

Immediate Release

Hutchison Telecom Hong Kong Holdings Won 16 Industry Awards Representing Extensive Market Recognition for Remarkable Achievements

Hong Kong, 4 May 2011 - Hutchison Telecommunications Hong Kong Holdings Limited ("Hutchison Telecom Hong Kong Holdings"; "the Group"; Stock Code: 215) today announced that the Group won a total of 16 industry awards presented by 10 local newspapers, magazines, radio, organisations and business partner over the past six months. These accreditations are tangible testimony to the Group's excellent brand strategy and brilliant achievements in delivering innovative mobile and fixed-line solutions that genuinely suit the need of individual, corporate and carrier customers in Hong Kong and overseas. These awards also represent industry-wide recognition for the outstanding performance of the Group's mobile and fixed-line operations while further underscoring the Group's leading position in the local and international telecom markets.

Amid the increasing market demand for integrated telecom services, the Group has further enhanced its mobile and fixed-line networks through 3G infrastructure modernisation, refarming of existing spectrum and the expansion of fixed-line network to Europe, the Middle East and Africa.

Looking ahead, the Group's leadership will be further reinforced by the successful bid for 900MHz radio spectrum and the planned LTE service rollout later in 2011. Furthermore, subsequent to the launch of residential broadband service with download speed up to 1,000Mbps, the Group will continue to broaden its service portfolio and to extend the extraordinary capabilities of optical-fibre network all the way into commercial premises, providing the corporate customers with a spectrum of integrated telecom services that will further support their business development and enhance the overall customer experience.
