Deed contains provisions for the indemnification of the Trustee and for its relief from responsibility, including provisions relieving it from taking proceedings to enforce repayment unless indemnified and/or secured and/or pre-funded to its satisfaction. The Trustee is entitled to enter into business transactions with the Company and any entity related to the Company without accounting for any profit.

19. Contracts (Rights of Third Parties) Act 1999

No person shall have any right to enforce any term or condition of the Bonds or any provision of the Trust Deed under the Contracts (Rights of Third Parties) Act 1999.

20. Governing Law and Submission to Jurisdiction

The Bonds, the Trust Deed and the Agency Agreement and any non-contractual obligations arising out of or in connection with them are governed by, and shall be construed in accordance with, the laws of England. In relation to any legal action or proceedings arising out of or in connection with the Trust Deed or the Bonds, the Company has in the Trust Deed irrevocably submitted to the jurisdiction of the courts of England and in relation thereto, has appointed an agent for service of process in the City of London.

THE GLOBAL CERTIFICATE

The Global Certificate contains provisions which apply to the Bonds in respect of which the Global Certificate is issued, some of which modify the effect of the terms and conditions of the Bonds (the “Conditions” or the “Terms and Conditions”) set out in this Offering Circular. Terms defined in the Conditions have the same meaning in the paragraphs below. The following is a summary of those provisions:

Meetings

The registered holder of the Global Certificate will be treated as being two persons for the purposes of any quorum requirements of a meeting of Bondholders and, at any such meeting, as having one vote in respect of each HK\$1,000,000 in principal amount of Bonds for which the Global Certificate is issued. The Trustee may allow a person with an interest in Bonds in respect of which the Global Certificate has been issued to attend and speak at a meeting of Bondholders on appropriate proof of his identity and interest.

Cancellation

Cancellation of any Bond by the Company following its redemption, conversion or purchase by the Company will be effected by a reduction in the principal amount of the Bonds in the register of Bondholders.

Trustee’s Powers

In considering the interests of Bondholders while the Global Certificate is registered in the name of a nominee for a clearing system, the Trustee may, to the extent it considers it appropriate to do so in the circumstances, (a) have regard to any information as may have been made available to it by or on behalf of the relevant clearing system or its operator as to the identity of its accountholders (either individually or by way of category) with entitlements in respect of the Bonds and (b) may consider such interests on the basis that such accountholders were the holders of the Bonds in respect of which the Global Certificate is issued.

Conversion

Subject to the requirements of Euroclear and Clearstream (or any other clearing system (an “**Alternative Clearing System**”) as shall have been designated by the Company and approved by the Trustee), the Conversion Rights attaching to the Bonds in respect of which the Global Certificate is issued may be exercised by the presentation thereof to or to the order of the Principal Agent of one or more Conversion Notices duly completed by or on behalf of a holder of a book-entry interest in such Bonds. Deposit of the Global Certificate with the Principal Agent together with the relevant Conversion Notice(s) shall not be required. The exercise of the Conversion Right shall be notified by the Principal Agent to the Registrar and the holder of the Global Certificate.

Payment

The Company promises to pay to the registered holder of the Bonds represented by the Global Certificate on the Maturity Date (or on such earlier date as the amount payable upon redemption under the Conditions may become repayable in accordance with the Conditions) the amount payable upon redemption under the Conditions in respect of the Bonds represented by the Global Certificate. Each payment will be made to, or to the order of, the person whose name is entered on the Register at the close of business on the record date which shall be on the Clearing System Business Day immediately prior to the date for payment, where Clearing System Business Day means Monday to Friday inclusive except 25 December and 1 January.

Notices

So long as the Bonds are represented by the Global Certificate and the Global Certificate is held on behalf of Euroclear or Clearstream or the Alternative Clearing System, notices to Bondholders may be given by delivery of the relevant notice to Euroclear or Clearstream or the Alternative Clearing System, for communication by it to entitled accountholders in substitution for notification as required by the Conditions.

Bondholder's Redemption or Non-Redemption

The Bondholder's redemption options in Conditions 8(D) and 8(E) or the non-redemption option in Condition 8(C)(ii) may be exercised by the holder of the Global Certificate giving notice to the Principal Agent of the principal amount of Bonds in respect of which the option is exercised and presenting the Global Certificate for endorsement of exercise within the time limits specified in the Conditions.

Registration of Title

Certificates in definitive form for individual holdings of Bonds will not be issued in exchange for interests in Bonds in respect of which the Global Certificate is issued, except if either Euroclear or Clearstream (or any Alternative Clearing System on behalf of which the Bonds evidenced by the Global Certificate may be held) is closed for business for a continuous period of 14 days (other than by reason of holidays, statutory or otherwise) or announces an intention permanently to cease business or does in fact do so.

Transfers

Transfers of interests in the Bonds will be effected through the records of Euroclear and Clearstream or any Alternative Clearing System and their respective participants in accordance with the rules and operating procedures of Euroclear and Clearstream or any Alternative Clearing System and their respective participants.

USE OF PROCEEDS

The net proceeds from the issue of the Bonds, estimated to be approximately HK\$5,318 million after deducting expenses (including but not limited to underwriting commission to be charged by the Joint Lead Managers), will be used to finance capital expenditure of the Group, to refinance a portion of the Group's bank borrowings and for working capital and general corporate purposes of the Group.

BUSINESS

BUSINESS OF THE GROUP

Overview

The Company is an investment holding company which, through its subsidiaries, is primarily engaged in the manufacturing, distribution and sale of personal hygiene products and food and snacks products in the PRC. The Group's products comprise tissue paper, sanitary napkins, disposable diapers, food and snack products and skin care and other products. The Group markets its products under various brands, including its "Hearttex", "Pino" and "Premium" tissue paper, "Anle", "Anerle" and "Space 7" sanitary napkins and "Anerle" and "Q•MO" baby diapers, which command strong brand and customer recognition for superior quality. Other brands marketed under the Group include its "ElderJoy" adult diapers, "MissMay" skin care and cleansing products, "Banitore" first-aid products and "Bandi" enema and "QinQin" snack food products.

The Group derives the majority of its revenues from the manufacturing and sale of tissue paper, sanitary napkins and disposable diapers. For the years ended 31 December 2010, 2011 and 2012, sales attributable to tissue paper represented approximately 45.5%, 47.0% and 49.4%, respectively, of the Group's revenue. Sales attributable to sanitary napkins represented approximately 23.6%, 24.1% and 26.5%, respectively, of the Group's total revenue, and sales attributable to disposable diapers represented approximately 18.2%, 16.0% and 14.5%, respectively, of the Group's revenue. For the years ended 31 December 2010, 2011 and 2012, the Group's food and snacks business accounted for about 9.0%, 9.0% and 7.5% of the Group's total revenue respectively and sales attributable to skin care products and others represented approximately 3.7%, 3.9% and 2.1%, respectively, of the Group's total revenue.

