Note: According to the Group's accounting policies, the four hotel properties in operation were carried at cost less accumulated depreciation. To give further information on the economic substance of its hotel properties investments, the Group hereby presents supplementary unaudited financial information taking into account the fair market value of hotel properties and excluding the corresponding deferred income tax on Hong Kong properties as Hong Kong tax jurisdiction does not include capital gain tax.

The four hotel properties in Hong Kong and Canada were revalued by Vigers Appraisal & Consulting Limited and CBRE Limited respectively, independent professional valuers, on an open market value basis for both years.

Chairman's Statement

For the year ended 31st March 2015, the Group recorded a consolidated net profit of approximately HK\$120 million as compared to HK\$349 million of the same period last year. The drop in the profit was mainly attributable to unrealised fair value loss on investments in financial assets as opposed to unrealised fair value gain in the same period of last year. Basic earnings per share during the year was HK8 cents (2014: HK23 cents).

The Group had a revalued net assets increase of 10% to HK\$10,782 million. Net gearing (net debt over the revalued net asset value) was at 15% as of the year end.

Our new hotel development progress in Causeway Bay and Tsimshatsui are on schedule, with the former targeted to open in the first quarter of 2016, and the latter, in the first half of 2017.

The management's account towards local hotel industry of last year and the prospects ahead have serious reservation due to ample supplies of new hotels, hostile atmosphere towards our customers, and lastly ever rising costs.

On behalf of the Board, I would like to express my gratitude to our staff for their invaluable contribution, and our customers, shareholders and the investment community for their support.

Poon, Jing
Chairman

Business Model and Strategies

Asia Standard Hotel is an established hospitality owner, developer and operator which its business is primarily based in Hong Kong. The Group owns and operates four hotels under the “empire hotels” brand; three of which are in core central business districts (“CBDs”) of Hong Kong and one in downtown Vancouver, Canada, and have two new hotels under development. Our hotels are strategically located in central shopping or business districts. The Group also engages in travel agency operations and financial investment, which contributes to the Group with a diversified source of stable recurring income. Our business diversification thus reduces the adverse impact of market volatility and offsets market cyclicality to which some of our businesses are exposed to.

The Group is focused on enhancing the performance of its core business and is dedicated to maximise value for shareholders through pursuit of attractive investment opportunities with the following strategies:

(i) To expand and grow our hospitality business in prime CBDs of Hong Kong, and to strive for excellence in management and operations

The Group’s three hotels in Hong Kong are strategically located within core CBDs and are targeted at business travelers as well as visitors from Mainland China. Our hospitality chain has a centralised management team to optimise revenue generation and to ensure efficient deployment of resources for achieving maximum cost benefit. In particular, our “Empire Hotel Hong Kong” in Wanchai benefits from high occupancy and room rates due to its proximity to the Hong Kong Convention and Exhibition Centre. The prime locations allow us to cater to both business visitors and tourists, which has led us to maintain a high occupancy and revenue per available room at our hotels.

(ii) Focus on profitable growth on the Company’s solid recurring income from its investment portfolio

The Group has a stable investment portfolio generating a recurring and steady income stream. The Group’s investment portfolio provides a liquidity buffer and recurring income as well as a diversified cash flow stream, enabling us to finance existing hotel extension projects and seize potential investment as opportunities arise.

(iii) Continue to manage risk effectively, through a prudent financial management policy

The Group aims to monitor risk and manage exposures to a range of debt maturities and a range of debt types in a disciplined and prudent manner. The Group strives to maintain a strong financial position with a healthy level of liquidity and low level of gearing.

We are confident that our strategies will deliver maximum value to the shareholders in the long term.

RESULTS

The Group's revenue for the year ended 31st March 2015 amounted to HK\$700 million, increased by 8% when compared with last year. Profit attributable to shareholders, however, decreased by 66% to HK\$120 million. The decrease in profit was mainly attributable to unrealised fair value loss on investments in financial assets of HK\$86 million as opposed to unrealised fair value gain of HK\$116 million in the same period of last year.

BUSINESS REVIEW

Between April 2014 and March 2015, the cumulative arrivals to Hong Kong for all visitors and those who stayed overnight reached 61 million and 27 million, respectively, the former had a 9% increase and the latter had a 4% increase. Growth has come from short haul markets where China continues to be the most important inbound source market for Hong Kong tourism.

On the hotel rooms supply in Hong Kong, approximately 2,800 new hotel rooms were opened during the period under review, and it is anticipated that the new rooms supply will continue in 2015. There was an aggregate supply of about 73,000 hotel rooms as of March 2015, an increase of about 4% over the preceding year.

Empire Hotel Causeway Bay and the adjacent new hotel

Harbour view room

All our hotels in Hong Kong have been operating at approximately 96% occupancy, although average room rate trailed behind that of last year by about 8%.

Our hotel in Canada operated at 65% occupancy and achieved an increase of 3% in room rate from last year.

HOTEL DEVELOPMENT PROJECTS

The development progress of our two sites located adjacent to the Group's two existing hotels in Hong Kong is on schedule. For the site in Causeway Bay, the superstructure work has been completed and the interior fittings and renovation has begun, which is expected to be completed by November 2015. This new 94 rooms' hotel is scheduled for opening in March 2016. For the site in Tsimshatsui, the foundation work has been completed, and its superstructure work has begun. The anticipated opening time for this 90 rooms' hotel is in the first half of 2017.

With a total gross floor area of approximately 65,000 sq.ft. or 184 hotel guest rooms upon completion of these two sites in 2016/2017, they will provide greater operational synergies to the Group.

Management Discussion and Analysis

TRAVEL

Revenue for the travel operations during the year ended 31st March 2015 amounted to HK\$76 million (2014: HK\$32 million). The significant increase from that of last year has come from the strong growth in incentive package business.

FINANCIAL INVESTMENTS

For the period under review, many countries and regions around the world continued to generate mixed economic performances. Both the European and Japanese central banks have introduced stimulative packages to boost their economic growth while the U.S. Federal Reserve has ended its program of quantitative easing. The economy in China, though it has slowed somewhat in recent years, still expanded by 7.4% in 2014.

As at 31st March 2015, the Group's financial investment portfolio that all consisted of listed securities amounted to HK\$1,777 million (2014: HK\$1,810 million). Approximately 63% of our investment portfolio comprised listed debt securities (of which approximately 93% were issued by PRC real estate companies), and approximately 37% comprised listed equity securities (of which approximately 98% were issued by large banks). They were denominated in Hong Kong dollars 11%, United States dollars 70%, Sterling 12%, Euro 5% and Renminbi 2%.

During the period under review, a total of HK\$160 million (2014: HK\$129 million) in interest and dividend income were generated from the investment portfolio, and a net investment loss of HK\$105 million, mainly unrealised from fair value changes was also recorded (2014: gain of HK\$132 million, mainly unrealised).

As at 31st March 2015, the listed securities at fair value pledged as collateral for short term bank loans amounted to approximately HK\$113 million (2014: HK\$301 million).

FINANCIAL REVIEW

The Group's total assets per book amounted to HK\$5,159 million (2014: HK\$5,137 million). Based on independent valuation, the total revalued amount of our hotel properties in operation as at 31st March 2015 was HK\$9,799 million, increased by 9% when compared with that as at 31st March 2014. The revalued total assets of the Group with hotel properties in operation at market value would be HK\$12,709 million (2014: HK\$11,799 million).

Revalued net assets, net debt and gearing ratio

The shareholders' funds per book amounted to HK\$3,265 million (2014: HK\$3,204 million), of which the increase was mainly due to profit for the year. Taking into account the market value of the hotel properties in operation, the revalued net asset value of the Group would be HK\$10,782 million (2014: HK\$9,828 million).

The consolidated net debt was HK\$1,567 million (2014: HK\$1,681 million). 91% of the gross bank borrowings or HK\$1,592 million was denominated in Hong Kong dollars, and the remaining 9% or to the equivalent of HK\$157 million were in foreign currencies incurred in operations and investment in financial assets overseas.

The maturity of our debts spread over a period of up to 6 years. 7% of total borrowings were from revolving credit facilities secured by hotel properties and through the pledge of financial assets investment. Term loans secured by hotel properties account for 93% with 5% repayable within 1 year, 25% repayable between 1-2 years, 56% repayable within 3-5 years and 7% after 5 years. As at 31st March 2015, the Group had net current assets of HK\$1,562 million (2014: HK\$1,131 million).

The Group's gearing ratio, expressed as a percentage of net debt over the revalued net asset value, was 15% (2014: 17%).

The aggregate net book value of hotel properties pledged as collateral for banking facilities of the Group as at 31st March 2015 amounted to HK\$2,891 million (2014: HK\$2,903 million).

HUMAN RESOURCES

As at 31st March 2015, the total number of full-time employees of the Company and its subsidiaries was about 386 (2014: 387). In addition to salary payment, the Group provides other benefits including insurance, share options, medical scheme and retirement plans and others to its employees.

FUTURE PROSPECTS

The ripples from the local political turmoil and the new supply of hotel rooms coming on continue to post pressure on our average room rates at least in the short term. We are however comforted by the fact that all our hotels are located in traditional tourist preferred city centres as opposed to those peripheral areas outside of city centres or hubs. In the meantime, we continue to devote significant efforts, leveraging our healthy financial position and operations in Hong Kong, to plan and exercise asset enhancement initiatives to bring long term growth in hotel room numbers and revenue to the Group.

Corporate Governance Report

CORPORATE GOVERNANCE PRACTICES

The Company is committed to sustaining its corporate governance standards by emphasising transparency, independence, accountability, responsibility and fairness. The Company exercises corporate governance through the board of Directors (the “Board”) and various committees.

