Pursuant to the terms of Convertible Bonds, the Company will issue Call Options to the Placées.

Assuming the Convertible Bonds are fully placed, based on the Conversion Price of HK\$0.25 per Conversion Share and Exercise Price of HK\$0.25 per Option Share, 36,000,000 Conversion Shares and 18,000,000 Option Shares, totally 54,000,000 new Shares, will be allotted and issued by the Company upon exercise in full of the conversion rights attaching to the Convertible Bonds and exercise of the Call Options in full respectively. These 54,000,000 new Shares represent: (a) approximately 19.60% of the existing issued share capital of the Company; and (b) approximately 16.39% of the issued share capital of the Company as enlarged by the allotment and issue of the Conversion Shares and Option Shares in full (assuming that there is no other change in the issued share capital of the Company between the date of this announcement and the full conversion of the Convertible Bonds and the exercise of all Call Options).

The Conversion Price and Exercise Price represent:

- (i) a premium of approximately 52.4% to the closing price of HK\$0.164 per Share as quoted on the Stock Exchange on the date of signing of the Placing Agreement; and
- (ii) a premium of approximately 54.5% to the average closing price of HK\$0.1618 per Share as quoted on the Stock Exchange for the last five trading days immediately before the date of signing of the Placing Agreement.

Assuming the Convertible Bonds are fully placed by the Placing Agent, the gross and net proceeds from the Placing are estimated to be HK\$9,000,000 and approximately HK\$8,700,000, respectively. Assuming all the Call Options attached with the Convertible Bonds of principal amount of HK\$9,000,000 are fully exercised, the gross and net proceeds from the Placing (including the proceeds from exercise of the Call Options) are estimated to be HK\$13,500,000 and 13,200,000 respectively. The Company intends to use the net proceeds from the Placing for general working capital of the Group and future investments pursuant to the investment objectives of the Company. The Placing is not subject to the Shareholders' approval as the Conversion Shares falling to be issued upon conversion of the Convertible Bonds and the Option Shares to be issued upon exercise of the Call Options will be issued under the Existing General Mandate.

Shareholders and potential investors should note that the Placing is subject to the fulfillment of the conditions precedent set out in the Placing Agreement, and may or may not proceed. Shareholders and investors should exercise caution when dealing in the Shares.

REASONS FOR ENTERING INTO THE PLACING AGREEMENT AND USE OF PROCEEDS

The Board considers that the Placing represents a good opportunity for the Company to raise low interest-bearing external funds and to widen the Company's shareholder base potentially, and the terms of the Placing Agreement are on normal commercial terms. The gross and net proceeds of the Placing (including the proceeds from exercise of the Call Options) are detailed below:

* *all the cost of the Placing are assumed to be allocated to the Convertible Bonds and not Call Options.*

The Company intends to use the net proceeds from the Placing for general working capital of the Group and future investments pursuant to the investment objectives of the Company.

The terms of the Convertible Bonds, the Call Options and the Placing (including the Conversion Price and Exercise Price) were determined after arm's length negotiations between the Company and the Placing Agent with reference to the current market sentiment, and the recent market prices and performance of the Shares, and the Group's existing financial position. The placing commission was arrived at after arm's length negotiations between the Company and the Placing Agent with reference to the prevailing market rates.

The Directors consider that the Placing provides a suitable opportunity to raise capital for the Group. The Directors consider that the terms of the Placing Agreement, the Convertible Bonds attaching with the Call Options (including the interest rate, the Conversion Price, the Exercise Price, the ratio of Call Options to the Convertible Bonds and the placing commission) are on normal commercial terms, fair and reasonable, and in the interests of the Company and its Shareholders as a whole.