Due to rapid expansion of the overall PRC personal hygiene products market and improvements in the income levels and living standards and accelerating urbanisation in the PRC, the Group has significantly expanded its business and diversified its product offering since it commenced operations in 1985. Its revenue and profit attributable to shareholders increased from approximately HK\$13,431.7 million and HK\$2,438.3 million respectively, for the year ended 31 December 2010 to approximately HK\$18,524.2 million and HK\$3,518.7 million respectively, for the year ended 31 December 2012, representing a compound annual growth rate of about 17.4% and 20.1%, respectively. With an extensive distribution network across the PRC and approximately 33,600 employees, the Group is one of the leading manufacturers of personal hygiene products in the PRC. As at 31 December 2012, the Group's consolidated total assets were approximately HK\$29,204.8 million and its consolidated total equity was approximately HK\$14,408.2 million.

The Company believes that the quality of the Group's products is one of the primary reasons for the Group's success. The Group's main manufacturing facilities and products have obtained ISO 9001:2000 Certifications in recognition of their quality. The Group also places emphasis on product innovation, and seeks to continue to improve the quality and performance of its products through research and development and technological improvement.

The Company was incorporated in the Cayman Islands on 22 July 1998 as a limited liability company. The Company has been listed on the Hong Kong Stock Exchange since December 1998. As at the close of business on 21 June 2013, the Company had a market capitalisation of approximately HK\$92.7 billion.

History and Development

The Group commenced operations in 1985 upon the establishment of Fujian Hengan Holding Co. Ltd., a sino-foreign equity joint venture between Mr. Sze Man Bok, founder and the Chairman of the Company, Fujian Province Jinjiang City Anhai Garment Industrial Co. and Mr. Liu Yuen Hong to manufacture and sell sanitary napkins. The Group had one ordinary sanitary napkin production line and approximately 100 employees, and produced ordinary sanitary napkins under the “Anle” brand. Sales were initially concentrated in Fujian and Guangdong Provinces.

In view of the growing demand in the PRC for personal hygiene products, the Group began to rapidly expand its operations and diversify its product offerings. The Group began to expand to other areas outside Fujian and Guangdong Provinces in the late 1980s. The Group’s geographical expansion has enabled it to reduce its production and transportation costs, as well as enhance its competitiveness. At the same time, the Group also actively expanded its product offering and diversified beyond sanitary napkins into other personal hygiene products. The Group began to offer disposable diapers in 1996, skin care and cleansing products in 2002, tissue paper products in 2003 and first-aid products in 2004. In 2008, the Group acquired QinQin Foodstuffs Group Company Limited, a leading and reputable confectionery manufacturer in the PRC, marking the Group’s first step to establish a presence in the food and snacks market.

The Company was incorporated in the Cayman Islands in July 1998 as a limited liability company and became the holding company of the Group. In December 1998, the Company completed an initial public offering and has since been listed on the Hong Kong Stock Exchange.

Tissue Paper Products

The Group offers a wide range of high-quality tissue paper products under the "Heartex", "Pino" and "Premium" brands in the PRC. The Group's tissue paper products include facial tissues, box tissues, pocket handkerchiefs, toilet rolls, wet tissues and sterilised tissues, although the Group focuses on pocket handkerchiefs, box tissue and wet tissues which generally command higher margins than other tissue paper products. The Group's tissue paper products are offered in a variety of sizes, thickness, scents and designs to meet the requirements and preferences of its customers.

For the years ended 31 December 2010, 2011 and 2012, sales attributable to the Group's tissue paper business segment were approximately HK\$6,114.4 million, HK\$8,017.5 million and HK\$9,146.8 million, respectively, accounting for approximately 45.5%, 47.0% and 49.4%, respectively, of the Group's total revenue.

Sanitary Napkins

The Group's sanitary napkin products are broadly categorised into three types, ordinary sanitary napkins, winged sanitary napkins and pantliners. The Group's sanitary napkins are marketed under the "Anle" brand, which is a mid- to low-end brand, and the "Anerle" brand, which is a mid- to high-end brand. The Group markets its high-end sanitary napkins under the "Space 7" brand, which is a sub-brand under the "Anerle" brand. The sanitary napkin market in the PRC is highly competitive. In order to maintain its margins and profitability, the Group focuses on manufacturing and promoting higher end sanitary napkins under the "Anerle" brand and the "Space 7" series. The Group officially launched the high-end "Space 7 Princess" series across the PRC in June 2012 in the view that consumers' increasing awareness of personal hygiene will also promote demand for high quality personal hygiene products.

For the years ended 31 December 2010, 2011 and 2012, sales attributable to the Group's sanitary napkins business segment were approximately HK\$3,169.5 million, HK\$4,114.4 million and HK\$4,915.5 million, respectively, accounting for approximately 23.6%, 24.1% and 26.5%, respectively, of the Group's total revenue.

Disposable Diapers

The Group's principal disposable diaper products are disposable diapers for babies that are marketed under the "Anerle" brand. The Group also manufactures and sells disposable diapers for adults under the "ElderJoy" brand. The disposable diapers are available in various types and sizes, and with various features to suit the requirements of different customers. The Group plans to increase marketing and brand promotion efforts for its high-end diaper products to boost sales. The Group also plans to strengthen its distribution network management and actively expand its presence in new channels (such as maternity stores, hospitals and online sales channels) to increase market coverage and improve sales efficiency.

For the years ended 31 December 2010, 2011 and 2012, sales attributable to the Group's disposable diapers business segment were approximately HK\$2,446.9 million, HK\$2,723.0 million and HK\$2,685.5 million, respectively, accounting for approximately 18.2%, 16.0% and 14.5%, respectively, of the Group's total revenue.

Food and Snacks

The Group's principal food and snack products are fruit jelly, seaweed, prawn crackers and chips, potato chips and candy marketed under the "QinQin" brand. For the years ended 31 December 2010, 2011 and 2012, the food and snacks products business segment contributed approximately HK\$1,202.7 million, HK\$1,542.5 million and HK\$1,387.5 million respectively to the Group's revenue, accounting for approximately 9.0%, 9.0% and 7.5% of the Group's total revenue respectively.

As standards of living improve in the PRC, the Group believes that the snack business in the long term will keep growing. Although revenue from sales of the Group's food and snacks products fell by about 10.1% in 2012 compared to 2011 to about HK\$1,387.5 million following reports in the PRC that certain food products, such as jelly, were manufactured using industrial gelatine, the Group expects revenue contribution from its food and snacks products to recover as the adverse effect of such reports on the industry gradually eases and the Group continues to invest resources to enrich its product portfolio to cater to the different tastes of consumers.