BOARD OF DIRECTORS

The Board consists of five Executive Directors and three Independent Non-executive Directors. The posts of Chairman and Chief Executive are separate and are not held by the same individuals. The Chairman, Mr. Poon Jing is responsible for overseeing the functioning of the Board and the strategies and policies of the Group. The Chief Executive and Deputy Chairman, Dr. Lim Yin Cheng, is responsible for managing the Group’s business. The biographical details and relationship of the Directors are disclosed in the biography of Directors set out in the Directors and Senior Management section.

According to the bye-laws of the Company (the “Bye-Laws”), at every annual general meeting of the Company, one-third of the Directors (other than the Chairman and the Managing Director) for the time being, or, if their number is not three or a multiple of three, then the number nearest to, but not exceeding one-third, shall retire from office by rotation. Pursuant to the Appendix 14 (the “Code”) of the Rules Governing the Listing of Securities (the “Listing Rules”) on The Stock Exchange of Hong Kong Limited (the “Stock Exchange”), the Chairman and the Managing Director shall also retire at the annual general meeting every three years. A retiring Director shall be eligible for re-election at the meeting. The Independent Non-executive Directors are not appointed for a specific term but are subject to retirement by rotation and re-election in accordance with the Bye-Laws and the Code.

The Board meets quarterly and is responsible for the formulation and reviewing of long-term business directions and strategies, monitoring the operations and financial performance of the Group and performing corporate governance functions set out in the Code. It also considers and approves future strategic plans and budgets for the Group. The management is delegated with the authority to make decisions and responsible for daily operations of the Group under the leadership of the Chief Executive. The management provides explanation and information to the Board to enable the Board to make an informed assessment of the financial and other information put forward to the Board for approval. The Chief Executive, working with the other Executive Directors and the head of each division, is responsible for managing the business of the Group, including implementation of strategies adopted by the Board and assuming full accountability to the Board for operations of the Group. All Executive Directors have made full and active contributions to the affairs of the Board.

During the year, the Board has reviewed the Company’s policies and practices on corporate governance, and reviewed and monitored the training and continuous professional development of Directors and senior management. The Board has also reviewed and ensured compliance of the relevant legal and regulatory requirements, the code of conducts, the Code and the disclosure in the Corporate Governance Report.

The Directors are responsible for selecting and consistently applying appropriate accounting policies and preparing financial statements which give a true and fair view. The Directors are not aware of any material uncertainties relating to events or conditions that may cast significant doubt upon the Company’s ability to continue as a going concern. Accordingly, the Directors have prepared the financial statements on a going concern basis.

The Board acknowledges that it is its responsibility to prepare the financial statements and to present a balanced, clear and comprehensive assessment to annual and interim reports, other financial disclosures required under the Listing Rules on the Stock Exchange, and reports to regulators as well as to information required to be disclosed pursuant to statutory requirements.

During the year, the Board held four meetings. The Directors of the Board and the attendance of each Director at the Board meetings and the general meeting of the Company held during the year are as follows:

Director	Title	Number of meetings attended/ Number of meetings held	
		Board meeting	General meeting
Mr. Poon Jing	Chairman	3/4	1/1
Dr. Lim Yin Cheng	Deputy Chairman and Chief Executive	4/4	1/1
Mr. Poon Hai	Executive Director	4/4	1/1
Mr. Fung Siu To, Clement	Executive Director	4/4	1/1
Mr. Woo Wei Chun, Joseph	Executive Director	4/4	1/1
Mr. Ip Chi Wai	Independent Non-executive Director	2/4	1/1
Mr. Leung Wai Keung	Independent Non-executive Director	3/4	1/1
Mr. Hung Yat Ming	Independent Non-executive Director	4/4	1/1

BOARD DIVERSITY POLICY

The Company recognises and embraces the benefits of having a diverse Board to enhance the quality of its performance. In assessing the composition of the Board, the Company will seek to achieve Board diversity through the consideration of a number of factors and measurable criteria, including gender, age, cultural and education background, industry experience, qualifications, skills, knowledge, and professional ethics. All Board appointments will be based on meritocracy and the candidates will be considered against objective criteria of their potential contributions to the Board and the Company, having due regard for the benefits of diversity on the Board.

During the year, no new director was appointed. If new directors are required to be appointed to the Board, the Board will elect the appropriate candidates by considering gender, age, cultural and education background, industry experience, qualifications, skills, knowledge, and professional ethics of the candidates.

REMUNERATION COMMITTEE

Mr. Hung Yat Ming, an Independent Non-executive Director of the Company is the Chairman of the Remuneration Committee. The Remuneration Committee currently comprises the Deputy Chairman and Chief Executive of the Company, Dr. Lim Yin Cheng, and two Independent Non-executive Directors, Mr. Ip Chi Wai and Mr. Hung Yat Ming. The terms of reference were revised and adopted by the Board in compliance with the Code. The duties of the Committee include making recommendations to the Board on the remuneration policy and structure of the Directors and senior management, approving the remuneration, determining the remuneration packages of all Executive Directors and senior management and approving the compensation to all Directors and senior management on termination or dismissal. The remuneration packages including basic salary, annual bonus, retirement and other benefit such as share options are commensurate with their job nature and experience level. No director may be involved in any decisions as to his own remuneration or other benefit. The Group's remuneration policy seeks to provide a fair market remuneration so as to attract, retain and motivate high quality staff. The remuneration is determined with reference to his duties and responsibility, remuneration benchmark in the industry and prevailing market conditions. During the year, the Committee held one meeting, which all members had attended, to review, discuss and approve the remuneration packages of the Directors and senior management.

AUDIT COMMITTEE

The Audit Committee currently comprises all the Independent Non-executive Directors, Mr. Hung Yat Ming (as the Chairman), Mr. Leung Wai Keung and Mr. Ip Chi Wai. The terms of reference were revised and adopted by the Board in compliance with the Code. The principal activities of the Audit Committee include the review and supervision of the Group's financial reporting process and internal controls and review of the published financial statements. The Audit Committee meets at least twice a year. During the year, the Audit Committee met twice to review the Company's annual and interim financial statements and the recommendation by the auditor on enhancement of internal control. All the members had attended the meetings. The Audit Committee has reviewed the annual financial statements for the year ended 31st March 2015.

SECURITIES TRANSACTIONS BY DIRECTORS

The Company has adopted the Model Code for Securities Transactions by Directors of Listed Issuers (the "Model Code") as set out in Appendix 10 of the Listing Rules. The Company has made specific enquiry of all Directors regarding any non-compliance with the Model Code during the year, and they all confirmed that they have fully complied with the required standard as set out in the Model Code throughout the year ended 31st March 2015.

CORPORATE GOVERNANCE CODE

During the year, the Company has complied with the code provisions of the Code, except the following deviations:

- (1) Code Provision A.4.1 of the Code provides that non-executive directors should be appointed for a specific term, subject to re-election. All Independent Non-executive Directors of the Company are not appointed for specific terms, but subject to retirement by rotations and re-elections at the annual general meeting of the Company in accordance with the Bye-Laws; and
- (2) Code Provision A.5.1 of the Code provides that issuers should establish a nomination committee which is chaired by the chairman of the board or an independent non-executive director and comprises a majority of independent non-executive directors. The Company does not have a nomination committee. The Board as a whole is responsible for assessing the independence of Independent Non-executive Directors, reviewing the structure, diversity, size and composition of the Board, the appointment of new Directors and the nomination of Directors for re-election by shareholders at the general meeting of the Company. Under the Bye-Laws, the Board may at any time, and from time to time, appoint any person as a Director, either to fill a casual vacancy, or as an addition to the Board. Any Director so appointed shall hold office until the next following annual general meeting of the Company and shall then be eligible for re-election at the meeting.

INTERNAL CONTROL

It is the responsibility of the Board to ensure that the Group maintains sound and effective internal controls to safeguard the shareholders' investments and the Group's assets. During the year, the Board reviewed the effectiveness of the internal control system of the Group. The review covered all material controls, including financial, operational and compliance controls and risk management functions of the Group.

AUDITOR'S REMUNERATION

PricewaterhouseCoopers has been appointed as the auditor of the Company by the shareholders at the annual general meeting. The services provided by PricewaterhouseCoopers include audit, taxation related and other services. A statement by PricewaterhouseCoopers about their reporting responsibilities as the auditor of the Company is included in the Independent Auditor's Report on page 35 of this annual report.

An amount of HK\$3,446,000 (2014: HK\$3,517,000) was charged to the financial statements of the Group for their audit services. Taxation services, review on interim results and other services provided by PricewaterhouseCoopers to the Group amounted to HK\$735,000 (2014: HK\$774,000).

SHAREHOLDERS' RIGHTS

Subject to the applicable laws and regulations, the Listing Rules and the Bye-Laws as amended from time to time, the shareholders ("Shareholders") of the Company may put forward proposals at an annual general meeting (an "AGM") of the Company and convene general meetings of the Company.

(I) PROCEDURE FOR SHAREHOLDERS TO MAKE PROPOSALS AT SHAREHOLDERS' MEETING

The number of Shareholders required to move a resolution at an AGM or to circulate any statement by written request (the "Requisitionists") shall be:

- i. any number of Shareholders representing not less than one-twentieth (1/20) of the total voting rights of all the Shareholders having a right to vote at the AGM or the relevant general meeting; or
- ii. not less than one hundred (100) Shareholders.

The written request (the "Requisition") must state the resolution to be moved at the AGM or the statement of not more than one thousand (1,000) words in relation to any particular resolution being proposed or business to be dealt with in the relevant general meeting of the Company (as the case may be), and signed by all the Requisitionists in one or more document in like form.

A copy of the Requisition, or two or more copies which between them contain the signatures of all the Requisitionists, shall be lodged at Canon's Court, 22 Victoria Street, Hamilton HM12, Bermuda and a copy thereof at the principal office of the Company in Hong Kong at 30th Floor, Asia Orient Tower, Town Place, 33 Lockhart Road, Wanchai, Hong Kong, for the attention of the Company Secretary (i) not less than six (6) weeks before the AGM in the case of a Requisition requiring notice of a resolution, unless an AGM is called for a date six (6) weeks or less after the deposit of the Requisition, in which case the Requisition will be deemed to have been properly deposited; or (ii) not less than one (1) week before the relevant general meeting in the case of any other Requisition.

