In September 2015, the Group recorded a one-off write-down of inventory in the Netherlands of approximately RMB97.8 million for the nine months ended 30 September 2015 (the "**Inventory Write-off**"). The Directors believe that the incurrence of the expected improvement in financial performance is primarily attributable to (i) the continuous increase in sale of the Group which was driven by the adjusted business strategy; and (ii) the turnaround in the financial performance of the operations in the Netherlands after the processing and facilities upgrading plan of the Group's factories in the Netherlands we completed at the end of 2015.