Skin Care and Cleansing Products

In 2002, the Group began the manufacture and sale of skin care and cleansing products under the "MissMay" brand. Products offered by the Group include shower gel, soap, facial cleansing and moisturising cream.

First-aid products

In 2004, the Group acquired a 70% interest in Hengan Pharmicare Company Limited, which manufactures personal care and pharmaceutical products under the "Banitore" and "Bandi" brands. Products offered by the Group include protective plaster, adhesive tape and gauze pads.

Raw Materials

In 2012, the cost of raw materials and consumables used by the Group was HK\$7,746.5 million which represented approximately 75.9% of the Group's total cost of sales. Wood pulp and non-woven fabric are the principal raw materials for the manufacture of tissue paper products. Fluff pulp and petrochemical products such as non-woven fabric, perforated film, casting polyethylene film, super-absorbent polymer and hot melt glue are the principal raw materials for the manufacture of sanitary napkins and disposable diapers.

Wood pulp and fluff pulp are used extensively in the Group's products and are subject to significant price fluctuations due to the cyclical nature of the pulp markets. A number of the Group's products, such as sanitary napkins and disposable diapers, use certain petrochemical materials which are principally derived from petroleum and are subject to price fluctuations based on changes in petroleum prices, availability and other factors. Increases in raw material prices could adversely affect the Group's earnings if selling prices for its finished products are not adjusted or if such adjustments significantly trail the increases in raw material prices.

The Group sources its raw materials from both overseas and domestic suppliers. To ensure a stable supply of raw materials at competitive prices and to retain maximum flexibility and pricing advantages, the Group sources each major raw material from more than one supplier. In order to ensure the stability and consistency of product quality, the Group takes into account the quality of materials, prices and after-sales services provided in choosing its key suppliers. All raw materials are checked and inspected by the quality control department of the Group before they are used for production.

In order to benefit from centralised bulk purchasing, raw material purchase requirements are generally sent by each subsidiary to the Group's headquarters on a periodic basis. The Group then places a single purchase order to its suppliers. Purchases of raw materials are made by reference to monthly inventory reviews and the Group's production schedules. It is the Group's policy to monitor the price movements of raw materials to determine whether any extra purchases should be made to benefit from low prices.

The Group usually maintains stock of raw materials sufficient for around two months' production. The Group's policy is to use letters of credit to pay for the majority of its overseas raw material purchases.

The Group has not experienced difficulties in obtaining raw materials for its continuing operations in the past and does not consider itself dependent on any particular supplier for raw materials or equipment needs.

Quality Control

The Group places strong emphasis on quality control throughout its production process, from the sourcing of raw materials to final packaging. The Group carries out quality checks on its raw materials to ensure that the quality of the products meet the required national hygienic standards set by the Ministry of Public Health. The Group has a quality control team in each of its production facilities, which is responsible for the implementation of the quality control procedures adopted by the Group. The quality control team in each production facility prepares annual quality control reports for the quality control department at the Group's head office, which in turn reports directly to senior management. The quality control department also carries out annual examinations of the quality control procedures within the Group and introduces necessary changes.

The Group places strong emphasis on the training of its quality control staff. The Group sends its employees to training courses on quality management and quality control, and commonly invites Chinese and foreign experts and professors to give lectures to its staff. Advanced automatic testing systems have been installed in certain of the Group's production facilities to ensure quality control during the production process. Apart from the daily quality checks carried out by the Group, it also sends its products to the local Commodity Technology Inspection Departments and Hygiene Inspection Points for quality testing. Random sample checks are also carried out by the National Quality Control Authority every year.

SALES, DISTRIBUTION AND MARKETING

Sales

The Group has established a nationwide distribution and sales network in the PRC. The Group's head office is located in Fujian Province. Each provincial head office is responsible for monitoring and co-ordinating the sales within its own province and reports directly to the Group's head office. For statistical purposes, the Group divides its domestic sales into nine regions, namely north-western PRC, northern PRC, north-eastern PRC, eastern PRC, Shandong, central PRC, Fujian and Guangdong, south-western PRC and Sichuan as shown in the following map:

The following table sets forth the breakdown of the Group's turnover by region for the periods indicated.

Customers

The Group divides its principal customers into three major groups:

- supermarkets, hypermarkets and convenience store chains;
- local distributors and wholesalers; and
- other shops.

Sales to local distributors and wholesalers currently account for the majority of the Group's total sales. The Group's sales policy is not to rely on any single customer. For the year ended 31 December 2012, the aggregate amount of sales attributable to the Group's five largest customers accounted for less than 30% of the Group's total sales. The Group generally designates sales areas to its distributors, wholesalers, sales offices, branches and representative offices in order to reduce overlap within the regions in which they operate. No credit terms are granted to local distributors and wholesalers. Credit terms ranging from 30 days to 90 days are usually granted to supermarkets, hypermarkets and convenience store chains.

Distribution and Logistics

The Group delivers its products mainly by rail and road transport. The Group engages transportation companies for the distribution of large orders or orders to remote places. Transportation expenses are usually borne by the Group.

Orders are placed by the Group's sales offices, branches and representative offices with the head office and the products are manufactured by and delivered from the nearest subsidiary or subsidiaries to the relevant sales offices, branches and representative offices. Therefore, transportation costs and damage which may be incurred during transportation of the products are minimised, thereby increasing profit margins and ensuring timely delivery of the products. The Group's local production and distribution capabilities are important factors in enabling the Group to supply products to inland towns and rural areas.

Marketing

The Group's current marketing strategies are based on its knowledge and understanding of the unique characteristics of the PRC personal hygiene products market. The Group's marketing strategy is to use its sales force to promote its products directly to its customers, together with advertising and various other marketing and promotional activities.

The Group's marketing division carries out market research, meets with customers on a regular basis and gathers market information in order to assess market conditions and demand for its products in the PRC. This division is also responsible for determining the Group's marketing and sales planning. For each new product, the Group's marketing division will formulate a marketing and promotion strategy. Once the strategy is formulated, the marketing division will organise new product promotional meetings and media coverage to launch the product.

The Group organises promotional campaigns and seeks to establish a high social and community profile through sponsoring social welfare activities. The Group also conducts joint promotional activities with large wholesalers and distributors, such as product promotional campaigns in hospitals, department stores, supermarkets and hypermarkets, and educational programmes in schools. Apart from concentrating on strengthening collaboration with various supermarkets and hypermarkets, the Group also employs numerous sales and marketing professionals to promote its products.

The Group expects to continue to commit significant resources to its marketing and media campaigns in order to enhance brand awareness and consumer loyalty for its products.