The Requisitionists must deposit a sum which is reasonably sufficient to meet the Company's expenses in giving effect to the Requisition.

(II) PROCEDURE FOR SHAREHOLDERS TO CONVENE SPECIAL GENERAL MEETING

Shareholders holding not less than one-tenth (1/10) of the paid-up capital of the Company carrying the right of voting at the general meetings of the Company (the "SGM Requisitionists") may require the Board to convene a special general meeting of the Company ("SGM") by depositing a written requisition (the "SGM Requisition") at Canon's Court, 22 Victoria Street, Hamilton HM12, Bermuda and a copy thereof at the principal office of the Company in Hong Kong at 30th Floor, Asia Orient Tower, Town Place, 33 Lockhart Road, Wanchai, Hong Kong for the attention of the Company Secretary.

The SGM Requisition must state the objects of the SGM and be signed by the SGM Requisitionists and may consist of one or more documents in like form, each signed by one or more of the SGM Requisitionists.

Upon receipt of the SGM Requisition, the Directors shall forthwith proceed duly to convene the SGM, and such SGM shall be held within two months after the deposit of the SGM Requisition.

Where, within twenty-one (21) days of the lodging of the SGM Requisition, the Directors do not proceed duly to convene the SGM, the SGM Requisitionists, or any of them representing more than one-half (1/2) of the total voting rights of all of them, may themselves convene the SGM, provided that any SGM so convened shall be held within three (3) months from the date of deposit of the SGM Requisition. The SGM Requisitionists shall convene a SGM in the same manner, as nearly as possible, as that in which SGMs are to be convened by Directors. Under the Bye-Laws and pursuant to the requirements of the Listing Rules, a notice specifying the time and place and the general nature of the proposed business to be transacted at the SGM shall be given to all Shareholders entitled to attend the SGM for consideration in the following manners:

- i. notice of not less than twenty-one (21) clear days or ten (10) clear business days, whichever is longer, if a special resolution is to be passed at the SGM; and
- ii. notice of not less than fourteen (14) clear days or ten (10) clear business days, whichever is the longer, in all other cases, provided that a SGM may be called by a shorter notice if it is so agreed by a majority in number of the Shareholders having the right to attend and vote at the SGM, being a majority together holding not less than 95% in nominal value of the issued shares of the Company giving such right.

PROFESSIONAL DEVELOPMENT

Every newly appointed Director will receive briefing and professional development so as to ensure that he has appropriate understanding of the Group's business and of his duties and responsibilities under the Listing Rules and the relevant statutory and regulatory requirements.

The Company also provides regular updates and presentation on the business development of the Group. The Directors are regularly briefed on the latest development regarding the Listing Rules and other applicable statutory requirements to ensure compliance and upkeep of good corporate governance practices. INVESTOR RELATIONSHIP

The Group aims to provide its shareholders and investors with high level of transparency. During the year, the Executive Directors had various meetings with local and institutional investors and analysts. The Board is committed to providing clear and full performance information of the Group to shareholders and the public through the publication of interim and annual reports, announcements, circulars and press releases.

The Company has also maintained a website at <http://www.asiastandardhotelgroup.com> which enables shareholders, investors and public to access to the information of the Company on a timely basis.

PROCEDURE FOR RAISING ENQUIRIES

Shareholders may at any time send their enquiries and concerns to the Board in writing to the principal office of the Company in Hong Kong or by e-mail to info@asia-standard.com.hk for the attention of the Company Secretary.

CORPORATE SOCIAL RESPONSIBILITY REPORT

At the Empire Hotels, we are committed to making a positive contribution to society and communities in Hong Kong and China, a place in which we operate and have grown over the past decade. Focusing our corporate social responsibility and effort on imminent and important social issues, we endeavour to contribute, support and help to provide for those who most need a great place to live, learn and grow.

THE COMMUNITY

The Group has during the year made donations of HK\$0.8 million to a number of charitable organisations, such as Heep Hong Society, The Hong Kong AIDS Foundation Limited and Hong Kong Paralympic Committee & Sports Association for the Physically Disabled.

“The Art of Caring” Community Care Program was launched in 2009 by the Empire Hotels in conjunction with SAHK, a rehabilitation service organisation. Since then, the Program has been giving support to local children and youth with special needs in their education and rehabilitation through the creation of art pieces and a series of educational workshops, learning events and life enriching activities. During 2014/2015, the following activities were organised:

- School Outreach to the three special secondary school students of SAHK on 9th May 2014 at B.M. Kotewall Memorial School where latest tourism overview and information about hotel’s operations and careers were shared.
- 100-hour Work Experience for a young adult with High Functioning Autistic Spectrum Disorders (HFA) was offered to SAHK. He was assigned to corporate sales office working as an office assistant during March – April 2014.
- Dining Etiquette Workshops in Empire’s Kitchen of Empire Hotel Kowloon where three groups of 15 secondary schools students of SAHK learnt the proper dining etiquette and table manner by the hotel’s restaurant manager in March 2015.
- “SAHK Angels in the Realm of Empire Glory” musical performances at Empire Hotel Kowloon where school bands of three secondary schools from SAHK performed festive Christmas music in the hotel lobby on 23rd and 24th December 2014.

Other activities of “The Art of Caring” Community Care Program in the past include: OLE² (Other Learning Experiences x Opportunities for Life Enrichment), Love & Sharing Cookies Making Workshops, Charity Bazaar, Schools Outreach, and sponsorships to parents’ training workshops.

Joining hands with SAHK, the Hotel Group will continue to expand the breadth and depth of “The Art of Caring” Community Care Program enabling more learning opportunities and rehabilitation support for children and youth with special needs.

RECOGNITION OF CONTRIBUTION

The Group has been for a sixth year in a row awarded the Caring Company title 2014/2015 by The Hong Kong Council of Social Service (HKCSS) in recognition of its contribution to the community. This recognition signifies a solid testimonial and a renewed impetus for the Group on its commitment to making positive contribution to society and communities.

ENVIRONMENTAL PROTECTION

The design of our hot water system in Empire Hotel Causeway Bay was divided in three zones for optimal gas supply and energy saving. Airconditioning in Empire Hotel Causeway Bay and Empire Hotel Kowloon has a zone valve whereby electricity supply will be switched off on idle floors for energy preservation purposes. In our Empire Hotel Kowloon, the two latest renovation floors have an individual electric heater supply system and the system can be switched off individually for energy reduction purposes. In our Empire Hotel Hong Kong, the air cool chiller system has been replaced by a water cool chiller system, which is environmental friendly and has greater energy efficiency, better controllability, and longer life. As regards to the new hotel development at our sites in Causeway Bay and Tsimshatsui, the Group has obtained the provisional certificates of BEAM-Plus (**B**uilding **E**nvironmental **A**ssessment **M**ethod) Version 1.1 for New Buildings. BEAM-Plus is a comprehensive environmental assessment scheme for buildings recognised by The Hong Kong Green Building Council Limited.

Daily monitoring of energy and fuel consumption to identify areas for energy conservation is in place. Phased replacements of chillers, fan coil units, air handling units, laundry and kitchen equipment, electrical appliances and lighting have been enhanced to more energy-efficient models.

THE PEOPLE

The Group is an equal opportunity employer and does not discriminate on the basis of personal characteristics. Employee Handbooks outline terms and conditions of employment, expectations for employees' behaviour and service delivery, employees' rights and benefits. We establish and implement policies that promote a fair and respectful workplace. We provide ongoing training and development opportunities to enhance our employees' career progression.

RESPONSIBLE SOURCING

The Group has adopted high standards for all building materials in our premises construction, and equipment and products varying from more efficient and environmentally-responsible refrigerators in the guest rooms of Empire Hotel Causeway Bay, to high-quality, durable linens and towels that are used in all our hotels.

To enhance our procurement of environmentally responsible items, we continue to review options to purchase more products from organic and/or sustainably managed sources, environmentally superior products, as well as local or regional companies to reduce the environmental impact of their manufacture and transportation.

To reduce paper consumption, we maximise the use of electronic communications and file storage systems for general office work, guest logs and nightly reports and whenever possible we use e-confirmations for guest reservations.

SHARE OPTION SCHEME

The Company's Share Option Scheme was adopted on 28th August 2006. The Board of Directors of the Company may grant options to any Director, employee, consultant, customer, supplier, agent, partner or advisers of or contractor to the Company, its subsidiary or any invested entity, their discretionary trust or the companies owned by them. The purpose was to provide incentives, recognise and acknowledge the contributions of, motivate and maintain relationship with the eligible participants.

The total number of shares available for issue upon exercise of all options to be granted under the Company's Share Option Scheme must not exceed 125,088,061 shares, representing about 7.96% of the shares in issue at the date of this report. The total maximum number of shares which might be issued upon exercise of all outstanding options granted and yet to be exercised under the Company's Share Option Scheme and any other share option scheme must not exceed 30% of the shares in issue from time to time. The maximum number of shares in respect of which options might be granted to a participant, when aggregated with shares issued and issuable (including exercised, outstanding and cancelled options) under any options granted to the same participant under the Company's Share Option Scheme or any other share option scheme within any 12 months period, must not exceed 1% of the shares in issue from time to time.

There was no requirement for a grantee to hold the option for a certain period before exercising the option unless otherwise determined by the Directors. The exercise period should be any period determined by the Board of the Directors but in any event the exercise period should not be later than 10 years from the date of grant. The grantee has to accept an option within 21 days from the date of offer by making a non-refundable payment of HK\$1 to the Company.

The subscription price shall be at the discretion of the Board of the Directors provided that it shall be not less than the highest of (i) the closing price of a share on the relevant date of grant; (ii) the average of the closing prices of the shares for the five trading days immediately preceding the date of grant; and (iii) the nominal value of a share. The Company's Share Option Scheme is effective for 10 years from 28th August 2006.

