NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1: BASIS OF PREPARATION OF THE INTERIM FINANCIAL REPORT

This general purpose consolidated interim financial report for the three month period ended 30 September 2011 has been prepared in accordance with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Act 2001*.

This interim financial report does not include all the notes of the type normally included in an annual financial report. Accordingly, this report is to be read in conjunction with the annual report for the year ended 30 June 2011 and any public announcements made by Marengo Mining Limited during the interim period in accordance with the continuous disclosure requirements of the *Corporations Act 2001*.

The accounting policies adopted are consistent with those of the most recent annual financial statements, except the following:

Capitalisation of Exploration expenditure

The Group changed its accounting policy relating to the capitalisation of exploration expenditure for the financial year ending 30 June 2011. Previously exploration and evaluation costs were written off in the year they were incurred, with only acquisition and feasibility study costs being accumulated. The new policy is that Mineral interest acquisition, exploration, evaluation and feasibility expenditure incurred is accumulated and capitalised in relation to each identifiable area of interest. Accumulated costs are carried forward where right of tenure of the area of interest is current and they are expected to be recouped through sale or successful development and exploitation of the area of interest or, where activities in the area of interest have not yet reached a stage that permits reasonable assessment of the existence or otherwise of economically recoverable reserves.

The Group has retrospectively applied the change in accounting policy as if it had always applied and therefore has **restated** exploration and evaluation expenditure in relation to each area of interest for comparative purposes, including adjustment to the opening balances to the 2010 financial year to show the full effect of this change in accounting policy.

NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (continued)
