Living Cell Technologies Limited

Directors' Report

31 December 2015

The directors present their report, together with the financial statements, on the consolidated entity consisting of Living Cell Technologies Limited (LCT) and its controlled entities for the financial half year ended 31 December 2015.

1. General information

(a) Directors

The names of the directors in office at any time during, or since the end of the half year are:

Names

Roy Austin (Chairman)
Robert Elliott
Laurie Hunter
Bernard Tuch
Robert Willcocks

Directors have been in office since the start of the half financial year to the date of this report unless otherwise stated.

Company Secretary

The following person held the position of company secretary at the end of the financial half year ended 31 December 2015:

Nick Geddes, FCA, FCIS

From 1 January 2016 Mr Mark Licciardo was appointed company secretary.

2. Business Review

(a) Operating results

The consolidated loss for the half year amounted to \$(1,425,524) (2014 loss: \$(2,372,832)).

Services provided and cost of services provided have reduced as a result of the restructuring of the 50% joint venture company Diatranz Otsuka Limited (DOL). Grant income has increased following the award of the Callaghan Innovation research and development growth grant. Research and development has increased as the company has secured the supply of NTCELL® for the planned Phase IIb clinical trial. The share of joint venture loss has decreased as the investment has been equity accounted to zero.

(b) Review of operations

Living Cell Technologies' mission is to improve the wellbeing of people with serious neurodegenerative diseases worldwide by discovering, developing and commercialising regenerative treatments which use naturally occurring cells to restore function.

During the period exciting progress was made in the development of NTCELL for Parkinson's disease.

2. Business Review (continued)

(b) Review of operations continued

All patients in the Phase I/IIa clinical trial continued to do well with no product related safety concerns. A Phase IIb trial was authorised by the Minister of Health.

The company moved to secure supply of NTCELL for the Phase IIb clinical trial and if successful, to treat patients under provisional consent. This involved purchasing plant and equipment, designated pathogen-free pigs and inventory from 50% owned joint venture company Diatranz Otsuka Limited (DOL) and leasing pig and manufacturing facilities. Additional staff have been recruited and processes documented so that the company has the necessary licences to manufacture NTCELL. These functions were previously performed under supply and service agreements by DOL. DOL has licensed its other 50% shareholder, Otsuka Pharmaceutical Factory, Inc. (OPF) to use DIABECCELL in USA and Japan. OPF is further improving the product in USA and DOL retains the right to use it in the rest of the world so is no longer carrying out R&D in New Zealand.

3. Financial Review

(a) Financial position

The net assets of the consolidated group have decreased by \$1,449,803 from \$5,126,863 at 30 June 2015 to \$3,677,060 as at 31 December 2015. The decrease was mainly caused by continuing operations and taking on additional staff to secure the supply of NTCELL.

(b) Cash from operations and financing

Net cash outflow from operating activities remained steady; \$1,571,328 in the previous period to \$1,588,213.

(c) Liquidity and funding

As at 31 December 2015 the consolidated group had \$3,604,500 cash in the bank, compared to \$5,144,027 as at 30 June 2015 and \$6,972,225 at 31 December 2014. On 17 February 2016 the company completed a private placement which raised \$2.8m and increased the cash balance to \$5.9m at February 2016. This balance is projected to allow the current level of operations to continue for approximately 12 months. A share purchase plan was also announced and this will generate further funds. The directors also acknowledge that the expenditure in relation to operating activities is discretionary. Operating cash outflow is being managed by the directors to the extent of funding available.

The directors have prepared the report on a going concern basis, which contemplates continuity of normal business activities and the realisation of assets and the settlement of liabilities in the ordinary course of business.

Directors' Report

31 December 2015

4. Other Items

(a) Significant events

(i) 18 August 2015

Plan to resume control of NTCELL manufacture

Contracts being finalised to resume control of NTCELL manufacture and pig supply from joint venture.

(ii) 28 August 2015

Award of Callaghan Innovation R&D Growth Grant

A Callaghan Innovation R&D Growth Grant to reimburse 20% of eligible R&D expenditure was approved.

(iii) 27 October 2015

Parkinson's study patients' 42 week results

All four patients 42 week post-implant data showed a statistically and clinically significant improvement in their neurological scores from their pre-implant baseline. The improvement is equivalent to approximately 5 years of Parkinson's disease remission.

