## **VOLUNTARY ANNOUNCEMENT**

### **MEMORANDUM OF UNDERSTANDING IN RELATION TO A POSSIBLE INVESTMENT IN A BIOTECH COMPANY**

This announcement is made by China Internet Investment Finance Holdings Limited (the “**Company**”, together with its subsidiaries, the “**Group**”) on a voluntary basis to keep its shareholders and the public informed of the Group’s latest development.

#### **MEMORANDUM OF UNDERSTANDING**

The board (the “**Board**”) of directors (the “**Director(s)**”) of the Company is pleased to announce that, on 20 April 2021, a wholly owned subsidiary of the Company, Dragon Leap Ventures Limited, entered into a memorandum of understanding (the “**MOU**”) with Minomic International Ltd. (the “**Target Company**”), which is a third party independent of the Company and its connected persons.

#### **The Possible Investment**

According to the MOU, both parties agreed to enter into further negotiation regarding the possible investment by the Group in the Target Company with an estimated investment amount of not more than USD1 million (the “**Possible Investment**”).

#### **Due diligence**

The terms and conditions of the Possible Investment under the MOU are subject to further negotiations between the parties thereof and the due diligence review to be undertaken by the Group and/or its professional advisers, which has not been finalized as at the date of this announcement.

## **Legal effect**

Pursuant to the MOU, the parties will further negotiate with a view to entering into a formal and legally binding agreement with respect to the Possible Investment within six (6) months from the date of the MOU.

Save and except that each party agrees to be bound by certain provisions in the MOU relating to confidentiality obligations and the governing law, the MOU does not constitute a legally binding commitment in respect of the Possible Investment. As such, the Possible Investment may or may not be materialized.

## **INFORMATION OF THE TARGET COMPANY**

The Target Company is an Australian medical diagnostic company and is principally engaged in the research and development, sales and marketing of medical devices and diagnosis instruments for prostate cancer.

## **REASONS AND BENEFITS OF ENTERING INTO THE MOU**

Investment in unlisted equities can typically provide a high return if there is a successful exit. The Company would implement stringent due diligence procedures and carefully explore opportunities for pre-IPO and other private equity investments in the new energy sector, biotech sector and other suitable and potential industries from time to time. The Company continues to explore new investment opportunities with good potential.

In order to maximise returns to the Company and its shareholders, the Directors consider that it is in the interests of the Company and its shareholders as a whole to enter into the MOU to explore the possibility of diversification of the investment portfolios of the Group by way of the Possible Investment.

## **GENERAL**

The Board wishes to emphasise that no formal and legally binding agreement in relation to the Possible Investment has been entered into as at the date of this announcement. As such, the Possible Investment is subject to further negotiations between the parties, and may or may not materialise. In the event that any legally binding agreement is entered into between the parties in relation to the Possible Investment, the Company will make further announcement(s) as and when appropriate in accordance with the Rules Governing
