## THIRD QUARTERLY RESULTS ANNOUNCEMENT FOR THE NINE MONTHS ENDED 31 DECEMBER 2014

## CHARACTERISTICS OF THE GROWTH ENTERPRISE MARKET（＂GEM＂）OF THE STOCK EXCHANGE OF HONG KONG LIMITED（THE＂STOCK EXCHANGE＂）

#### Abstract

GEM has been positioned as a market designed to accommodate companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange．Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration．The greater risk profile and other characteristics of GEM mean that it is a market more suited to professional and other sophisticated investors．

Given the emerging nature of companies listed on GEM，there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board and no assurance is given that there will be a liquid market in the securities traded on GEM．

Hong Kong Exchanges and Clearing Limited and The Stock Exchange take no responsibility for the contents of this announcement，make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this announcement．

This announcement，for which the directors of Bingo Group Holdings Limited（the ＂Company＂］collectively and individually accept full responsibility，includes particulars given in compliance with the Rules Governing the Listing of Securities on GEM of the Stock Exchange（the＂GEM Listing Rules＂）for the purpose of giving information with regard to the Company．The directors of the Company（the＂Directors＂），having made all reasonable enquiries，confirm that，to the best of their knowledge and belief．The information contained in this announcement is accurate and complete in all material respects and not misleading or deceptive，and there are no other matters the omission of which would make any statement herein or this announcement misleading．

## NOTES TO THE CONDENSED QUARTERLY FINANCIAL INFORMATION

## 1. BASIS OF PREPARATION

The Group's unaudited consolidated results have been prepared in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") (which include all Hong Kong Financial Reporting Standards, Hong Kong Accounting Standards and Interpretations) issued by the Hong Kong Institute of Certified Public Accountants, accounting principles generally accepted in Hong Kong and the disclosures requirements of the GEM Listing Rules and the Hong Kong Companies Ordinance. They have been prepared under the historical cost convention, except for certain financial instruments, which have been measured at fair value. The unaudited consolidated results are presented in Hong Kong dollars ("HK\$") and all values are rounded to the nearest thousand except when otherwise indicated.

The principal accounting policies applied in the preparation of the unaudited consolidated results are consistent with those adopted in the preparation of the annual consolidated financial statements of the Group for the year ended 31 March 2014.

In the current period, the Group has adopted a number of new and revised HKFRSs, which are effective for accounting periods beginning on or after 1 April 2014. The adoption of these new and revised HKFRSs had no material effect on the results or financial position of the Group for the current and/or prior accounting periods. Accordingly, no prior period adjustment has been required.

The Group has not applied the new and revised HKFRSs, which have been issued but are not yet effective, in the unaudited consolidated results. The Group is in the process of making an assessment of the impact of these new and revised HKFRSs upon initial application. So far, it has anticipated that these new and revised HKFRSs are unlikely to have a significant impact on the Group's results of operations and financial position.

The quarterly results are unaudited but have been reviewed by the audit committee of the Company.

## MANAGEMENT DISCUSSION AND ANALYSIS

## GENERAL

During the nine months ended 31 December 2014 （the＂Period＂），the Group was principally engaged in movie production，licensing and derivatives，crossover marketing and provision of interactive contents（＂Filmed Entertainment，New Media Exploitations and Licensing Businesses＂）and cinema investment and management（＂Cinema Business＂）．

## OPERATION REVIEW

During the Period，the Group continues to focus on Filmed Entertainment，New Media Exploitations and Licensing Businesses and Cinema Business．

In view of the on－going development of the Cinema Business，this segment has become the prime revenue generator of the Group in the Period．Approximately revenue of HK\＄57．7 million and gross profit of HK\＄33．0 million with gross margin of approximately $57.2 \%$ were generated during the Period．Positive results generated within the first couple of years of the operation of cinemas in the PRC are encouraging．The Group will continue to focus on expanding the audience headcount and improve the financial performance of the Cinema Business accordingly．

In the segment of Filmed Entertainment Business，the Group was locating suitable business opportunities and an appropriate target was spotted in late last fiscal year．In March 2014，the Group entered into an agreement with a company，which is an associate of Mr．Chiau Sing Chi（＂Mr．Chiau＂），to participate in the development of the feasibility study for a film production．The initial capital investment of the Group was HK\＄2．5 million．The feasibility study should be completed by 31 March 2015. Accordingly，no revenue was generated from that film during the Period．

In the area of animation，the Group was working to develop，produce and distribute the animation film（s）and TV cartoon（s）derived from the intellectual property right of CJ7（長江7號］．In relation to the CJ7 animation film（s），the Group has successfully invited Film Development Fund of Hong Kong to invest in one animation film．The production of the corresponding animation film and TV cartoon was still in progress as at 31 December 2014.

## FINANCIAL REVIEW

During the Period, the Group recorded a total turnover under continuing operations of approximately HK\$57.8 million, representing a decrease of approximately HK\$5.9 million compared with the nine months ended 31 December 2013 (the "Corresponding Period"). The turnover of the Group for the Period and the Corresponding Period principally represented revenue from Cinema Business. Loss for the Period was approximately HK\$54.5 million compared with a loss of approximately HK\$12.0 million for the Corresponding Period.

In addition to the decrease in turnover, the increase in loss for the Period was mainly attributable to recognition of non-cash share-based payments of approximately НК $\$ 46.1$ million of which approximately $\mathrm{HK} \$ 41.5$ million represented expenses for share options granted to advisers of the Company for developing Cinema Business and Filmed Entertainment Business.

## OUTLOOK

Owing to the booming development of the film industry in the PRC, the Group will continue to grasp other business opportunities in investments in cinemas in the PRC and attractive movies. While the Group continued its existing businesses, the Group will put more focus onto locating other business opportunities with enormous potentials, including online games developing and operating businesses, and investments in China cultural industry. The Board believes that the Group's existing businesses can create a synergistic effect with the above-mentioned new businesses and will benefit the Group in the future.
