CMDT is principally engaged in property development and investment. CWIG is principally engaged in provision of water supply and sewage treatment services; construction of water supply and sewage treatment infrastructure; and exploitation and sale of renewable energy in the PRC. CPHL is principally engaged in processing, printing and sales of finished fabrics; and trading of fabrics and clothing, and has also been looking to develop, among others, new businesses in the media, cultural and entertainment industry since the last quarter of 2015.

As at 31 December 2014 and 30 June 2015, all financial assets at fair value through profit and loss represented listed securities in Hong Kong. The significant increase in unrealised fair value gain for investments held for trading for the six months ended 30 June 2015 was primarily attributable to the positive investment sentiment in the stock market of Hong Kong in the first half of 2015. In the second half of 2015, the Hang Seng Index dropped significantly from its record high in recent years of 28,442.75 points in April 2015 to 21,914.40 points as at 31 December 2015 for a number of reasons, including the extraordinary upheaval in the PRC stock market and the pressure from the economic slowdown in the PRC itself and the global economy. Based on the preliminary assessment by the management of the Company with reference to the information currently available, it is expected that the Group will record an unrealised fair value losses of approximately HK\$48 million in respect of investment in listed securities held for trading as at 31 December 2015.

The Board acknowledges that the performance of the equities may be affected by the degree of volatility in the Hong Kong stock market and susceptible to other external factors that may affect their values. Accordingly, in order to mitigate possible financial risks related to the equities, the Board will continue to maintain a diversified investment portfolio across various segments of the market and also closely monitor the performance progress of its investment portfolio from time to time going forward.