Production Facilities

The Group has multiple production facilities in the PRC. As at the end of 2012, the Group has an annualised production capacity of approximately 900,000 tonnes, which is sufficient for production in 2013. In 2014 and 2015, the Group plans to increase its annualised production capacity by 360,000 tonnes and 120,000 tonnes respectively so as to meet the market demand. The additional capacity involves eight production lines located in Chongqing, Hunan, Shandong and Wuhu, and the total annualised production capacity will reach 1,380,000 tonnes by the end of 2015. The Group believes that this increase in production capacity will enable it to achieve greater economies of scale and stop outsourcing of production activities to third parties, which will enhance the margin for its tissue paper products.

The Group intends to continue to expand its production facilities in the PRC.

Research and Development

The Group places strong emphasis on the development of new technologies and new products as well as applying new technology to its production processes. The Company believes that the ability to supply new products in line with market demand and product trends is important in maintaining the Group's competitive position.

The Group has a research and development department at its headquarters in Fujian Province. The Group's research and development work focuses on the development of new features and quality improvement with a view to increasing the selling prices of the Group's product, as well as developing new products, improving the manufacturing process, improving efficiency of the existing production lines and auxiliary facilities, developing new machinery and upgrading production techniques.

The Group uses its extensive production, sales and marketing networks to provide up-to-date market information to the research and development department. The production team provides feedback to the research and development department in relation to the manufacturing process and machinery and equipment. This is particularly important for reviewing the upgrading or replacement of equipment.

These awards recognise the Group's performance and its market position in the personal hygiene product market in the PRC.

Competition

The market for the Group's principal products is highly competitive. The Group's key competitors include international companies which generally have significant product knowhow, financial resources and research and development capabilities, as well as established global brand recognition. These international companies are also able to capitalise on their overseas experience to compete in the PRC market. The Group also faces competition from other established local producers. In each of the product segments, the Group focuses on various quality grades and therefore competes with different competitors in each product segment. The following table sets forth the key competitors in each of the Group's principal product segments.

Products	Competitors
Tissue Paper	Asia Pulp and Paper, Vinda, CNSN, Kimberley Clark
Sanitary Napkins	P&G, Uni-Charm, Kimberley Clark, Johnson & Johnson
Disposable Diapers	P&G, Uni-Charm, Kimberley Clark, DSG, Everbeauty
Food and snacks	Guangdong Strong Group and Labixiaoxin

The principal elements of competition include brand recognition and loyalty, quality, price, and marketing and distribution capabilities. The Company believes that by leveraging its competitive strengths, in particular its well established product brand names and its extensive nationwide sales and distribution network, it will be able to effectively compete with its competitors in the future.

The Group also ensures that all employees are provided with adequate training and continued professional opportunities according to their needs.

Government Regulations

The operations of the Group are subject to various laws and regulations in the jurisdictions in which it operates. The Group's products are subject to quality inspection by government authorities, although the majority of the Group's products have been accredited with non-inspection status by the relevant authorities and therefore, are generally subject to less frequent inspections by government officials. The Group's properties are subject to routine inspections by government officials with regard to various safety and environmental issues. The Company believes that the Group is in compliance in all material respects with government regulations currently in effect in the jurisdictions in which it operates. The Company is not aware of significant problems experienced by any member of the Group with respect to compliance with government regulations in relation to its operations which could materially adversely affect its properties or operations, and save as disclosed in this Offering Circular, the Company is not aware of any pending government legislation that might have a material adverse effect on its properties or operations.

Environmental Matters

Operations of the Group involve the use and disposal of certain substances regulated under environmental protection laws. Compliance with local provisions which have been enacted or adopted regulating the discharge of materials into the environment, or otherwise relating to the protection of the environment, are not expected to have a material adverse effect upon earnings or the competitive position of the Group. The Group has not been subject to any material fines or legal action involving non-compliance with any relevant environmental regulations, nor is it aware of any threatened or pending action by any environmental regulatory authority in any of the jurisdictions where it operates, which would have a material impact on its business or operations.

Insurance

The Group is covered by insurance policies which substantially cover losses in respect of damages to its properties, inventories and facilities, and maintains insurance in respect of its motor vehicles and medical and employee insurance policies for some of its employees. The Group does not have any product liability insurance, business interruption insurance, insurance for loss of senior management personnel or other key employees, or any third party liability insurance for claims in respect of personal injury or property damage arising from accidents on the Group's property or relating to the Group's operations or products. The Group believes that its properties are covered with adequate insurance provided by reputable independent insurance companies in the relevant jurisdiction and with commercially reasonable deductibles and limits on coverage, which are normal for the type and location of the properties to which they relate. Notwithstanding such insurance coverage, damage to the buildings, facilities, equipment or other properties as a result of occurrences such as fire, flood, water damage, explosion, power loss, typhoons and other natural disasters or terrorism, or any decline in the Group's business as a result of any threat of war, outbreak of disease or epidemic, may potentially have a material adverse effect on the Group's financial condition and results of operations.

Intellectual Property

The Group has registered trademarks in relation to its tissue paper products, sanitary napkin, disposable diaper products, food and snacks products and skin care products in the PRC.

As the Group's brand names are relatively well-known and popular in the PRC, the Group has discovered incidences of counterfeiting of its products in the PRC. The Group puts strong emphasis on the protection of its trademarks and combats counterfeiting activities through reporting them to the relevant government and judicial authorities which then take appropriate action against the offenders.

Apart from the above, as at 31 May 2013, none of the Directors had any interests or short positions in any shares or underlying shares of the Company as recorded in the register required to be kept by the Company under Section 352 of the SFO or otherwise notified to the Company and the Hong Kong Stock Exchange pursuant to the Model Code for Securities Transactions by Directors of Listed Issuers contained in the Listing Rules.

Apart from the above, so far as is known to any of the Directors, the Company had not been notified of any other person (other than the Directors) who had an interest or a short position in the Shares or underlying shares of the Company which was recorded in the register maintained under Section 336 of the SFO.

DESCRIPTION OF THE SHARES

Set out below is certain information concerning the Shares and a summary of certain provisions of the Company's Articles of Association (the "Articles") and certain other information concerning the Company. Such summary does not purport to be complete and is qualified in its entirety by reference to the full Articles.

Annual general meetings

The Company shall in each year hold a general meeting as its general meeting in addition to any other general meeting in that year and shall specify the meeting as such in the notice calling it; and not more than 15 months shall elapse between the date of one annual general meeting of the Company and that of the next.

