According to the “Notice in relation to the Toll Fees Exemption for Vehicles on Toll Roads during the Prevention and Control Period of the Coronavirus Pandemic” (Jiao Gong Lu Ming Dian [2020] No. 62) (《關於新冠肺炎疫情防控期間免收收費公路車輛通行費的通知》(交公路明電[2020]62號)), toll fee exemption for vehicles on all toll roads in the PRC should be implemented from 0:00 a.m. on 17 February 2020 to the end of the prevention and control measures over the coronavirus pandemic. According to the “Notice on Resumption of Toll Collection on Toll Roads” (No. 25 in 2020) (《關於恢復收費公路收費的公告》(2020年第25號)), the collection of toll on legally approved toll roads should resume, effective from 0:00 a.m. on 6 May 2020, and therefore all the projects of the Group have resumed normal toll collection.
2. Since the cancellation of the provincial borders toll stations on January 1, 2020, due to the COVID-19 outbreak and the instability of the new system at the initial stage of operation, the supervisory authorities of the provinces (municipalities), where the projects are located, have not yet been able to provide accurate data of toll traffic volume and toll revenue for January 2020. Hence, the Group cannot disclose the year-on-year changes.
3. According to the “Opinions on the arrangement of Spring Festival Travel Season 2021 and Strengthening the control and prevention of Coronavirus” (Fa Gai Yun Xing [2021] no.35) (《關於做好2021年春運工作和加強春運疫情防控的意見》(發改運行[2021] 35號)), the travel season will last 40 days from 28 January 2021 to 8 March 2021. According to the “Notice in relation to Ensuring Services Provided to People Stay Local for the Spring Festival” (Zhong Ban Fa Dian [2021] No.4) (《關於做好人民群眾就地過年服務保障工作的通知》(中辦發電[2021] 4號)), people are suggested staying at their existing location during the Spring Festival.
4. In January, the overall toll revenue remained stable, except that certain sections of expressways were affected by the change of road networks and the COVID-19 pandemic and set out as follows:
  - 4.1 GNSR Expressway and GWSR Expressway: Guangzhou-Foshan-Zhaoqing Expressway (the Guangzhou section and the phase II of Foshan section), which was basically parallel to the GNSR Expressway and GWSR Expressway, caused diversion impact to both expressways. The Group has been closely monitoring the specific impact from the said diversion.
  - 4.2 Jinxiong Expressway: It is under the diversion impact resulting from the commencement of operation of Jin-Shi Expressway, which is basically parallel to this road section, on 22 December 2020. The toll revenue and toll traffic volume decreased due to the temporary traffic control implemented for pandemic prevention in Shijiazhuang and other areas of Hebei Province since early January.

- 4.3 Weixu Expressway: Since the traffic accidents on local roads in January 2020, which caused the implementation of two-way traffic control on Stake K97 at Yanling Section of Lan-Nan Expressway (S83) on 14 November 2020 (subsequently changed to one-way traffic control since 15 November 2020), both the toll traffic volume and toll revenue decreased. The said impact on toll traffic volume and toll revenue decreased gradually as the two way traffic resumed on half section since 15 December 2020. The traffic control ended on 8 February 2021.
- 4.4 Shantou Bay Bridge: It is subject to the diversion impact resulting from Chaoshan Ring Road, which is basically parallel to the bridge and commenced its operation on 28 December 2020.
5. The toll revenue referred to in this announcement includes value-added tax and is rounded to the nearest RMB1,000.
6. For details of the percentage of interest held by the Company in each project, please refer to page 16 of the Company's 2020 Interim Results Announcement.