The following table discloses details of Company's share options granted under the Company's Share Option Scheme held by employees (including Directors):

Percentage of purchases attributable to the Group's five largest suppliers	82.11%
Percentage of sales attributable to the Group's largest customer	12.81%
Percentage of sales attributable to the Group's five largest customers	32.96%

None of the Directors, their associates or shareholders, which to the knowledge of the Directors, held any interests in the share capital of the suppliers or customers noted above.

CONNECTED TRANSACTIONS

The Group had the following continuing connected transactions with related parties during the year:

JBC TENANCY AGREEMENTS

Pursuant to the tenancy agreement dated 27th August 2013 entered into between JBC Travel Company Limited ("JBC"), the Company's wholly owned subsidiary, and Tilpifa Company Limited ("Tilpifa"), a subsidiary of ASI, JBC has been leasing an office situated in 12th Floor, Asia Orient Tower, Town Place, 33 Lockhart Road, Wanchai, Hong Kong from Tilpifa for a period of three years commencing from 1st September 2013 to 31st August 2016 at a monthly rental of HK\$171,500. The annual cap in respect of the amount of annual rent and related expense is not exceeding HK\$1,400,000, HK\$2,500,000, HK\$2,500,000 and HK\$1,100,000 for the years ended 31st March 2014 and 2015 and year ending 31st March 2016 and 2017 respectively.

During the year ended 31st March 2015, a total rent and related expense of HK\$2,223,000 (2014: HK\$1,287,476) was paid by JBC to Tilpifa for the aforesaid tenancy agreement.

PROJECT MANAGEMENT SERVICES AGREEMENTS

Pursuant to a master agreement dated 26th June 2012 entered into between the Company and Winfast Engineering Limited ("Winfast"), a subsidiary of ASI, Winfast provides the project management services to the member(s) of the Group in connection with the regular building maintenance services, fitting-out works, improvement works and/or other works incidental thereto at the hotels owned and operated by and the properties owned by the Group (the "Project Management Services") for a period of three years commencing from 1st April 2012 to 31st March 2015. The annual cap in respect of the amount of project management fees is not exceeding HK\$5,250,000 and HK\$5,500,000 for the years ended 31st March 2014 and 2015 respectively.

During the year ended 31st March 2015, a total project management fees of HK\$4,300,000 (2014: HK\$4,080,000) was paid by the subsidiaries of the Company to Winfast for the aforesaid project management services agreement.

On 31st March 2015, the Company and Winfast entered into a new master agreement to renew the master agreement for a term of three years commencing from 1st April 2015 to 31st March 2018 (the “Renewed Master Agreement”) pursuant to which Winfast has agreed to continue to provide the Project Management Services to the member(s) of the Group. The aggregate project management fees for the Project Management Services to be provided by Winfast to the Group under the Renewed Master Agreement during the term shall not exceed HK\$5,000,000, HK\$5,700,000 and HK\$6,500,000 for the years ending 31st March 2016, 2017 and 2018 respectively.

The annual caps and the terms of the above transaction have been determined in accordance with the pricing policies and guideline as set out in the announcement of the Company dated 31st March 2015.

Tilpifa and Winfast are the indirect wholly owned subsidiaries of ASI, which is in turn a substantial shareholder of the Company holding approximately 70.23% of the issued share capital of the Company. Tilpifa, Winfast and ASI are regarded as connected persons of the Company under the Listing Rules. Accordingly, the aforesaid tenancy agreement, master agreement and the Renewed Master Agreement constitute continuing connected transactions of the Company for the purpose of the Listing Rules.

Pursuant to Rule 14A.55 of the Listing Rules, the Independent Non-executive Directors of the Company have reviewed the continuing connected transactions and confirmed that the continuing connected transactions have been entered into (a) in the ordinary and usual course of business of the Group; (b) on normal commercial terms or better; and (c) according to the relevant agreements governing them on terms that are fair and reasonable and in the interests of the shareholders of the Company as a whole.

Pursuant to Rule 14A.56 of the Listing Rules, the Board of Directors engaged the independent auditor to report on the Group’s continuing connected transactions in accordance with Hong Kong Standard on Assurance Engagements 3000 “Assurance Engagements Other Than Audits or Reviews of Historical Financial Information” and with reference to Practice Note 740 “Auditor’s Letter on Continuing Connected Transactions under the Hong Kong Listing Rules” issued by the Hong Kong Institute of Certified Public Accountants. The auditor has issued his unqualified letter containing his findings and conclusion in respect of the above continuing connected transactions. A copy of the auditor’s letter has been provided by the Company to the Stock Exchange.

INDEPENDENT NON-EXECUTIVE DIRECTORS

Confirmation of independence pursuant to the independence guidelines under the Listing Rules on the Stock Exchange has been received from each of the Independent Non-executive Directors of the Company and the Company considers all existing Independent Non-executive Directors are independent.

SUFFICIENCY OF PUBLIC FLOAT

Based on the latest shareholding disclosures published on the website of the Stock Exchange, as at the date of this report, the percentage of shares being held by the public was approximately 16.69%, which was below the minimum 25% requirement as required by Rule 8.08(1)(a) of the Listing Rules. Based on the Disclosure of Interests Notice filed by Mr. Lo and his controlled entities, Mr. Lo and his controlled entities owned approximately 10.06% of the issued share capital in the Company as at 5th January 2015. Therefore, Mr. Lo and his controlled entities became a substantial shareholder and a connected person of the Company, and the shares owned by them were no longer regarded as shares being held in public hands pursuant to Rule 8.24 of the Listing Rules. The Company will continue to publish a monthly announcement to update its shareholders and potential investors on the status of the public float of the Company and measures that may be introduced by the Company to restore its public float.

Details of the shareholdings of the substantial shareholders in the Company as at 31st March 2015 are disclosed under the section "Substantial Shareholders and Other Persons' Interests and Short Positions in Shares and Underlying Shares" in this report.

AUDITOR

The financial statements have been audited by PricewaterhouseCoopers who retire and, being eligible, offer themselves for re-appointment.

On behalf of the Board

Independent Auditor's Report

To the Shareholders of Asia Standard Hotel Group Limited

(incorporated in Bermuda with limited liability)

We have audited the consolidated financial statements of Asia Standard Hotel Group Limited (the "Company") and its subsidiaries (together, the "Group") set out on pages 37 to 100, which comprise the consolidated and company balance sheets as at 31st March 2015, and the consolidated profit and loss account, the consolidated statement of comprehensive income, the consolidated statement of cash flows and the consolidated statement of changes in equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

DIRECTORS' RESPONSIBILITY FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The directors of the Company are responsible for the preparation of consolidated financial statements that give a true and fair view in accordance with Hong Kong Financial Reporting Standards issued by the Hong Kong Institute of Certified Public Accountants and the disclosure requirements of the predecessor Hong Kong Companies Ordinance (Cap. 32), and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on these consolidated financial statements based on our audit and to report our opinion solely to you, as a body, in accordance with Section 90 of the Companies Act 1981 of Bermuda and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

We conducted our audit in accordance with Hong Kong Standards on Auditing issued by the Hong Kong Institute of Certified Public Accountants. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation of consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Independent Auditor's Report

OPINION

In our opinion, the consolidated financial statements give a true and fair view of the state of affairs of the Company and of the Group as at 31st March 2015, and of the Group's profit and cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards and have been properly prepared in accordance with the disclosure requirements of the predecessor Hong Kong Companies Ordinance (Cap. 32).

Notes to the Financial Statements

1 GENERAL INFORMATION

The Company is a limited liability company incorporated in Bermuda and listed on The Stock Exchange of Hong Kong Limited. The address of its registered office is 30th Floor, Asia Orient Tower, Town Place, 33 Lockhart Road, Wanchai, Hong Kong.

2 PRINCIPAL ACCOUNTING POLICIES

(A) BASIS OF PREPARATION

The consolidated financial statements have been prepared under the historical cost convention, as modified by the revaluation of available-for-sale investments and financial assets at fair value through profit or loss, which are carried at fair value, and in accordance with Hong Kong Financial Reporting Standard ("HKFRS").

In accordance with the transitional and saving arrangements for Part 9 of the new Hong Kong Companies Ordinance (Cap. 622), "Accounts and Audit", which are set out in sections 76 to 87 of Schedule 11 to that Ordinance, the consolidated financial statements are prepared in accordance with the applicable requirements of the predecessor Companies Ordinance (Cap. 32) for this financial year and the comparative period.

The preparation of financial statements in conformity with HKFRS requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Group's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the consolidated financial statements, are disclosed in note 4.

The principal accounting policies applied in the preparation of these consolidated financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

(B) THE ADOPTION OF NEW/REVISED HKFRS AND NEW HONG KONG COMPANIES ORDINANCE (CAP. 622)

The accounting policies and methods of computation used in the preparation of these annual financial statements are consistent with those used in 2014, except for the adoption of new standards, which are relevant to the Group's operations and are applicable to the Group's accounting periods beginning on 1st April 2014.

The following amended standards are relevant to the Group's operations and are mandatory for accounting periods beginning on or after 1st January 2014:

Amendment to HKAS 32	Financial Instruments: Presentation
Amendment to HKAS 36	Impairment of Assets

2 PRINCIPAL ACCOUNTING POLICIES (Continued)

(B) THE ADOPTION OF NEW/REVISED HKFRS AND NEW HONG KONG COMPANIES ORDINANCE (CAP. 622) (Continued)

Amendment to HKAS 32, "Financial Instruments: Presentation" on offsetting financial assets and financial liabilities clarifies that the right of set-off must not be contingent on a future event. It must also be legally enforceable for all counterparties in the normal course of business, as well as in the event of default, insolvency or bankruptcy. The amendment also considers settlement mechanisms. The amendment did not have a significant effect on the group financial statements.

