REASONS FOR THE PLACING AND USE OF PROCEEDS

The Group is engaged in the manufacturing and sales of power and data cords. The Group's products may be divided into two principal categories, namely (i) power and data cords for mobile handsets and medical control devices; and (ii) power cords and inlet sockets for household electric appliances.

The maximum gross proceeds from the Placing will be approximately HK\$660,000. The maximum net proceeds from the Placing, after deduction of related expenses, are estimated to be approximately HK\$430,000, representing a net issue price of approximately HK\$0.0065 per Warrant. Assuming the full exercise of the subscription rights attaching to the Warrants, it is expected that an additional amount of approximately HK\$99 million will be raised and the total net proceeds will be approximately HK\$99,000,000, representing a net subscription price of approximately HK\$1.5 per Warrant. The aggregate net proceeds from the Placing and the exercise of the subscription rights attaching to the Warrants are intended to be used as general working capital of the Group and/or for financing future investment opportunities.

The Directors are of the view that the Placing represents a good opportunity to raise additional funds for the Company. The Placing will provide immediate funding without immediate dilution of the shareholding of the existing Shareholders, and, on exercise of the subscription rights attaching to the Warrants, benefit the long-term development of the Group by strengthening its financial conditions and broadening the shareholders base of the Company.

In view of the above, the Directors consider that the terms of the Placing are on normal commercial terms, fair and reasonable based on the current market conditions and in the interests of the Company and the Shareholders as a whole.

Since completion of the Placing is subject to certain conditions to be fulfilled, the Placing may or may not proceed. Shareholders and potential investors should exercise caution when dealing in the Shares.
