## REASONS FOR ENTERING INTO THE PLACING AGREEMENT AND USE OF PROCEEDS

The Group is principally engaged in investment holding and property investment in the PRC and business of coal trading between the PRC and Indonesia respectively.

The Directors have considered various fund raising methods and believe that taking into account the prevailing market conditions, the Placing represents an opportunity for the Group to raise equity capital for its future developments. In addition, the Placing will broaden the Company's shareholder base and strengthen its capital base and working capital position. Assuming all the Placing Shares are successfully placed by the Placing Agent, the gross proceeds from the Placing will be approximately HK\$9.45 million. The net proceeds (assuming the Placing Shares are fully placed and after deducting the placing commission and all relevant expenses), will be approximately HK\$8.8 million, representing a net issue price of approximately HK\$0.261 per Placing Share. The Company intends to apply the net proceeds for potential acquisition activities as identified by the Group from time to time and as the general working capital of the Group.

The Directors (including the independent non-executive Directors) consider that the terms of the Placing Agreement are fair and reasonable and in the interests of the Company and the Shareholders as a whole.