Amendments to HKAS 36, "Impairment of Assets", on the recoverable amount disclosures for non-financial assets removed certain disclosures of the recoverable amount of cash-generating units which had been included in HKAS 36 by the issue of HKFRS 13. It also enhanced the disclosures of information about the recoverable amount of impaired assets if that amount is based on fair value less costs of disposal.

The adoption of the above amendments in the current year did not have any significant effect on the annual financial statements or result in any substantial changes in the Group's significant accounting policies.

The following new/amended standards are relevant to the Group's operation but not yet effective

Amendment to HKAS 1	Presentation of Financial Statements
HKFRS 9	Financial Instruments
HKFRS 15	Revenue from Contracts with Customers

Amendment to HKAS 1 clarify guidance in HKAS 1 on materiality and aggregation, the presentation of subtotals, the structure of financial statements and the disclosure of accounting policies. Although the amendment does not require specific changes, it clarifies a number of presentation issues and highlight that preparers are permitted to tailor the format and presentation of the financial statements to their circumstances and the needs of users.

2 PRINCIPAL ACCOUNTING POLICIES (Continued)

(B) THE ADOPTION OF NEW/REVISED HKFRS AND NEW HONG KONG COMPANIES ORDINANCE (CAP. 622) (Continued)

HKFRS 9, "Financial Instruments", addresses the classification, measurement and recognition of financial assets and financial liabilities. The complete version of HKFRS 9 was issued in July 2014. It replaces the guidance in HKAS 39 that relates to the classification and measurement of financial instruments. HKFRS 9 retains but simplifies the mixed measurement model and establishes three primary measurement categories for financial assets: amortised cost, fair value through other comprehensive income and fair value through P&L. The basis of classification depends on the entity's business model and the contractual cash flow characteristics of the financial asset. Investments in equity instruments are required to be measured at fair value through profit or loss with the irrevocable option at inception to present changes in fair value in other comprehensive income not recycling. There is now a new expected credit losses model that replaces the incurred loss impairment model used in HKAS 39. For financial liabilities there were no changes to classification and measurement except for the recognition of changes in own credit risk in other comprehensive income, for liabilities designated at fair value through profit or loss. HKFRS 9 relaxes the requirements for hedge effectiveness by replacing the bright line hedge effectiveness tests. It requires an economic relationship between the hedged item and hedging instrument and for the 'hedged ratio' to be the same as the one management actually use for risk management purposes.

Contemporaneous documentation is still required but is different to that currently prepared under HKAS 39. The standard is effective for accounting periods beginning on or after 1 January 2018. Early adoption is permitted. The Group is yet to assess HKFRS 9's full impact.

All equity instruments are to be measured subsequently at fair value. Equity instruments that are held for trading will be measured at fair value through profit or loss. For all other equity investments, an irrevocable election can be made at initial recognition, to recognise unrealised and realised fair value gains and losses through other comprehensive income rather than profit or loss. There is to be no recycling of fair value gains and losses to profit or loss. This election may be made on an instrument-by-instrument basis. Dividends are to be presented in profit or loss, as long as they represent a return on investment.

HKFRS 15, "Revenue from Contracts with Customers" deals with revenue recognition and establishes principles for reporting useful information to users of financial statements about the nature, amount, timing and uncertainty of revenue and cash flows arising from an entity's contracts with customers. Revenue is recognised when a customer obtains control of a good or service and thus has the ability to direct the use and obtain the benefits from the good or service. The standard replaces HKAS 18 "Revenue" and HKAS 11 "Construction Contracts" and related interpretations. The standard is effective for financial period beginning on or after 1st January 2017 and earlier application is permitted.

The Group has not early adopted the above new/amended standards. The Group has already commenced an assessment of the related impact to the Group. The Group is not yet in a position to state whether they will have substantial changes to the Group's accounting policies and presentation of the financial statements.

In addition, the requirements of Part 9 "Accounts and Audit" of the new Hong Kong Companies Ordinance (Cap. 622) come into operation as from the Company's first financial year commencing on 1st April 2015 in accordance with section 358 of that Ordinance. The Group is in the process of making an assessment of expected impact of the changes in the Companies Ordinance on the consolidated financial statements in the period of initial application of Part 9 of the new Hong Kong Companies Ordinance (Cap. 622). So far it has concluded that the impact is unlikely to be significant and only the presentation and the disclosure of information in the consolidated financial statements will be affected.

2 PRINCIPAL ACCOUNTING POLICIES (Continued)

(C) BASIS OF CONSOLIDATION

The consolidated financial statements of the Group include the financial statements of the Company and all its subsidiaries made up to 31st March.

The Group uses the acquisition method of accounting to account for business combinations. The consideration transferred for the acquisition of a subsidiary is the fair values of the assets transferred, the liabilities incurred and the equity interests issued by the Group. The consideration transferred includes the fair value of any asset or liability resulting from a contingent consideration arrangement. Acquisition-related costs are expensed as incurred. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair values at the acquisition date. On an acquisition-by-acquisition basis, the Group recognises any non-controlling interest in the acquiree either at fair value or at the non-controlling interest's proportionate share of the acquiree's identifiable net assets.

The excess of the consideration transferred, the amount of any non-controlling interest in the acquiree and the acquisition-date fair value of any previous equity interest in the acquiree over the fair value of the identifiable net assets acquired is recorded as goodwill. If the total of consideration transferred, non-controlling interests recognised and previously held interest measured is less than the fair value of the net assets of the subsidiary acquired in the case of a bargain purchase, the difference is recognised directly in the profit and loss account.

Inter-company transactions, balances and unrealised gains on transactions between group companies are eliminated. Unrealised losses are also eliminated. Accounting policies of subsidiaries have been changed where necessary in the consolidated financial statements to ensure consistency with the accounting policies adopted by the Group.

Non-controlling interests represent the interests of outside shareholders in the operating results and net assets of subsidiaries.

When the Group ceases to have control, any retained interest in the entity is remeasured to its fair value at the date when control is lost, with the change in carrying amount recognised in profit or loss. The fair value is the initial carrying amount for the purposes of subsequently accounting for the retained interest as an associate, joint venture or financial asset. In addition, any amounts previously recognised in other comprehensive income in respect of that entity are accounted for as if the Group had directly disposed of the related assets or liabilities. This may mean that amounts previously recognised in other comprehensive income are reclassified to profit or loss.

2 PRINCIPAL ACCOUNTING POLICIES (Continued)

(D) SUBSIDIARIES

Subsidiaries are all entities (including structured entities) over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Subsidiaries are consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date control ceases.

In the Company's balance sheet, the investments in subsidiaries are stated at cost less provision for impairment losses. Cost is adjusted to reflect changes in consideration arising from contingent consideration amendments. Cost also includes direct attributable costs of investment. The results of subsidiaries are accounted for by the Company on the basis of dividend received and receivable.

Impairment testing of the investments in subsidiaries is required upon receiving a dividend from these investments if the dividend exceeds the total comprehensive income of the subsidiary in the period the dividend is declared or if the carrying amount of the investment in the separate financial statements exceeds the carrying amount in the consolidated financial statements of the investee's net assets including goodwill.

(E) BALANCES WITH SUBSIDIARIES

Balances with subsidiaries are split into its financial assets/liabilities and equity components at initial recognition. The financial assets/liabilities component is initially stated at fair value and subsequently carried at amortised cost. The equity component is recognised at cost.

(F) FINANCIAL ASSETS/LIABILITIES

The Group classifies its investments and other financial assets in the following categories: financial assets at fair value through profit or loss, loans and receivables and available-for-sale investments. The classification depends on the purpose for which the investments were acquired. Management determines the classification of its investments and other financial assets at initial recognition.

(i) Financial assets at fair value through profit or loss

This category represents financial assets that are either designated in this category at inception by the management or held for trading, i.e. if acquired for the purpose of selling them in the short term. Assets in this category are classified as current assets if they are either held for trading or are expected to be realised within 12 months of the balance sheet date.

2 PRINCIPAL ACCOUNTING POLICIES (Continued)

(F) FINANCIAL ASSETS/LIABILITIES (Continued)

(ii) Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They arise when the Group provides money, goods or services directly to a debtor with no intention of trading the receivable. They are included in current assets, except for maturities greater than 12 months after the balance sheet date. These are classified as non-current assets.

(iii) Available-for-sale investments

Available-for-sale investments are non-derivatives that are either designated in this category or not classified in any of the other categories. They are included in non-current assets unless the investment matures or management intends to dispose of it within 12 months of the balance sheet date.

Purchases and sales of investments are recognised on trade-date – the date on which the Group commits to purchase or sell the asset. Investments are initially recognised at fair value plus transaction costs for all financial assets not carried at fair value through profit or loss. Financial assets carried at fair value through profit or loss are initially recognised at fair value and transaction costs are expensed in the profit and loss account. Investments are derecognised when the rights to receive cash flows from the investments have expired or have been transferred and the Group has transferred substantially all risks and rewards of ownership. Financial assets at fair value through profit or loss and available-for-sale investments are subsequently carried at fair value. Loans and receivables are carried at amortised cost using the effective interest method.

Gains and losses arising from changes in the fair value of the “financial assets at fair value through profit or loss” category are included in the profit and loss account in the period in which they arise. Dividend income from financial assets at fair value through profit or loss and available-for-sale investments is recognised in the profit and loss account when the right to receive payment is established. Changes in the fair value of available-for-sale investments are recognised in other comprehensive income. When securities classified as available-for-sale investments are sold or impaired, the accumulated fair value adjustments recognised in equity are included in the profit and loss account as “net investment gain or loss”.

2 PRINCIPAL ACCOUNTING POLICIES (Continued)

(F) FINANCIAL ASSETS/LIABILITIES (Continued)

The Group assesses at each balance sheet date whether there is objective evidence that a financial asset or a group of financial assets is impaired. In the case of equity securities classified as available-for-sale investments, a significant or prolonged decline in the fair value of the securities below its cost is considered as an indicator that the securities are impaired. If any such evidence exists for available-for-sale investments, the cumulative loss – measured as the difference between the acquisition cost and the current fair value, less any impairment loss on that financial asset previously recognised in the profit and loss – is removed from equity and recognised in the profit and loss account. Impairment losses recognised in the profit and loss account on equity instruments are not reversed through the profit and loss account. Impairment test of receivables is described in note 2(J).