Voting rights (generally, on a poll and right to demand a poll)

Subject to any special rights, privileges or restrictions as to voting for the time being attached to any class or classes of Shares, at any general meeting where a show of hands is allowed every member of the Company who is present in person (or, in the case of a member being a corporation, by its duly authorised representative) shall have one vote, and on a poll every member present in person (or, in the case of a member being a corporation, by its duly authorised representative) or by proxy shall have one vote for each Share registered in his name in the register of members of the Company.

In the case of joint holders of any share, the vote of the senior who tenders a vote, whether in person or by proxy, shall be accepted to the exclusion of the votes of the other joint holders, and for this purpose seniority shall be determined by the order in which the names stand in the register of members of the Company in respect of the joint holding.

A member of the Company in respect of whom an order has been made by any competent court or official on the ground that he is or may be suffering from mental disorder or is otherwise incapable of managing his affairs may vote, whether on a show of hands or on a poll, by any person authorised in such circumstances to do so and such person may vote on a poll by proxy.

No member shall, unless the Directors otherwise determine, be entitled to vote, or be reckoned in a quorum, at any general meeting in respect of any Share unless he is registered as a shareholder of the Company at the date of such meeting and all calls which have been made by the Directors, or other sums presently payable by him, in respect of such Share have been paid.

At any general meeting a resolution put to the vote of the meeting shall be decided on a poll, save that the chairman of the meeting may, in good faith, allow a resolution which relates purely to a procedural or administrative matter as prescribed under the Listing Rules to be voted on by a show of hands.

On a poll votes may be given either personally or by proxy and a person entitled to more than one vote on a poll need not use all his votes or cast all the votes he uses in the same way.

If a recognised clearing house (or its nominee) is a member of the Company it may appoint such person or persons as its proxy or proxies or appoint such person or persons as it thinks fit to act as its representative or representatives at any meeting of the Company or at any meeting of any class of members of the Company provided that, if more than one person is so appointed or authorised, the authorisation shall specify the number and class of Shares in respect of which each such person is so authorised. A person appointed or authorised pursuant to this provision shall be entitled to exercise the same powers on behalf of the recognised clearing house (or its nominee) which he represents as that clearing house (or its nominee) could exercise if it were an individual shareholder of the Company including the right to vote individually on a show of hands.

Variation of rights of existing Shares or classes of shares

If at any time the share capital of the Company is divided into different classes of Shares, all or any of the special rights attached to any class (unless otherwise provided for in the terms of issue of the shares of that class) may, subject to the provisions of the Companies Law (2012 Revision) of the Cayman Islands (the “Companies Law”), be varied or abrogated either with the consent in writing of the holders of not less than three-fourths in nominal value of the issued shares of that class or with the sanction of a special resolution passed at a separate meeting of the holders of the shares of that class. To every such separate meeting all the provisions of the Articles of Association relating to general meetings shall *mutatis mutandis* apply, but so that the quorum for the purposes of any such separate meeting and of any adjournment thereof shall be a person or persons together holding (or representing by proxy) at the date of the relevant meeting not less than one-third in nominal value of the issued shares of that class.

The special rights conferred upon the holders of shares of any class shall not, unless otherwise expressly provided in the rights attaching to or the terms of issue of such shares, be deemed to be varied by the creation or issue of further shares ranking *pari passu* therewith.

Alteration of Capital

The Company in general meeting may, from time to time, whether or not all the Shares for the time being authorised shall have been issued and whether or not all the Shares for the time being issued shall have been fully paid up, by ordinary resolution increase its share capital by the creation of new Shares, such new capital to be of such amount and to be divided into Shares of such respective amounts as the resolution shall prescribe.

The Company may from time to time by ordinary resolution:

- (i) consolidate and divide all or any of its share capital into shares of larger amount than its existing Shares. On any consolidation of fully paid Shares and division into shares of larger amount, the board of Directors of the Company (the “Board”) may settle any difficulty which may arise as it thinks expedient and in particular (but without prejudice to the generality of the foregoing) may as between the holders of Shares to be consolidated determine which particular Shares are to be consolidated into each consolidated share, and if it shall happen that any person shall become entitled to fractions of a consolidated share or shares, such fractions may be sold by some person appointed by the Board for that purpose and the person so appointed may transfer the shares so sold to the purchaser thereof and the validity of such transfer shall not be questioned, and so that the net proceeds of such sale (after deduction of the expenses of such sale) may either be distributed among the persons who would otherwise be entitled to a fraction or fractions of a consolidated share or shares rateably in accordance with their rights and interests or may be paid to the Company for the Company’s benefit;
- (ii) cancel any Shares which at the date of the passing of the resolution have not been taken or agreed to be taken by any person, and diminish the amount of its share capital by the amount of the Shares so cancelled subject to the provisions of the Companies Law; and
- (iii) sub-divide its Shares or any of them into shares of smaller amount than is fixed by the Memorandum of Association of the Company, subject nevertheless to the provisions of the Companies Law, and so that the resolution whereby any Share is sub-divided may determine that, as between the holders of the shares resulting from such sub-division, one or more of the shares may have any such preferred or other special rights, over, or may have such deferred rights or be subject to any such restrictions as compared with the others as the Company has power to attach to unissued or new shares.

The Company may by special resolution reduce its share capital, any capital redemption reserve or any share premium account in any manner authorised and subject to any conditions prescribed by the Companies Law.

Special resolution — majority required

A “special resolution” is defined in the Articles to have the meaning ascribed thereto in the Companies Law, for which purpose, the requisite majority shall be not less than three-fourths of the votes of such members of the Company as, being entitled to do so, vote in person or, in the case of corporations, by their duly authorised representatives or, where proxies are allowed, by proxy at a general meeting of which notice specifying the intention to propose the resolution as a special resolution has been duly given and includes a special resolution approved in writing by all of the members of the Company entitled to receive notice of and to attend and vote at a general meeting of the Company in one or more counterparts. Any such resolution shall be deemed to have been passed at a meeting held on the date on which it was signed by the last shareholder to sign.

Auditors

The Company shall at any annual general meeting appoint an auditor or auditors of the Company who shall hold office until the next annual general meeting and shall fix his or their remuneration provided that in respect of any particular year the Company in general meeting may delegate the fixing of such remuneration to the Directors. The removal of an auditor before the expiration of his period of office shall require the approval of an ordinary resolution of the members of the Company in general meeting.

Transfer of Shares

All transfers of Shares may be effected by an instrument of transfer in the usual common form or in the standard transfer form prescribed by the Hong Kong Stock Exchange or in any other form which the Directors may approve.

The instrument of transfer of a Share shall be signed by or on behalf of the transferor and, unless the Directors otherwise determine, the transferee, and the transferor shall be deemed to remain the holder of the Share until the name of the transferee is entered in the register of members of the Company in respect thereof. All instruments of transfer, when registered, shall be retained by the Company.

