

## **EVERBRIGHT INTERNATIONAL'S GUANYUN AND BINHAI HAZARDOUS SOLID WASTE LANDFILL PROJECTS COMPLETE CONSTRUCTION AND COMMENCE OPERATION**

**10 December 2014, Hong Kong** – China Everbright International Limited ("Everbright International" or the "Group") (HKSE: 00257) is pleased to announce that the Lianyungang Guanyun Hazardous Solid Waste Landfill Project ("Guanyun Project") and Binhai Hazardous Solid Waste Landfill Project ("Binhai Project") in Jiangsu Province have completed construction and are currently implementing trial runs. Both projects are expected to begin commercial operation in January 2015.

Guanyun Project Phase I is constructed and operated on a BOT (Build-Operate-Transfer) basis, with a total investment of approximately RMB109 million. It is designed with a total storage capacity of 300,000 m<sup>3</sup> and an annual hazardous waste processing capacity of 20,000 tonnes. It will mainly service the coastal economic development zone of Guanyun County, Lianyungang and its surrounding areas.

Binhai Project is also constructed and operated on a BOT basis, with a total investment of approximately RMB186 million. It is designed with a total storage capacity of 600,000 m<sup>3</sup> and an annual hazardous waste processing capacity of 30,000 tonnes. It will mainly service the Jiangsu Binhai Economic Development Zone and its surrounding areas.

**Mr. Chen Xiaoping, CEO of Everbright International**, said, "The commencement of operation of Guanyun and Binhai Projects will effectively relieve the local environmental pressure. At the same time, together with the Suqian Hazardous Solid Waste Landfill Project which began operation last year, these projects will form a strategic model which shows regional synergy, advancing the Group's business plan and development in the Northern Jiangsu area in a more effective way. The Group will continue to apply its standardized and institutionalized operation management model and build the two projects into pilot projects for hazardous waste treatment, so as to promote harmony between the environment and the enterprise, thus achieving both social and economic benefits."

**-End-**

About China Everbright International Limited

China Everbright International Limited focuses on its core businesses in green environmental protection and alternative energy. These mainly include waste-to-energy, industrial and hazardous waste integrated treatment, biomass power generation, solar photovoltaic energy, wind power, methane-to-energy, waste water treatment, reusable water, environmental protection engineering, technological research and development, environmental protection equipment manufacturing as well as the planning and construction of environmental protection industrial parks.