The Group may choose to reclassify a non-derivative trading financial asset out of the held for trading category if the financial asset is no longer held for the purpose of selling it in the near term. Financial assets other than loans and receivables are permitted to be reclassified out of the held for trading category only in rare circumstances arising from a single event that is unusual and highly unlikely to recur in the near term. In addition, the Group may choose to reclassify financial assets that would meet the definition of loans and receivables or held-to-maturity investments out of the held-for-trading or available-for-sale categories if the Group has the intention and ability to hold these financial assets for the foreseeable future or until maturity at the date of reclassification.

Reclassifications are made at fair value as of the reclassification date. Fair value becomes the new cost or amortised cost as applicable, and no reversals of fair value gains or losses recorded before reclassification date are subsequently made. Effective interest rates for financial assets reclassified to loans and receivables and held-to-maturity categories are determined at the reclassification date. Further increases in estimates of cash flows adjust effective interest rates prospectively.

Financial assets and liabilities are offset and the net amount reported in the balance sheet when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the company or the counterparty.

2 PRINCIPAL ACCOUNTING POLICIES (Continued)

(G) PROPERTY, PLANT AND EQUIPMENT

Property, plant and equipment are stated at historical cost less depreciation and impairment losses. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognised. All other repairs and maintenance are expensed in the profit and loss account during the financial period in which they are incurred.

Leasehold land classified as finance lease commences amortisation from the time when the land interest become available for its intended use. Amortisation on leasehold land classified as finance lease and depreciation of property, plant and equipment is calculated using straight-line method to allocate the cost to their residual values over their estimated useful lives, as follows:

Leasehold land classified as finance lease	Remaining lease term
Hotel and other buildings in Hong Kong	Shorter of 50 years or the remaining lease period of the land on which the buildings are located
Hotel buildings in overseas	25 years
Plant and equipment	3 – 10 years

No depreciation is provided for hotel properties under development.

Freehold land is not amortised.

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at each balance sheet date.

The gain or loss on disposal of an asset is the difference between the net sales proceeds and the carrying amount of the relevant asset, and is recognised in the profit and loss account.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount (note 2(H)).

2 PRINCIPAL ACCOUNTING POLICIES (Continued)

(H) IMPAIRMENT OF NON-FINANCIAL ASSETS

Assets that have an indefinite useful life or are not yet available for use are not subject to depreciation or amortisation and are tested annually for impairment. Assets that are subject to depreciation or amortisation are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units). Non-financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at each reporting date.

(I) INVENTORIES

Inventories comprise primarily food, beverages and operating supplies and are stated at the lower of cost and net realisable value. Cost is calculated on the weighted average basis. Net realisable value is the estimated selling price in the ordinary course of business, less selling expenses.

(J) TRADE AND OTHER RECEIVABLES

Trade and other receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment. A provision for impairment of trade and other receivables is established when there is objective evidence that the Group will not be able to collect all amounts due according to the original terms of receivables. Significant financial difficulties of the debtor, probability that the debtor will enter bankruptcy or financial reorganisation, and default or delinquency in payments are considered indicators that the receivable is impaired. The amount of the provision is the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the original effective interest rate. The carrying amount of the assets is reduced through the use of an allowance account, and the amount of the loss is recognised in the profit and loss account within "selling and administrative expenses". When a receivable is uncollectible, it is written off against the allowance account for receivables. Subsequent recoveries of amounts previously written off are credited against "selling and administrative expenses" in the profit and loss account. Trade and other receivables in the consolidated balance sheet are stated net of such provision.

(K) TRADE PAYABLES

Trade payables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method.

2 PRINCIPAL ACCOUNTING POLICIES (Continued)

(L) PROVISIONS

Provisions are recognised when the Group has a present legal or constructive obligation as a result of past events, it is more likely than not an outflow of resources will be required to settle the obligation, and the amount can be reliably estimated. Provisions are not recognised for future operating losses.

(M) BORROWINGS

Borrowings are recognised initially at fair value, net of transaction costs incurred. Transaction costs are incremental costs that are directly attributable to the initiation of the borrowings, including fees and commissions paid to agents, advisers, brokers and dealers, levies by regulatory agencies and securities exchanges, and transfer taxes and duties. Borrowings are subsequently stated at amortised cost with any difference between the proceeds (net of transaction costs) and the redemption value is recognised in the profit and loss account or capitalised when applicable (note 2(T)) over the period of the borrowings using the effective interest method. Borrowings are classified as current liabilities unless the Group has an unconditional right to defer settlement of the liability for at least 12 months after the balance sheet date.

(N) EMPLOYEE BENEFITS

(i) Employee leave entitlements

Employee entitlements to annual leave and long service leave are recognised when they accrue to employees. A provision is made for the estimated liability for annual leave and long service leave as a result of services rendered by employees up to the balance sheet date.

Employee entitlements to sick leave and maternity leave are not recognised until the time of leave.

(ii) Retirement benefits obligations

The Group contributes to several defined contribution retirement schemes which are available to employees. The assets of the schemes are held separately from those of the Group in independently administered funds. The Group has no further payment obligations once the contributions have been paid. The Group's contributions to these schemes are expensed as incurred.

2 PRINCIPAL ACCOUNTING POLICIES (Continued)

(N) EMPLOYEE BENEFITS (Continued)

(iii) Share-based compensation

The Group operates an equity-settled, share-based compensation plan. The fair value of the employee services received in exchange for the grant of the options is recognised as an expense. The total amount to be expensed over the vesting period is determined by reference to the fair value of the options granted, excluding the impact of any non-market vesting conditions (for example, profitability and sales growth targets). Non-market vesting conditions are included in assumptions about the number of options that are expected to vest. At each balance sheet date, the Group revises its estimates of the number of options that are expected to vest based on the non-market vesting conditions. It recognises the impact of the revision of original estimates, if any, in the profit and loss account, with a corresponding adjustment to equity.

When the options are exercised, the Company will issue new shares. The proceeds received net of any directly attributable transaction costs are credited to share capital (nominal value) and share premium.

(O) CURRENT AND DEFERRED INCOME TAX

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the balance sheet date in the countries where the Company and its subsidiaries operate and generate taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation and establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the consolidated financial statements. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantively enacted by the balance sheet date and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled. However, the deferred income tax is not accounted for if it arises from initial recognition of an asset or a liability in a transaction other than a business combination that at the time of the transaction affects neither accounting nor taxable profit or loss.

Deferred income tax assets are recognised to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilised.

2 PRINCIPAL ACCOUNTING POLICIES (Continued)

(O) CURRENT AND DEFERRED INCOME TAX (Continued)

Deferred income tax is provided on temporary differences arising on investments in subsidiaries, except for deferred income tax liability where the timing of the reversal of the temporary difference is controlled by the Group and it is probable that the temporary difference will not reverse in the foreseeable future.

Deferred income tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets against current tax liabilities and when the deferred income taxes assets and liabilities relate to income taxes levied by the same taxation authority on either the taxable entity or different taxable entities where there is an intention to settle the balances on a net basis.

(P) SHARE CAPITAL

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of new shares are shown in equity as a deduction, net of tax, from the proceeds.

(Q) SEGMENT REPORTING

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker. The chief operating decision-maker, who is responsible for allocating resources, assessing performance of the operating segments and making strategies decisions, is identified as the Board of Directors of the Company.

(R) REVENUE RECOGNITION

Revenue comprises the fair value of the consideration received or receivable for the sales of goods and services in ordinary course of the Group's activities. Revenue is recognised as follows:

Revenue from hotel and catering operations is recognised upon provision of services.

Operating lease rental income is recognised on a straight-line basis over the term of the respective leases.

Revenue from sale of air tickets is recognised as agency commission earned when the tickets are issued.

Revenue from incentive travel tours is recognised as gross when the service is delivered.

Revenue from hotel reservation arrangement is recognised as agency commission earned when the confirmation document is issued.

Interest income is recognised on a time proportion basis using the effective interest method.

Dividend income is recognised when the right to receive payment is established.

2 PRINCIPAL ACCOUNTING POLICIES (Continued)

(S) FOREIGN CURRENCY TRANSLATION

(i) Functional and presentation currency

Items included in the financial statements of each of the Group's entities are measured using the currency of the primary economic environment in which the entity operates (the "functional currency"). The consolidated financial statements are presented in Hong Kong dollars, which are the Company's functional and the Group's presentation currency.

(ii) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the profit and loss account.

Changes in the fair value of monetary securities denominated in foreign currency classified as available-for-sale are analysed between translation differences resulting from changes in the amortised cost of the securities and other changes in the carrying amount of the securities. Translation differences related to changes in the amortised cost are recognised in the profit and loss account, and other changes in the carrying amount are recognised in other comprehensive income.

Translation differences on non-monetary financial assets and liabilities such as equities held at fair value through profit or loss are recognised in the profit and loss account as part of the fair value gain or loss. Translation differences on non-monetary financial assets such as equities classified as available-for-sale are included in other comprehensive income.

(iii) Group companies

The results and financial position of all the group entities (none of which has the currency of a hyperinflationary economy) that have a functional currency different from the presentation currency are translated into the presentation currency as follows:

- (a) assets and liabilities for each balance sheet presented are translated at the closing rate at the date of that balance sheet;
- (b) income and expenses for each profit and loss account are translated at average exchange rates (unless this average is not a reasonable approximation of the cumulative effect of the rates prevailing on the transaction dates, in which case income and expenses are translated at the dates of the transactions); and
- (c) all resulting currency translation differences are recognised in other comprehensive income.