The Directors may decline to register any transfer of any Share which is not fully paid up or on which the Company has a lien. The Directors may also decline to register any transfer of any other Shares unless:

- (a) the instrument of transfer is lodged with the Company accompanied by the certificate for the Shares to which it relates (which shall upon the registration of the transfer be cancelled) and such other evidence as the Directors may reasonably require to show the right of the transferor to make the transfer;
- (b) the instrument of transfer is in respect of only one class of Share;
- (c) the instrument of transfer is properly stamped (in circumstances where stamping is required);
- (d) in the case of a transfer to joint holders, the number of joint holders to whom the Share is to be transferred does not exceed four;
- (e) the Shares concerned are free of any lien in favour of the Company; and
- (f) a fee of such maximum as the Hong Kong Stock Exchange may from time to time determine (or such lesser sum as the Directors may from time to time require) is paid to the Company.

If the Directors refuse to register a transfer they shall, within two months after the date on which the instrument of transfer was lodged with the Company, send to each of the transferor and the transferee notice of such refusal.

The registration of transfers may, on 14 days’ notice being given by advertisement published on the Hong Kong Stock Exchange’s website or, subject to the Listing Rules, by electronic communication or by advertisement published in certain newspapers be suspended at such times and for such periods as the Directors may from time to time determine either generally or in respect of any class of Shares, provided that the registration of transfers shall not be suspended or the register closed for more than 30 days in any

year (or such longer period as the members may by ordinary resolution determine provided that such period shall not be extended beyond 60 days in any year).

Power of the Company to purchase its own Shares

Subject to the provisions of the Companies Law and the Memorandum of Association of the Company, and to any special rights conferred on the holders of any Shares or attaching to any class of Shares, Shares may be issued on the terms that they may be, or at the option of the Company or the holders are, liable to be redeemed on such terms and in such manner, including out of capital, as the Board may deem fit.

Where the Company purchases for redemption a redeemable Share, purchases not made through the market or by tender shall be limited to a maximum price, and if purchases are by tender, tenders shall be available to all shareholders alike.

The purchase or redemption of any Share shall not be deemed to give rise to the purchase or redemption of any other Share.

The holder of the Shares being purchased, surrendered or redeemed shall be bound to deliver up to the Company at its principal place of business in Hong Kong or such other place as the Board shall specify the certificate(s) thereof for cancellation and thereupon the Company shall pay to him the purchase or redemption monies in respect thereof.

Dividends and other methods of distributions

Except in so far as the rights attaching to, or the terms of issue of, any Share otherwise provide, all dividends shall (as regards Shares which are not fully paid up) be apportioned and paid pro rata according to the amounts paid up on the Shares during any portion or portions of the period in respect of which the dividend is paid, but no amount paid up on a Share in advance of calls shall be treated for this purpose as paid up on the Share.

The Directors may also pay any dividend which is payable on any Shares half-yearly or on any other dates, whenever the position of the Company, in the opinion of the Directors, justifies such payment.

The Directors may retain any dividends or other moneys payable on or in respect of a Share upon which the Company has a lien, and may apply the same in or towards satisfaction of the debts, liabilities or engagements in respect of which the lien exists. The Directors may also deduct from any dividend or bonus payable to any member all sums of money (if any) presently payable by him to the Company on account of calls, instalments or otherwise.

No dividend or other monies payable by the Company on or in respect of any Share shall bear interest against the Company.

In respect of any dividend proposed to be paid or declared on the share capital of the Company, the Directors may resolve:

- (a) That such dividend be satisfied wholly or in part in the form of an allotment of Shares credited as fully paid up, provided that the shareholders entitled thereto will be entitled to elect to receive such dividend (or part thereof) in cash in lieu of such allotment.

or

- (b) That shareholders entitled to such dividend shall be entitled to elect to receive an allotment of Shares credited as fully paid up in lieu of the whole or such part of the dividend as the Board may think fit.

The Company may upon the recommendation of the Board by ordinary resolution resolve in respect of any one particular dividend of the Company that notwithstanding the provisions of paragraph (a) a dividend may be satisfied wholly in the form of an allotment of Shares credited as fully paid without offering any right to shareholders to elect to receive such dividend in cash in lieu of such allotment.

Any dividend or bonus may be paid by cheque or warrant sent through the post addressed to the holder at his registered address, or in the case of joint holders, addressed to the holder whose name stands first in the register of the Company in respect of the Shares at his address as appearing in the register or addressed to such person and to such addresses as the holder or joint holders may in writing direct. Every such cheque or warrant shall, unless the holder or joint holders otherwise direct, be made payable to the order of the holder or, in the case of joint holders, to the order of the holder whose name stands first on the register of members of the Company in respect of such Shares, and shall be sent at his or their risk and payment of the cheque or warrant by the bank on which it is drawn shall constitute good discharge by the Company.

Any dividend unclaimed after a period of six years from the date of declaration of such dividend shall be forfeited and shall revert to the Company.

The Directors may, with the sanction of the members of the Company in general meeting, direct payment or satisfaction of any dividend wholly or in part by the distribution of specific assets, and in particular of paid up shares, debentures or warrants to subscribe securities of any other company, and where any difficulty arises in regard to such distribution the Directors may settle it as they think expedient, and in particular may issue fractional certificates, disregard fractional entitlements, round the same up or down or provide that the same shall accrue to the benefit of the Company, and may fix the value for distribution of such specific assets and may determine that cash payments shall be made to any members of the Company upon the footing of the value so fixed in order to adjust the rights of all parties, and may vest any such specific assets in trustees as may seem expedient to the Directors.

Calls on Shares and forfeiture of Shares

The Directors may from time to time make calls upon the members of the Company in respect of any moneys unpaid on their Shares (whether on account of the nominal amount of the Shares or by way of premium) and not by the conditions of allotment thereof made payable at fixed times and each member shall (subject to the Company serving upon him at least 14 days' notice specifying the time and place of payment) pay to the Company at the time and place so specified the amount called on his Shares. A call may be revoked or postponed as the Directors may determine. A person upon whom a call is made shall remain liable on such call notwithstanding the subsequent transfer of the Shares in respect of which the call was made.

A call may be made payable either in one sum or by instalments and shall be deemed to have been made at the time when the resolution of the Directors authorising the call was passed. The joint holders of a Share shall be jointly and severally liable to pay all calls and instalments due in respect of such share or other moneys due in respect thereof.

If a sum called in respect of a Share shall not be paid before or on the day appointed for payment thereof, the person from whom the sum is due shall pay interest on the sum from the day appointed for payment thereof to the time of actual payment at such rate, not exceeding 15 per cent. per annum, as the Directors may determine, but the Directors shall be at liberty to waive payment of such interest wholly or in part.