(iv) 12 November 2015

Phase IIb Parkinson's study authorised

The Minister of Health authorised the application to conduct a Phase IIb study of NTCELL in Parkinson's disease.

(v) 2 December 2015

Supply and manufacture of NTCELL secured

Contracts to secure the supply and manufacture of NTCELL were completed. Contracts included the purchase of plant, designated pathogen-free pigs and inventory. These facilities will provide sufficient capacity to manufacture NTCELL for the Phase IIb clinical trial and to treat and charge patients under provisional consent.

(vi) 3 February 2016

Ethics approval for Phase IIb Parkinson's trial received

The Northern A Health and Disability Ethics Committee approved the Phase IIb clinical trial of NTCELL for Parkinson's disease.

(vi) 17 February 2016

\$2.8m private placement completed and SPP announced

54,607,546 shares were privately placed to NZ residents raising \$2,764,621 and a share purchase plan was announced enabling existing shareholders to buy up to \$15,000 worth of new shares.

Living Cell Technologies Limited

Notes to the Consolidated Financial Statements

For the 6 months to 31 December 2015

1 Statement of significant accounting policies

(a) Basis of preparation

This general purpose financial report for the interim half-year ending 31 December 2015 has been prepared in accordance with Corporations Act 2001 and Australian Accounting Standards AASB 134 Interim Financial Reporting.

The financial report covers the consolidated entity of Living Cell Technologies Limited and its controlled entities. The financial report has been presented in Australian dollars, the group's presentation currency. The report consists of the financial statements, notes to the financial statements and the directors' declaration.

The interim financial report does not include all the notes of the type normally included in an annual financial report. Accordingly, this report is to be read in conjunction with the annual report made by Living Cell Technologies Limited for the year ended 30 June 2015 and any public announcements made by the company during the interim reporting period in accordance with the continuous disclosure requirements of the Corporations Act 2001.

The same accounting policies have been followed as those applied in the financial report for the year ended 30 June 2015.

Biological assets

The Auckland Island pig herd has been recorded at cost and not depreciated, as fair value cannot be reliably measured, given the highly specialised and unique characteristics of the pig herd.

New, revised or amending Accounting Standards and Interpretations adopted

The consolidated entity has adopted all of the new, revised or amending Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period.

The adoption of these Accounting Standards and Interpretations did not have any significant impact on the financial performance or position of the consolidated entity.

Any new, revised or amending Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

Living Cell Technologies Limited

Notes to the Consolidated Financial Statements

For the 6 months to 31 December 2015

(b) Going concern

As at 31 December 2015 the consolidated group had \$3,604,500 cash in the bank, compared to \$5,144,027 as at 30 June 2015 and \$6,972,225 at 31 December 2014. On 17 February 2016 the company completed a private placement which raised \$2.8m and increased the cash balance to \$5.9m at that date. This balance is projected to allow the current level of operations to continue for approximately 12 months if no further funds are raised. A share purchase plan was also announced and this will generate further funds. The directors also acknowledge that the expenditure in relation to operating activities is discretionary. Operating cash outflow is being managed by the directors to the extent of funding available.

The directors have prepared the report on a going concern basis, which contemplates continuity of normal business activities and the realisation of assets and the settlement of liabilities in the ordinary course of business.

The above Statement should be read in conjunction with the accompanying notes and the 30 June 2015 Annual Report.

INDEPENDENT AUDITOR'S REVIEW REPORT

To the members of Living Cell Technologies Limited

Report on the Half-Year Financial Report

We have reviewed the accompanying half-year financial report of Living Cell Technologies Limited, which comprises the consolidated statement of financial position as at 31 December 2015, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the half-year ended on that date, notes comprising a statement of accounting policies and other explanatory information, and the directors' declaration of the consolidated entity comprising the company and the entities it controlled at the half-year's end or from time to time during the half-year.

Directors' Responsibility for the Half-Year Financial Report

The directors of the company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the consolidated entity's financial position as at 31 December 2015 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*. As the auditor of Living Cell Technologies Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*. We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of Living Cell Technologies Limited, would be in the same terms if given to the directors as at the time of this auditor's review report.

Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Living Cell Technologies Limited is not in accordance with the *Corporations Act 2001* including:

- (a) giving a true and fair view of the consolidated entity's financial position as at 31 December 2015 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and *Corporations Regulations 2001*.