2 PRINCIPAL ACCOUNTING POLICIES (Continued)

(S) FOREIGN CURRENCY TRANSLATION (Continued)

(iii) Group companies (Continued)

On consolidation, currency translation differences arising from the translation of the net investment in foreign operations, are taken to other comprehensive income. When a foreign operation is sold, all of the differences accumulated in equity are reclassified to the profit and loss account as part of the gain or loss on disposal.

Fair value adjustments arising on the acquisition of a foreign entity are treated as assets and liabilities of the foreign entity and translated at the closing rate. Currency translation differences arising are recognised in other comprehensive income.

(T) BORROWING COSTS

Borrowing costs incurred on hotel properties under development that necessarily take a substantial period of time to get ready for their intended use are capitalised as part of the cost of the hotel properties under development.

All other borrowing costs are recognised in the profit and loss account in the period in which they are incurred.

(U) OPERATING LEASES

Leases in which a significant portion of risks and rewards of ownership are retained by the lessors are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessors), are charged in the profit and loss account on a straight-line basis over the period of the leases.

(V) CASH AND CASH EQUIVALENTS

Cash and cash equivalents include cash in hand, deposits held at call with banks, other short term highly liquid investments with original maturities of three months or less and bank overdrafts.

(W) RELATED PARTIES

Related parties are individuals and companies, including subsidiaries, fellow subsidiaries and key management (including close members of their families), where the individual, company or group has the ability, directly or indirectly, to control the other party or exercise significant influence over the other party in making financial and operating decisions.

2 PRINCIPAL ACCOUNTING POLICIES (Continued)

(X) DIVIDEND DISTRIBUTION

Dividend distribution to the Company's shareholders is recognised as a liability in the Group's and the Company's financial statements in the period in which the dividends are approved by the Company's shareholders or directors where applicable.

(Y) SCRIP DIVIDEND

Where the Company pays its dividends in the form of shares or gives the shareholders the options to receive a dividend in either cash or ordinary shares (referred to as scrip dividend), the shares issued are recognised at fair value.

(Z) FINANCIAL GUARANTEE (INSURANCE CONTRACTS)

The Company assesses at each balance sheet date the liabilities under its financial guarantee contracts using current estimates of future cash flows. Changes in carrying amount of these liabilities are recognised in the profit and loss account.

The Company accounts for its financial guarantee contracts in respect of guarantees provided to its subsidiaries in accordance with HKFRS 4, "Insurance Contracts".

3 FINANCIAL RISK MANAGEMENT

(I) FINANCIAL RISK FACTORS

The Group's activities expose it to a variety of financial risks: market risk (including foreign exchange risk, price risk and cash flow interest rate risk), credit risk and liquidity risk. The Group's overall risk management seeks to minimise potential adverse effects on the Group's financial performance.

(a) Market risk

(i) Foreign exchange risk

The Group's operations are mainly in Hong Kong. Entities within the Group are exposed to foreign exchange risk from future commercial transactions and monetary assets and liabilities that are denominated in a currency that is not the entity's functional currency.

The Group has certain investments in foreign operation including Canada, whose net assets are exposed to foreign currency translation risk. Currency exposure arising from the net assets of the Group's foreign operation is managed primarily through borrowings denominated in the relevant foreign currency.

3 FINANCIAL RISK MANAGEMENT (Continued)

(I) FINANCIAL RISK FACTORS (Continued)

(a) Market risk (Continued)

(i) Foreign exchange risk (Continued)

The Group currently does not have a foreign currency hedging policy. It manages its foreign currency risk by closely monitoring the movement of the foreign currency rates and will consider entering into forward foreign exchange contracts to reduce the exposure should the need arise.

Currency risks as defined by HKFRS 7 arise on account of monetary assets and liabilities being denominated in a currency that is not the functional currency, differences resulting from the translation of financial statements into the Group's presentation currency are not taken into consideration.

The Group is also exposed to foreign currency risk with respect to financial assets at fair value through profit or loss, bank balances and borrowings which are denominated in United States dollar, Sterling pound, Euro, Renminbi and Japanese Yen.

At 31st March 2015, the Group's entities with functional currency of Hong Kong dollar had United States dollar net monetary assets of HK\$1,399,972,000 (2014: HK\$932,311,000). Under the Linked Exchange Rate System in Hong Kong, Hong Kong dollar is pegged to United States dollar, management considers that there is no significant foreign exchange risk with respect to United States dollar.

If the foreign currency had strengthened/weakened by 5%, with all other variables held constant, the Group's post tax result would have the following changes:

	2015			2014		
	Net monetary assets/ (liabilities) amount HK\$'000	Effect on post tax result if exchange rate changes by		Net monetary assets/ (liabilities) amount HK\$'000	Effect on post tax result if exchange rate changes by	
		+5%	-5%		+5%	-5%

Euro	2,305	110	(110)	146,479	7,320	(7,320)
Renminbi	50,664	2,454	(2,454)	96,231	4,783	(4,783)
Japanese Yen	(43,870)	(1,832)	1,832	(51,071)	(2,132)	2,132

3 FINANCIAL RISK MANAGEMENT (Continued)

(I) FINANCIAL RISK FACTORS (Continued)

(a) Market risk (Continued)

(ii) Price risk

The Group is exposed to equity and debt securities price risk from the Group's available-for-sale investments and financial assets at fair value through profit or loss. The performance of the Group's investments are closely monitored, together with an assessment of their relevance to the Group's long term strategic plans.

The Group's listed investments in equity and debts securities of other entities (classified as "available-for-sale investments" and "financial assets at fair value through profit or loss") are traded in the Hong Kong Stock Exchange, London Stock Exchange, New York Stock Exchange, Singapore Stock Exchange and Luxembourg Stock Exchange. Gains and losses arising from changes in fair value of available-for-sale investments and financial assets at fair value through profit or loss are dealt with in other comprehensive income and the profit and loss account respectively.

For every 10% increase/decrease in the prices of financial instruments or underlying assets, with all other variables held constant, the Group's post tax result would have the following changes:

	2015				2014			
	Effect on post tax result if the price changes by		Effect on available-for-sale investments reserve if the price changes by		Effect on post tax result if the price changes by		Effect on available-for-sale investments reserve if the price changes by	
	+10%	-10%	+10%	-10%	+10%	-10%	+10%	-10%
	HK\$'000	HK\$'000	HK\$'000	HK\$'000	HK\$'000	HK\$'000	HK\$'000	HK\$'000
Financial assets at fair value through profit or loss	154,985	(154,985)	-	-	154,879	(154,879)	-	-
Available-for-sale investments	-	-	19,076	(19,076)	-	-	21,849	(21,849)

(ii) Cash flow interest rate risk

Other than bank balances and deposits, financial investments with fixed coupon and loan receivables (collectively "Interest Bearing Assets"), the Group has no other significant interest bearing assets. The Group's interest rate risk also arises from borrowings ("Interest Bearing Liabilities").

Interest Bearing Assets are mostly at fixed rates. Interest Bearing Liabilities are primarily issued at variable rates which therefore expose the Group to cash flow interest rate risk.

At 31st March 2015, with all other variables held constant, if the interest rate had increased/decreased by 10 basis point, the Group's post tax profit would have been HK\$1,420,000 (2014: HK\$1,421,000) lower/higher.

3 FINANCIAL RISK MANAGEMENT (Continued)

(I) FINANCIAL RISK FACTORS (Continued)

(b) Credit risk

The credit risk of the Group mainly arises from bank balances (note 20), financial assets at fair value through profit or loss (note 18) as well as credit exposures to trade and other receivables (note 19).

Sales are either made in cash, via major credit cards or to customers with appropriate credit history.

The Group has limited its credit exposure by restricting their selection of financial institutions. Trade and other receivables and debt securities are assessed based on the credit quality of the debtors, taking into account their financial position, past experience and other factors. Individual risk limits are set by management and the utilisation of credit limits is regularly monitored.

(c) Liquidity risk

Liquidity risk is the risk that the Group is unable to meet its current obligations when they fall due. The Group closely monitors its liquidity through maintaining sufficient cash and marketable securities, the availability of funding through an adequate amount of credit facilities and compliance of financial covenants of borrowings. The Group maintains flexibility in funding by keeping credit lines available and maintaining a reasonable level of marketable securities to meet any unexpected and material cash requirements in the course of ordinary business and to provide contingency liquidity support.

The Group had a total of HK\$182 million in unrestricted cash balances and bank deposits, and the unused portion of revolving credit and construction credit facilities amounted to HK\$1,135 million and HK\$322 million, respectively as at 31st March 2015.

The Group measures its liquidity using the gearing ratio, which represents the net debt against the net assets, after taking into account the fair value of hotel properties in operation. Currently it is at a relatively low level compared to the thresholds stated at the financial covenants of the bank borrowings.

3 FINANCIAL RISK MANAGEMENT (Continued)

(I) FINANCIAL RISK FACTORS (Continued)

(c) Liquidity risk (Continued)

The relevant maturity groupings on the contractual undiscounted cash flow based on the remaining period at the balance sheet date to the contractual maturity date of the Group's and the Company's financial liabilities are analysed in the financial statements.

The tables below analyse the Group's financial liabilities that will be settled into relevant maturity groupings based on the remaining period at the balance sheet date to the contractual maturity date. The amounts disclosed in the table are the contractual face value without applying discounted cash flow model based on the earliest date on which the Group is required to pay.

Specifically, for term loans which contain a repayment on demand clause which can be exercised at the bank's sole discretion, the analysis shows the cash outflow based on the earliest period in which the entity can be required to pay, that is if the lenders were to invoke their unconditional rights to call the loans with immediate effect. The maturity analysis for other borrowings is prepared based on the scheduled repayment dates.

(c) Liquidity risk (Continued)

The table that follows summarises the maturity analysis of term loans with a repayment on demand clause based on agreed scheduled repayments set out in the loan agreements. The amount includes interest payments computed using contractual rates. Taking into account the Group's financial position, the directors do not consider that it is probable that the bank will exercise its discretion to demand immediate repayment. The directors believe that such term loans will be repaid in accordance with the scheduled repayment dates set out in the loan agreements.