If any call or instalment of a call remains unpaid on any Share after the day appointed for payment thereof, the Directors may at any time serve a notice on the holder of such Shares requiring payment of so much of the call or instalment as is unpaid together with any interest which may be accrued and which may still accrue up to the date of actual payment.

The notice shall name a further day (not being less than 14 days from the date of service of the notice) on or before which, and the place where, the payment required by the notice is to be made, and shall state that in the event of non-payment on or before the day and at the place appointed, the Shares in respect of which such call was made or instalment is unpaid will be liable to be forfeited.

If the requirements of such notice are not complied with, any Share in respect of which such notice has been given may at any time thereafter, before payment of all calls or instalments and interest due in respect thereof has been made, be forfeited by a resolution of the Directors to that effect. Such forfeiture shall include all dividends and bonuses declared in respect of the forfeited Shares and not actually paid before the forfeiture. A forfeited Share shall be deemed to be the property of the Company and may be sold, re-allotted, cancelled or otherwise disposed of.

A person whose Shares have been forfeited shall thereupon cease to be a member of the Company in respect of the forfeited Shares but shall, notwithstanding the forfeiture, remain liable to pay to the Company all moneys which at the date of forfeiture were payable by him to the Company in respect of the Shares, together with interest thereon at such rate not exceeding 15 per cent. per annum from the date of forfeiture until payment, and the Directors may enforce payment without being under any obligation to make any allowance for the value of the Shares forfeited, at the date of forfeiture.

Procedure on liquidation

Subject to any special rights, privileges or restrictions as to the distribution of available surplus assets on liquidation for the time being attached to any class or classes of Shares (i) if the Company shall be wound up and the assets available for distribution amongst the members of the Company shall be more than sufficient to repay the whole of the capital paid up at the commencement of the winding up, the excess shall be distributed *pari passu* amongst such members in proportion to the amount paid up on the Shares held by them respectively and (ii) if the Company shall be wound up and the assets available for distribution amongst the members as such shall be insufficient to repay the whole of the paid-up capital, such assets shall be distributed so that, as nearly as may be, the losses shall be borne by the members in proportion to the capital paid up, or which ought to have been paid up, at the commencement of the winding up on the Shares held by them respectively.

If the Company shall be wound up, the liquidator may with the sanction of a special resolution of the Company, divide amongst the members of the Company in specie or kind the whole or any part of the assets of the Company (whether they shall consist of property of the same kind or not) and may, for such purpose, set such value as he deems fair upon any property to be divided as aforesaid and may determine how such division shall be carried out as between the members or different classes of members. The liquidator may, with the like sanction, vest the whole or any part of such assets in trustees upon such trusts for the benefit of the contributories as the liquidator, with the like sanction, shall think fit, but so that no member shall be compelled to accept any assets, shares or other securities in respect of which there is a liability.

Pre-emption Rights

The Articles do not contain any pre-emptive rights in respect of the issue of Shares. However, the listing agreement between the Company and the Hong Kong Stock Exchange provides that the Directors may not, without the prior approval of the Company in general meeting, exercise any power of the Company to allot shares otherwise than under an offer made pro rata by the Company to its shareholders. As a matter of practice, the Company adopts in each year a general mandate authorising the Directors to allot and issue and otherwise dispose of shares, during a specified period, up to the level, currently 20 per cent. of the issued share capital in issue at the time of passing the resolution, permitted by the Listing Rules without the requirement for any such authority. Such a mandate was given at the annual general meeting of the Company's shareholders on 22 May 2012 which can be utilised at any time up until the Company's next annual general meeting.

EXCHANGE RATES

The Hong Kong dollar is freely convertible into other currencies (including the U.S. dollar).

Since 17 October 1983, the Hong Kong dollar has been pegged to the U.S. dollar at the rate of HK\$7.80 to U.S.\$1.00. The central element in the arrangement which gave effect to this peg is that, by agreement between the Hong Kong Government and the three Hong Kong banks that issue Hong Kong dollar banknotes, The Hongkong and Shanghai Banking Corporation Limited, Standard Chartered Bank and Bank of China (Hong Kong) Limited, certificates of indebtedness (which are issued by the Hong Kong Government Exchange Fund to the banknote issuing banks to be held as cover for their banknote issue) are issued and redeemed only against payment in U.S. dollars, at the fixed exchange rate of U.S.\$1.00 to HK\$7.80. When banknotes are withdrawn from circulation, the banknote issuing banks surrender the certificates of indebtedness to the Hong Kong Government Exchange Fund and are paid the equivalent amount of U.S. dollars at the fixed rate of exchange.

The market exchange rate of the Hong Kong dollar against the U.S. dollar continued to be determined by the forces of supply and demand in the foreign exchange market. In light of the fixed rate for the issue of Hong Kong currency in the form of banknotes, as described above, the market exchange rate has not deviated significantly from the level of HK\$7.80 to U.S.\$1.00 since 17 October 1983. In May 2005, the Hong Kong Monetary Authority broadened the 22-year old trading band from the original rate of HK\$7.80 per U.S. dollar to a rate range of HK\$7.75 to HK\$7.85 per U.S. dollar.

The Hong Kong Government has stated its intention to maintain the link at that rate, and it, acting through the Hong Kong Monetary Authority, has a number of means by which it may act to maintain exchange rate stability. Under the Basic Law, the Hong Kong dollar will continue to circulate and remain freely convertible. The Hong Kong Government has also stated that it has no intention of imposing exchange controls in Hong Kong and that the Hong Kong dollar will remain freely convertible into other currencies, including the U.S. dollar. However, no assurance can be given that the Hong Kong Government will maintain the link within the range of HK\$7.75 to HK\$7.85 per U.S. dollar or at all, or will not in the future impose exchange controls.

The following table sets forth the average, high, low and period-end exchange rates between the Hong Kong dollar and the U.S. dollar (in HK\$ per U.S.\$1.00) at the noon buying rate in New York City for cable transfers in foreign currencies for the periods indicated (the Noon Buying Rate).

The PBOC sets and publishes daily a central parity exchange rate with reference primarily to the supply and demand of Renminbi against a basket of currencies in the market during the prior day. The PBOC also takes into account other factors, such as the general conditions existing in the international foreign exchange markets. Since 1994, the conversion of Renminbi into foreign currencies, including Hong Kong dollars and U.S. dollars, has been based on rates set by the PBOC, which are set daily based on the

previous day's interbank foreign exchange market rates and current exchange rates in the world financial markets. From 1994 to 20 July 2005, the official exchange rate for the conversion of Renminbi to U.S. dollars was generally stable. Although Chinese governmental policies were introduced in 1996 to reduce restrictions on the exchangeability of Renminbi into foreign currency for current account items, conversion of Renminbi into foreign exchange for capital account items, such as foreign direct investment, loans or securities, requires the approval of SAFE and other relevant authorities. On 21 July 2005, the PRC Government introduced a managed floating exchange rate system to allow the value of the Renminbi to fluctuate within a regulated band based on market supply and demand and by reference to a basket of currencies. On 20 June 2010, the PBOC announced that it intends to further reform the Renminbi exchange rate regime by allowing greater flexibility in the Renminbi exchange rate.

The PBOC announces the closing price of a foreign currency traded against the Renminbi in the inter-bank foreign exchange market after the closing of the market on each business day, and makes it the central parity rate for trading against the Renminbi on the following business day. The central parity rate of the Renminbi rose to RMB6.1737 to US\$1.00 on 31 December 2010, bringing the currency's total appreciation to approximately 18.34% since reform of the exchange rate system began in July 2005. The PRC Government may adopt further reforms of its exchange rate system, including making the Renminbi freely exchangeable in the future.

The following table sets forth, for the periods indicated, certain information concerning the exchange rates between the Renminbi and the U.S. dollar.

The discussion is a general summary of present law, which is subject to prospective and retroactive change. It is not intended as tax advice, does not consider any investor's particular circumstances, and does not consider tax consequences other than those arising under Cayman Islands law.

Payments of interest and principal on the Bonds and dividends and capital in respect of the Shares will not be subject to taxation in the Cayman Islands and no withholding will be required on the payment of interest and principal or a dividend or capital to any holder of the Bonds or Shares, as the case may be, nor will gains derived from the disposal of the Bonds or Shares be subject to Cayman Islands income or corporation tax. The Cayman Islands currently have no income, corporation or capital gains tax and no estate duty, inheritance tax or gift tax.

No stamp duty is payable in respect of the issue of the Bonds. The Global Certificate or an instrument of transfer in respect of a Bond is stampable if executed in or brought into the Cayman Islands.

No stamp duty is payable in respect of the issue of the Shares or on an instrument of transfer in respect of a Share.

The Company has been incorporated under the laws of the Cayman Islands as an exempted company and, as such, has obtained an undertaking from the Governor in Cabinet of the Cayman Islands in the following form:

The Tax Concessions Law (1995 Revision) Undertaking as to Tax Concessions

In accordance with the provision of Section 6 of the Tax Concession Law (1995 Revision), the Governor in Cabinet undertakes with Hengan International Group Company Limited ("the Company")

1. That no Law which is hereafter enacted in the Islands imposing any tax to be levied on profits, income, gains or appreciations shall apply to the Company or its operations; and
2. In addition, that no tax to be levied on profits, income, gains or appreciations or which is in the nature of estate duty or inheritance tax shall be payable
 - 2.1. on or in respect of the shares, debentures or other obligations of the Company; or
 - 2.2. by way of the withholding in whole or part, of any relevant payment as defined in Section 6(3) of the Tax Concessions Law (1995 Revision).
3. These concessions shall be for a period of 20 years from 4 August 1998.

Hong Kong

Withholding Tax

No withholding tax in Hong Kong is payable on payments of principal in respect of the Bonds or in respect of any capital arising from the sale of the Bonds.

Profits Tax

Hong Kong profits tax is charged on every person carrying on a trade, profession or business in Hong Kong in respect of assessable profits arising in or derived from Hong Kong from such trade, profession or business (excluding profits arising from the sale of capital assets).

Sums derived from the sale, disposal or redemption of Bonds will be subject to Hong Kong profits tax where received by or accrued to a person, other than a financial institution, who carries on a trade, profession or business in Hong Kong and the sum has a Hong Kong source. The source of such sums will generally be determined by having regard to the manner in which the Bonds are acquired and disposed of.

Stamp Duty

No Hong Kong stamp duty will be chargeable upon the issue, transfer (for so long as the register of holders of the Bonds is maintained outside Hong Kong) or conversion of a Bond.

EU Directive on the taxation of savings income

Under EC Council Directive 2003/48/EC on the taxation of savings income, each Member State is required to provide to the tax authorities of another Member State details of payments of interest or other similar income paid by a person within its jurisdiction to, or collected by such a person for, an individual resident or certain limited types of entity established in that other Member State; however, for a transitional period, Austria and Luxembourg may instead apply a withholding system in relation to such payments, deducting tax at rates rising over time to 35 per cent. The transitional period is to terminate at the end of the first full fiscal year following agreement by certain non-EU countries to the exchange of information relating to such payments.

A number of non-EU countries, and certain dependent or associated territories of certain Member States, have adopted similar measures (either provision of information or transitional withholding) in relation to payments made by a person within its jurisdiction to, or collected by such a person for, an individual resident or certain limited types of entity established in a Member State. In addition, the Member States have entered into provision of information or transitional withholding arrangements with certain of those dependent or associated territories in relation to payments made by a person in a Member State to, or collected by such a person for, an individual resident or certain limited types of entity established in one of those territories.

On 13 November 2008 the European Commission published a proposal for amendments to the Directive, which included a number of suggested changes which, if implemented, would broaden the scope of the requirements described above. Investors who are in any doubt as to their position should consult their professional advisers.

The proposed financial transactions tax (“FTT”)

The European Commission has published a proposal for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the **participating Member States**).

The proposed FTT has very broad scope and could, if introduced in its current form, apply to certain dealings in the Bonds (including secondary market transactions) in certain circumstances.

Under current proposals the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in the Bonds where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, “established” in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

The FTT proposal remains subject to negotiation between the participating Member States and is the subject of legal challenge. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional EU Member States may decide to participate. Prospective holders of the Bonds are advised to seek their own professional advice in relation to the FTT.

The Subscription Agreement provides that the Company will indemnify the Joint Lead Managers against certain liabilities. The Subscription Agreement provides that the obligations of the Joint Lead Managers are subject to certain conditions precedent, and entitles the Joint Lead Managers to terminate it in certain circumstances prior to payment being made to the Company. Such transactions would be carried out as bilateral trades with selected counterparties and separately from any existing sale or resale of the Bonds to which this Offering Circular relates (notwithstanding that such selected counterparties may also be purchasers of the Bonds).

The Joint Lead Managers and certain of its subsidiaries or affiliates have performed certain investment banking and advisory services for the Company and/or its subsidiaries from time to time for which they have received customary fees and expenses. The Joint Lead Managers may, from time to time, engage in transactions with and perform services for the Company and/or its subsidiaries in the ordinary course of their business. In addition, the Joint Lead Managers and certain of their subsidiaries and affiliates may hold Shares as beneficial owners, on behalf of clients or in the capacity of investment advisors.