(II) CAPITAL RISK MANAGEMENT

The Group's objectives when managing capital are to safeguard the Group's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital.

In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt. The Group monitors capital on the basis of the gearing ratio against revalued net assets. Revalued net assets ("Revalued net assets") are prepared having taken into account the fair value of hotel properties, net of relevant deferred income taxes, in addition to the net assets as shown in the consolidated balance sheet prepared in accordance with HKFRS. According to the Group's accounting policies, no properties are to be carried at valuation. Details of the valuation of the hotel properties in operation, prepared for readers' information only, are set out in note 15(a) to the financial statements.

3 FINANCIAL RISK MANAGEMENT (Continued)

(II) CAPITAL RISK MANAGEMENT (Continued)

The gearing ratio against Revalued net assets is calculated as net debt divided by Revalued net assets. Net debt is calculated as total borrowings (including current and non-current as shown in the consolidated balance sheet) less bank balances and cash.

The gearing ratios at 31st March 2015 and 2014 were as follows:

	2015 HK\$'000	2014 HK\$'000
Borrowings (note 24)	1,749,111	1,793,598
Less: bank balances and cash (note 20)	(182,388)	(113,015)
Net debt	1,566,723	1,680,583
Revalued net assets	10,782,000	9,828,000
Gearing ratio against Revalued net assets	15%	17%

(III) FAIR VALUE ESTIMATION

The table below analyses financial instruments carried at fair value, by valuation method. The different levels have been defined as follows:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1).
- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (level 2).
- Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs) (level 3).

3 FINANCIAL RISK MANAGEMENT (Continued)

(III) FAIR VALUE ESTIMATION (Continued)

The following table presents the Group's financial instruments that are measured at fair value at 31st March.

	Level 1	
	2015 HK\$'000	2014 HK\$'000
Assets		
Financial assets at fair value through profit or loss	1,586,394	1,591,872
Available-for-sale investments	190,757	218,492
	1,777,151	1,810,364

Financial instruments in level 1

The fair value of financial instruments traded in active markets (such as trading and available-for-sale securities) is based on quoted market prices at the balance sheet date. A market is regarded as active if quoted prices are readily and regularly available from an exchange, dealer, broker, and those prices represent actual and regularly occurring market transactions on an arm's length basis. The quoted market price used for financial assets held by the Group is the current bid price; the appropriate quoted market price for financial liabilities is the current ask price. These instruments are included in level 1.

4 CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. The Group makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are set out below.

(A) IMPAIRMENT OF TRADE AND OTHER RECEIVABLES

The policy for provision for impairment of receivables of the Group is based on the evaluation of collectability and aging analysis and by management judgement. A considerable amount of judgement is required in assessing the ultimate realisation of these receivables.

4 CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS (Continued)

(B) INCOME TAXES

The Group is subject to income taxes in Hong Kong and other jurisdictions. Judgement is required in certain provision for income taxes for which the ultimate tax determination is uncertain during the ordinary course of business. The Group recognises liabilities for potential tax exposures based on estimates of whether additional taxes will be due. Where the final tax outcome of these matters is different from the amounts that were initially recorded, such differences will impact the current and deferred income tax provisions in the period in which such determination is made.

Recognition of deferred income tax assets (note 25), which principally relate to tax losses, depends on management's expectation of future taxable profits that will be available against which tax losses can be utilised. The outcome of their actual utilisation may be different.

(C) IMPAIRMENT OF AVAILABLE-FOR-SALE INVESTMENTS

The Group follows the guidance of HKAS 39 to determine when an available-for-sale investment is impaired. This determination requires significant judgement. In making this judgement, the Group evaluates, among other factors, the duration and extent to which the fair value of an investment is less than its cost.

(D) REVENUE RECOGNITION ON A GROSS VERSUS NET BASIS FOR TRAVEL OPERATION

Determining whether the Group is acting as a principal or as an agent requires judgement and consideration of all relevant facts and circumstances, including the factors whether (1) the Group is the primary obligor in the provision of travel related services from the perspective of the customer; (2) the Group retains the general inventory risk of air tickets or hotel room bookings before and after the customer order; (3) the Group has the latitude in establishing ticket pricing, hotel room rate or tour pricing; and (4) the Group bears the credit risk for collecting cash from customers. If the conclusion reaches that the Group acts as an agent without assuming all the risks and rewards of travel related services rendered/to be rendered, revenue recognised by the Group should only be its commission.

5 SEGMENT INFORMATION

The Group is principally engaged in hotel operations and development, travel operation and securities investment. Revenue includes revenue from hotel and travel operations, interest income and dividend income.

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker ("CODM"). The CODM is responsible for allocating resources and assessing performance of the operating segments. The operating segments were determined based on the reports reviewed by the CODM. In prior year, the hotel development operation was not separately identified internally and was not separately reported to the CODM. During the current year, the related financial information has been separately reported to the CODM and considered as a separate reportable segment. Accordingly, comparative information of hotel property development has been re-presented.

The Group is organised into four main operating segments, comprising hotel operation, hotel development, travel operation and financial investments.

Hotel operation	–	hotel operation in Hong Kong and Canada
Hotel development	–	hotel development in Hong Kong
Travel operation	–	sale of air tickets, arrange of tour and package and hotel reservation service in Hong Kong
Financial investments	–	Investments in financial instruments

5 SEGMENT INFORMATION (Continued)

Segment assets consist primarily of property, plant and equipment, inventories, trade and other receivables, available-for-sale investments and financial assets at fair value through profit or loss. Segment liabilities comprise mainly borrowings.

The Group participates in various types of defined contribution schemes for employees, namely the Mandatory Provident Fund ("MPF") Scheme and Occupational Retirement Scheme Ordinance ("ORSO") Scheme in Hong Kong, Canada Pension Plan ("CPP") in Canada.

In Hong Kong, the Group participates in defined contribution schemes under the ORSO which are available to employees joining before 1st December 2000. Under these schemes, contributions of 5% of the employee's monthly salaries are made by the employees and by the Group. The Group's contributions may be reduced by contributions forfeited by those employees who leave the schemes prior to vesting fully in the contributions.

The Group also participates in the MPF schemes, which are available to all employees not joining the ORSO schemes in Hong Kong and in the CPP organised by the Canadian Government for all employees in Canada. Monthly contributions to the MPF scheme and CPP are made equal to 5% (2014: 5%) or a fixed sum and 4.95% (2014: 4.95%) respectively, of the employee's relevant income in accordance with the local legislative requirements.

As at 31st March 2015, no forfeiture (2014: Nil) was available to reduce the Group's future contributions to the ORSO scheme.

12 PROFIT ATTRIBUTABLE TO SHAREHOLDERS OF THE COMPANY

The profit for the year attributable to shareholders is dealt with in the financial statements of the Company to the extent of HK\$221,543,000 (2014: HK\$156,502,000).

13 DIVIDENDS

	2015 HK\$'000	2014 HK\$'000
Interim, nil (2014: Nil)	–	–
Final, proposed, of HK1 cent (2014: HK1.75 cents) per share	15,704	27,122
	15,704	27,122

At a meeting held on 24th June 2015, the Board of Directors has proposed to pay a final dividend for the year ended 31st March 2015 of HK1 cent per share (2014: HK1.75 cents per share with a scrip option). The proposed dividend is not reflected in the financial statements, but will be reflected as an appropriation of revenue reserve in the year ending 31st March 2016.

The amount of HK\$15,704,000 is based on 1,570,386,829 issued shares as at 24th June 2015.

14 EARNINGS PER SHARE

The calculation of basic earnings per share is based on the profit for the year attributable to shareholders of the Company of HK\$120,061,000 (2014: HK\$348,965,000) and divided by the weighted average number of 1,559,636,149 (2014: 1,549,842,336) shares in issue during the year.

For the years ended 31st March 2015 and 2014, the Company's outstanding share options did not have a dilution effect on the earnings per share, so the basic and diluted earnings per share were equal.

Plant and equipment	75,744	87,535
	2,982,491	2,985,885

Supplementary information with hotel properties in operation at valuation:

The following market value of the Group's hotel properties is for the reference to the readers only and is not accounted for in the Group's consolidated balance sheet and does not constitute a disclosure requirement under HKAS 16 and HKAS 17.

The aggregate open market value, on a highest and best use basis, of the four hotel properties in Hong Kong and Canada based on valuations conducted by Vigers Appraisal & Consulting Limited ("Vigers") and CBRE Limited ("CBRE") respectively, independent professional valuers, amounted to HK\$9,798,616,000 (2014: HK\$9,000,577,000), is regarded as level 3 hierarchy for disclosure purpose under HKFRS 13.

The hotel properties portfolio in Hong Kong comprised 3 hotels. Vigers used the discounted cash flow ("DCF") method, which is considered the most appropriate valuation approach for assessing the market value of the properties as it would better reflect specific characteristics of the income-producing properties such as occupancies, average room rates, potential income growth and all out-goings, subject to future economic conditions in the markets. The valuation for the current year has taken into account the development potential on the unused allowable gross floor area of Empire Hotel Hong Kong. The direct comparison method was also used as a check on the valuation arrived at from the DCF method. For the hotel property in Canada, CBRE used the direct comparison method for assessing the market value of the property taking into account of its re-development potential. This approach directly uses market comparable transactions to determine the market value. Appropriate adjustments are applied to the comparable transactions to adjust for the discrepancies between the property and the comparables.

- (b) As at 31st March 2015, the aggregate net book value of hotel properties pledged as security for loans amounted to HK\$2,891,062,000 (2014: HK\$2,902,616,000).
- (c) As at 31st March 2015, the cost of hotel properties under development amounted to HK\$734,082,000 (2014: HK\$647,377,000) and HK\$86,705,000 (2014: HK\$51,377,000) was additions during the year.
